Give the lad a break!

Learning to shave with an old fashioned razor is tough on the skin—and the pride—for at that age, friends don't hide their amusement at the extra crop of nicks and cuts marking the novice.

Spare your son that discomfort and agonizing embarrassment! Give him a Remington Electric Shaver—a gift you *both* will be proud of—and assure him a clean, smooth, modern shave. His Rem-

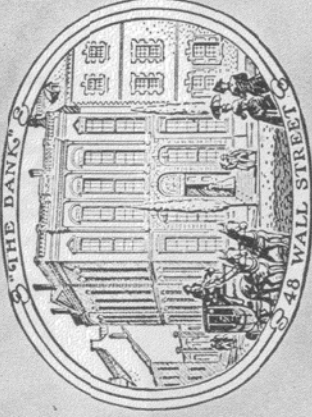

ington will save him time, too; remember how important that was when YOU were in school?

There's a Remington for your son in your dealer's complete selection beginning at \$17.50. While you're there, try the new Remington Contour 6 on your own beard, and you'll switch to the comfort of modern shaving, too. All Remingtons are AC-DC; all beautifully gift packaged.

Admission to Cornell

By HERBERT H. WILLIAMS '25
Director of Admissions

IT is perhaps timely, since the application period for entrance in 1949 has begun, to discuss again the subject of admission to Cornell. Directly or indirectly, a large group of our alumni become involved in it each year and their understanding of the overall problem is much appreciated by those on the Campus engaged in selecting students.

If I were to choose a text for this article, it would be those words of our Founder, so well known to all Cornellians: "I would found an institution where any person can obtain instruction in any study." Certainly this statement imposes no barriers because of financial status, religious beliefs, race, color, or social position, nor does it set up any preferences. Cornell appears to me to be as well balanced a cross section of America as can be found in any university, and this, in itself, is one of its greatest assets and one of its greatest educational values to those who attend. Here one meets the United States and, in fact, meets the world. Only by free and equal competition for admission among all elements of our population could this situation be brought about or maintained.

We have, of course, what might be called "pressure groups" for admission and the cases they present are very strong. Did we not feel it most important to safeguard the unique democratic and cosmopolitan character of Cornell, we might many times be tempted to overlook the fundamental fact of free and equal competition for places at Cornell in deference to the strong claims presented in favor of certain applicants or types of applicants.

May I identify here just three types of pressure. First and most general is the pressure for the admission of young people with fine *extra-curricular* records in school and of unquestionably good character and personality who, unfortunately, have not fully demonstrated their scholastic capacity during their secondary school period, and who come to us as applicants with *scholastic* records which do not meet the going competition. Second is the

pressure for the admission of the child of an alumnus almost without regard to his secondary school record. Third is the pressure for the admission of those young men who, because of their demonstrated athletic prowess in secondary school, would bid fair to strengthen materially our various intercollegiate teams.

Brains Only?

The large group of parents, friends, alumni, and occasionally secondary school principals or headmasters, who support and urge the admission of students in the first category above (those with average school records) have one common cry: Cornell is taking nothing but brains! We are losing all the good red-blooded American youth who will be our country's leaders some day, in favor of the supposedly anaemic, introspective, intellectual who is a potential "Phi Bete" destined to a lifetime of mediocrity.

Let us look at the record for a moment: Last year, there were some 185 non-athletic undergraduate extra-curricular organizations on the Campus with active student participants. There were probably more young men competing in intercollegiate sports than in most years before the war, for in addition to the Varsity and Freshman teams of the past, many sports now include Junior Varsity and both Freshman and Varsity 150-pound teams playing full schedules. Intramural athletics are impressive both in number of participants and calibre of competition: Touch football claimed sixty-two teams and 1359 participants; basketball, 116 teams and 1846 players; and softball, 108 teams with 2153 players. Altogether, 546 teams took part in 1426 contests, using 8078 participants.

Of about 1300 young men entering Cornell this fall, 664 participated in more than two major secondary school activities, 268 in two, and 274 in one. Seven hundred nine were members of major sport school teams; sixty were captains.

No, our students are certainly not all "brains."

Let us talk about pure scholarship for a moment. Our alumni are just as

proud of Cornell's educational eminence as are the members of the University who are responsible for maintaining this intellectual prestige. Students of superior scholastic ability can be molded into superior products.

As one engaged for ten years in the placement of Cornell graduates in business and industry, I know that the employer seeks first the college man who ranks well in his scholastic work. We know that professional schools—for law, medicine, teaching—screen applicants primarily on scholarship. Many studies have been made of the relationship of grades to success. Those to which I have had access all indicate that the chances of success, however defined, are greater for the higher-ranking students. Of particular significance is a report made by Donald S. Bridgeman in 1930 concerning employees of the Bell Telephone System. His study indicated clearly that, using salary as the measure of success, men in the middle third of their college classes did better than those in the lower third; those in the top third, better than those in the middle third; and those in the top tenth were significantly superior to the rest of the top third. More interesting still was the fact that these differentials, noticeable shortly after graduation, increased from year to year.

Such studies, of course, also indicate many exceptions to the general trend, and we all can cite case after case of the young man with an average or below-average scholarship record who has since proved to be outstanding in his field of work. But the reason for this later success is certainly not that he *was* a mediocre student! Admissions officers should, and do, in fact, try to learn all they can about the whole background of an applicant, and they are quick to recognize factors other than high school grades which may indicate promise. No one will contend, however, that a policy of selecting young men and women of *average* demonstrated intellectual quality will result in a better end product than one which gives full recognition to those who are superior.

The "Legacy"

Cornell's great and loyal group of alumni is the finest single asset of the University. With all due respect to the splendid and concrete financial support which they extend, their value

UNIVERSITY ADMISSIONS POLICY

Much thought and effort has gone into the preparation of the following Statement of General Policy regarding Undergraduate Admission to the University. It has been approved by the officers of the University most closely associated with admissions procedure, by the Faculty Committee on University Policy, and by the Deans. Although it cannot, of course, answer all questions concerning this very complex problem, it does, I believe, enunciate clearly several guiding principles. I am hopeful that the publication of this statement will improve mutual understanding between the admissions officers of the University and the thousands of parents with whom we deal each year.

—EDMUND E. DAY

GENERAL ADMISSIONS POLICY: Cornell University is composed of several divisions of instruction. Each such division is limited in the number of students who can be accommodated. The number of applicants with minimum qualifications generally exceeds the number who can be admitted, thus creating a highly competitive situation among candidates. Those are selected each year who, in competition with all others seeking admission at the same time, have best demonstrated by their superior qualifications that they deserve acceptance. It should be clearly understood that each candidate is a competitor only with those seeking entrance to the same division of the University, and that the professional divisions in particular must restrict their selections to those who, meeting all other qualifications, appear well fitted for the particular field of work to which the course of study is directed.

The choosing of the proper college course is thus most important. A choice should be made only after careful thought, investigation, and consultation with those familiar with the candidate's abilities and interests. Secondary school advisers should be consulted. The Office of Admissions is always ready to advise with prospective applicants concerning this matter.

SCHOLARSHIP: As an educational institution, Cornell University is devoted primarily to the intellectual development of its student body. Those selected for admission must have demonstrated, without question, through their previous schooling the intellectual capacity to carry the classroom work and to profit from the instruction offered in the division of the University to which application is made. Intellectual preparedness for study at Cornell is judged by the candidate's whole secondary school record, the recommendations of his school principal, and, in several divisions, the Scholastic Aptitude Test of the College Entrance Examination Board.

EXTRA-CURRICULAR ACTIVITIES: To supplement but not replace the basic requirement of demonstrated intellectual capability, evidence of the candidate's ability to make effective use of his time is an important consideration. This factor is judged by the character and quality of the student's participation in the extra-curricular activities associated with his school and his community, and the use he has made of summer vacations. Work experience which is related to the candidate's educational objective is particularly valuable.

CHARACTER AND PERSONALITY: The intangible but important factors which go to make up a person of good character, personal integrity, and effective personality receive full consideration by the Selection Committee. Capacity for leadership and concern for others receive due weight. These factors are usually judged by the principal's report and by references submitted on behalf of the candidate. Several divisions of the University require personal interviews at specified times. In all cases, candidates will be given ample notice if and when an interview is desired.

