Auburn July 4, 1829.

Dear Sir,

I forward to you the enclosed Communication, as the best means which occur to me of effecting the object desired. I have also received a letter from Judge McDowell, in which he intifies me of her intention to leave her office early in July.

The Statute contemplates that the Judges of the Sup. Court should make provision to serve the Circuit held when a failure has happened, or is likely to happen. They are also enjoined to hold Circuit Commissioners.

I therefore recommend this to you in hopes that one of the Judges of the Sup. Court would have pleasure to attend to the duty. But if not, that you may consider it as of the Circuit Judge and prevail upon one of them to attend. This you can do much more convincing.
