The Nun Traveller

VOL. II. ITHACA, N. Y., MAY, 1913. NO. 3

Published by Nun Chapter, Acacia Fraternity, Cornell University.

EDITOR'S NOTE

Here we are again, and just as lively as ever. In reading over these columns, you are sure to find things that interest you, and revive or keep up your fraternity spirit. Let us hear from you and get your suggestions. We have had some valuable ideas from the Alumni, but we want more. We want Alumni co-operation, and the Fraternity as a whole wants it. There are irons in the fire right now that will very soon revolutionize alumni membership, and place it more nearly on a par with active membership. Why not? If you are a subscriber to the Acacia Journal, you will know all about it, but for the benefit of those who can't see a dollar's worth in that valuable publication, here is a paragraph that will illustrate:

"Our alumni are our representatives and we may justly be proud of them. They seem to have caught the spirit that is at work in the chapters. We have heard from a number of them. Some write to make inquiry; some to renew their Journal subscription; some to make a suggestion. Let us keep the interest of our alumni and let the alumni meet us half way.

"In connection with the subject of the alumni is the matter of alumni chapters. This is another subject that will come before the next Conclave. What do you men think of this proposition? Shall we have such organizations? Shall they have representatives in the Conclave? How are we to handle this proposition?"

We want to hear from every member on this question of Alumni Chapters. The delegate to the next Conclave will want to know your sentiments, and that right soon.

The editor wishes to take this opportunity to thank those who have helped in making this publication a success, and especially those who have written encouraging letters and offered voluntary subscriptions.

ALUMNI CHAPTERS

The following note was received from a committee of Columbia Acacians: "A movement is under way to establish in New York City a chapter of Acacia alumni. To this end will you kindly send us the names of your alumni whom you know to reside in this vicinity." The names of Mattick, Jones and Farnsworth were sent in.

Here is another appeal from Acacia Bulletin No. 3, and from May Journal: "Bro. Hugh Gordon, He and Bro. Farr, Beth, are promoting the formation of an Alumni chapter at Los Angeles. If any brothers know of an Acacian in those parts, please write Brother Gordon at Suite 206 Wilcox Bldg., Los Angeles, Calif." R. C. Booth of this chapter is in Los Angeles.

ACKNOWLEDGEMENTS

R. R. Clark $1.00
Tom Bradlee ..... .50
B. B. Ramey ..... .50
S. D. Gridley 1.00

It was recently suggested by one of the older Alumni members that Nun Chapter follow up the leadership of He Chapter of California, and install a by-law whereby future alumni members should pay annually two dollars, in return for which they should receive the Acacia Journal and the Nun Traveller, and if possible have the Traveller printed oftener. A committee has been appointed by the V. D. to frame up such a by-law to be introduced at the next meeting of the Chapter.

PLEDGES TO ADD

H. B. Robinson R. C. Booth
J. D. Coffman

Apologies are due Bro. Coffman for an oversight in omitting his name heretofore. He was one of the first to take a pledge.

FOURTH ANNUAL REPORT

The Cornell Chapter of Acacia Fraternity.
May 10, 1913.

RESOURCES		LIABILITIES	
Realty	$10,250	Mortgage	$ 5,000
Personalty (Values on original cost)	1,750	Bonds "A"	2,900
		Sale Contract	2,250
		Acacia equity	1,850
	$12,000		$12,000

Current Years Expense.

Depreciation has not been considered.

6 per cent on $5,000 mortgage (payable Jan. and Jul 1st)	$ 300.00
6 per cent Series "A" bonds 29, $100 denomination	174.00
Fire Insurance, $8,000 for 3 yrs. at $15	40.00
City, County and School Taxes (approx	125.00
Spc. High School tax ($100 at $20 per yr. and bal. int.)	23.00
Sale contract on property ($250 Jan. and July)	500.00
6 per cent interest on balance $2,250	112.50
Repairs (approx.)	50.50
Total	$1,325.00

S. H. BURNETT,
R. T. CHAMBERLAIN,
Directors.

Revised Corporation Balance Sheet.
July 1913
(After new bond issue.)

RESOURCES		LIABILITIES	
Realty	$10,250	Mortgage	$ 5,000
Personalty	1,750	Bonds, Series A	2,900
		Bonds, Series B	2,000
		Acacia equity	2,100
	$12,000		$12,000

Depreciation has not been considered.