GEOGRAPHICAL DISTRIBUTION: Cornell University draws its students from all parts of the world and from all walks of life. The University is proud of the cosmopolitan and democratic make-up of its student body; believes in the educational values inherent in bringing to the Campus persons of widely different backgrounds; and directs its admissions policy to the preservation of this fundamental characteristic.

The New York State-supported divisions of Agriculture, Home Economics, Industrial and Labor Relations, and Veterinary Medicine recognize these same values within their student bodies and encourage applications from well qualified out-of-State students. The bulk of their candidates will, however, be selected from among applicants resident in New York State.

The endowed divisions—Arts and Sciences, Architecture, Engineering, and Hotel Administration—impose no restrictions as to residence. In choosing from among candidates of approximately equal qualifications, some preference may be given to those whose homes are in areas not adequately represented in the student body.

CHILDREN OF ALUMNI: The University is eager to include in the student body the children of its alumni who are qualified for admission. In choosing between candidates of approximately equal qualifications, including scholarship, extra-curricular activities, character and personality, as described above, the son or daughter of an alumnus will have preference.

WOMEN STUDENTS: The total number of women students at Cornell is fixed by the extent of the facilities provided by the University for the housing of women students. Present facilities are such that the number of women admitted each year must be very definitely restricted, with the result that competition for admission is especially severe for this group of applicants.

individually, in terms of life-long interest in the affairs of the University and moral support of its aims and objectives, means much more. Any assistance which the University can extend in return is a welcomed opportunity. So we are at once face-to-face with one of the most important problems in our alumni relations: the admission of the children of alumni. No one will deny the values, tangible and otherwise, accruing to the University through the inclusion in the student body of the children, grandchildren and, now the great-grandchildren, of our alumni. These certainly contribute more than their share to the undergraduate life of the Campus. Even more do they give continuity and meaning to the spirit and tradition which is Cornell.

Being deeply conscious of these facts, there is always in the minds of those selecting Cornell's students the strong desire to include the alumnus's child. The folders of these applicants are unmistakably marked to indicate their special claim. The problem presented is just this: Shall the University admit all children of alumni without regard to their demonstrated ability; should all with the minimum acceptable school records be admitted regardless of the quality of their non-alumni-child competitors? Or should these candidates meet the challenge of their schoolmates and gain admission on their own merits only when they approximate in quality the performance of their fellow applicants? Cornell has answered this question in the only possible way. In choosing between candidates of approximately equal qualifications, the son or daughter of an alumnus will have preference.

Albert I. Dickerson, director of admissions at Dartmouth, writing in the Dartmouth Alumni Magazine, has this to say: "Not only can we not afford to admit men who are not pretty clearly able to carry college work at a minimum level, but we cannot in the long run afford to admit those who do not measure up to the prevailing competition. . . . The alumnus whose son has been turned down almost invariably will argue that even if his boy has no better than a 50-50 chance to survive at Dartmouth, we can afford to gamble on him. If there were only one such alumni son, or even six or twelve, we might, out of deference to a father's lifetime devotion and service to the College, accede to his request and make the gamble. But when you have more than a hundred of these candidates who, in relation to the prevailing competition, are submarginal (and this number will rapidly increase), you are gambling with stakes that are far too high for the College to afford."

Young people should know, early in their high school careers, that they are already competing with their classmates throughout the land for that coveted opportunity, a college education. We cannot remove our sons and daughters from that competition and we should realize that they, like their friends, must meet this challenge and show by their performance the stuff of which they are made.

What About Athletes?

So long as Cornell is engaged in intercollegiate sports, Cornell wants to represent the best in quality of play and sportsmanship. Games are played to win, and superior players are necessary to win them. In order to compete successfully in sports at Cornell, however, a young man must be more than an athlete! He must be a student with athletic ability and the energy necessary to carry successfully the normal program of studies in the course he has selected plus the hours of practice, the trips away from Ithaca, and all that goes with participation in a Varsity sport. He must, then, as a candidate for admission, be far better than a marginal risk scholastically, or he will fall by the wayside. He must, again in competition with other candidates, prove by his record that he belongs in the classroom with his fellow students. He will be a young man with a superior scholastic record in secondary school and with a sound belief in the value of a good education to prepare for success in his chosen field. To such a boy, Cornell is a real opportunity!

We Still Need Students

It may seem strange to say, with more candidates than can possibly be accommodated, that the University is looking for applicants; and of course that is not true, in numbers. The problem of selection is already difficult enough. Yet Cornell needs her full share of the best young men and women graduating from the secondary schools each year. Now, as always, there is room for such candidates and their applications are sought and encouraged. Undergraduate life embraces all the variety of interests and activities found in any enlightened community: politics, government, music, art, crafts, dramatics, sports, physical and mental recreation, and social intercourse. Those able to make constructive contribution to any one of such activities are needed to lend vigor and accomplishment to the important non-academic training for well-rounded and effective citizenship.

We must continually search out and introduce such young people to Cornell. The work of our many alumni secondary-school committeemen, scattered throughout the land, is directed to this end and their tireless ef-

forts have done much to raise the quality of our undergraduate body.

Let me conclude, in all humility, on behalf of those members of the selection committees in the various Colleges who must make the decisions as to who enters, who cannot. We are engaged in a most difficult task: of judging young men and women in the most formative period of their lives. No tests, no records, no devices of any kind, can completely evaluate the potential of a human being, nor his chances of realizing that potential. We will make mistakes in our admissions as well as in our rejections. We hope to learn from those mistakes, as we already have learned.

Epoch Expands

Epoch, quarterly of contemporary literature, published by a group of Faculty members, has taken over the subscription list and assets of Foreground, the Harvard literary quarterly. The change came with the summer issue of Epoch, which appeared in August.

The new issue, completing the magazine's first year of publication, contains poetry by Professor Charles I. Weir, Jr., English, Frank Powdermaker, Jr. '48, Winfield T. Scott, Peter Viereck, and Edward McGehee; short stories by Albert Latimer, William A. Owens, S. Antaeus, John Atkins, Bernard H. Friedman, James B. May, Thomas Gallagher, Joseph Moray, Gerald Langford; an article by Martin Steinman; and book reviews by Professor Thomas G. Bergin of Yale, former chairman of the Division of Literature and acting chairman of

the Department of English, and Howard P. Beebe, AM '48.

Editor-in-chief of Epoch is Professor Baxter Hathaway, English; editors are Professor Morris Bishop '14, Romance Literatures, and English instructors James W. Hall, John A. Sessions, Robert H. Elias, and Mrs. Hall; managing editors are Mrs. Hathaway and Mrs. Sessions.

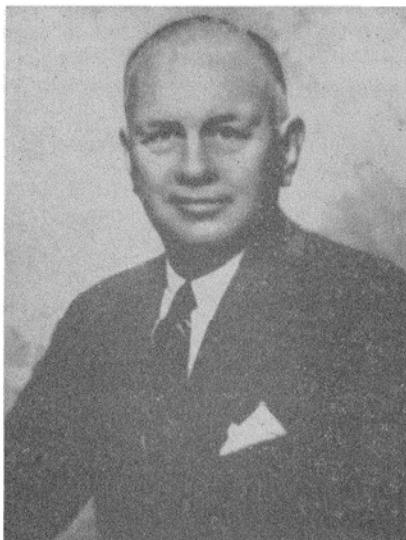

Republican Leaders

SEVERAL Cornellians made news at the Republican national convention in Philadelphia, Pa., in June.

University Trustee Mary H. Donlon '20 was the first woman to be chairman of a subcommittee of the strategic resolutions committee which wrote the Republican Party platform. Chairman of the New York State Workmen's Compensation Board, she headed the subcommittee on labor and social welfare which conducted public hearings and wrote the "planks" adopted by the convention which deal with labor legislation, Social Security, health, and housing.

Judge William F. Bleakley '04, as chairman of the New York State delegation, prevented a floor fight when he announced that New York did not object to the motion to recess the convention after Governor Dewey had failed to win the nomination on the second ballot.

