PREAMBLE

The parties to this Agreement seek to educate young people in the democratic tradition, to foster a recognition of individual freedom and social responsibility, to inspire meaningful awareness of and respect for the Constitution and the Bill of Rights, and to instill appreciation of the values of individual personality. It is recognized that these democratic values can best be transmitted in an atmosphere which is free from censorship and artificial restraints upon free inquiry and learning, and in which academic freedom for teacher and student is encouraged.

Academic freedom shall be guaranteed to teachers and no special limitations shall be placed upon study, investigation, presenting and interpreting facts and ideas concerning man, human society, the physical and biological world, and other branches of learning, subject only to accepted standards of professional educational responsibility, and restriction by law, policy, rules and regulations.

Freedom of individual conscience, association and expression shall be encouraged and fairness in procedures shall be observed both to safeguard the legitimate interests of the schools and to exhibit by appropriate examples the basic objectives of a democratic society.

The provisions of this Agreement and the wages, hours, terms and conditions of employment shall be applied without regard to race, creed, religion, color, national origin, age, sex, marital status, membership in or association with the activities of any employee organization. The Board and the Association pledge themselves to seek to extend the advantages of public education to every pupil without regard to race, creed, religion, sex, color, or national origin and to seek to achieve full equality of educational opportunity for all pupils.

The parties recognize that the availability of optimum facilities for both pupil and teacher is desirable to insure the high quality of education that is the goal of the professional staff member, the Superintendent, and the Board. It is also acknowledged that the primary duty and responsibility of the teacher is to teach and that the organization of the school and the school day should be directed at insuring that the energy of the teacher is primarily utilized to this end.

In the normal course of events, before the Superintendent adopts a change in policy not covered by this Agreement, which change shall directly affect the terms and conditions of employment of the professional staff covered by the Agreement, including the assignment of non-teaching duties to professional staff, the Superintendent shall notify the President of the Association that he is considering such a change.

It is understood that in unusual or extreme situations the Superintendent must make adjustments immediately in the aforesaid terms and conditions of employment. If such a situation should arise, the Superintendent shall notify the Association, in writing, and

the Association shall have the right to negotiate thereon with the Superintendent provided the Association files a written request to negotiate, limited to the proposed change, within ten (10) school days after the receipt of notice from the Superintendent.

The Board and the Association recognize that the development and implementation of highest quality educational programs for the benefit of the students and total community of Batavia are a common responsibility.

While the legal responsibility for the education programs lies with the Board, it is agreed that the most effective discharge of this responsibility is brought about by consultation and consensus among the entire educational community, which includes the Board, the teaching staff, the non-teaching staff, the Superintendent and the administrative staff, students, and interested citizens of Batavia.

These groups have the same ultimate aim: that of providing for all youngsters enrolled in the Batavia City Schools the best possible educational opportunities. This can only be done in an educational climate which is predicated upon effective working relationships and a common interest in the community.

This Agreement shall hopefully be an integral component of that educational climate.

ARTICLE 6

Probationary Period

- 601** A professional staff member who is not performing satisfactorily during the probation period should be told of this fact in writing as soon as possible. The rating supervisor in each probation year should not only point out the areas of weakness, but should give opportunity for correction. Improvement, or lack thereof, shall be noted on the filed rating sheet for that year.
- 602** Professional staff members shall be given copies of all evaluation reports on themselves, shall have access to their official District personnel folders in the Superintendent's Office (with the exception of college transcripts and recommendations from other than District personnel), and shall be permitted to insert their own data and signed letters of comment.
- 603** All probationary professional staff members shall, upon request to the Superintendent, have additional classroom observation and evaluation by a supervisor or administrator from the District mutually selected by the Superintendent and the Association after the member has received a negative report. Teachers' Assignments

701 Assignments

701.1 The Superintendent shall make a continuous effort to comply with the following provisions for making assignments.

701.1.2 The Superintendent shall upon request of the Association make available to the Association the Excuse of Default list, if any.

