SCHEDULE B-2 (cont'd)

		Pay per Activity Year				
ACTIVITY		09-10	10-11	11-12	12-13	13-14
F.	HANDICAPPED SUPERVISION					
	4 hours	\$97	\$100	\$103	\$107	\$111
G.	HOME TEACHING - EVENING COUNSELING

H.	COMMITTEE WORK - CURRICULUM WRITING					
	1 hour	43.5	45	46.5	48	50

3. Should the foregoing data indicate the possibility of a need for revision in the salary paid to, or schedule placement for, a particular assignment, the committee shall then make an analysis of the total monies paid to support the particular activity. If, for instance, it should develop that a varsity coach for one sport were to be underpaid to comparison with the data, while at the same time the total amount spent for the particular activity in terms of total coaching salaries were to exceed the amount expended in comparable districts, the committee would when be expected to make appropriate recommendations for redistribution of the allocated funds after adjustment for any "guaranteed" adjustments expected from a negotiated increase in basic salary for the following year.

4. Should the analysis indicate that the total funds in a particular activity are significantly below the standards of comparable districts, than all of the activities in a similar category (i.e, Athletics, Club sponsorships, Class Advisors, Extension of Duties, Publications, Dramatics, etc.) should also be analyzed to determine whether the pattern is unique to a particular activity or general across the board. It is expected that recommendations would seek to reduce any inequities whether requiring adjustments either in a positive or negative direction as may be indicated as a result of the analysis.

5. The committee should be guided first by the standards spelled out in the Administrative Manual Section on extracurricular and extended duty pay (Sections 41D-50, 41D-54). However, the committee should feel free to recommend additional guidelines or policy which may appear to be indicated as a result of its deliberations. If for instance, the committee should wish to include a guideline indicating "merit payments" because of a particularly successful season, it would be expected that appropriate adjustments would also be suggested to apply after a particularly unsuccessful season. Furthermore, should such "merit payments" be recommended, the committee would be expected to arrive at a recommendation as to whether such "merit" applies to a particular season or to the two or three preceding seasons during which the members of the team had received the training which led to the current success.

6. No recommendations shall be made unless all members of the Advisory Committee shall have been in attendance at all meetings during the full time that any topics shall have been under discussion. In other words, a quorum for transaction of business shall be the full membership of the committee.

7. The committee shall be free to invite testimony from any source which the committee may feel would assist it in its deliberations.

The final recommendation of the committee, together with full substantiating data, shall be forwarded to the administrator responsible for supervision of the activity involved.