J. Russel Sprague '10, Republican national committeeman from Nassau County and a close adviser to Governor Dewey, was one of five members of the special committee appointed by Speaker Joseph W. Martin, Jr. to escort the Governor to the rostrum

NOYES '06 AND KLEITZ '15 HEAD SPECIAL GIFTS CAMPAIGN

University Trustee Nicholas H. Noyes '06 (left), and William L. Kleitz '15 (right) are chairman and associate chairman, respectively, of the special gifts campaign for the Greater Cornell Fund. Under their direction, through regional and State alumni chairmen, special gifts will be solicited this fall toward the \$12,500,000 Fund to meet the most urgent needs of the University. Noyes is a director and chairman of the finance committee of Ely Lilly & Co., Indianapolis, Ind., recently retired as vice-president. Kleitz, president and a director of Guaranty Trust Co. of New York, was formerly vice-president of the Alumni Fund Council and for two years president of the Cornell Alumni Association.

for his acceptance speech after the unanimous third-ballot nomination.

Senator Irving M. Ives, former Dean of the School of Industrial and Labor Relations and another Dewey intimate, led the maneuver which clinched the nomination. Before the convention recessed after the second ballot, Ives took to the rostrum to urge Dewey's unanimous nomination. "Governor Dewey is within thirty-three votes of the nomination on this ballot," he said. "There is no sense in protracting this matter and creating party discord." During the recess, Ives is credited with having persuaded Senators Baldwin of Connecticut, Knowland of California, and Ferguson of Michigan to throw their State delegations to Dewey.

Elbert P. Tuttle '18 of Atlanta, president of the Cornell Alumni Association, was a member of the Georgia delegation which had declared its support of Governor Dewey and was seated over the opposition of a rival State delegation which went to the convention to oppose Dewey's nomination.

Rochester Meets

CORNELL Club of Rochester devoted its first fall meeting, September 15, to a send-off for entering Freshmen. Several undergraduates and twelve Freshmen including Donald C. Hallock, recipient of the Club's Scholarship, gathered with alumni members at a luncheon at the Powers Hotel. Speakers were Emerson Hinchliff '14, Assistant Alumni Secretary, Raymond W. Albright, Jr. '50, and Theodore Fedkew '49. The speakers were introduced by Club President Frederick E. Darling '25.

Plan CURW Building

WAR MEMORIAL building, to accommodate enlarged and inclusive activities of Cornell United Religious Work, is included among the most urgent needs of the University, to be met from the first \$12,500,000 to be raised for the Greater Cornell Fund.

The building is being designed for a site on Central Avenue just south of Willard Straight Hall by the Washington, D. C., architectural firm of Faulkner, Kingsbury & Stenhouse of which Slocum Kingsbury '15 is a member. Its principal War Memorial feature will be a small chapel which occupies two floors at the south end, entered from the Central Avenue level. As described by William W. Mendenhall, Director of CURW, the building will include also "many other features which will keep alive not only the memory of the war dead, but the ideals for which they died. Its whole plan is to help all who enter to catch the spirit of these truths that make men free: the essential unity of all men under God, the dignity and worth of the individual, and the ennobling and far-reaching goals of democracy."

"Likewise, the program to be housed in the new building," Mendenhall says, "will be on a broad and inclusive scale, so that every student, regardless of his religious affiliation or lack of it, may have a part in the process of finding meaning and order in life, individual and social. The firmly-established Cornell tradition of freedom for all religious groups, yet control by none, will be maintained. There will be room for divergent groups and ideas. The program will aim to help each student gain as much religious insight

as his individual capacity and circumstances will allow. Freedom will be given to every person and group to seek that Inward Force which alone creates and sustains the outward forms which we call our way of life."

Citing the fact that Barnes Hall, built in 1888 as a home for student religious activities, is no longer adequate for the expanded program of CURW which embodies the official cooperation of twelve denominations and many affiliated and non-church student groups, Mendenhall points out that "no other university in America has achieved for such a length of time the degree of religious cooperation found at Barnes Hall. Fortunately, the prospect of a larger building comes at an opportune time, for unless a larger building is provided, the constituent and cooperating groups will be compelled against their will to withdraw from Barnes Hall and seek separate facilities off the Campus. Inevitably, separatism in program and personnel would come at a time when the demands of the days ahead call for the utmost cooperation. The new building will preserve the very desirable pattern which has worked well for nearly thirty years." (CURW was organized in 1919 to coordinate all religious work on the Campus.)

The new building, estimated to cost \$1,000,000, with \$500,000 additional required for furniture, equipment, and endowment, will give needed additional accommodations for student religious and related social activities. It will include on the ground floor and second floor offices for the Catholic, Jewish, and seven Protestant student pastors assigned here by their respective denominations, with an adjacent student cabinet room for each, and meeting rooms for other denominations which participate in the CURW program but without student pastors.

Besides the War Memorial chapel, the main floor entered from Central Avenue will have at the north end a student lounge and at the west, overlooking the valley, a library. It will also contain a conference room designated in honor of John R. Mott '88, who founded the Cornell University Christian Association, forerunner of CURW, and who interested Alfred S. Barnes to give Barnes Hall; and offices of the CURW general staff.

The floor below, entered both from the west at lower level and by stairs from above, will contain a "Hall of All Nations," with adjoining kitchen, for parties, dances, lectures, and similar social gatherings. Here also will be several conference rooms for larger groups.

Occupying the north end, above the student lounge and library and extending to the roof, will be an audi-

PROPOSED CURW AND WORLD WAR II MEMORIAL BUILDING

This building, planned for Central Avenue just south of Willard Straight Hall, is designed to house Cornell United Religious Work and to be a memorial to Cornellians killed in World War II. The site is now occupied by the Campus Clinic of the Department of Clinical and Preventive Medicine, in the two former Faculty homes at 5 and 7 Central Avenue. No. 5 was built in the early '80s by Professor John L. Morris, Engineering, was occupied for a time by Professor Ralph C. H. Catterall, History, and lastly by Professor Dexter S. Kimball, Engineering, Emeritus. No. 7, nearest Willard Straight Hall, was built in the early '70s by Major Junius W. MacMurray, Military Commandant, and was successively the home of Professors Charles C. Shackford, Rhetoric; James E. Oliver and James McMahon, Mathematics; and Henry W. Edgerton '10, Law.

torium seating 425 persons. The second floor at the south will have denominational offices and conference rooms. Above these will be four small and two large meeting rooms, with kitchen facilities for the latter.

Freshmen Guests

FRESHMEN entering the University from the Philadelphia, Pa., area and from Central New Jersey were "oriented" at parties given by the respective Cornell Clubs, September 8. Sixteen prospective Cornellians and fifty-two alumni got acquainted at the Philadelphia Country Club and enjoyed movies of football games, talks, and refreshments. At the Roger Smith Hotel in New Brunswick, N.J., seven new Freshmen were introduced to Club members by President Louis R. Gons '13 and got advice from Seniors Joseph F. Noland of Raritan and Edgar L. Van Zandt, 2d. of Blawenburg. Dr. James R. Varley '20 was elected a director of the Central New Jersey Club.

Airlines Expand

ROBINSON AIRLINES inaugural flight as a carrier licensed for air mail, passengers, express and freight between fifteen cities in New York State and Northern New Jersey was launched September 19. Robert E. Peach '48 is general manager of the Airlines. The new service began between Niagara Falls, Buffalo, Rochester, Ithaca, Triple Cities (Binghamton, Endicott and Johnson City), Middletown, and New York City. Planes now operate from Teterboro, N. J., Air Terminal, with twenty-five-minute automobile service to Times Square. Three round trips daily will be operated on this route.

About November 1, the Airlines will begin service between Ithaca, Elmira, Triple Cities, and Albany. A short time later, that operation will be extended to Syracuse via Ithaca. There will be two round trips daily on this routing. Civil Aeronautics Board issued a certificate of public convenience and necessity to Robinson Airlines June 28 as Route AM94. This provides air mail service for the first time to Ithaca, Triple Cities, and Middletown and gives added service to others. Robinson Airlines is also licensed to serve Oneonta, Auburn, Geneva, and Batavia, but service to those communities will be deferred until their airports are improved.