701.1.3 The maximum number of weekly periods assigned to any secondary school teacher not teaching the block schedule shall be thirty (30). The usual pattern for these thirty (30) periods shall be twenty-five (25) teaching periods and five (5) student supervisory periods (e.g., study hall, hall duty). Every effort shall be made to rotate supervisory assignments on an annual basis. This provision shall not preclude a teacher from volunteering to accept teaching periods in lieu of student supervisory periods. Both parties to this Agreement agree that no individual shall be pressured by either party into volunteering or not volunteering for a sixth (6th) teaching assignment. Failure to volunteer for such additional teaching assignments shall not be considered grounds for

dismissal. A teacher's agreement to volunteer for such additional teaching assignments shall be recorded in writing.

701.1.4 The maximum number of periods assigned to any High School teacher teaching the block schedule shall be as follows:

Each day consists of four blocks of approximately 84 minutes; an activity period of 30 minutes at the end of the day; plus a morning homeroom and travel time between classes. The block schedule is based on a four day rotation (A, B, C, D) of four blocks per day. (Sixteen blocks total.) The normal teaching work load is three assigned blocks and 1 block each day for planning. Three assigned blocks per day over a 4 day rotation equals twelve blocks. The twelve blocks shall be divided into ten teaching blocks and two supervisory/advisement blocks. (Equal to previous supervisory time Art. 701.1.3) supervisory/advisement will not require additional preparation time. Except for study halls, teachers shall not be assigned students during the teacher's advisement block. There will be no separate academic reporting of progress from advisement. Article 701.1.3 and 701.1.5 are still in effect.

701.1.5 Every effort shall be made to avoid assigning pupil contact responsibilities during a teacher's scheduled preparation period. A secondary school teacher who is requested to take a regular assignment, and agrees to do so in addition to having a supervisory period shall be compensated at the rate of one-sixth (1/6) of the teacher's annual salary prorated for the portion of the school year the teacher has six (6) classroom assignments and a supervisory period. Any secondary teacher that accepts a 6th assignment in lieu of a supervisory period will not be compensated as stated above.

701.1.6 The normal weekly work assignment for teachers in the elementary schools will be as follows:

	School A	School B	School C

1st pull out	8:25 a.m.	8:30 a.m.	8:35 a.m.
End of instruction	2:30 p.m.	2:35 p.m.	2:40 p.m.
Bus arrival	2:35 p.m.	2:40 p.m.	2:45 p.m.
	6 hours 15 min	6 hours 15 min	6 hours 15 min

After School Academic Program: Programs may begin as soon as five minutes after dismissal in that building and continue for one hour. This hour will include both instruction and planning time. Positions shall be posted. Interested BTA teachers shall apply and may be recommended by the Building Principal and appointed by the Board of Education. Teachers appointed to work in the After School Academic Program shall be compensated at the current hourly extended day (BMS/Elementary) rate. Students shall be assigned to specific teachers for specific instruction, e.g. reading, math, writing, for a specified duration, e.g. two days per week for 20 weeks. Program specifics shall be developed annually by a team of teachers and the building principal.

Planning: Reasonable effort shall be made to provide each classroom and special subject teacher with a thirty (30) minute planning period daily, but in no case, shall planning time be less than one hundred fifty (150) minutes per week.

In the event that the five emergency days have not been used by the end of June, the District will designate up to two days for Pre-K through 5 teachers, to complete District required year-end responsibilities without students in attendance.

701.1.7 The normal work day for teachers shall be seven (7) hours and twenty (20) minutes. Building Principals may for good reason permit teachers to leave buildings early. It may be necessary from time to time for teachers to remain beyond the normal working day to assist students or to hold parent conferences in the elementary schools. The hours established above do not preclude the scheduling of faculty meetings.

701.1.8 Parent conferences for the fall semester shall be scheduled in the elementary schools. One Superintendent's Conference Day will be used for the purpose for elementary school teachers. Spring parent conferences shall be individually scheduled if requested by either a teacher or a parent. Additional parent conferences shall be scheduled as needed by the individual teachers at a time convenient to the teacher and parent.

