Section 1-3. It is expressly included herein, for the purpose of indicating more specifically but not by any means limiting hereto that supplementary to Section 1-2 of this Article, this Agreement also covers the handling, setting, erecting, installation, assembling, dismantling, adjustment, alteration, reconditioning, repairing and servicing of all furnaces, unit or duct heaters (where duct is attached), make-up air heaters (gas-fired or electric), in the room heaters (gas-fired or electric), fans, filters of all types (including electronic air cleaners), blowers, sheaves, belt and chain guards of all kinds, plenums including prefabricated insulated casings and air chamber panels, with or without other equipment, louvers, screens, registers, grilles, housing, casings, diffusers of all kinds, including those in connection with lighting fixtures and ceilings, dampers of all kinds, sound traps, mixing boxes, attenuators of all kinds, access doors related to air-handling systems, dryers, sprayers, power and gravity

Section 1-4. The Employer and Union shall exert every possible effort to secure all work included in and covered by this Agreement.

Section 1-5. The Employer agrees to report to the Union all jobs offered for bid or his acceptance by negotiation or otherwise in which any of the work or equipment covered by this Agreement is not included, to his knowledge, and he shall specify what is omitted. The Union agrees to exert every reasonable effort to secure such work for its membership.

## ARTICLE 2 SUBCONTRACTING

Section 2-1. No Employer shall subcontract or assign any of the work described herein which is to be performed at a job site to any contractor, subcontractor or other person or party who fails to agree in writing to comply with the conditions of employment contained herein including, without limitations, those relating to Union security, rates of pay and working conditions, hiring and other matters covered hereby for the duration of the project.

Section 2-2. Subject to other applicable provisions of this Agreement, the Employer agrees that when subcontracting for prefabrication of materials covered herein, such prefabrication shall be subcontracted to fabricators who pay their employees engaged in such

**fabrication not less than the prevailing wage for comparable sheet metal fabrication, as established under provisions of this Agreement.**

### **ARTICLE 3 MEN TO BE EMPLOYED**

**Section 3-1. The Employer agrees that none but journeymen, apprentice, and classified sheet metal workers shall be employed on any work described in Article 1, and further, for the purpose of proving jurisdiction, agrees to provide the Union with written evidence of assignment on the Employer's letterhead for certain specified items of work to be performed at a job site prior to commencement of work at the site. List of such specific items, which may be revised from time to time, as agreed to by and between SMACNA and SMWIA shall be provided to the Employer.**

**Section 3-2. The parties recognize the importance of maintaining sufficient records to support the current prevailing wage determination. The Employer agrees to provide the Union with a monthly report, which will include the name of each job (including each city, county and state), and the field hours worked by sheet metal workers on the job. The Union will agree to maintain these records and produce them when necessary to support prevailing wage determination when surveys are being conducted.**

**Section 3-3. SMWIA Local Union No. 2 and SMACNA – Kansas City Chapter agree to adopt a 10-panel substance abuse testing program. (See Attachment A). This Drug/Alcohol Testing policy for SMACNA – Kansas City Chapter, Inc. and SMWIA Local Union No. 2 Kansas City, Missouri has been adopted and implemented pursuant to negotiations between the two parties. Should any dispute arise with respect to the application or implementation of this policy between workers employed pursuant to the**

*This policy is negotiated and implemented pursuant to the Drug Free Work Place Act of 1988. It is not the intent of this program that it be used as punishment, but rather to assist employees with alcohol and/or drug abuse problems.*

## **ARTICLE 4 HIRING PROCEDURE**

Section 4-1. It is mutually agreed among the parties hereto that the following conditions shall govern hiring practices under this Agreement.

Section 4-2. When qualified journeymen sheet metal workers are required to properly execute work contracted for by the Employer in the manner and under the conditions specified in this Agreement, the Employer shall give the Union first opportunity with all other sources to provide suitable journeymen sheet metal workers. If the Union fails to supply journeymen sheet metal workers within forty-eight hours, the Employer may hire such employees and refer them to Sheet Metal Local 2 for enrollment.

Section 4-3. When additional qualified apprentices are required to properly execute work contracted for by the Employer in the manner and under conditions specified in this Agreement, the Employer shall obtain same from the Business Manager, or Business Representative, of Local Union No. 2.