C. S. Robinson '21 started three and one-half years ago to establish a complete airline service in the New York State Southern Tier. He began flights within the State and without air mail in April, 1945, with a single-engine, three-passenger Fairchild F-24. Five-

Now, in *My Time!*

By *Cornelius Perry*

WHEN the ATO's come to dig the cellar for their new house, over on top of what was once the first green at the Country Club, they are likely to make some important archeological discoveries. Much of the soil and rubbish that had to be removed in wrecking the four professors' houses and clearing the site for Statler Hall went over there to be used as fill. It's assumed that the stone tablet which for sixty-two years marked the now-demolished 9 East Avenue as the official home of the Susan Linn Sage Professor of Christian Ethics and Philosophy went ATO along with the rest of it. Anyway, the tablet has disappeared and the Superintendent of Buildings and Grounds thinks that's where it went.

Things have a way of disappearing around a young University. As against that, they commonly turn up again in the course of time. So we're all pretty hopeful that the tablet which Henry Sage put on Number 9 as part of a permanent memorial to the former Susan Linn will be found and restored when the ATO's dig their cellar. The bronze memorial tablet to Bayard Taylor, the gift of the Class of 1879, lost during one of the renovations of the Chapel, was fortunately found and put back in the next one. It had dropped down back of the wainscoting. The brass plate that marked the 1903 filtration plant as the gift of Andrew Carnegie is now incorporated, as a matter of historical record, in the new filter out beyond Free Hollow, but it was lost for quite a while.

Things lost around a University while it's young and thoughtless commonly turn up again, but not always; it's better not to lose them! The carved oak box containing the Charter and Seal of the University, together with its keys, which was handed to Andrew D. White in 1868 as the symbol of a trust, hasn't been seen since. Professor George Lincoln Burr searched long for that box, but finally had to give it up. It was his theory that President White, appreciating the

historical value of such things and mistrusting the help, hid the box away so carefully that even a trained searcher like himself could never find it.

Respect for landmarks and ancient monuments, the fine custom of preserving *all* historical evidences, however slight their present apparent value, the ingrained habit of doggedly keeping faith with accepted trusts long after they have lost their original significance and have become an inconvenience, are qualities that seem to go with ripe maturity. We're still pretty young in terms of Bologna, Oxford, and the Sorbonne, but we're close to eighty, and at that age one should begin to appreciate the amenities!

That endowed professorship, the house that went with it and the tablet on it, were among the least of Henry Sage's many gifts to Cornell, but it was the one—and particularly the tablet—that tickled him most, we suspect. The house had to go, of course, but it would have been rather nice to have incorporated the tablet in the new building to remind future generations that Statler Hall had been built on the spot where once stood the official home of the Susan Linn Sage Professor of Christian Ethics and Philosophy.

A supplementary note might properly have been added to tell them that a considerable part of the 200 acres that Ezra Cornell gave to start the University on had been the old Linn farm, where Henry in his youth had come to court Susan; up from his sawmill on the Inlet, past Linn Street, and up the lane which still winds between the Delta Phi house and the graveyard. Can't you imagine all the recollections and satisfactions that were going through the mind of Henry Sage when in 1886 he put that tablet up to the memory of the girl who had been Susan Linn?

The ATO's will deserve well of their Alma Mater if they find that tablet in the dump and bring it back, and give her a chance to correct an error and keep faith!

place Cessnas and nine-place Beechcraft transports were next acquired, and the line now has a fleet of Douglas DC-3s. In December, 1946, the McGraw-Hill magazines, Aviation, and Air Transport, chose Robinson Airlines as the company having the outstanding maintenance and development program among the small lines of the nation. Based at Ithaca, the Airline has never had a mishap.

Besides Robinson and Peach, Cornellian officials and directors of Robinson Airlines include Mrs. Robinson (Dorothy Hall) '30, Professor Carl Crandall '12, L. N. Simmons '12, E. Victor Underwood '13, Ralph C. Smith '15, and John R. Carver '33.

Binghamton Women Elect

CORNELL Women's Club of Binghamton at its annual picnic in June elected Nina A. Fenson '43, president, succeeding Mrs. Clifford M. King (Marjorie Vreeland) '38. Mrs. George W. Ainslee (Elizabeth Lee) '39 is vice-president; Helen L. Kilquist '33, treasurer; Florence Bronsky '46, recording secretary; and Mrs. Aarni K. Karikka (Katherine Johnson), MS '40, corresponding secretary. Mrs. Ainslee reported to the twenty-two members present on the Federation annual meeting in Ithaca, and a report was given of a recent silver tea to benefit the Federation Scholarship Fund, at the home of Mrs. Roy Hasenpflug, PhD '43.

Ladd Fund Grows

ALUMNI of the New York State Bankers Association "school of agriculture" at the University presented \$500 for the Scholarship Fund in memory of the late Dean Carl E. Ladd '08 of the College of Agriculture, during the third annual session of the school, August 17. The check was presented by C. Wesley Thomas '25 of Trumansburg, president of the bankers' class of '47, to Thomas E. Lamont '27 of Albion, treasurer of the Ladd Memorial Scholarship Fund.

Earlier this summer, a lamb donated by Joseph Lawson of Pavilion was sold and resold four times at the annual sheep show and sale in the Stock Judging Pavilion, to return \$117.50 for the Fund.

The Ladd Memorial Scholarship Fund was instituted in 1945 by the farm organization of the State, with a goal of \$100,000 to finance twenty annual cash scholarships of \$200 each for farm boys and girls in the College of Agriculture. With its two latest additions, the Fund now amounts to \$78,400. Fifteen Ladd Memorial Scholarships were awarded by the College to students this fall.

Intelligence

By *Emerson Hinchliff '14*

The size of the yawning hole in the ground in which the foundation for Statler Hall, new home for the Hotel School, is already taking shape is the one thing above all others that strikes the wayfarer who has been faring far away from Ithaca this summer and who returns eager to see how things look. It's a huge excavation. One can see how it can comfortably hold not merely the Hotelmen but also the still-to-be-organized Faculty Club and thirty-six guest rooms.

Some will miss the four old frame Faculty houses that had to come down. The west façade of Barton Hall will probably be pretty much blanketed, but the south wall will still sport its gorgeous display of red ivy for the football games. East Avenue will lose some of its charm, but will gain distinction in other ways and the community can certainly use that Faculty Club and those thirty-six rooms for transients, ready in 1950!

Aside from a torn-up Tower Road, plus a connecting gash across Alumni Field, carrying a line of steam pipe from the Heating Plant, the rest of the Campus looks quite settled and, as always, beautiful.

In my before-mentioned wayfaring this summer, I added quite a few mid- and far-western campuses to my collection and revisited many others. We in Ithaca sometimes think we are hemmed in and crowded on the Hill but from what I have seen this summer, Cornell is a peaceful, spacious, orderly, consummately-planned, unhurried haven of a school.

* * *

The places I've seen! One had a policeman on duty at the main gate and you had to talk your way in. Then it was a job to find your way out, because what used to be exit streets were almost all chained off. I think there were not more than three auto gates to the whole really extensive grounds. All the State universities were jammed with new construction. Greatest blow was to see how seriously the charm of the University of Wisconsin has diminished in the last decade or two. I had always thought of Madison as having the second most beautiful campus in the United States, but I'm not so sure now, though the lake is still beautiful and very useful. It was a special disappointment to my wife,

who put in two summer sessions there in years gone by.

Cornell, in setting, greensward, and buildings, can't be beaten; in this country, at least. In setting alone, I might admit that the Université de Grenoble has us stopped, but its buildings and grounds are a mess. Cambridge and Oxford and Salamanca have great charm, but they haven't anything to compare with the view across to West Hill and up Cayuga Lake, nor do they make such a skyline silhouette as do the Cornell buildings when seen from the west, northwest, and southwest.

My wife tells with gusto of how, toward the end of our trip, which included Grand Canyon and the Canadian Rockies and pretty much all the high spots in between, we were bowling along through a very lovely spot to an appropriate amount of oh'ing and ah'ing by her and her friend, when I spoke up with, "It'll certainly be nice to see the Library Tower!"

It was.

Washington Entertains

CORNELL Club of Washington, D. C., entertained thirteen Freshman men and women and resident undergraduates at a meeting at the Dodge Hotel attended by fifty, September 11. President Wilbur H. Simonson '19 introduced David G. Gardiner '50, who presented several undergraduate speakers to give brief sketches of Campus activities for the entering Freshmen.

