ARTICLE VII

Teacher Evaluation

- A. Board Policy Considerations - The stated Board Policy on the evaluation of professional staff members will be based on the following considerations:
 - 1. An APPR Committee will be created to review and revise the current teacher evaluation contained in Article VII of this agreement. The APPR Committee will be comprised of four teachers to be appointed by the PCSTA President, the PCSTA President, four administrators appointed by the Superintendent, and the Superintendent or designee.
 - 2. The purpose of teacher evaluation is to obtain the improvement of instruction and to encourage the growth of professional attitude and responsibility on the part of the faculty member. The most vital part of the procedure is the sharing of ideas for the teacher's improvement and success. This mutual interchange of ideas results in benefits to teachers and pupils.
 - 3. If a teacher is not performing satisfactorily, he or she should be given assistance by supervisors and principals to help improve his or her teaching.
 - 4. The impetus for correcting and alleviating teachers' weaknesses will be a responsibility of both the teacher and administrator. A teacher in his or her pre-tenure years in the district will be periodically evaluated and such weaknesses as he or she may have will be thoroughly discussed with him or her by the evaluator. At the end of each subsequent year, the likelihood of his or her being retained will be discussed with him or her. If such is the case, continuation into the last year of probation will occur with the thorough knowledge of his or her weaknesses and the progress of improvement expected before tenure will be considered.
 - 5. Teachers shall be evaluated by personnel qualified by training and experience to do so.
 - 6. All teachers shall participate in the formal observation process. No observation of either type shall take place after June 1 of each school year.
 - 7. All probationary teachers shall be visited for the purpose of written formal observations at least three times during the year, once on or before each of the following dates: November 1, April 30 and June 1.

8. The approved district evaluation forms will be signed by both the evaluator and the teacher. The teacher's signature on the forms shall not necessarily constitute agreement with the evaluation.
9. Any proposed changes to the format of the evaluation form will be presented to the APPR committee for review and consideration.
10. All teacher committees will be on a voluntary basis.
11. A pre-conference meeting shall be held prior to a scheduled observation. Every effort will be made to conduct the pre-conference at least one week prior of the formal observation. The use of the pre-observation form is optional.
12. Each observation for the purpose of a formal written observation will be followed within two weeks by a post-conference with the evaluator. This post-conference, which should be conducted in a spirit of friendly cooperation, is the most important step of the evaluation procedure. If it is slighted by the evaluator, or taken lightly or defensively by the teacher, the most hopeful part of the evaluation procedure will be lost. This point cannot be over emphasized.
13. The formal processes for professional staff evaluation are specified in this Article.

The parties agree to re-open negotiations for the purpose of compliance with the New York State Education Department's guidelines concerning the implementation of the new APPR requirements specified in §3012-c of the Laws of New York (Education) and §100.2(o) of the Regulations of the Commissioner of Education.

B. Coaching and Extracurricular Evaluations

1. After the formal evaluation of a coach or extracurricular activity advisor (visit and conferencing) to be completed prior to the conclusion of the activity/sport, the coach/advisor shall sign the composite form (completed within three weeks after the activity has ended) to indicate he or she has seen it. The signature in no way is to be construed as concurrence or approval with the contents of the evaluation. One copy of the composite shall remain in the evaluator's file, the second copy shall be forwarded to the Superintendent of Schools to be placed in a folder separate from the official teacher's file, and the third copy will be given to the coach/advisor.
2. The impetus for correcting and alleviating coaches'/advisors' weaknesses will be a responsibility of both the coach/advisor and the administrator. A coach/advisor will be seasonally evaluated and such weaknesses as he or she may have will be placed in writing and thoroughly discussed with him or her by the evaluator. Prior to the termination of any coach/advisor, the District shall provide sufficient opportunity to correct such identified deficiency(ies), except in cases violating relevant State Law and or Commissioner of Education's regulations.

Formal Procedures for Teacher Evaluation
Sections (C) – (F)

- C. Definition of the Evaluative Criteria - All professional staff members will be informed of the criteria on which their teaching is being evaluated at the beginning of the year. The following should be helpful in understanding the criteria of evaluation.

