ARTICLE I
CONDITIONS OF EMPLOYMENT

1.1 Benefit and Salary Agreements

The administration shall have benefit and salary agreements prepared for Association employees contingent upon completion of negotiations. Salaries shall be in accordance with Appendix "A" attached hereto. Agreements shall be issued to each employee by September 30 of each year.

1.2 Regular Route Seniority and Lists

- A. Seniority will be determined by the date and time of the opening and acceptance of a regular bus route.
- B. The Association and the District will jointly prepare an updated seniority list by no later than August 20.
- C. If a regular route driver wants the absent driver's run, one which will be vacant for more than one (1) week or five (5) consecutive days, then a substitute driver would drive for the other regular route driver. This shifting of runs can only be done once per a run opening up due to a regular driver's absence. This open run must be posted on the bulletin board for all drivers to see for a week prior to it being assigned to either a regular route driver or a substitute.
- D. Any regular route driver who, with District consent, goes out on any leave covered in this contract has up to twelve (12) consecutive months before losing his or her regular route seniority. The driver may come back to drive any time before the date of return on leave with a seven (7) day written notice to the District. Any driver because of hardship that has to extend his or her leave, upon approval by vote of the Association will not lose his or her seniority. His or her place on the seniority list will be frozen until driver returns to his or her position.
- E. A regular route driver who involuntarily loses a regular route and is unable to select any other regular route, may request to be placed at the top of the substitute bus driver seniority list. These displaced regular route drivers will have priority in choosing regular routes when they become available regardless of other substitute bus drivers' seniority. This displaced driver will have his/her remaining sick days held by the District until he/she gets a new run and will be credited with these days when he/she returns.
- F. Voluntarily Giving Up A Route - (See Article I, 1.11, page 6)

G. School Bus Driver Vacancies

When a school bus driver vacancy occurs, the District will consider for appointment the three most senior substitute school bus drivers who indicate an interest in the position, with the selected candidate to be made at the discretion of the Superintendent of Schools. Multiple vacancies will be taken one at a time with each vacancy to consider the three most senior available substitute school bus drivers who indicate an interest in the position. For multiple vacancies, newly appointed drivers will select the last available runs based on their substitute seniority.

1.3 Substitute List

- A. The Dispatcher shall maintain two (2) rotating substitute bus driver lists: one (1) list for regular runs; and one (1) list for long-term substitutions as defined in ARTICLE I, 1.2 C).
- B. Substitute bus driver seniority will commence on the date of appointment to the position of substitute bus driver by the Board of Education. An individual's annual level of earned seniority will be based on the number of days of service the employee served in the transportation department during the school year. A service is defined as the performance of substitute duty for any permanent transportation position included on page 22 of the agreement. Annual seniority will be earned as follows:
1. one (1) year: 91 or more days; at least $\frac{1}{2}$ of days as bus driver
 2. $\frac{3}{4}$ year: 61 to 90 days; at least $\frac{1}{2}$ of days as bus driver
 3. $\frac{1}{2}$ year: 31 to 60 days; at least $\frac{1}{2}$ of days as bus driver
 4. $\frac{1}{4}$ year: 5 to 30 days; at least $\frac{1}{2}$ of days as bus driver
 5. no seniority credit: less than 5 days

Substitute bus drivers appointed prior to July 1, 2002, will maintain their level of seniority as accrued on June 30, 2002, with future additions to that seniority to be based on the above language.

The Transportation Supervisor will provide the Association President with a Substitute School Bus Driver Seniority List in July of each school year. The District will make every effort to identify and maintain a list of qualified substitutes.

- C. In the event that a substitute bus driver covers a run for a period of time (anything over a week but less than a year's leave of absence), that substitute remains on substitute status and does not receive any of the benefits of a regular route driver. If the substitute driver is covering a regular route driver's year of absence leave, that substitute is eligible for health benefits only. He/she is still on substitute status and does not gain seniority by that year's run.

1.4 School Bus Monitor List

Seniority of school bus monitors will be established by date of hire. Job assignments will be chosen by date of hire seniority.

1.5 Drivers' Arrival at Bus Garage

In order to perform the required precook of their respective buses prior to departure on their route, all bus drivers shall be at the bus garage at least ten (10) minutes before their run is to start. All drivers are required to complete all necessary forms required by the District and punch in and out on their respective time card. The last Driver in or out of the bus garage shall be required to close the garage door of the bay.

1.6 Appearance of Drivers

All drivers have to be as neat and clean as possible while on the job.

1.7 Notification of Absence

All drivers must give the District at least twenty four (24) hours notice before asking for time off whenever possible, except in the case of an emergency.

1.8 Upkeep of Bus

All drivers shall sweep, fuel up, clear front and rear windows and outside illuminations on the bus that they drive. This includes all bus windows inside and dash.

1.9 Capacity of Bus

Drivers shall not operate a bus over its given capacity. The capacity is determined by the State Education Department based upon the rating of the manufacturer. Each driver is expected to operate a bus to its full capacity as prescribed by State Law.

1.10 Overnight Trips

For District budgeted (paid) trips, the driver shall be determined according to the regular rotation procedure. For trips financially supported by an outside organization, the sponsor of the trip shall have the option to select the driver.

1.11 Giving up a Route

In the event a regular route driver gives up a regular route for reasons of his/her own choice (s)he may then ask to become a substitute driver. (S)he will then take his/her place on the substitute bus driver seniority list according to his/her date of appointment as a substitute bus driver by the District.

1.12 Additional Work

Out-of-District routes (except BOCES runs) will be paid on an hourly rate after the first hour and twenty minutes. Regular routes will be paid the contract salary with no provision for extra compensation, except in extraordinary circumstances. All cases of extraordinary circumstances will be determined by the District on an individual case basis. All additional work, up to 40 hours per week maximum, will be given service credit for retirement purposes.