Official Delegates

PRESIDENT Edmund E. Day will officially represent Cornell University at the inauguration of General Dwight D. Eisenhower as president of Columbia University in New York City, October 12. Eightieth anniversary of the University in Ithaca, October 7-9, prevents the President from attending the inauguration of Arthur S. Adams, former Cornell Provost, as president of the University of New Hampshire, at Durham, October 9. Professor William H. Farnham '18, Law, will be the University's official delegate.

Professor G. Watts Cunningham, PhD '08, Philosophy and recently Dean of the Graduate School, will be the Cornell delegate at the inauguration of Brandeis University in Waltham, Mass., October 7 and 8, and the installation as president of Abram L. Sachar. Professor Douglas S. Ellis, MCE '20, dean of the faculty of applied science at Queens University, is designated to attend centennial ceremonies of the University of Ottawa, Canada, October 17 and 18. Edwin G.

Boring '08, professor of psychology at Harvard, represents Cornell at the fiftieth anniversary celebration of Northeastern University in Boston, Mass., October 2. Emeritus Professor Oscar P. Akers, PhD '05, of Allegheny College, Meadville, Pa., will officially attend the inauguration of President Louis T. Benezet there, October 15. Professor Colston E. Warne '21 of Amherst College will represent Cornell at the inauguration of Ralph A. Van Meter, PhD '35, as president of the University of Massachusetts at Amherst, October 16. The University has designated Chilson H. Leonard '23 of the Phillips Exeter faculty as its representative at the inauguration of John M. Kemper as head master of Phillips Academy at Andover, Mass., October 15.

Club Welcomes Freshmen

EIGHT Freshmen entering the University this fall were among the group of more than sixty members and guests who attended an August 27 meeting of the Cornell Club of New Haven. President John H. Duncan '19 introduced, as master of ceremonies, Richard J. Keegan '49, president of the Interfraternity Council. Keegan and John Boak '50 gave advice to the sub-Freshmen and answered many questions. Boak's father, former Alumni Trustee Thomas I. S. Boak '14, discussed the students' opportunities and responsibilities.

Exchange Students

FIRST exchange of students between Cornell and the University of Glasgow, Scotland, takes effect this fall as Herbert R. Hillman, Jr. of Malverne, graduate assistant in Zoology, starts a year's study at Glasgow toward the PhD in comparative physiology. A member of Sigma Xi, Hillman was selected by a Faculty committee from the Departments of Chemistry, Physics, Zoology, Economics, History, and Philosophy. He entered the Graduate School last year, after receiving the BS at Swarthmore.

At this end of the exchange is William W. Fletcher, who received the BS at Glasgow in 1939. Fletcher has worked as an insurance supervisor and did "honors" work in botany at Glasgow after nearly seven years in the British Army in Libya, Egypt, Palestine, Syria, Greece, Italy, and South Africa. Here, he is studying bacterial diseases of plants.

Each university arranges for transportation, tuition, and stipend to cover a year's living expenses and fees for student selected. The plan grew out of a visit here, two years ago, by Sir Hector Hetherington, principal of Glasgow University.

Restoring Amateurism To Intercollegiate Athletics—I

BY JAMES LYNAB '05

Announcement was made in August that James Lynab '05 would head the Panel of distinguished college alumni and former athletes, organized as the enforcement group for the recently-adopted "sanity code" of the National Collegiate Athletic Association. Also members of the Panel are John T. McGovern '00, counselor to the NCAA and to the US Olympic Association and master of ceremonies at the recent Olympic Games in England; and Vice-chancellor Charles M. Sarratt '11 of Vanderbilt University. This is the first of two articles describing how the NCAA aims to correct the evils of recruiting and subsidizing college athletes; the second will appear in our next issue.

Coming back to Cornell in 1935 from a successful business career with General Motors Corp., Lynab was Director of Physical Education and Athletics until he resigned in 1944, and was instrumental in organizing the present set-up and the Eastern Office for Intercollegiate Athletics. He played football at Clemson College and was captain of the 1904 Varsity team; now lives at Savannah, Ga.

THE National Collegiate Athletic Association (NCAA) is the organization created by the colleges of the United States for the following principal purposes:

1. The upholding of the principle of institutional control of and responsibility for all collegiate sports.
2. The stimulation and improvement of intramural and intercollegiate athletic sports.
3. The promotion of physical exercise among the students of the educational institutions of the United States.
4. The establishment of a uniform law of amateurism and of principles of amateur sports.
5. The encouragement of the adoption by its constituent members of strict eligibility rules to comply with satisfactory standards of scholarship, amateur standing, and good sportsmanship.
6. The formulation, copyrighting, and publication of rules of play for the government of collegiate sports.

The Association on January 10, 1948, consisted of 251 colleges, 26 allied conferences, and 7 affiliated members (coaches' associations). The forty-second annual convention was held in New York City January 9-10, 1948. From the opening remarks of the president, Dr. Karl E. Lieb of the University of Iowa, through the forceful addresses of Dr. George F. Zook, PhD '14, president of the American Council on Education, President Alan Valentine of the University of Rochester, and others, it was made abundantly

clear that our outstanding educators and athletic administrators are fully conscious of the scandalous proportions to which the practices of recruiting and subsidizing of student athletes have grown.

What is to be done about it?

The NCAA gave its answer at the same convention by revising its constitution and adopting executive regulations to deal specifically with violations of its code of eligibility. Article III, "Principles for the Conduct of Inter-Collegiate Athletics," defines:

- Sec. 1. Principle of Amateurism.
- Sec. 2. Principle of Institutional Control and Responsibility.
- Sec. 3. Principle of Sound Academic Standards.
- Sec. 4. Principles Governing Financial Aids to Athletes.
- Sec. 5. Principle Governing Recruiting.

Space does not permit reproducing here the concise and comprehensive language of these sections. It is clear, however, that any student accepting financial aid not permitted by the provisions of Section 4 will not be permitted by his institution to engage in intercollegiate athletic competition, if his institution is a member of NCAA. It is to be presumed, of course, that the institution has satisfied itself that all registrants for intercollegiate athletic competition have maintained the required amateur standing prior to matriculation.

Notwithstanding the fact that all members of NCAA have agreed to abide by the principles of Article III, it is expected that there will be charges, accusations, and insinuations of non-compliance by certain members. To deal with such charges "Regulations for Determining Qualifications for Membership in the Association" were adopted, under which two committees were created:

1. The Constitutional Compliance Committee, consisting of three members elected by the Association at the annual meeting to serve for three years. In addition to many other prescribed duties, this committee is authorized to make rulings regarding the interpretation of the Constitutional language, and more particularly to answer inquiries as to whether stated practices, actual or contemplated, are forbidden by or are consistent with the provisions of the Constitution. Such rulings and answers are deemed final and authoritative, subject only to reversal by vote of the Association. This important committee consists of Professor Clarence P. Houston, De-

partment of Government, Tufts College, chairman; Professor Ralph W. Aigler, University of Michigan Law School; and James H. Stewart, secretary of the Southwest Athletic Conference.

2. A Fact Finding Committee consisting of three members, each member to serve only until the accomplishment of the particular task for which the committee is activated. The three members of this committee shall be designated, as occasion arises for the utilization of its function, from a list known as "The Panel." ("The Panel" of which the writer has been designated as chairman, now consists of thirty-two members.) Appointments to the Panel are for terms of three years.

Administrative Procedure

Upon receipt of information or charges by the officers of the Association to the effect that some member is failing to comply with the provisions of the Constitution, they will communicate such fact, together with all information then in hand, to the chairman of the Constitutional Compliance Committee. This committee will then proceed to inform the accused institution of the charges, through a responsible officer. The accused institution will be expected to file an answer of admission, denial, or explanation; also, if the facts warrant it, a statement that the condition regarding which complaint has been made has been rectified.

If the Compliance Committee is satisfied that there was no foundation for the original complaint or charge, or if it concludes that even though there may have been sufficient basis, the situation has been corrected, it will so advise the officers of the Association. Of course, it is expected that the Committee will exert reasonable efforts to work out in cooperation with the accused institution a correction of any situation involving non-compliance with the Constitution.

