

## **Library Management Team**

Notes from the May 20, 1999 Meeting

Attending: Ross Atkinson, David Corson, Claire Germain, Tom Hickerson, Janet McCue, Jean Poland, Sarah Thomas, Edward Weissman, Lynne Personius

The Library Management Team discussed the list of contract issues (dated 4/30/99) drawn up by the LMS Evaluation Committee that was submitted to the LMS Steering Committee along with the selection recommendation. These issues represent serious concerns on the part of the Evaluation Committee regarding particular features or capabilities of Voyager and its implementation at Cornell. Lynne Personius, the chair of the LMS Evaluation Committee, provided background and responded to questions.

We separated "cost" items (things we may have to pay more to get from Endeavor but that do not require development on Endeavor's part, e.g., the provision of a permanent test database), from "development" items (things requiring development on Endeavor's part, e.g., the migration of all open order records from Notis to Voyager). We also prioritized the various issues. Tom will use these results to prepare for contract negotiations with Endeavor.

Minutes recorded by Edward Weissman.