Section 4-4. The Union shall select and refer applicants for employment without discrimination against such applicants because of race, color, religion, national origin, age, sex, or in any way affected by Union membership, by-laws, regulation, constitutional provisions or any other aspect or obligation of Union membership, policies or requirements.

Section 4-5. The Employer shall have the right to reject any applicant for employment except for reason of race, color, religion, national origin, sex, or age.

Section 4-6. The Union, if requested, shall advise the Employer of the unemployed sheet metal workers who are qualified to perform the specific class of work available.

Section 4-7. The Employer agrees to notify the union immediately upon the employment of any sheet metal worker, except those who present a valid assignment slip to the steward or foreman before accepting employment.

Section 4-8. The Employer agrees not to discriminate against able journeymen fifty-five (55) years of age and older who have ten (10) years' good standing in Local Union No. 2. The Employer further agrees to employ one such journeyman for each nine (9) other journeyman employed if same are available and does not violate discrimination law.

Section 4-9. A copy of this hiring procedure shall be posted in the Union Hall and at the shop of each Employer.

Section 4-10. The Employer shall furnish a termination slip, furnished by Local No. 2 and SMACNA-KC with the final pay of each employee. Copies shall go to the employee and Local No. 2. Employer must be current on all employees' fringes to be eligible to terminate an employee. The parties to this Agreement further agrees to make his company current as per Section 18-3 of this Agreement on all fringes prior to an employee being terminated, otherwise the Company is not eligible to terminate any employee.

## ARTICLE 5 UNION SECURITY

Section 5-1. The Employer agrees to require membership in the Union, as a condition of continued employment of all employees performing any of the

work specified in Article 1 of this Agreement, within eight (8) days following the beginning of such employment or the effective date of this Agreement, whichever is the later, provided the Employer has reasonable ground for believing that membership is available to such employees on the same terms and conditions generally applicable to other members and that membership is not denied or terminated for reasons other than the failure of the employee to tender the periodic dues and initiation fee uniformly required as a condition of acquiring or retaining membership.

The Employer shall deduct from the wages of each employee, according to written authorization from the individual employee, the amount of Union initiation fees and dues, and forward to the Union between the first (1st) and tenth (10th) day of each month.

Section 5-2. If during the term of this Agreement the Labor Management Relations Act of 1947 shall be amended by Congress in such manner as to reduce the time within which an employee may be required to acquire Union membership, such reduced time limit shall become immediately effective instead of and without regard to the time limit specified in Section 1 of this Article.

Section 5-3. The provisions of this Article shall be deemed to be of no force and effect in any state, to the extent to which the making or enforcement of such provisions is contrary to law. In any state where the making and enforcement of such provision is lawful only after compliance with certain conditions precedent, this Article shall be deemed to take effect as to involve employees immediately upon compliance with such conditions.

A participant may voluntarily change the amount of the tax-deferred savings as of January 1st and July 1st each year (with at least 21 days advance notice) in units of .50 cents, up to the maximum permitted by federal law each year. Such a change must comply with the Internal Revenue Code nondiscrimination guidelines. ### **ARTICLE 31 APPRENTICE AND JOURNEYMAN TRAINING FUND**

Section 31-1. All duly qualified apprentices shall be under the supervision and control of a Joint Apprenticeship committee composed of six (6) members, three (3) of whom shall be selected by the Employer

and three (3) by the Union as per current trust agreement. Said Joint Apprentice Committee shall formulate and make operative such rules and regulations as they may deem necessary and which do not conflict with the specific terms of this Agreement, to govern eligibility, registration, education, transfer, advancement, discipline, wages, hours, working conditions of duly qualified apprentices and the operation of an adequate apprentice system to meet the needs and requirements of the trade. Said rules and regulations when formulated and adopted by the parties hereto (subject to the Trust Agreement) shall be recognized as part of this Agreement.

Section 31-2. The Joint Apprentice Committee designated herein shall serve for the life of this Agreement, except that vacancies in said Joint Apprentice Committee caused by resignation or otherwise, may be filled by either party hereto, and it is hereby mutually agreed by both parties hereto, that they will individually and collectively cooperate to the extent that duly qualified apprentices be given every opportunity to secure proper technical and practical education experience in the trade, under the supervision of the Joint Apprentice Committee.