If, however, the Committee concludes that there not only was, but is, non-compliance, the matter would then, with all papers, correspondence, etc., be transmitted to the chairman of the Panel, who will be advised of the conclusions of the Committee. Upon receipt of such communication from the Constitutional Compliance Committee, the chairman of the Panel may independently communicate again with the accused institution, calling attention to the then status of the matter and inviting further evidence of correction. If any further evidence forthcoming does not satisfy the chairman, he shall designate three members of the Panel as a Fact Finding Committee to make a

thorough investigation of the situation.

The members of the Fact Finding Committee shall use their judgment as to the required extent and nature of their investigation. They may conduct their investigation on the ground, with the expected cooperation of the accused institution. Upon the conclusion of its study, the Fact Finding Committee would prepare a full report of its conclusions as to the facts, and submit this report to the chairman of the Panel, with or without recommendations as to the ruling to be made. The chairman of the Panel would review the report and forward it to the Council of the Association with his recommendation as to the appropriate action. The Council would review the report, together with the recommendations, and if disciplinary action, expulsion, suspension, or otherwise is the final recommendation, the matter will be referred to the Association in accordance with the requirements of the Constitution.

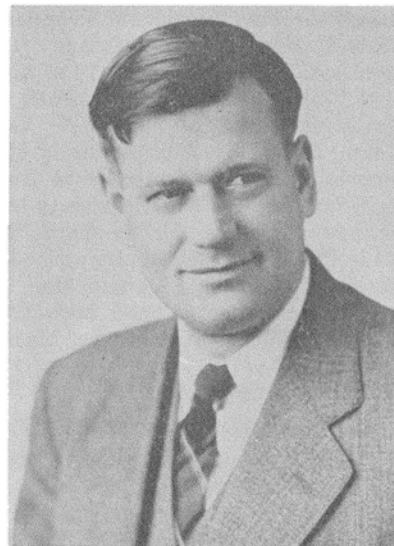

The membership of the Panel includes many distinguished educators, jurists, and other professional men, nearly all of whom have participated in college athletics. The mature experience, the high integrity of character of the members of the Constitutional Compliance Committee and the Panel, give assurance of thorough open-minded, and determined inquiry in the conduct of all investigations.

I believe that one may confidently feel that the undertaking to restore intercollegiate athletics to the high plane of amateurism upon which they must rest will receive the unqualified support of all college presidents, athletic governing bodies, the majority of alumni and undergraduates, the interested public, and the cooperative press.

We must suffer no illusion that the task of correcting the evils resulting from the practices of recruiting and subsidizing of student athletes, which have become national rackets, nor the elimination of those practices, is one susceptible of early realization. So long as coaches, particularly head football coaches, are made to feel, or elect to feel, that the security of their jobs, their rates of compensation, their professional achievement, their reputations, depend upon their fielding of winning teams, regardless of all other factors, they will engage in recruiting. In alliance with certain over-zealous alumni, who may also assist in scouting promising preparatory and high school athletic talent, it is not unlikely that, where considered to be necessary, financial aids, not permissible under Section 4, might be arranged. It must be recognized and considered in contractual agreements with coaches that it is not a function of the athletic coach to recruit stu-

dents for his university or college. The coach's first contact with entering student athletes should be on the athletic fields of his campus.

Faculty Appointments

NEW Director of the School of Civil Engineering, beginning September 1, is Nephi Albert Christensen (above). Since 1938, he has been dean of engineering at Colorado State College and chairman of the engineering division of the State Agricultural Experiment Station at Fort Collins, Col. He takes over from Professor Carl Crandall '12, who has been acting Director of Civil Engineering since the death last January of Director William L. Malcolm, PhD '37.

Director Christensen was born in Provo, Utah, graduated at Brigham Young University in 1925, received the BS in civil engineering at Wisconsin in 1928, the MS in 1934 and the PhD in 1938 at California Institute of Technology. He was a State highway engineer in Wisconsin from 1928-33 and professor of exact sciences at Ricks College, Rexburg, Idaho. From 1934-38, as assistant engineer in the cooperative laboratory of CIT and the US Soil Conservation Service, he did research on spillway design for Roosevelt Dam and other Western projects, and in 1938 he lectured at University of Southern California. On leave from Colorado State College, 1942-45, he was successively chief engineer of the ballistics research laboratory and chief of research in the rocket division of the US Ordnance Research and Development Center at Aberdeen, Md.

Appointment of five new professors, three associate professors, three assistant professors, and several promotions have also been announced.

Professors of Industrial and Labor Relations are Ralph N. Campbell, who also becomes Director of Ex-

tension, and Dr. Temple Burling. Director Campbell comes from the Harvard School of Business Administration, where he received the MBA *cum laude* last year, having come out of the Army as a colonel in 1945. Receiving the AB at Rutgers in 1931, he taught history, was in the alumni office, and director of personnel and placement there until he went into the adjutant general's section of First Army headquarters in 1940. Dr. Burling received the BS at University of Chicago in 1920 and the MD at Rush Medical College in 1923. He practiced in California, Minnesota, and Maryland and from 1931-40 was psychiatrist at the Institute for Juvenile Research in Chicago, for the Winnetka, Ill., public schools, and at R. H. Macy & Co. in New York City. Since 1940, he has been in Providence, R. I., for seven years as medical director of the Providence Child Guidance Clinic and last year as field director, division of rehabilitation, National Committee for Mental Hygiene.

Appointed professor of Child Development and Family Relations in the College of Home Economics, Urie Bronfenbrenner '38 received the EdM at Harvard in 1940 and the PhD at the University of Michigan in 1942. He was an instructor in Summer Sessions here in 1941 and in 1942 became a research psychologist with the Army Air Forces, joining the Office of Strategic Services the next year. In 1945-46, he was chief of the psychological department of the Army Rehabilitation Center at Borden General Hospital in Oklahoma; has since been assistant professor of psychology at University of Michigan.

Appointed professor of Metallurgy in the College of Engineering, James L. Gregg received the BE of the Missouri School of Mines in 1923. He was a metallurgical engineer with Western Electric Co. in Chicago, Ill., 1924-29, research metallurgist at Battelle Memorial Institute, Columbus, Ohio, 1929-34, and research engineer at Bethlehem Steel Co. for ten years until he became assistant to the vice-president of Bethlehem Steel in 1944.

Professor of Biological Statistics in the Department of Plant Breeding is Walter T. Federer, who received the BS at Colorado State College in 1939, the MS at Kansas State College in 1941, and the PhD at Iowa State College this year. Since 1939, he has been a statistician with the US Department of Agriculture.

Appointed associate professor of Mechanical Engineering, Erik K. Hendriksen took the MS in ME at the Royal Danish Technical University in Copenhagen in 1926, and has been a member of the faculty there

since 1932, after practicing engineering in Belgium, England, Germany, and Denmark.

Associate professor of Animal Husbandry is Charles R. Henderson. He took the BS at Iowa State College in 1933, the MS in 1935, and the PhD in 1948, and from 1935-41, he was county agricultural agent in Iowa; was instructor and manager of livestock farms at Ohio State University, 1941-43. After three years as an officer in the Army Sanitation Corps, he held a research fellowship at Iowa State College.

New assistant professor in the School of Business and Public Administration is Schuyler D. Hoslett, Administration. He received the AB at Park College in 1940, the AM at Ohio State in 1942, and the MBA at Harvard in 1946. From 1942-46, he was a historian for the War Department and taught administration and political science at Park College, University of Vermont, and Ohio State.

New associate professor of Poultry Husbandry is Fredric W. Hill, PhD '44. He received the BS and MS at Penn State College in 1939 and 1940, respectively, then came to the Graduate School. The last four years, he has been engaged in industrial research with Western Condenser Laboratories in Wisconsin.

Assistant professor of Agronomy Extension is Leverett Saltonstall, Jr., PhD '48, son of the US Senator. Professor Saltonstall received the AB at Harvard in 1939 and the MS at the University of Kentucky in 1941, then came to the Graduate School. Entering the Army October 2, 1942, he took basic training and was ordered to OCS at Fort Belvoir, Va. He went to the South Pacific as a lieutenant in the Airborne Aviation Engineers, and returned to Cornell in 1945.

