April 10	38	33	8.1 inches of snow & .05 inches of rain

Vol. 75 No. 13

April 12, 1961

Geneva, N. Y.

HERE UNDER NATO FELLOWSHIP

Dr. W. J. Meschke, Plant Pathologist from the Institute for Fruit Growing in Heidelberg, Germany, arrived at the Station last Tuesday. He will spend six months on a NATO Research Fellowship. He is interested in fruit virus diseases and will work with Karl Brase and Bob Gilmer. He wants to become familiar with indexing virus diseases with the use of annual plants (cucumber seedlings, etc.). He is married and his wife is with him. They have an apartment on North Main Street.

VISITORS TO FOOD SCIENCE

Dr. Raam R. Mohan and Dr. Brooks Church from the Dept. of Microbiology at the Warner-Lambert Research Institute in Morris Plains, N. J. spent several days at the Station last week. They were here to confer with 'Lipid Chemists' in the Department of Food Science and Technology and to perform some analysis on our gas chromatography instruments.

ATTENDING CONFERENCE IN NEW JERSEY

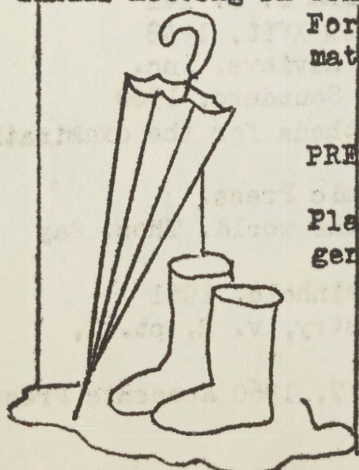

Dr. McEwen left Monday for Seabrook, N. J. He will attend a conference on Microbial Control of Vegetable Pests. The meeting is sponsored by the Seabrook Farming Company which has been running tests on Dr. McEwen's Cabbage Looper viruses.

ATTENDING MEETING IN SYRACUSE

Claude Heit will be in Syracuse to attend the New York Section of the Society of American Foresters this week. The Association is holding its annual meeting in connection with the 50th Anniversary of the College of Forestry and will come here to confer with Claude Heit on matters relating to his study of Pinus Flexilis.

PRESENTS SEMINAR AT CORNELL

John Einset gave a seminar in the Department of Plant Breeding at Cornell on Tuesday. His topic was "Cytogenetic Studies in Apples."

FOOD SCIENCE SEMINAR

There will be a Food Science and Technology Seminar in the Conference Room of the Food Research Laboratory on April 13th at 4 P. M. The speaker will be Dr. J. C. Moyer and his topic: "The Vacuum Treatment of Apple Slices for Canning". All Station personnel interested in attending are welcome.

DEMONSTRATIONS AND TOUR ON THURSDAY

The District Demonstrations of 4-H Clubs will take place on Thursday, April 13th, in Jordan Hall. In the afternoon the group will tour the Station.

RESIGNATION AND EUROPEAN TRIP

Patricia Doran is resigning her position as Lab assistant in Jerry Van Buren's Lab as of April 14th. She is sailing on April 26th aboard the "Cristoforo Colombo" of the Italian Line. Pat will be gone for 2½ months and will visit Italy, Switzerland, France, Germany, Austria, Belgium, Holland, and perhaps England.

FOR SALE

1959 Thunderbird Hardtop, white with red interior- four new tires- automatic transmission, power steering- new muffler, radio, and heater. Reasonable. Contact Patricia Doran at 2884 or 9-6584.

RUDOLPH J. ANDERSON

A former Experiment Station professor who went to Yale University from Geneva, died at his home in New Haven last week. He is Rudolph J. Anderson, professor emeritus of Chemistry, at Yale University. Dr. Anderson was at the Station from about 1910 to 1926, at which time he became the Sterling Professor of Chemistry at Yale. He worked in the Chemistry department here and resided on North Street across from the Chemistry building. After moving to Yale he worked on special research on tuberculosis among other things. He retired from Yale in 1948. His widow survives.

FINGER LAKES CHESS

A 15-year old Canandaigua freshman girl, Donna Taylor, captured the Finger Lakes chess championship trophy on Saturday afternoon. Jerry Van Buren and Bob LaBelle directed the division play. Robert Braun of Geneva High School, defending chess champion in the Lakes Region, came in third in this year's contest.

FOR SALE

A country home, 2 miles east of Stanley, 6 rooms and bath, 2 car garage, small barn, 60 acres, a reliable water supply with softener. If interested, see Bob LaBelle. The LaBelles are moving to a larger place in Phelps next month.

RED CROSSBILLS STILL HERE

Those absurdly tame little Red Crossbills are still hanging around the Station. Tuesday morning they were feeding on Maple Seeds on the ground in front of Hedrick Hall and not at all afraid of people using the sidewalks. I walked slowly towards several and they paid no attention until I was close enough to step on them. The main flock has left for the north and the remainder will be leaving shortly.