701.1.9 **GENERAL FACULTY MEETINGS SHALL BE SCHEDULED TO BEGIN AS SOON AS POSSIBLE AFTER THE STUDENTS ARE DISMISSED FROM SCHOOL AND IN THE ORDINARY COURSE OF EVENTS SHALL NOT BE HELD MORE FREQUENTLY THAN TWICE PER MONTH FOR MORE THAN ONE HOUR EACH.**

701.2 Any noncompensated extracurricular duties, apart from regular teaching duties, shall be assumed on a voluntary basis.

701.3 When a vacancy occurs in any extracurricular activity, such position will be posted in all buildings. Anyone wishing to fill said position shall apply in writing.

701.4 If, in the judgment of the Building Administrator and the sponsors, a need exists, the District shall provide and compensate, if necessary, for the service of teacher chaperones or teacher ticket takers at extracurricular events. The Building Administrator shall select the compensated chaperones from among volunteers for the position.

701.5 If, in the judgment of the Building Administrator, the sponsors and the chaperones, if any, a need exists, the District shall provide and compensate for the services of a uniformed police officer at extracurricular events.

701.6 If the administrator and bargaining unit members of a particular school building within the District decide to devise a new class schedule, a schedule, showing proposed class, planning and supervisory periods and lunch times, must be presented to all eligible

members (unit members and administrators in the impacted building) at least five (5) school days prior to a vote.

In order for a change to be enacted, a majority of eligible members in the impacted building, must vote approval.

Each schedule is to be reviewed and voted on by June 1st of the school year.

702 Reassignments

702.1 A reassignment is defined as the change of a professional staff member's assignment within a tenure area.

702.2 Notices of reassignment shall be given to the professional staff member as soon as possible; and, barring unforeseen circumstances, this means not later than June 15th of the year preceding the proposed reassignment.

702.3 In the event a reassignment is necessary, the vacancy shall be filled on a voluntary basis. If no volunteers are available, or if more volunteers than necessary come forward, length of most recent service in the District shall be given primary but not exclusive consideration in making the necessary reassignments.

702.4 Involuntary reassignments shall be made only after a conference has been held between teacher and Building Principal, at which time reasons for the reassignment must be outlined and given in writing. If the reassignment remains objectionable to the teacher, a second conference shall be arranged which must include the Superintendent. A summary of this second meeting must be placed in the teacher's personnel file.

702.5 An involuntarily reassigned professional staff member shall be notified in writing when the same or a similar position to the original job becomes vacant. The professional staff member shall be offered the position if the Building Principal and the Superintendent concur that this action is in the best interest of the District. Reasons for denial shall become a part of the professional staff member's personnel file.

702.6 Involuntarily reassigned professional staff members shall have one (1) week after the written notice outlined in paragraph 5 above, to accept or reject, in writing, a return to the previous or similar position. This acceptance or rejection shall go to the Building Principal and the Superintendent. Only two (2) such offers may be refused by the professional staff member; at that point, any obligation on the part of the District to return the professional staff member to the same or similar position shall cease.

702.7 Teachers who wish a reassignment voluntarily shall make this request, in writing, to the appropriate Building Principal, with a copy to the Superintendent. The reasons for refusal by a Principal to honor this request when a vacancy exists shall be given in writing, with the understanding that any appeal may be made by the teacher to the Superintendent.

703 Transfers

- 703.1** A transfer is defined as the change of a professional staff member's assignment from one building to another, and/or from one tenure area to another.
- 703.2** Notice of transfer shall be given to the professional staff member as soon as possible; and barring unexpected circumstances, this means not later than June 15 of the year preceding the proposed transfer.
- 703.3** In the event a transfer is necessary, the vacancy shall be filled on a voluntary basis. If no volunteers are available, or if more volunteers than necessary come forward, length of most recent service in the District shall be given primary but not exclusive consideration in making the necessary transfers.
- 703.4** Involuntary transfers shall be made only after a conference has been held between teacher and Building Principal, at which time reasons for the transfer must be outlined and given in writing. If the transfer remains objectionable to the teacher, a second conference shall be arranged which must include the Superintendent. A summary of this second meeting must be placed in the teacher's personnel file.
- 703.5** An involuntarily transferred professional staff member shall be notified in writing when the same or a similar position to the original job becomes vacant. The professional staff member shall be offered the position if the Building Principal and the Superintendent concur that this action is in the best interests of the District. Reasons for denial shall become a part of the professional staff member's personnel file.
- 703.6** Involuntarily transferred professional staff members shall have one (1) week after the written notice outlined in paragraph 5 above, to accept or reject, in writing, a return to the previous or similar position. This acceptance or rejection shall go to the Building Principal and the Superintendent. Only two (2) such offers may be refused by the professional staff member; at that point, any obligation on the part of the District to return the professional staff member to the same or similar position shall cease.
- 703.7** Any professional staff member who wishes voluntarily to be transferred, and who makes that request in writing to the Superintendent, with a copy to the appropriate Building Principals, shall be guaranteed an interview for the first applicable vacancy which occurs.
- 703.8** Any teacher within the District who accepts a position in the Administrative and Supervisory unit and later returns to a teacher status shall return to that step on the teacher salary schedule that he or she would have been on had he or she remained a teacher.