Section 31-3. It is the understanding of the parties to this Agreement that the funds contributed by signatory Employers to the International Training Institute and any Local Joint Apprenticeship and Training Fund (Local JATC) will not be used to train apprentices or journeymen who will be employed by employers in the Sheet Metal Industry not signatory to a collective bargaining agreement providing for contributions to the International Training Institute and a Local JATC. Therefore, the trustees of the International Training Institute and Local JATC shall adopt and implement a Scholarship Loan Agreement Program which will require apprentices and journeymen employed by signatory Employers to repay the cost of training either by

service following training within the union sector of the industry or by actual repayment of the cost of training if the individual goes to work for a non-signatory Employer in the Sheet Metal Industry. The cost of training shall include the reasonable value of all International Training Institute and Local JATC materials, facilities and personnel utilized in training. If a Local JATC does not implement the Scholarship Loan Agreement, the Local JATC shall be prohibited from utilizing International Training Institute materials and programs.

It is hereby agreed that apprentices shall be granted by the Joint Apprentice Committee and will be dispatched by the Union to the Employer on the basis of one (1) apprentice for each three (3), (or any part of three 3), journeymen currently employed at the time of the request. It is understood that apprentices on the out-of-work list will be dispatched before any of the new apprentices are employed. To avoid an unequal distribution of first-year apprentices, the Business Manager shall have the authority and shall equalize the distribution of the first-year apprentices, between the contractors utilizing apprentices.

On a weekly basis each Employer will post a list or provide the steward with a list of all current employees, identifying each employee as a journeyman or apprentice. When a contractor is found to be out of compliance with journeyman-to-apprentice ratios, the employer will be notified.

The Employer shall have five (5) working days to comply with the journeyman-to-apprentice ratios. After said five working days the Business Manager shall have the authority to remove any apprentices in order to bring the employer back into compliance with the contractual ratios. The Employer may, in writing, apply to the Business Manager for a temporary exception from journeyman-to apprentice ratios. It is within the sole discretion of the Business Manager to grant such a request.

The parties agree it is the responsibility of the Joint Apprentice Committee to recruit and maintain an eligibility list of qualified apprentice candidates in numbers sufficient to meet the needs of the industry.

Section 31-4. Apprentices in the program (up to five year) shall complete his/her apprenticeship under that program. Apprentices shall not be put in charge of work on any job and shall work under the supervision of a journeyman until their apprenticeship term has been completed and they have qualified as journeymen. However, an apprentice who is in the second half of their last year of apprenticeship may be allowed to work on jobs by themselves.

Section 31-5. It is mutually agreed that apprentices shall attend up to four special union meetings per year. For all indentured apprentices pension contributions shall be as set forth in Article 8.

Section 31-6. A graduated wage scale for apprentices shall be established and maintained on a percentage basis of the established wage rate of journeymen sheet metal workers as shown in Article 8 of this Agreement.

Section 31-7. Apprentices shall be laid off by seniority, last hired, first laid off, and layoff for cause shall be according to Article 10 Grievance Procedure.

Section 31-8. There shall be established a subcommittee to advise the Joint Apprentice Committee, to educate and promote architectural and CAD training for apprentices, and to make architectural work and CAD operations more competitive.

This committee shall consist of two (2) contractors and two (2) Local 2 members.

Section 31-9. It is hereby agreed that the Employer shall be entitled to a journeyman-to apprentice ratio of one apprentice for each three (3), or any part of three (3), journeymen currently employed. In the event there are apprentices on the out-of-work list, the Busi-

ness Manager may at his discretion dispatch additional apprentices to an employer for a temporary period: Said Apprentices will be reassigned to Employers entitled to apprentices upon receipt of a request for apprentices. The Business Manager shall also have the authority to remove any apprentices from any Employer who is out of ratio. The JATC trustees will fulfill the above mentioned ratios.

Section 31-10. The parties will establish on a local basis the SMWIA Youth-to-Youth program (the program) and the procedures to enable all apprentices to participate in the program. The activities of the program that deal with organizing and other traditional union activities shall be funded by the Local Union through a check-off in compliance with the provisions of Section 302(c) of the Labor-Management Relations Act of 1947. Activities that may be funded by Employer contributions shall be so funded if, and to the extent, the parties shall agree locally to sponsor and implement the same.