Appointed assistant professor of Agricultural Engineering, Wesley Winnfred-Gunkel took the BS at North Dakota Agricultural College and the MS at Iowa State, last June. He was in the Army Air Forces from April, 1943, to October, 1945. At Cornell, he is doing full-time research on machinery for pest control.

At the Geneva Agricultural Experiment Station, Edward H. Glass is appointed associate professor of Entomology. He received the BS at Massachusetts State College in 1938, the MS at Virginia Polytechnic Institute in 1940, and the PhD at Ohio State in 1943; has since been entomologist with American Cyanamid & Chemical Corp. Assistant professors at Geneva are Frank P. Boyle '39, Biochemistry, and David R. Rodney, Pomology. Professor Boyle has been assistant professor of botany at McGill University and was a major in the Army

during the war. He received the PhD at Cornell last September. Mrs. Boyle is the former Elnora Knapp '39. Professor Rodney received the BS at University of Missouri and at Ohio State received the MS and has completed work for the PhD, being also a graduate assistant in horticulture. He was in the Army Chemical Warfare Service from 1941-45.

Promoted to the rank of professor are Robert J. Walker, Mathematics; Harry D. Conway, Mechanics; and Elton K. Hanks '26, Extension Service; and Harry Pollard, Mathematics, is promoted to associate professor.

Summer Theatre

SUMMER THEATRE opened its twenty-fifth season, July 16 and 17, in the Willard Straight Theater with presentation of Molière's farce, "The Doctor in Spite of Himself." Directed by Professor H. Darkes Albright, PhD '36, the production featured virtually the same student cast which last April performed this sprightly adaption by Bernard W. Hewitt '28 of the original text. Harold V. Gould, Grad, of Albany, was excellent again in the lead role of Sganarelle, woodcutter turned physician.

Another farce, "Springtime for Henry" by Benn W. Levy, played to full houses, July 23 and 24. The Rev. Edward D. Eddy '43, associate director of CURW and a Dramatic Club veteran, was just as good as ever as Henry Dewlip, the reformed rake who backslides in the third act. Joan A. Rothschild '48 of Jackson Heights and Robert F. Shaw, Grad, of Rochester as the Jelliwells and Rowena E. Fairchild, Grad, of Westbrook, Me., as Dewlip's secretary completed the competent cast.

Four one-act plays were presented July 30 and 31: Tennessee Williams's "Lord Byron's Love Letter," Thornton Wilder's "The Happy Journey," now running on Broadway as a curtain raiser for "The Respectful Prostitute," Arthur Pinero's "A Seat in The Park," and "Her Heart Was Richer Than Gold" by the late Professor Martin W. Sampson, English. The work of the graduate student directors was supervised by Professors Walter H. Stainton '19 and Albright.

The summer season closed with performances August 6 and 7 of Edward Percy's and Reginald Denham's melodrama, "Ladies in Retirement," directed by Professor Stainton. The set for the play, which takes place in the living room of an old farmhouse on the English marshes, was unusually good and the players, mostly Summer Session students in Speech and Drama, presented adequate characterizations.

On the Sporting Side • By "Sideliner"

Football Broadcasts

FOOTBALL game with the US Naval Academy in Baltimore, Md., October 2, will be broadcast from Stations WBAL, Baltimore; WJEJ, Hagerstown, Md.; WBOC, Salisbury, Md.; WNBf, Binghamton; WENY, Elmira; WORK, York, Pa.; WHCU, Ithaca.

Harvard game on Schoellkopf Field, October 9, will be heard from Stations WHCU, Ithaca; WNBf, Binghamton, WHEC, Rochester; WGY, Schenectady; WSyr, Syracuse; and WHDH, Boston, Mass.

Syracuse game at Syracuse, October 16, will be broadcast from Stations WSyr, Syracuse; WNBf, Binghamton; WENY, Elmira; WHEC, Rochester; WLEA, Hornell; and WHCU, Ithaca.

Season's Prospects

THE 1948 Varsity Football team was unveiled on Schoellkopf Field, September 18, when Cornell played a controlled practice game with Bucknell. Coach Lefty James fielded a team that was predominantly Sophomore, a team that was sloppy in its tackling and blocking but one that showed signs of real offensive strength.

Indications are that Coach James will use a twenty-one-man team, with only Paul Girolamo '49 of the Bronx playing on both the offensive and defensive. Girolamo plays halfback and was a regular last year until he broke his ankle in the Colgate game. With him on the offensive team are Jack Rogers '49 of Westfield, N. J., right end; Eric Jensen '51 of Brooklyn, right tackle; Dick Ramin '51 of Williamsport, Pa., right guard; John Pierik '51 of Providence, R. I., center; Captain Joe Quinn '49 of Baldwin, left guard; Dick Clark '51 of Canastota, left tackle; Harry Cassel '50 of New Cumberland, Pa., left end; Pete Dorset '50 of Fairfield, Conn., quarterback; Hillary Chollet '50 of New Orleans, La., halfback; and Bob Dean '49 of Bloomington, Ind., fullback.

The defensive team lined up with Rus Schuh '51 of Bronxville at right end; George Keller '51 of Malone, right tackle; Jim Casey '51 of Mohawk, right guard; Bob Gaige '51 of Melrose, Mass., center; Vince DiGrande '51 of Lynn, Mass., left guard; Hank Drost '51 of Hempstead, left tackle; Harvey Sampson '51 of Baldwin, left end; Bob Haley '51 of Uniontown, Pa., quarterback; Girolamo and Bob Dunston '51 of Conneville, Pa., halfbacks; and Chuck Taylor '50 of Slingerlands, fullback.

During the afternoon's play, numerous changes were made. At center, Pierik and Gaige alternated assignments and Dave Maroney '51 of Haverford, Pa., played on the defense. Dick Loynd '50 of Natrona, Pa., a letter man two years ago, went into the game as defensive right guard and Casey moved over to right tackle on the same team. Haley directed the team from the T and Bob Malm '51 of Brooklyn, took his place on defense. Moose Miller '51 of Atlanta, Ga., played both offensively and defensively at right half while Bernie Babula '50 of West Hazleton, Pa., carried the ball from the same spot. Lindy Hull '52 of Tupper Lake saw considerable action at left half.

By prearrangement, both Bucknell and Cornell had forty-five offensive plays, in which Cornell scored 5 touchdowns to one for Bucknell. Three of our td's were scored by Dean on line plunges, one on a Chollet-to-Cassel pass that was good for twenty-eight yards, and the fifth on a pass from Dorset to Cassel that carried thirty-five yards. Bob Dean converted four of five attempts, with Haley holding. Coach James had special words of commendation for Chollet, Hull, Taylor, DiGrande, Drost, Rogers, and Cassel.

This practice game was witnessed by several hundred spectators, many of whom were red-capped Frosh. It was marred by the serious injury of one of the Bucknell players, Allen Hegelein of Englewood, N. J., who received a broken leg. There were no other injuries sustained by either team.

Last spring, when the coaches were laying plans for Cornell's sixty-first year of football, several men not here mentioned figured prominently in these plans. Jim Farrell '50 of Syracuse, who was rated as the number one tackle, sustained a lacerated kidney in the first scrimmage this fall and is lost to the team for the year. Also out for the season are Bob Blake '51 of Wheeling, W. Va., number two fullback; and Paul Clymer '51 of Allentown, Pa., a halfback. Clymer was outstanding last year as a Freshman and it was expected that he would see considerable duty. Less serious are injuries to Jeff Fleischmann '51 of Plainfield, N. J., the best plunging fullback candidate that Cornell has had in many a year; and Johnny Jaso '50 of Donora, Pa., who was slated to start as a guard. Both were back in uniform when this was written.

Freshman Football

More than 110 Freshmen, the largest number in some time, have reported to Coach Eddie Pierce. It is too early to know how good a team the Class of 1952 will produce, but if size and reputation mean anything, it should be a good one. The squad members hail from every part of the country. Pierce is being assisted by Skeeter Skawski '48, Joe Schrauth '49, and Nick D'Onofrio '48, all members of last year's Varsity.

Cross Country Starts

COACH Jack Moakley is starting his fiftieth year at Cornell. He has issued the call for all candidates for the cross-country team and the men have started daily workouts. As you know, Louis C. Montgomery is the assistant coach.

