The Board of Trustees of the Bristol County Agricultural School and the Segregansett Teachers' Association recognize and agree that they have a common interest in the educational excellence of the Bristol County Agricultural School.

To that end the Board of Trustees of the Bristol County Agricultural School and the Segregansett Teachers' Association hereby declare their mutual intent to work together toward the achievement of common aims in a serious and responsible manner as befit representatives of their respective bodies.

It is recognized that the Bristol County Agricultural High School is a unique institution serving a student body whose goals are directed toward agricultural related occupations. The administration and the Staff are dedicated to this unique objective by offering a total curriculum encompassing both related academic and vocational agricultural subjects preparing the students for the world of work in agricultural related occupations.

Consequently it is hoped that this joint effort will affect the formation of realistic goals and intelligent programs beneficial to all, student instructors and institution alike, and consistent with the best that vocational agricultural education has to offer. It is further hoped that this agreement will serve as the foundation for the creation of a procedure of exchange and communication which will continue harmonious relations between the parties concerned and will contribute in significant measure to the advancement of public vocational agricultural education in Bristol County.

However, it is not to be ignored that the educational buildings are a part of the responsibility of the Trustees, the administrators, the staff and the student body. It is further understood that a farm laboratory of 250 acres, more or less, is an integral part of the curriculum and training.
