BIOGRAPHICAL SKETCH

The author was born in New Delhi, India to Mr. & Mrs. Balasubramanian. In May 1997, he finished his undergraduate degree (Bachelor of Technology) from HBTI-Kanpur in Chemical Technology of Oils and Fats. After graduation he worked in Galaxy Surfactants Limited, a specialty chemical company in Navi Mumbai, India from August 1997 to May 1998. He was admitted to the Masters program in Food Science at University of Maryland in Fall 1998. With his advisor Dr. Elizabeth Boyle-Roden, he completed his Masters thesis on “Study of In vitro Binding of Monoglycerides with Bovine Serum Albumin using $^{13}$C-NMR”. After finishing his MS in May 2000, he joined Prof. Syed Rizvi’s group at Cornell University to begin his PhD program.
Dedicated to my mom B. Girija