### **DRUG/ALCOHOL TESTING POLICY FOR SHEET METAL AND AIR CONDITIONING CONTRACTORS' NATIONAL ASSOCIATION, KANSAS CITY CHAPTER, INC.**

**AND**

### **SHEET METAL WORKERS' INTERNATIONAL ASSOCIATION LOCAL UNION NO. 2, KANSAS CITY MISSOURI**

This Drug/Alcohol Testing policy for Sheet Metal and Air Conditioning Contractors' National Association, Kansas City Chapter, Inc. and Sheet Metal Workers' International Association Local Union No. 2, Kansas City, Missouri has been adopted and implemented pursuant to negotiations between the Sheet Metal Workers' International Association Local Union No. 2, Kansas City, Missouri (hereinafter referred to as "Local 2" or the "Union") and Sheet Metal and Air Conditioning Contractors' National Association, Kansas City Chapter, Inc. (hereinafter referred to as SMACNA-KC or the "Employer").

Should any dispute arise with respect to the application or implementation of this policy between workers employed pursuant to the collective bargaining agreement between SMACNA-KC and Local 2, such disputes shall be submitted to the grievance and arbitration provisions of the agreement.

### **PURPOSES**

This policy is negotiated and implemented pursuant to the Drug Free Work Place Act of 1988. It is not the intent of this program that it be used as punishment, but rather to assist employees with alcohol and/or drug abuse problems. The program to be put in place no later than August 1, 1999.

## **POLICY STATEMENT**

This policy applies to all employees of the employer, both bargaining unit and non-bargaining unit, including sales, clerical, management, owners, part-time employees, as well as applicants for employment.

### **PREFACE**

Alcohol/substance abuse is recognized as a treatable illness. The desired result and preferred procedure is rehabilitation resulting through referral to locally operated industry Employee Assistance Program (EAP). The EAP should provide the employee and the supervisor educational programming, individual and family counseling, as well as treatment referral services.

### **CONDITIONS AND DEFINITIONS:**

1. Workplace problems arising out of an employee's relationship with substance abuse may warrant a variety of management responses, including referral for treatment, testing, disciplinary action, or termination of employment.
2. The parties to this Policy regard urine testing as problematic and do not advocate total reliance on such procedures to identify individuals with an alcohol/chemical dependency. However, certain circumstances support substance testing as a warranted vehicle for determining possible impairment and/or a propensity for substance abuse. These include:
  - A. Pre-employment testing;
  - B. Probable cause testing, (i.e. post accident and/or injury)
  - C. Work opportunities mandated testing.<sup>1</sup>
3. The use of alcohol or illegal drugs during working

<sup>1</sup>Work opportunities mandated testing refers to situations which require the successful contractor to comply with a substance abuse testing procedure required by the owner or owner agent. (See Item 15 below)

hours, or on a job site or on the employer's premises is absolutely forbidden. Any employee who violates this policy may be required to undergo rehabilitation and/or may be subject to disciplinary action, including termination.

4. The term USE means consuming, possessing, selling, concealing, distributing or arranging to buy or sell, being under the influence or reporting for duty under the influence of alcohol or illegal drugs.
5. EMPLOYER'S PREMISES includes all property, facilities, land, buildings, structures, automobiles, trucks, and other vehicles owned, leased, or used by the Company, and construction sites where the Company is providing services and employment.
6. The term ALCOHOL or ILLEGAL DRUGS means any form of alcohol and/or other intoxicating substance, narcotic plant or similar narcotic substance, illegal chemical substances or drugs (including legal drugs obtained or used illegally or without proper medical supervision or authorization).
7. An EMPLOYEE ASSISTANCE PROGRAM (EAP) means a program designed to assist employees with alcohol and/or substance abuse, or other problems by means of counseling, treatment, or referral to more specific centers. The emphasis of the program is centered on the recovery of the individual and to provide services designed to assist in recovery.
8. The term EMPLOYEE includes all employees of the employer, both bargaining unit and non-bargaining unit, including sales, clerical, management, owners, part-time employees, as well as applicants for employment.
9. The term WORKING HOURS means all of the

time in which an employee is engaged in work duties or duties complementary to work, including rest periods, lunch periods, travel time or time subject to employer control.