1.13 Credentials

Credentials for school bus drivers shall be determined by Federal Law, New York State Law and the District.

1.14 Personal Protective Equipment

The District will reimburse employees, who are required to wear steel-toed safety shoes, 100% of the cost of one pair of shoes per school year.

1.15 Outside Activities

When there is an outside activity involving the transportation of children, an authorized School District vehicle driven by a School District bus driver is required. Emergency or confidential situations will be exceptions. Other exceptions will be considered if agreed upon between the Transportation Association and the District.

1.16 Regular Routes

Bus routes for the transportation of pupils from home to school and from school to home during the school year shall be established at least ten (10) days prior to the opening day of school. A description of each route shall be posted at the Bus Garage at the time they are completed. Regular routes will be selected according to regular route driver seniority. Minor modifications to established routes shall be made by the District during the school year as the need arises and in keeping with sound transport procedures.

1.17 Extra Trips

All transportation provided by District school buses except as described above as regular routes are to be considered extra trips. Extra trips are to be driven by a regular route driver. A rotation system shall be established for each school year. If no regular route driver takes an extra trip, it is then offered to a substitute bus driver. If no substitutes are available it is then the Association's responsibility to assign a regular route driver to take that trip.

Trips within the district (as part of the FPCS educational program), between the hours of 8:00 a.m. and 3:30 p.m. on regularly scheduled school days will NOT be considered extra trips. (This is to include drop off and pick up only, with no waiting.) The Bus Dispatcher will determine the driver for each instance, either Bus Washer/Bus Shuttle Driver or an extension (to the extent of a maximum of 1 hour and 20 minutes) of a regular route.

1.18 Bidding Procedure

- A. Regular route drivers will pick regular routes based upon the regular route driver seniority list.
- B. Any routes that are dropped during the year must be full routes and it will no longer be possible for a driver to drop half of a full run during the year.
- C. Routes which are picked according to seniority include regular routes, BOCES, extra activity period (EAP) or any non-regular route run established during the term of this contract. Extra trips are not picked by seniority.
- D. A school bus driver must at least pick one (1) regular route in order to pick any of the remaining routes selected under this seniority provision.

1.19 School Bus Driver Work Year

The annual salary for school bus drivers will be based on a work year of 185 days.

If, for any reason, an out of District regular daily run is temporarily canceled for an entire day (s), the bus driver of the canceled run may be asked, when it can be reasonably arranged, to act as substitute for an absent driver, or to perform other substitute duties in the transportation department.

ARTICLE II **GRIEVANCE PROCEDURE**

2.1 Stage One

An employee having a grievance will discuss it with his/her supervisor informally within ten (10) school days of the act, event or occurrence giving rise to the grievance. If the grievance is not resolved informally it shall be reduced to writing and presented to the supervisor in charge through the representative of the Association within five (5) school days after the informal discussion. The supervisor in charge shall within five (5) school days after receipt of the grievance, give a written answer.

2.2 Stage Two

The Superintendent shall give a written answer to the grievance within ten (10) school days.

2.3 Stage Three

If the grievance is not settled by the written answer of the Superintendent the employee through the Association may further appeal by giving written notice thereof to the Board of Education through the District Clerk. The Clerk shall place the grievance on the agenda for the next regular Board meeting for the employee to be heard personally or through his/her representative. The Clerk shall also refer the grievance to a committee of the Board of Education and the representative of the Association will be given an opportunity to meet with the said committee prior to the regular Board meeting to discuss the grievance. Said review board shall consist of two (2) member from the Association and two (2) members of the Board of Education. I. Insurance Incentive Plan

Only unit employees enrolled in the District's health insurance plan under either the individual or dependent plan as of July 1, 1999, may elect to forego either individual or dependent coverage and shall receive a financial inducement for such withdrawal in accordance with the following terms:

1. If an employee elects to withdraw from the health insurance program and receive the inducement, such withdrawal shall be made on an election form not less than 30 calendar days prior to the effective date of participation.
2. The financial inducement for withdrawing from the District's health insurance program shall be annual payment of \$1,000 for individual coverage and \$1,500 for dependent coverage, pro-rated on a payroll period basis.
3. Payment of such financial incentive shall be made on a payroll period basis as long as the employee chooses not to participate in the District's health insurance program.
4. An individual who terminates employment prior to the end of the plan year will receive a prorated amount based upon the actual amount of time the employee did not have the health insurance coverage.
5. Time spent on an unpaid leave of absence shall be deducted from the period of time worked for the purpose of prorating the incentive.
6. If an employee elects to withdraw from the health insurance program and then decides to rejoin, the employee shall be eligible to immediately rejoin the health insurance program, but will not be eligible to participate in the health insurance incentive buyout program, without the express written consent of the Superintendent.

7. By this agreement, the parties do not suggest that employees whose sole health insurance protection is provided by the District partake in such option. The District and the Association caution that only those employees who have dependent coverage through a spouse's employment consider participating in this incentive program. Employees should become thoroughly informed and knowledgeable regarding the benefits, costs, employer's participatory share of such cost, etc., of their spouse's health insurance program.
8. Unit members hired between July 1, 1999, and June 30, 2009 (termination of a new contract) will be eligible to participate in the buyout plan at the rate of \$1,000 only.

5.5 Overtime Pay

Overtime will be paid to mechanics for mechanical work over forty (40) hours per week and to the Bus Washer/Shuttle Bus Driver for work over forty (40) hours per week in performing those regular duties as listed in the definition on page 3 of this Agreement.