704 Special Area Subjects

- 704.1 Special area subject teachers are to begin their teaching schedules the first full day of school.
- 704.2 Substitutes trained for these specific areas are to be obtained in case of absence when available.
- 704.3 If qualified substitutes for special area teachers in secondary schools are not available, their classes shall be given study periods. Where it is reasonable to do so, because of the number and character of the students in these classes, the students may be assigned to existing study halls.
- 704.4 Substitutes for special area subject teachers in the elementary schools are to be those trained in elementary school teaching if a qualified substitute in that area is not available.
- 704.5 The regular classroom teacher shall not be required to establish grades or rate students with respect to their performance in special area subject classes.
- 704.6 The regular classroom teacher who is relieved by special area subject teaching as defined above, shall be permitted to use the time at his or her discretion unless the curriculum of the special area subject makes it necessary or advisable for the regular classroom teacher to assist the special area subjects classroom teacher.
- 705 **IN-SCHOOL SUSPENSION IS A NON-TENURED, NON-PROBATIONARY POSITION UNDER SCHEDULE B. CANDIDATES FOR THIS POSITION SHALL BE REQUIRED TO HAVE NO LESS THAN THREE (3) YEARS OF COLLEGE. THESE POSITIONS ARE ANNUALLY VULNERABLE TO BUMPING BY PROBATIONARY OR TENURED TEACHERS EXCESSED FOR LACK OF ENROLLMENT OR PROGRAM CUTS. EXCESSED TEACHERS WHO BUMP INTO ISS WILL REMAIN AT THEIR TEACHING RATE OF PAY. TEACHERS CURRENTLY EMPLOYED IN ISS POSITIONS WILL BE REQUIRED TO REAPPLY ANNUALLY UNDER THESE CONDITIONS.**
- 706 **Class Size**
- The Superintendent shall maintain class sizes consonant with sound teaching practices and State Education Department directives.

ARTICLE 8

Hiring

- 801** As positions on the professional staff become available throughout the regular school year, such positions shall be announced to all professional staff members by means of a written bulletin. Batavia professional staff members may request a reassignment or transfer to such open positions.

1401 Declaration of Purpose

It is the purpose of this procedure to secure at the lowest possible administrative level, equitable solutions to alleged grievances of professional staff members.

1402 Definitions

1402.1 Aggrieved Party: Aggrieved party shall mean any professional staff member or group of professional staff members covered by this Agreement and filing a grievance.

1402.2 Grievance:¹ A grievance is a dispute or controversy arising out of the application or interpretation of this Agreement.

1402.3 Hearing Officer: Hearing officer shall mean any individual or board charged with the duty of hearing issues and rendering decisions at any stage of the procedures hereunder.

1402.4 Party-In-Interest: Party-in-interest shall mean any party named in a grievance who is not the aggrieved party.

1403 General Procedure

1403.1 Each written grievance shall include the name and position of the aggrieved party, the specific article and section of this Agreement involved in the grievance, the time and place where the events or conditions constituting the alleged grievance existed, the identity of the party allegedly responsible for causing the existence of the said events, or conditions if known, and a statement of the nature of the grievance and the redress sought by the aggrieved party. Standard forms for the presentation of grievances shall be prepared jointly by the Association and the Superintendent and made available to any aggrieved party through the offices of the Association and the Superintendent.

