Obit

Utica N.Y.

In this City, on Monday, May 15, 1846, after a very brief illness, Mary Ann, wife of Wm. Reed, and daughter of Hon. Wm. Salisbury, aged 27 years,

Seldon has the worst of death fallen with more awful suddenness on the Earl of relatives and friends than in the present instance.

To most of her acquaintances, the tidings of her illness were those which announced its termination. The loss of this lovely woman in the bloom of life and in the hour of fairest promise, is utterly beyond expression.

As daughter, mother, wife and sister she was. She was the center of attraction, her winning friendship. Her nearly charitable traits her general favor.

To the graces of a pleasing person she added the sentiment of a Christian spirit which shed its peace and radiance over all her hours, and the assiduous from the communion of the Elect the Mourners, we doubt not her entrance to that better world. Whither our Savior "both gone to prepare a place for them that loved him."