Estimated Expense Statement
1913 1914

6 per cent on $5,000 mortgage	$ 300
6 per cent on Series A bonds ($2,900)	174
6 per cent on Series B bonds ($2,000)	120
Insurance $8,000 at $15 M or higher (approx)	50
Taxes (approx)	160
Buying in 4 Series B bonds, per agreement	200
Repairs	50
(Sinking fund for Series B bonds, due 1919 and depreciation on property	150
	$1,204

Remarks

The Series B bond issue, with the buying in of $200 worth per year, as resolved in the recent corporation meeting authorizing the aforesaid issue, decreases the fixed charges by $300 per year. To offset depreciation and establish a fund to retire a few of Series A bonds from time to time, as is permissible, the above Sinking Fund is proposed to the amount of $150 per annum, leaving with this a net decrease on property charges of $150.

E. M. HOLBROOK.

THE BOND ISSUE

The officers of the "Corporation" are glad to announce that the bond issue whose object was stated in detail in the last Traveller seems an assured success. The bonds are about ready for distribution, and we hope to have them out and the money in the bank before the latter part of this month, and then arrange for the transfer of title as soon as arrangements can be completed. The issue was got out in denominations of fifty dollars each, forty in number, so that a wide distribution might be effected if possible, but we have been a little disappointed in not hearing from more of the brothers after sending each one a subscription card or personal letter. We had fifteen responses from the seventy alumni members, ten of whom subscribed for half the issue. This was very gratifying to find, and the active members and intimate friends or relatives of both the active and alumni

members have taken the balance. To those who could not get in on the issue, and take an active interest in financing this house proposition, take a little tip, start a savings fund and take over one of the refunding bonds that will probably have to be issued to replace the $3,000 Series A issue in 1919. These are now in the hands of our own members and to quite an extent out among Ithaca business men, and if they are good enough for them, lets show they are good enough for us, and take them over into our own hands at that time.

The following is the subscription list:

Brother Hollister 2, Cameron 1, Bradley 1, Heath 4, Bennett 4, Chamberlain 2, Thompson 2, Burnett 4, Wing 1, Ladd 3, Gill 2, Peach 1, Goff 1, H. C. Pierce 1, Stagg 1, Woolenweber 1, Wilder 1, Teeter 1, and outside of the members, Mrs. Hyde 2, Mr. Robb 2, and Mr. C. H. Wilson and one or two of the local members the remainder. E. M. H.

ANNUAL MASONIC BANQUET

The seventh annual banquet of the Cornell University Masons was held in Masonic Hall February 19th, and consisted of a very elaborate menu. Bro. Peach, as toastmaster, represented himself as a great reservoir, branching out through sluice-ways to different kinds of water-wheels and turbines, where entertainment-energy of different forms was developed for the benefit of the guests. Prof. Wilson of the Ag. College told some live stories, and then followed a talk by Bro. O'Donnell on the advisability of forming an organization called the "Cornell Masonic Club." Harry Baldwin, W. M. of Fidelity Lodge, gave an address of welcome for the lodges, and Judge M. M. Sweetland followed with a very interesting and instructive lecture on the "History of Masonry," bringing in a great deal of local history of anti-Masonic times. The closing address was given by Right-Worshipful District Deputy Conger, who is a former Cornell man.

ANNUAL FRATERNITY BANQUET

The annual banquet of Nun Chapter will be held on Saturday, May 31st, at the Alhambra. A cordial invitation is extended to all Alumni.

THE ACTIVE CHAPTER

P. L. Peach, an instructor in the Cornell College of Mechanical Engineering, has been accepted as a Methodist missionary to India. He will leave for the Orient next fall and will be in charge of one of the Methodist high schools there. Mr. Peach is president of the Epworth League at the First Methodist Church.—Ithaca Journal, April 21st.

Our best wishes attend Bro. Peach in his laudable undertaking, although his departure is felt with sincere regret by every member of the Chapter. He will be in Ithaca until the middle of July, then after a visit at his home in Mitchellville, Maryland, will leave for India about October 1st. He has promised to contribute articles for future "Travellers," and these are sure to be interesting.

E. M. Holbrook bids us farewell in

June. He hoped to land an instructorship and remain with us, and we hoped too because of his efficient work in handling Corporation matters and in keeping the culinary department on a pleasing and paying basis. "Holly's" varied experiences in the world have imbued in him an education that often made us wonder why he ever came to Cornell. We have profited by his advice in Fraternity matters time and time again, and believe that as an Alumnus he will continue to serve Acacia whenever occasion demands.