10. An employee's private property may be inspected only for probable cause. (See Item 14 below).
11. **UNDER THE INFLUENCE OF ALCOHOL** means a blood alcohol content of .05% or greater.
12. **UNDER THE INFLUENCE OF A CHEMICAL SUBSTANCE OR DRUG** means a urine content determined to equal or exceed the levels approved by the United States Department of Health and Human Services (DHHS).
13. **PRE-EMPLOYMENT SCREENING**—the screening of prospective employees may be implemented to ascertain whether an applicant is capable of safely performing the duties of and meeting the prerequisites for the employment offered. Pre-employment testing will not apply to an employee who returns to active employment with an employer following an absence of less than six (6) consecutive months.
14. **PROBABLE CAUSE**—those circumstances, based upon objective evidence about an employee's conduct in the workplace, that would cause a reasonable person to believe that the employee is demonstrating signs of impairment due to alcohol or chemical substances. (See Item 4 above "USE"). Depending upon the circumstances existing at the time, probable cause may automatically apply to employee work behavior which results in injury to or endangerment of the health and safety of others in the workplace.<sup>2</sup>
15. **WORK OPPORTUNITY MANDATED TESTING**—In all situations where an employer is

---

<sup>2</sup>This refers to any event resulting in injury to an individual or property to which an employee contributed as a direct or indirect cause.

required to agree to a testing program over which he/she has no control or direct input in order to qualify as a provider of services and/or products, testing shall be approved; however, the employer shall exert maximum pressure to insure that the testing is performed in accordance with the standards enumerated in this Policy and applied uniformly to all personnel having access to the affected workplace or specific work order. There shall be no discrimination against any employee who refuses a job assignment to a job or project that is subject to testing. An employee who refuses a job assignment to a job or project for which the employer is required to agree to a random testing program may be laid off if there is no alternate work available for which said employee is qualified.

16. An employee who is convicted of violations of laws involving illegal chemical substances or drugs while on work status will be considered to be in violation of this Policy and subject to action noted herein.
17. An employee who suspects he/she has developed an addiction to, dependency on, or otherwise has a problem with alcohol or chemical substances or drugs, is expected to seek assistance through the EAP or other competent resource. Any person who voluntarily seeks assistance or rehabilitation for alcohol and/or chemical substance or drug related problems shall be granted amnesty and disciplinary remedies waived so long as the person continues to participate satisfactorily in the rehabilitation or counseling program. An employee cannot voluntarily seek assistance or rehabilitation and thereby gain amnesty following the occurrence of circumstances which gave rise to probable cause for testing.
18. The failure of an employee to promptly participate

in testing or a search under probable cause at management's request, or should an employee's test results be positive and the employee refuse to seek rehabilitation or fail to complete a rehabilitation program, such employee shall be subject to disciplinary action including termination.

19. Any employee who has tested positive for alcohol and/or chemical substance or drugs shall be required to enroll through the local EAP in a state approved counseling or rehabilitation program. Upon submission of a work release from the program, said employee may return to work if a job is available, or be referred from the out-of-work list.
20. The employer with the approval of the local union shall select at least one, no more than two, DESIGNATED REPRESENTATIVES to handle all confidential matters regarding this Policy. Only the Designated Representative(s) will be informed of test results. The name(s) of the employer Designated Representative(s) will be communicated to the EAP in writing.
21. Nothing in this Policy is intended, nor shall it be construed, to authorize any action that is unlawful under federal or state law.
22. Discipline of bargaining unit members shall be in accordance with the provisions of the collective bargaining agreement and/or the rules of the Joint Apprenticeship & Training Committee as appropriate. Union members subject to this policy continue to have access to the usual protections provided as a part of their union membership. Union members may request that a union representative be available or present prior to any action taken by an employer at any stage of the policy and its administration. If an individual is aggrieved by any action taken under this Drug /Alcohol Policy and his complaint cannot be resolved, it may, if the individual or Union requests, be referred as a griev-

ance under the grievance and arbitration provisions of the individual's collective bargaining agreement. In the event the matter is referred to arbitration, the Arbitrator shall be bound substantively by the provisions of the Drug/Alcohol Policy.

