ARTICLE II - RECOGNITION

The Board hereby recognizes the Association as the exclusive bargaining agent and representatives for the professional position including but not limited to:

High School Principal
Middle School Principal
Elementary Principal
Director of Special Education

ARTICLE III - NEGOTIATIONS PROCEDURE

A. Upon request of either party for a meeting to open negotiations, a mutually acceptable meeting date shall be set following such request. In any given school year, such request shall be made on or before February 1st preceding expiration of the contract.

B. Designated representative(s) of the Superintendent shall meet at such mutually agreed upon places and times with representatives of the Association for the purpose of effecting an agreement on the terms and conditions of employment of the employees represented. Both parties agree to conduct negotiations in good faith and to deal openly and fairly with each other on all matters.

ARTICLE IV - SCOPE OF AGREEMENT

A. It is agreed by and between the parties that any provisions of this agreement requiring legislative action to permit its implementation by amendment of law or by providing the additional funds therefore, shall not become effective until the appropriate legislative body has given approval.

B. This agreement shall constitute the full and complete negotiated commitment between both parties and may be altered, changed, added to, deleted from, or modified only through the voluntary mutual consent of the parties in a written and signed amendment to this agreement.

C. It is agreed by both parties that all negotiable items have been discussed and therefore further discussion of additional items may not be reopened for the duration of the contract unless mutually agreed.

D. If any provision of this agreement or any application of the agreement to any bargaining unit member shall be found contrary to law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications shall continue to be in full force and effect.

ARTICLE V- GRIEVANCE PROCEDURE

A. Purpose

It is the desired objective of the parties to encourage the prompt and informal resolution of employee complaints in relation to the provisions of this agreement as they arise, and to provide recourse to orderly procedure for the satisfactory adjustment of such grievances.

B. Definition

A grievance is a claim which involves the interpretation, application, or compliance with a term or provision of this Agreement.

C. Grievance Procedure

Level 1

A grievance will first be discussed verbally with the party's Superintendent of Schools, who shall be informed that said discussion is pursuant to Level 1. At this time, an aggrieved may:

1. Discuss the grievance personally, or
2. Request the Association representative to accompany him, or
3. Request the Association representative to act in his behalf.

If resolution is not satisfactory, the grievance may then be resubmitted in writing. Ten (10) days after the presentation of the written grievance to the Superintendent, he shall communicate a decision in writing to the aggrieved.

Level 2

If the aggrieved is not satisfied with the decision arrived at under Level 1, he may within five (5) days file with the Board of Education an appeal in writing on forms supplied by the Superintendent requesting the Board to review the matter. Such appeal shall include, among other things, a summary of the grievance, a reference to the relevant portion of the agreement, and a statement of why the determination of Level 1 was unsatisfactory.

Within ten (10) days after receipt of an appeal, the Board of Education shall schedule a hearing on the grievance. The hearing shall be conducted in executive session with the aggrieved and his representatives. A decision of the Board of Education shall be rendered within ten (10) days of the hearing.

Level 3

If the aggrieved is not satisfied with the disposition of his grievance at Level 3, the aggrieved may within five (5) days file with the Clerk of the District an appeal in writing, requesting the grievance be carried to arbitration. Such request shall make specific reference to the original grievance number and date.

Within five (5) days, a designated member of the Association and a designated member of the District shall attempt to agree jointly upon an arbiter. If within five (5) days the parties cannot so agree, the services of the American Arbitrator's Association (AAA) shall be sought.

Either party may petition AAA to submit five (5) names to act as arbiter in any given dispute. When such list is received, the aggrieved shall eliminate two names; the District shall thereafter eliminate two names, and the remaining name shall be the arbiter.

The arbiter chosen (by either method) shall have the authority to hold hearings and make procedural rules. The aggrieved, the Association and the Superintendent shall have standing to be heard at such hearings. Any of the persons having standing, as well as the arbiter, may request and obtain from the various parties all pertinent information not privileged by law, in their possession or control, and which is relevant to the issue raised by the grievance. All hearings held shall be closed sessions and no news releases shall be made concerning the progress of the hearings.

The arbiter's report shall be submitted in writing to the Board, the aggrieved and the Association, and shall set forth his findings of fact, reasoning, conclusions, and decision on the issues submitted. The arbiter's decision is final and binding on all parties. Such decision shall not only apply to the aggrieved, but also to all persons identically situated.