"Shorty" Suiter (emphasis on the "e"), a senior in M. E., succeeded in pulling the wool over the eyes of the Faculty so as to get off a month before college closes. He goes at once into the employ of the York Mfg. Co., and his future address will be 468 W. Philadelphia St., York, Pa.

"Doc" Bennett will remain at the Chapter House during the Summer months, but says he will not be with the University next year.

Fox, a senior in Agriculture, who has been doing some instructing during his senior year, has accepted an instructorship in the Department of Farm Management, and any mail addressed to him in care of the department during the Summer will be forwarded.

"Deak" Rothenberger will be here all Summer doing research work, but will not be with the bunch again next year.

H. E. Griffith will be at his home, 85 Seymour St., Utica, N. Y., during the summer vacation, and will have a pleasant smile and a welcome for any Brother who happens in that vicinity.

"Happy Bill" O'Donnell of North Tonawanda will work for the International Railway Co., during vacation. He doesn't know just where he will be, but we hope he finds himself before the summer is over, and returns safely. "Honey" is our jokester.

"Bob" Chamberlain will look after his interests in Newark Valley, and return in the Fall to his duties as V. D.

T. A. H. Teeter will be around here till Aug. 1st on C. E. camp, and will return to the University another year.

"Tommy" Thompson declares he is gone for good this time, but we hope he will change his mind and come back, although not wishing him any hard luck in any sense of the word.

W. M. Peacock was called home on May 5th by his father's death. Bro. Peacock has our sympathy in his bereavement.

Stephen R. Wing, instructor in Mech. Lab., was taken seriously ill with intestinal trouble about the first of April, and has been unable to resume his work on the hill this term. Bro. Wing is now gaining rapidly however, and will soon be about.

Owing to the illness of Bro. Wing, W. A. Carter, a senior in Sibley, was appointed to assist in the laboratory during the remainder of the term. Such honor is seldom accorded an undergraduate in Sibley, but "Nick" is an unusual student, and fully qualified to do the work. Nick has two or three good jobs on the string, but doesn't know just where he will decide to locate after graduation. He has just gone to Detroit to visit the Detroit Edison plant.

Bro. Holbrook has decorated the Chapter Hall with a framed picture portraying the "School of Pythagoras."

"HIRAM"

There are a few of the dog's photographs on hand. We would be glad to dispose of these at fifty cents per.

R. F. Chamberlain ..... Treas.
L. A. Wilson ..... Cor. Sec'y.

ITHACA, N. Y. MAY, 1913.

INITIATIONS

Feb. 26th, Karl Kautch of Tampa, Florida, was introduced to King Amasis in due form. Kautch (pronounced "Couch") is a Junior in Architecture.

Three new members will be added on Friday, May 16th, as follows: W. W. Ellis, of the University library; V. B. Stewart, instructor in Plant Pathology; K. M. Dallenbach, graduate student in Psychology.

C. O. Dalrymple has been pledged, but his initiation deferred until next Fall on account of his leaving town early. "Dal" is from Elmira, and has a four-year fellowship in Agriculture given by the Newtown Producing Co. of Newtown, Pa., which company deals in ginseng.

BASEBALL

Kappa Sigma 7, Acacia 6.
Acacia 16, Seal and Serpent 4.
Long Island Club 9, Acacia 2.
Phi Kappa Psi 6, Acacia 4.
Phi Sigma Kappa , Acacia .

The battery consisted of Peach and Morrow, pitchers, and Wilson, catcher. The other positions were variously filled. Although not particularly successful, the team had some good sport.

The annual game with Syracuse Chapter came off on Alumni Field Saturday, May 3, and resulted in a victory for the local team.

ACACIA DIRECTORY

(Re-printed from the Journal.)

A matter that was brought before the last Grand Conclave and laid upon the table, but one that seems to the writer to be of great importance at this time in the history of Acacia, is the question of a directory of the members of the Fraternity. Much could be said of the advantages of such a publication, but they are so manifest to every spirited Acacian that only the difficulties will be discussed in detail.