New York Teaching Standards

1. The professional performance review plan for teachers is based on the New York State Teaching Standards. These, therefore, are the criteria that will be used to evaluate teachers:
 - a. Knowledge of Students and Student Learning: Teachers acquire knowledge of each student, and demonstrate knowledge of student development and learning to promote achievement for all students.
 - b. Knowledge of Content and Instructional Planning: Teachers know the content they are responsible for teaching, and plan instruction that ensures growth and achievement for all students.
 - c. Instructional Practice: Teachers implement instruction that engages and challenges all students to meet or exceed the learning standards.
 - d. Learning Environment: Teachers work with all students to create a dynamic learning environment that supports achievement and growth.
 - e. Assessment for Student Learning: Teachers use multiple measures to assess and document student growth, evaluate instructional effectiveness, and modify instruction. This includes assessment techniques based on appropriate learning standards designed to measure students' progress in learning and that he or she successfully utilizes analysis of available student performance data (for example: State test results, student work, school-developed assessments, teacher-developed assessments, etc.) and other relevant information (for example: documented health or nutrition needs, or other student characteristics affecting learning) when providing instruction.
 - f. Professional Responsibilities and Collaboration: Teachers demonstrate professional responsibility and engage relevant stakeholders to maximize student growth, development, and learning. This includes the development of effective collaborative relationships with students, parents or caregivers, as needed and appropriate support personnel to meet the learning needs of students.
 - g. Professional Growth: Teachers set informed goals and strive for continuous professional growth.

Formal Procedures for Teacher Evaluation

- D. Process for Non-Tenured Teachers. The focus of the process for non-tenured teachers is to provide an opportunity for teachers to increase the effectiveness of their classroom techniques, improve their instruction, and enhance their personal and professional growth. It is also an opportunity to provide a process for administrators to determine tenure in an environment that encourages mutual trust and respect. Process Steps:
1. At least three observations will be conducted by a trained evaluator each school year. Of these, one observation will be unannounced.
 2. All Teaching Standards as outlined in the NYSUT Teaching Practice Rubric will be evaluated over the course of a school year.
- E. Process for Tenured Teachers. The focus of the process for tenured teachers is to provide opportunities for continuous growth in an environment that encourages collaboration among colleagues and is based upon mutual trust, respect, and personal and professional judgment. Tenured teachers will be evaluated every year and will be required to have at least two observations every school year. Process Steps:
1. At least two observations will be conducted by a trained evaluator each school year. Of these, one observation will be unannounced.
 2. All Teaching Standards as outlined in the NYSUT Teaching Practice Rubric will be evaluated over the course of a school year.
- F. Supportive Supervision Process (Teacher Improvement Plan)
1. The focus of the supportive supervision process is to provide intensive support and remediation to any teacher identified as having serious problems in the classroom. The supportive supervision process may be initiated by either an administrator or the staff member. Using a collaborative process, the teacher and administrator will mutually determine specific skills for remediation. Non-tenured and tenured teachers receiving an overall composite rating of ineffective or developing will be placed on supportive supervision in the subsequent school year.
 2. The supportive supervision process will be a two-tiered process. The primary and initial focus of this process will be on growth. The informal process will consist of a series of observations and feedback. During this time, the administrator's main focus will be on correction. Data collected at this time will not be used to deny tenure or make a recommendation for dismissal. Data collected during the informal process will not be placed in a personnel file. Should improvement not be noted during this time, the process may move to the formal level. During the formal level, observations and feedback may lead to a recommendation for dismissal or denial of tenure.

3. Process Steps:

- a. Upon identification of a need for remediation, a letter will be sent to the teacher indicating the need to initiate the supportive supervision process. A support team will be formed by the administrator and teacher. The makeup of the support team will be as outlined on the informal and formal form. Teachers rated ineffective or developing will be notified by September 1st of the need to initiate the supportive supervision process.
- b. Within two (2) weeks, the teacher and the assigned administrator, and support team will meet to mutually determine the specific skills in need of remediation and the order in which they will be addressed. At this time, criteria that will be used for assessment will be determined. Teachers rated ineffective or developing will have a supportive improvement plan implemented no later than 10 days from the opening of classes of the subsequent school year of the received rating.
- c. An implementation plan will also be developed at that time and will include:
 - i. specific skills to be exhibited during observations. (No more than three skills at a time)
 - ii. specific strategies to address development of each skill (this might include the assignment of a mentor or departmental team for support, readings, observations of peers, etc.).
 - iii. a timeline established by the support team.
- d. Post conferences should occur immediately following each observation to advise, actively listen and provide support and assistance, or problem-solve relevant to the skill being addressed and the data gathered during the observation. The support team will convene for any post-conferences.
- e. At the end of the informal process a recommendation will be made to continue at the same level of the process, move to the formal process, or remove from the supportive supervision process.
- f. If the decision is to move to the formal process of supportive supervision, the teacher will be advised by written notification that any documentation generated in the procedure may be used to support the beginning of dismissal proceedings or to deny tenure.
- g. An implementation plan for the formal level of supportive supervision will be developed and will include:
 - i. Specific skills to be exhibited during observations. (No more than three skills at a time)

- ii. Specific strategies to address development of each skill.
- iii. Scheduled observations and conferences by support team members.
- h. At the end of the formal process, a summative evaluation, in narrative form, will be written by the support team and shared with the teacher. The evaluation will address the improvement or lack of improvement in the classroom. A recommendation at this time will be made to continue at the same level of the process, remove from the supportive supervision process, or begin dismissal proceedings.