The expenses of the arbitration (excluding consultant fees) shall be shared equally by the Association and the Board. If the Association is not a part to the appeal then the Board and the aggrieved shall share equally such expenses.

TIME LIMITS

No grievance will be entertained unless presented in compliance with the first stage of the grievance procedure prior to forty (40) business days after the party named as the aggrieved knew or reasonably should have known of the condition being grieved. Failure to initiate a grievance within this time shall result in the waiver of all rights involved. Business days shall mean calendar days during the working year; except Saturday, Sunday and legal holidays.

If a decision at one stage is not appealed to the next stage of the procedure within the time limit specified, the appeal under this agreement shall be barred.

Failure at any stage of the grievance procedure to communicate a decision to the aggrieved, his representatives or the Harpursville Administrator's Association within the specified time limit shall permit the lodging of an appeal at the next stage of the procedure within the time which would have been allotted had the decision been communicated by the final day.

AGGRIEVED RIGHTS AND ASSOCIATION RIGHTS

1. No reprisals of any kind will be taken by the Board or the school administration against any bargaining unit member because of his participation in this procedure.

2. In the event that a grievance is initiated and processed without Association approval, the Association still retains the right to be present at and to be heard at all levels of the procedure.

Administrative Assessment

I. Introduction

This document is intended to provide a comprehensive assessment system to promote reflection and continuous improvement by Harpursville Central School District administrators.

The conceptual framework for this work is consistent with standards developed by the Interstate School Leaders Licensure Consortium (ISLLC). The ISLLC standards are: A school administrator is an educational leader who promotes success of all students by:

- facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared and supported by the school community.
- Advocating, nurturing, and sustaining a school culture and instructional program conducive to student learning and staff professional growth.
- Ensuring management of the organization, operations, and resources for a safe, efficient, and effective learning environment.
- Collaborating with families and community members, responding to diverse community interests and needs, and mobilizing community resources.
- Acting with integrity, fairness, and in an ethical manner.
- Understanding, responding to, and influencing the larger political, social, economic, legal, and cultural context.

The assessment process spans a 12-month period of time. Assessments are based on performance in relation to specific Domains of School Administration and the administrator's success in the achievement of specific school/department goals.

Harpursville Central School District
Annual School/Department Goals (Form B)

Name _____

Date _____

Goal:

Activities and/or Steps To be Taken	Alignment to District Plan	Resources Needed	Documentation	Timeline

Domain 1: ENVISIONING MISSION AND CULTURE

COMPONENTS	UNSATISFACTORY	BASIC	PROFICIENT	DISTINGUISHED
1a. Developing and Owning Vision/Mission/Goals of the School/Department	No effort has been made to engage staff in describing preferred conditions for their school/department.	A vision aligned with the Harpursville Central School mission and goals has been developed, but most staff are unaware of, or are unaffected by it.	The administrator has provided opportunities for staff members to collaboratively explore the research and describe the school/department they are trying to create. They have endorsed this general description and feel a sense of ownership in it. Administrators and staff align data-driven improvement planning and research-based staff development initiatives to the shared vision.	Staff members routinely articulate the major principles of the shared vision and use it to guide their day-to-day efforts and decisions. They accurately assess the current reality and continually seek effective strategies for reducing the discrepancies between conditions described in the vision statement and their current reality.
1b. Establishing a Culture for Continuous Improvement in the School/Department	The administrator has not yet articulated the beliefs, values and commitments that he/she is prepared to demonstrate in order to establish a culture for continuous improvement.	The administrator articulates statements of beliefs, values, and commitments, but his/her actions do not reflect these in the daily operations.	The administrator makes a conscious effort to articulate and promote the beliefs, values, and commitments. His/her actions reflect these in daily operations. Persons who reflect this culture are affirmed.	Continuous improvement has become the norm as reflected by the procedures, daily practices and day-to-day decisions of individuals and groups.