The cost of printing a hand-book of this character would be trivial, figured on a per capita basis. There are over two thousand active and alumni members, according to the Grand Secretary's report at the Conclave. A large percent of these are located in the United States, but a few are scattered here and there throughout the world. Many have already grown distant in their interests in the Fraternity, and it will be impossible to ever make the directory complete. Nun Chapter at Cornell has established relation with its alumni, and is endeavoring to keep constantly in touch with them. But two or three of the older members have not yet been located, and until some chance wind blows them our way, they will remain lost to Acacia. There may be chapters that have no record of their alumni, other than mere names; and if there are any such, it is up to them to get busy now and locate as many of their alumni as possible.

Probably the greatest drawback to the whole proposition is the necessity for publishing a new directory every year. There will be many new names to add, and there will be a great many changes to make. If the directory did not meet with widespread enthusiasm, its publication would be a failure. Furthermore, it would be very difficult indeed to get all of the changes of address from year to year, but by consistent effort on the part of each chapter, very good results could be accomplished.

In order to make the directory most useful, names should be classified alphabetically under the different Chapters, and also a general classification according to states and cities where located. The importance of this latter classification is evident by this instance. The March Bulletin mentions three Acacians in business at Cleveland, Ohio. Now Nun Chapter has two members in the same city who undoubtedly have no knowledge of the other men. Furthermore, there are probably several more Acacians in the same city, and if there was a directory available, how simple it would be for those men to get together occasionally in the name of Acacia and how much stronger would be Alumni interest in the Fraternity.

Another paragraph in the same Bulletin tells of the endeavor to form an alumni chapter at Los Angeles, Calif. What a simple matter it would be to look in an Acacia directory under the head of "Los Angeles, Calif.," and see at a glance every bit of available material for such an organization. If Alumni chapters are to be formed in other cities in the future, the directory will prove very important.

L. A. W."

FRATERNITIES ARE TO TAKE ACTION

(Re-printed from Cornell Sun.)

A convention of representatives of all national fraternities for the purpose of organizing opposition to the pending legislation in several states threatening the existence of the secret societies in institutions receiving state aid was proposed at a meeting of officers of several fraternities in the University Club of Chicago recently. The action was taken on recommendation of council of the Delta Upsilon fraternity.

No date was set for the convention, but it was thought by the Greek-letter men present that the meeting should be held early in the summer in order to begin concerted action against the legislation now threatening with extinction several of the most prominent chapters in the Middlewest. Representatives of the following societies were present: Alpha Delta Phi, Beta Theta Pi, Delta Tau Delta, Delta Upsilon, Sigma Chi, and Thelta Delta Chi.

Speeches were made indorsing the suggestion that fraternities co-operate in defense of legislative acts believed

to be unjust and harmful to the fraternities and the institutions in which they are located. It was agreed that the societies should convey to the public a better idea of the internal constructive work in which they are engaged along lines of student development.

The following resolution, providing definitely for such co-operation between fraternities, which was adopted by the executive council of the Delta Upsilon fraternity, at its recent session, was read:

"Whereas, There have been introduced in the various Legislatures throughout the Middlewest bills looking to the abolition of Greek-letter societies in universities and colleges receiving state aid; and,

"Whereas, Charges against the Greek-letter societies have been preferred before committees of said Legislatures; and,

"Whereas, There is a misconception existing in the minds of many of the members of the Legislatures and of the public concerning the aims of said fraternities and universities; and

"Whereas, Said movement for the abolition of fraternities is in danger of becoming general; and,

"Whereas, The executive council of Delta Upsilon recognizes the great opportunities offered in the fraternities in our universities and colleges to become important factors in the development of manliness and ability in such institutions, and likewise recognizes the efforts being made and for a long time counted by the governors and officers of such fraternities to aid the faculties of such institutions in cultivating the same; and,

"Whereas, Such legislation has been introduced in certain states and the same tends to, and if enacted will make nugatory the labor and efforts of years of endeavor to promote the best ideals of such institutions of learning; now, therefore, be it

"Resolved, That the Delta Upsilon fraternity, through its executive council, the trustees concurring, invite the members of other Greek-letter societies and of Acacia and other national organizations to meet during the coming summer, at a date to be fixed, to consider the situation and to take such steps as may be necessary for the purpose of bringing about a better understanding of the purposes and aims of the fraternities and for the protection of the product of the labors of the national organizations in the various colleges

ALUMNI PERSONALS

S. P. Hollister of the Connecticut Agricultural College subscribed liberally for the series B bonds, and writes in part as follows: "The other day in Hartford a man stepped up to me and said, 'You have a pin like mine.' It was S. R. MacDonald, a graduate of Yale Forestry school, who is leaving to go into fruit growing. This winter I am teaching three subjects, and it keeps me on the jump writing lectures."