1403.2 The Association may submit a grievance as an aggrieved party directly at Stage Three of this procedure.

1403.3 Except as otherwise provided at Stage One of this procedure, an aggrieved party and any party-in-interest shall have the right to confront and cross-examine all witnesses called against him, to testify and to call witnesses.

¹The contractual grievance procedure relates only to the terms and conditions of this Agreement. It is understood that nothing herein shall preclude a member of the professional staff from filing a grievance pursuant to the grievance procedure adopted by the Board for all employees of the District in accordance with Article 16 of the General Municipal Law.

- 1403.4** Nothing contained herein shall be construed as limiting the right of any professional staff member having an alleged grievance to discuss the matter informally with any appropriate supervisor or member of the administration.
- 1403.5** The existence of the grievance procedure hereby established shall not be deemed to require any teacher to pursue the remedies here provided.
- 1403.6** The preparation and processing of grievances, insofar as practicable, shall be conducted during the regular school day. Every effort will be made to avoid involvement of students in any phase of the grievance procedure.
- 1403.7** The Superintendent and the Association agree to facilitate any investigation which may be required. Both parties agree to honor reasonable requests for relevant material, documents, communications and records concerning the alleged grievance.
- 1403.8** Any records dealing with the alleged grievances shall be filed separately from the personnel file of the aggrieved party.
- 1403.9** The seeking of relief pursuant to this procedure shall constitute a waiver of any right to seek the same or similar relief in any other form; and the seeking of relief in any other form shall constitute a waiver of the right to pursue a grievance hereunder.
- 1403.10** At all stages of the procedure hereunder, the aggrieved party shall have the right to proceed either alone or with a representative of his choosing. If the aggrieved party does not choose to have a representative of the Association represent him, the Association shall nonetheless be given a written copy of any decision at all stages hereunder, and in addition, the Association shall have the right to be present, regardless of the aggrieved party's desires, at all stages hereunder except the informal stage.

1404 Time Limits

- 1404.1** No alleged grievance shall be entertained and any alleged grievance will be deemed waived unless presented at the first available stage within fifteen (15) school days after the aggrieved party knew or should have known of the act or condition on which the grievance is based, except any grievance which arises during the month of June or during the school summer recess, shall be presented at the first available stage within fifteen (15) calendar days after the aggrieved party knew or should have known of the act or conditions on which the grievance is based.
- 1404.2** If an aggrieved party fails to appeal an unsatisfactory disposition of his or her alleged grievance to the next step of the procedure within the specified time limit, the grievance shall be deemed to be discontinued and further appeal shall be barred.
- 1404.3** Failure at any step of the grievance procedure to communicate a decision to the aggrieved party within the time limits specified shall permit the lodging of an appeal at

the next step of the procedure within the time which would have been allotted had the decisions been communicated on the final day.

1404.4 The time limits provided may be extended by mutual agreement in writing between the aggrieved party and the Superintendent.

1404.5 In the event a grievance is filed on or after June 1, every effort will be made to speed up the grievance procedure so that it may be completed prior to the end of the school term.

1405 Stage One: Informal Stage

1405.1 A professional staff member having an alleged grievance shall discuss it with his or her immediate supervisor appropriate to the situation with the objective of resolving the matter informally.

1405.2 The grievant shall have the right to proceed at this informal stage either alone or with a representative of the Association. If the grievant does not choose to have a representative of the Association present at the informal conference hereunder, and the grievance is resolved at that stage, the Association shall be informed in writing of the resolution of the grievance.

1406 Stage Two: Immediate Supervisor

1406.1 If the grievance is not resolved informally, it shall be reduced to writing on the approved form and presented to the immediate supervisor appropriate to the situation within ten (10) school days after the informal conference, except that if the informal conference was held during the month of June or during the school summer recess, the alleged grievance shall be reduced to writing within ten (10) calendar days after the date of the informal conference.