3. Attendance at all in-service workshops will be voluntary.

ARTICLE XV

Student Teachers

It has become quite apparent that the schools will become increasingly involved in the matter of teacher training and preparation. Not only will the schools have the responsibility for refining the skills of the graduate teacher, but also, the obligation to provide the opportunity for student teachers to put their theory and methods to practical use. With this in mind, the school has a clear responsibility - that of providing the physical facilities under which the student teacher can actually teach. The cooperating teacher and the student teacher have definite responsibilities one to the other if the student teacher experience is to be valuable and meaningful.

When a cooperating teacher is absent, his/her student teacher may teach independently of the cooperating teacher provided that this procedure has been established in advance of the absence and meets with the approval of the building principal based upon input from the cooperating teacher, college supervisor and student teacher. 5. Teaching Assistant Evaluation

- a. The evaluation of Teaching Assistants will be based on the following considerations:
 - i. The purpose of evaluation is to obtain the improvement of instruction and to encourage the growth of professional attitude and responsibility on the part of the staff member. The most vital part of the procedure is the sharing of ideas for the staff member's improvement and success. This mutual interchange of ideas results in benefits to staff and pupils.
 - ii. If a Teaching Assistant is not performing satisfactorily, he or she should be given assistance by supervisors and principals to help improve.
 - iii. The impetus for correcting and alleviating weaknesses will be a responsibility of both the assistant and administrator. An assistant will be periodically evaluated and such weaknesses as he or she may have will be thoroughly discussed with him or her by the evaluator. At the end of each subsequent year, the likelihood of his or her being retained will be discussed with him or her.
 - iv. Teaching assistants shall be evaluated only by personnel qualified by training and experience to do so.
 - v. Both the evaluator and the assistant will sign the approved district evaluation form. The assistant's signature on the form shall not necessarily constitute agreement with the evaluation.
 - vi. When the administration makes any changes in the format of the evaluation form, they will contact the Executive Board of the P.C.S.T.A. to review the proposed changes and discuss the rationale behind said changes.
 - vii. Committee membership will not be used as a criteria in evaluation. All committee service will be on a voluntary basis.
 - viii. Each observation for the purpose of formal written evaluation will be followed within two weeks by a conference with the evaluator. This conference, which should be conducted in a spirit of friendly cooperation, is the most important step of the evaluation procedure. If it is slighted by the evaluator, or taken lightly or defensively by the assistant, the most hopeful part of the evaluation procedure will be lost. This point cannot be over emphasized.

b. Formal Procedures for Teaching Assistant Evaluation

- i. Each teaching assistant will be visited for the purpose of evaluation at least once a year. Administrators will complete the evaluations of all teaching assistants in their respective buildings or within their responsibility areas, e.g. special education. Each teaching assistant shall be notified as to when his or her evaluation will be done. All evaluations will be done by January 31 of each school year.
- ii. The administrator will observe the teaching assistant in the classroom setting at least once prior to writing the evaluation. The administrator will then fill out the evaluation form and discuss it with the assistant. A teaching assistant who wishes to add his or her comments to the evaluation form may do so prior to signing.

c. Definition of the Evaluative Criteria

- i. Works Effectively with Children – A teaching assistant should maintain control, communicate effectively with students, understand students' needs, be helpful and receptive to students, have the respect of students, and respect student rights and confidentiality.
- ii. Works Effectively with Teachers – A teaching assistant should contribute to the planning process, carry out teachers' instructional plans, follow the directions of a classroom teacher, be able to adapt to each teacher's style, maintain a task-oriented atmosphere and carry out tasks in a timely fashion.
- iii. Recognition and Acceptance of Responsibilities – A teaching assistant should consider him or herself a part of a larger unit than his or her own classroom. He or she should do his or her share in working for the general betterment of the school. This would include maintaining a positive attitude toward responsibilities, accepting responsibilities for special areas assigned, performing high quality work, showing initiative and being enthusiastic.
- iv. Professional Ethics – The teaching assistant should respect all members of the staff and conduct him or herself at all times in a professional manner.
- v. Professional Growth – This is evidenced when there is growth in subject matter knowledge, teaching skill and insight into educational problems. Receptiveness to constructive criticism and appreciation of the role of the school in serving the community are also important factors in professional growth.