"Jim" Cameron was in town the first of April, and accompanied the Ithaca Masons to Binghamton for the thirty-second degree.

Tom Bradlee of Northampton Agricultural School returned for Farmer's Week.

J. D. Coffman is in the Forest service of the U. S. Department of Agriculture, and is located at Weaverville, California. He reports having met Bro. Keith on the street in San Francisco last winter.

A. G. Kessler has been a faithful correspondent. He is still with the Lakeside Forge Co. at Erie, Pa., and says he is finally engaged and expects to be married this coming fall.

T. B. Hyde makes a similar report on the marriage question. He has also been a good correspondent, and recently ran over to Ithaca for a day, after making some tests at the National Carbon Company's plant at Niagara Falls.

"Sid" Gridley wrote a very interesting letter concerning his work with the Kinkead Mfg. Co. He is in charge of the local office at Philadelphia. He would be glad to see any Acacians who happen to wander into the city. Just call him on the Bell 'phone.

G. C. Schempp is manager of the Thronateeska Plantation near Albany, Georgia, and is engaged in growing pecans. He says that just at present, however, all the spare change has to go into mule and nigger feed.

Ellis Searing has been heard from. He is still at Colgate University, and graduates this June. He has been doing instructors work in Chemistry and also research in Organic Chemistry. He promised us a visit soon, but hasn't come across.

R. C. Booth is another stranger heard from. He wrote a very interesting letter regarding his work with the Southern California Edison Co., and says he hopes to get back East in June.

C. B. Canaga sends his best wishes to the Chapter, and encouraged us to expect a visit from him this Spring.

B. B. Ramey is holding down a job as designing engineer in the A. C. engineer's office of Crocker Wheeler Co. at East Orange, N. J. Says he has never found anyone to appreciate his jokes except "Ovie."

C. C. Brinton is still with the Westinghouse Electric and Mfg. Co. at East Pittsburg, Pa.

(Dr.) W. A. Munsell has changed his abode to the Sunny South. He is Assistant State Veterinarian of Florida, with head-quarters at Green Cove Springs, Florida.

Heath and Morrow, resident Alumni, attend the meetings regularly, and have been indispensible assets to the Acacia baseball team. Prof. Bennett also attends meetings occasionally.

H. B. Robinson writes March 20th that he is surveying for the Imperial Oil Co. of Canada for a month, with headquarters at Detroit.

BORN

May 2nd, to Bro. and Mrs. A. R. Keith, of San Francisco, a daughter.

May 5th, to Bro. and Mrs. L. W. W. Morrow, an 8 pound boy, dark hair and blue eyes, named John Lockard Morrow.

GAVEL

Bro. H. H. Gill presented a gavel made of Philippino ebony which he brought with him from the Philippine Islands. It is a very artistic implement, and greatly appreciated by the Chapter.

ANNUAL MEETING

The annual Corporation meeting of the Acacia Fraternity Inc. was held in the Chapter Hall Saturday evening, May 10th, and presided over by President Holbrook. Besides the active members of the Fraternity, there were present Brothers Heath and Morrow to represent the Alumni. The constitution was amended by recording the clause relative to election of officers to avoid misinterpretation or ambiguity, and the section relative to duties of Secretary-Treasurer was amended by adding a clause whereby said officer must deposit all monies in the bank and pay bills by check only, checks to be countersigned by the President. After some discussion by Heath and Morrow in the interests of the alumni, a committee was appointed to revise the constitution for approval next year.

The corporation is in some difficulty over the west property line on account of the slope of the fill, and a committee was appointed to do something definite while the adjoining property is undergoing improvement. In all probability a wall will be erected.

The choosing of directors and election of officers for the ensuing year followed.

CHAPTER OFFICERS FOR THE COMING YEAR

V. D.—Robert F. Chamberlain
S. D—Charles M. Harrington
Sec'y.—H. E. Griffith
Treas.—Thos. A. H. Teeter.
Steward—Chas. M. Harrington
Store-Keeper—H. N. Gilbert
Advisors—Prof. C. Tracy Stagg, Riley H. Heath.