1406.2 Within two (2) school days after the written grievance is presented to him or her, the said immediate supervisor shall render a decision thereon, in writing, and present said answer to the aggrieved party and to the Association, except that if the written grievance is presented to the immediate supervisor in June or during the school summer recess, he or she shall render a decision thereon, in writing, in accordance with this procedure within two (2) calendar days after the written grievance was presented.

1407 Stage Three: Superintendent

1407.1 If the grievance is not satisfactorily resolved at Stage Two of the grievance procedure, said aggrieved party shall, within ten (10) school days present the written grievance and the written decision of the immediate supervisor to the Superintendent or his designee, except that if the written decision is received during the month of June or during the school summer recess, the written grievance and the written decision of the immediate supervisor shall be presented to the Superintendent within ten (10) calendar days from the date the written decision of the immediate supervisor was received.

1407.2 Within five (5) school days after the written grievance and written decision at Stage Two are presented to him, the Superintendent or his designee shall convene a hearing with the aggrieved party and all parties-in-interest.

1407.3 Within ten (10) school days after the close of the hearing, the Superintendent or his designee shall present his written decision to the aggrieved party and to the Association, except that if the hearing was held during the month of June or during the school summer recess, the Superintendent or his designee shall present his written decision to the aggrieved party and to the Association within ten (10) calendar days after the close of the hearing.

1408 Arbitration

1408.1 If the grievance is not satisfactorily resolved at Stage Three and if the aggrieved party and the Association wish to proceed further under the grievance procedure, the aggrieved party and the Association shall within five (5) school days after receipt of the decision at Stage Three present the Superintendent with a written request that the grievance be submitted to arbitration, except that if the decision at Stage Three is received during the month of June or during the school summer recess, the aggrieved party must present the written request for arbitration within five (5) calendar days after receipt of the decision at Stage Three.

1408.2 Within ten (10) school days, a request for a list of arbitrators will be made jointly to the American Arbitration Association, except that if this occurs during the month of June or during the school summer recess, the request to the American Arbitration Association will be made within ten (10) calendar days after receipt of the request for arbitration. Once the parties have contacted the American Arbitration Association, they agree to be bound by the rules and procedures of the American Arbitration Association in the selection of an arbitrator.

1408.3 The selected arbitrator shall hear the matter promptly and shall issue his or her decision not later than fourteen (14) calendar days from the date of the close of the hearing, or if oral hearings have been waived, then from the date the final statements and proofs are submitted to the arbitrator. The arbitrator's decision will be in writing and will set forth the arbitrator's findings of fact, reasoning and conclusions on the issues.

1408.4 The arbitrator shall have no power or authority to make any decision which requires the commission of an act prohibited by law; which is violative of the terms of this Agreement; which alters, modifies, adds to or subtracts from the provisions of this Agreement.

1408.5 The decision of the arbitrator shall be final and binding upon all parties.

1408.6 The cost of the services of the arbitrator will be borne equally by the District and the Association.

Batavia Mentoring Program

Objective: The mentor program at Batavia City Schools is designed to be a “teacher to teacher” enrichment program. First, it will establish and provide consistent and ongoing support for new teachers and tenure changes. In this way we hope to increase retention in a competitive market. Second, the program will provide the support of experienced and competent master teachers, while offering opportunities for career rejuvenation for veteran employees. Also, it will fulfill the requirement of completion of a mentored experience in partial fulfillment of requirements for the Professional teaching certificate (Parts 80-3 and 100.2 of Commissioner’s Regulations). Part 80-3, the revised teacher certification requirements, will be effective February 2, 2004. These requirements stipulate that Initial teaching certificate holders must complete three years of satisfactory teaching experience, with the first teaching year as a mentored experience, and a Master’s degree in order to attain the Professional certificate. Finally, it will enhance the school district’s ability to attract and retain highly qualified teaching personnel and improve the overall organizational culture.

Mentor Committee: Shall consist of the BTA president, the mentor coordinator, one individual from each building and 2 administrators. Teachers are to be appointed by the BTA President, administrators and coordinator will be appointed by the Superintendent. The Committee will review the applications from staff who wish to become mentors and recommend the most qualified mentors to the building principals. Administrators will make final assignment of mentors to new teachers in their buildings.
