INTRODUCTION

The relationship between School Board Members and School Administrators in the Mount Markham Central School System is close, delicate, and sensitive.

School Board Members are public officers and are elected trustees of public education. In our democratic society, they are the local governors of the public schools and are answerable only to the people for their stewardship of local public education.

The School Administrators are responsible for the administration of all school policies. The loyalty shared between School Board Members and the members of the Mount Markham Central School Administrative Association sets them apart from teachers. The administrator is the bridge between the people's trustees and the teachers. He/she must translate into action the people's desires and needs, and can do so only with the active assistance of teachers.

Quality education has resulted from the harmonious relationship that has existed between the Board of Education and the Mount Markham Central School Administrators Association. The framework of this contract should allow this relationship to continue as we work together toward the solution of common problems and the attainment of common goals. We recommend a joint acceptance of the following code of ethics.

JOINT CODE OF ETHICS

The New York State School Boards Association and the New York State Teachers Association have jointly issued the following statements as common beliefs:

1. The teacher and the school recognize that while the teacher participates in the formation of school policy under the leadership of the school administrator, it is the duty of the administrator to recommend, and the responsibility of the board to determine final policy.
2. The Administrators and the School Board transact all official business through proper channels and holds inviolate all confidential information.
3. The Administrators and the School Board recognize their obligations to develop growing appreciation and understanding of the principles of democracy; they refrain from using the school to promote personal views of religion, race or partisan.
4. The Administrators and the School Board agree that due notice in fair time be given in all cases of appointments, resignations, or termination of service.
5. The Administrators and the School Board avoid disparagement of fellow workers and predecessors.

6. The Administrators and the School Board are impartial in all relationships with the pupil.
7. The Administrators and the School Board encourage able and promising students to enter the teaching profession.
8. The Administrators receive from the Superintendent candid appraisal of his/her work and help with his/her problems; the School Board requires such supervisory assistance.
9. The Administrators actively participate in the work of local, state and national professional education associations; the School Board actively participates in the work of township, county, district, states and national school boards associations.
10. The Administrators use ethical procedures in securing positions and maintaining salary schedules; the school board uses ethical procedures in filling positions and in maintaining salary schedules.
11. The Administrators accept no compensation from firms commercially interested in the school; no member of the School Board accepts such compensation.

ARTICLE III **GRIEVANCE PROCEDURE**

3.1 Declaration of Purpose

WHEREAS, the establishment and maintenance of a harmonious and cooperative relationship between the Board of Education and its unit members is essential to the operation of the schools, it is the purpose of this procedure to secure, at the lowest possible administrative level, equitable solutions to grievances of unit members through procedures under which they may present grievances free of coercion, interference, restraint, discrimination or reprisal, and by which the Board of Education (hereinafter sometimes referred to as the Board) and its employees afforded adequate opportunity to dispose of their differences without the necessity of time consuming costly proceedings before administrative agencies and/or in the courts.

3.2 Definitions

- 3.2.1 A "grievance" is a claim by any unit member or group of unit members in the negotiating unit based upon and limited to any claimed violations, misinterpretations, misapplication or inequitable application of this agreement.

3.2.2 The term "Supervisor" shall mean the Superintendent

3.3 Procedures

- 3.3.1 All grievances shall include...in writing...the identity of the aggrieved party, the identity of the provision of this agreement involved in said grievance, the time when and the place where the alleged events or conditions constituting the grievance existed, the identity of the party responsible for causing said events or conditions (if known to the aggrieved party), a general statement of the nature of the grievance, and the redress sought by the aggrieved party.

3.3.2.1 The preparation and processing of grievances, insofar as practicable, will be conducted outside of class hours. All reasonable effort will be made to avoid interruption of students in any phase of the grievance procedure.