Domain 2: ENHANCING HUMAN RELATIONS

COMPONENTS	UNSATISFACTORY	BASIC	PROFICIENT	DISTINGUISHED
2a. Establishing Trusting Relationships	Administrator interaction with at least some staff or other people is negative, demeaning, sarcastic, or inappropriate. Administrator does not encourage risk-taking or creativity.	Interactions with staff and others are generally appropriate but may reflect occasional inconsistencies, favoritism, or disregard for cultural differences. Some staff members are encouraged to take risks and exhibit creativity.	Interactions with staff and others demonstrate genuine warmth, caring and respect. Interactions are appropriate for cultural norms. Most staff safely take risks and exhibit creativity.	Administrator maintains trusting relationships with all through open and sincere communication; is perceived by others as being consistently supportive and caring.
2b. Assuring Equity	Administrator shows little or no respect for others; ignores or minimizes conflict.	Administrator shows respect for others; is aware of conflicts, articulates a process but uses inappropriate steps for the satisfactory resolution of conflict.	Administrator demonstrates genuine care and respect for the diversity in internal and external communities by modeling open-mindedness and the fair treatment of others; models conflict resolution strategies that result in satisfactory resolution.	All staff demonstrate genuine caring and respect for the diversity in internal and external communities by modeling open-mindedness and the fair treatment of others; conflicts are satisfactorily resolved by those involved using appropriate resolution strategies.

Domain 3: UTILIZING RESOURCES

Component	Unsatisfactory	Basic	Proficient	Distinguished
3a. Acquiring Human Resources	Shows no interest in recruiting, inducting, or mentoring new staff; staffing decisions hamper goals; does not support staff.	Recruiting, inducting and mentoring new staff is haphazard; staffing decisions do not hamper goals; but do not promote goals; supports selected staff within context of school/departments	Recruiting, inducting and mentoring new staff is organized; staffing decisions promote goals; supports selected staff within the context of the organization.	Recruiting, inducting, and mentoring new staff is a well-organized and continual process; staffing decisions enhance goals; supports all staff within the context of the organization and works to increase capacity of all individuals.
3b. Using Human Resources	Administrator works in isolation. There is little awareness of what or how staff members are performing. Little or no training is provided.	Administrator delegates tasks to staff but is unaware of how staff members are performing. Some training is provided but there is little exchange of ideas regarding materials, strategies or methods of assessment.	Administrator and staff periodically function as a team, working collaboratively to identify collective goals, develop strategies to achieve those goals, gather relevant data, and develop training to meet organizational goals.	Administrator and staff function as a team. They work collaboratively to identify collective goals, develop strategies to achieve those goals, gather relevant data and develop the necessary training to meet organizational goals.
3c. Fiscal Management	Provided funds are not spent appropriately to support goals.	Funds are used for designated purposes.	Funding decisions are based on relevant data. Funding is actively sought for continuous school/dept. improvement.	Funding acquired through increased efficiency and productivity is used to support continuous school/dept. improvement.
3d. Acquisition and Use of Materials, Equipment and Technology	Administrator is unaware of the availability and usage of resources through the school/department, district and community. Unable to manage school/dept. within allocated resources.	Administrator is aware of the availability and use of resources. Manages school/dept. within allocated resources. Staff is expected to use resources and technology. Relies on whatever training is available through the school/department. Domain 4: PLANNING AND IMPLEMENTING MISSION AND GOALS

Component	Unsatisfactory	Basic	Proficient	Distinguished

Improvement initiatives focus on meaningful tasks/projects related to goal attainment.
4b. Developing Plans	Administrator plans in isolation. The plan is not aligned with goal attainment. Scheduling is haphazard and/or timelines are nonexistent.	Plan is developed with limited input from few stakeholders. The plan is marginally tied to goal attainment. Plan may or may not include realistic timelines.	Goal-focused plan is developed with input from some stakeholders. Scheduling is considered as a vehicle for goal attainment.	Goal-focused plan is developed with input from all stakeholders. Scheduling/timelines provide a framework with flexibility for optimum implementation.
4c. Communicating	Administrator makes no effort to communicate progress on attaining mission/goals and other information important to the daily operation of the school/department.	Administrator selectively communicates progress on attaining mission/goals and other information. Limited feedback is encouraged and/or expected.	Administrator effectively communicates progress on attaining mission/goals and other information. He/she provides opportunities for two-way communication between individuals and groups.	Seamless communication between all stakeholders on attaining mission/goals and other information happens without prompting.
4d. Documenting and Evaluating	Little attention is devoted to creating systems that enable either the organization or individuals to track progress. While individuals may experiment, no structures to support, share, assess, or celebrate findings are in place.	Few are tracking general indicators of progress. The monitoring and sharing of findings is informal. Negative trends are dismissed or suppressed. Celebrations are unrelated to progress.	Individuals and teams gather information that enable them to identify and monitor progress. Findings generated by this research are beginning to influence practice. Negative trends are used in program revision; positive trends are celebrated.	Everyone participates in a continuous cycle of systematically gathering and analyzing data to identify discrepancies between actual and desired results. Celebrations are institutionalized.