23. An employee who tests positive and is granted an opportunity for rehabilitation as an alternative to discipline will, prior to returning to work and upon proper release by an authorized representative of the treatment agency or program, sign a "Last Chance Agreement", a copy of which is attached to this Policy as Addendum "A".
24. **PRESCRIPTION DRUGS**—any substance prescribed for an individual by a licensed medical practitioner. Prescription drugs may be brought upon Company Premises only by the person for whom they are prescribed, and shall only be used in the manner, combination and quantity prescribed. Employees using a prescription drug which may impair mental or motor function shall inform their supervisor of such use. For the safety of all employees, the employer may place persons using such drugs in a less hazardous job assignment or place them on temporary unpaid leave until released as fit for duty by the prescribing physician. The employer reserves the right to have its physician determine if a prescription drug produces hazardous effects or to restrict the quantity the employee is allowed to bring to the workplace. (No employee shall be discriminated against for the use of a prescribed drug).

This policy shall be distributed to all employees at the time it becomes effective. All employees shall sign a document acknowledging receipt of the policy and consenting to alcohol and drug testing conducted in accordance with the policy. The policy shall also be posted on a bulletin board at the Employer's place of business.

An employee found in violation of this Section may be subject to immediate disciplinary action.

### TESTING:

1. Initial screening tests shall consist of a ten panel Enzyme Immunosassay (EMIT) test. Gas Chromatography/Mass Spectrometry (GC/MS) testing will be utilized for confirmation of any positive EMIT. All positive test results will be sent to a S.A.M.S.H.A. certified laboratory for confirmation.

#### Initial and Confirmation Threshold Limits

NG/ML DRUG	Screen Cutoff	Confirmation Test
Marijuana (THCA)	50	15
Cocaine Metab	300	150
Amphetamines	1000	500
Opiates	2000	2000
Phencyclidine (PCP)	25	25
Barbiturates	300	300
Benzodiazepines	300	300
Methadone	300	300
Propoxyphene	300	300
Methaoualone	300	300

2. Drug testing and the "chain of custody" shall be conducted in accordance with the procedures of the U.S. Department of Health and Human Services (DHHS) Mandatory Guidelines for Federal Workplace Drug Testing Programs. When the specimen for testing is obtained the employee shall be accompanied by the designated company representative for validation purposes.
3. Urine samples will be separated into two containers at the time of donation of the sample—one

portion of the original sample shall be kept secure and chemically stable and made available for verification of laboratory test results.

4. Any employee testing positive shall have the right to have the secured portion of his/her urine sample independently examined by a laboratory of his/her choice at his/her expense, the laboratory selected shall meet the same certification as required under this Policy.
5. Drug tests shall be conducted on urine samples and alcohol tests on breath samples, unless an employee is unable to provide such samples. In that circumstance, a test of the employee's blood will be used. If an employee is receiving medical attention and a blood test is conducted by a health care provider, the results of that blood test may be used as the basis for employment action under this policy.
6. A positive test result shall be determined utilizing the current threshold levels approved by the United States Department of Health and Human Services (DHHS).
7. Test results will be released to the EAP Director and marked confidential. The results of a test will only be made known to the employee, employer, union, JATC (when applicable), and the EAP. Upon written request, the testing facility and/or EAP shall make available to the employee the laboratory reports concerning his/her positive test.

The results of any positive test will not be released to any other party or agency unless required by law or with the written permission of the employee.

8. The EAP shall contact the employer, through the designated employer representative only, with the results of the test. The employee will be notified in writing by the employer representative who

shall make certain that the notification is given in confidence. Neither the test results nor the notification shall be communicated to any other person who does not have a bona fide need to know. An employee subject to probable cause testing may, for reasons of safety, be suspended from active work until the test results are available. If the employee is suspended and the test result is negative the employee will be reinstated with back pay for time the employee otherwise could have worked.

9. The employee must present the employer with a copy of the receipt from the laboratory given at the time of the urinalysis.

#### AMENDMENTS:

Amendments to this Policy may be developed jointly by the employer and the union to comply with state or local laws, or federal requirements, or for purposes of correcting procedural problems which may arise.