Soccer Gets Going

ELEVEN letter men were among the thirty-five candidates who reported to Coach Ross H. (Jim) Smith and his assistant, Howie Meath, September 8. Included were several members of last year's strong Freshman team who are expected to provide badly-needed reserve strength. Regulars on the 1947 Varsity who are not available this year are Captain Bob Trimpi '48, Pete Sawyer '48, Bob Marshall '48, all of whom graduated, and Bill Murphy '50 who is ineligible.

This year's captain is Charlie Berman '49 of Forest Hills, who will hold down the right inside position. Berman was a candidate for the US Olympic soccer squad right up to the final selections. Other letter men who are expected to have starting positions are Bruce Care '49 of Kenmore, goalie; Jack Sheinkman '49 of New York City, fullback (and president of the Student Council); Frank Schwencke '50 of Marathon, fullback; Gordon Gardner '50 of Ridgewood, N. J., halfback; Joaquin Molinet '49, son of Joaquin Molinet, Jr. '22 of Caimanera, Cuba, who is alternating with Bob Robinson '49 of Brookhaven at left wing; and Tony Tappin '49 of Scarsdale, left inside. John Coffin '50, son of Foster M. Coffin '12 of Ithaca, and Dick Myers '50, son of J. Waldo Myers '13 of Madison, N. J., will occupy the other two halfback spots and Charlie Wilder '51 of Old Greenwich, Conn., will be at right wing. These three men were substitutes last year. Derl Derr '51 of Millville, Pa., the outstanding player on the Frosh team last fall, will be at center forward.

Saturday, September 18, the squad went to Cortland to play a practice game with Cortland State Teachers College. Five periods were played instead of the regulation four and at the

end, Cornell had scored 2 goals to none for Cortland. The goals were scored by Berman on a cross from Wilder and by Nick Albertson '51, son of Nicholas A. Albertson '23 and Kathryn Myers Albertson '24 of Rochester, who was in the game as a substitute for Wilder. The game was evenly played throughout, with Cortland a bit more aggressive but Cornell having the best of it in scoring strength.

As the team begins preparation for the season's first regular game, with Champlain College at Ithaca, September 25, it promises to improve upon the mediocre showing of last year. Berman, Tappin, and Derr should provide the scoring punch that was lacking last fall.

Sport Shorts

A new public address system at Schoellkopf Field was to be used for the first time at the NYU game. Directional speakers are on the roof of the press box, above the west stands. Controls in Schoellkopf Hall can also be used for microphones and speakers in Barton Hall and to Hoy Field.

Percy Field, the home of Cornell athletic contests several decades ago, was modernized last spring. A high board fence has been erected and an up-to-the-minute lighting system has been installed. The field is maintained by the city of Ithaca and throughout the summer it has been the scene of night baseball games. The old City League was revived and players from the 1948 Cornell squad were in evidence. Included among them were Bill Arrison '48, Glen McAvoy '48, Ed Winnick '51, Cal Hunt '48, and Jim Farrell '50. The first three played with the Ithaca Gun Co. nine. McAvoy acted as playing manager and Winnick was the League's leading hurler, with nine wins and no defeats. The Varsity should be able to use him next spring! Farrell led the hitters with an average of over .600. The Field will be used this fall by both Ithaca College and Ithaca High School.

Eddie Pierce, former Ithaca High football mentor and present coach of the Cornell Frosh, was injured in an automobile accident near Saratoga Springs during the summer. He has recovered sufficiently to assume his duties with the yearlings.

Frank McArthur '47, former Varsity center fielder, is the property of the New York Giants and spent last summer in the Class C Northern League where he batted a healthy .379.

Members of the Athletic Department staff were much in evidence on the local golf courses this summer. Seen attempting to keep up with the little white ball were Director Robert J. Kane '34, his assistant, Speed Wilson,

Lefty James, Bob Cullen, Al Kelley '41, Stork Sanford, Loren Schoel, Jim Smith, and the demon publicity boys, Buck Clarey '29 and Ben Mintz '43.

Dick Savitt '50, captain and number one man of last spring's championship tennis team, finished a busy summer of tournament play by competing in the National Tennis Championships at Forest Hills. After surviving the first two rounds, Savitt was eliminated by the South African champion, Eric Sturges, who then upset second-seeded Billy Talbert of New York and went on to the finals before being defeated.

Ed Peterson '48 has signed with the Syracuse Nationals of the National Professional Basketball League for the coming season. Big Ed (6'9") has been at center for Cornell the last four years. He will have as a team mate, Billy Gabor, Syracuse University great for several seasons.

Cleo Calcagni, stellar guard on the 1943 football team, died recently following an emergency appendectomy. He came to Cornell as a V-12 Marine from University of Pennsylvania, where he was captain elect of football. After the war, he played with the Boston Yanks and then went to the Pittsburgh Steelers. He was with the Steelers at the time of his death.

William A. (Bud) Dillon, Varsity

TOTEM POLE TOUCHED UP

Thirty-five-foot totem of the Tlingit Indians, brought from Alaska in 1899 by the late Dean Bernhard E. Fernow, Forestry, gets a coat of paint at its present location in the University-owned Arnot Forest, eighteen miles south of Ithaca, near Van Etten. Some elder alumni will note that the totem has a new beak to replace the one broken when it stood in its railed-off space on the Old Armory Green. It was summarily removed in 1922 to make way for the trenches of the Campus heating system. Painter here is Patricia Connolly of Ithaca in preparation for a 4-H Club conservation camp held in the Arnot Forest this summer.

ski coach for the last two years, has resigned. Son of "I Want a Girl" Bill Dillon of Ithaca, Bud's team in 1946 won the St. Lawrence Winter Carnival championships and last year the western division championship of the Intercollegiate Ski Union. His successor has not been named.

Skeeter Skawski '48 and Nick D'Onofrio '48 are playing semi-pro football with the Elmira Gliders. Last year, with Red Burns '48 and Kenny Stoufer '43 as the mainstays, the Gliders led the Empire State Semi-pro Football League.

George Hall, Varsity golf coach and pro at the University Course, this summer toured Canada and Northern New York with Bobby Locke, the South African ace. Hall is booking manager for Locke for many of his Eastern appearances.

For Prospective Students

NEW RECORD in getting out the General Information booklet for prospective students is set by publication of the issue for 1949-50 as the period for receiving applications opens.

The booklet, which may be had on request to Cornell University Official Publication, Administration Building, Ithaca, will answer most of the questions asked by prospective students. It is attractively illustrated with full-page pictures and a Campus map and contains essential information about all divisions of the University, requirements for admission, costs, financial aid, and facilities and opportunities offered to students. A five-page alphabetical list of subjects of study shows the College or School in which each is offered.

Navy Offers Jobs

NAVY Department announces that it is seeking engineers and scientists in many fields for employment in Washington, D. C. Specific vacancies exist for aeronautical, civil, electrical, electronics, industrial, marine, and mechanical engineers, and for mathematicians, naval architects, physicists, and others, with salaries ranging from \$3000 to \$10,000 a year. Some positions involve occasional travel to Naval shore establishments to observe or participate in scientific tests of Naval equipment. Others require original research, or planning of scientific programs. All are concerned with the most recent advancements in the scientific field, the Navy says.

Applications should be made on Standard Form 57, available at any first or second-class post office. They should be mailed to Code 612, Room 1213, Main Navy Building, Seventeenth and Constitution Avenue, Washington, D. C.

Siamese Are Loyal

THIRTY of the thirty-four alumni who live in Bangkok, Siam, have already contributed to the current Alumni Fund, through the efforts of Tom S. Boon-Long '37, resident member of the Cornellians Abroad committee. Transmitting their gifts, Boon-Long reports that twenty-four Cornellians and members of their families gathered in Bangkok, August 20, to welcome Professor and Mrs. R. Lauriston Sharp, Sociology and Anthropology, who are visiting Siam this year.

Former member of the Willard Straight Hall board of managers and vereran of the Thailand Army during the Japanese occupation, Tom Bông-Long is now with the Siam Tobacco Monopoly, Post Office Box 8, Bangkok.

Club Closes First Year

FIRST annual dinner of the Cornell Club of Bergen County, N. J., at the White Beeches Country Club in Haworth, June 15, brought out more than fifty members and guests. University Trustee Maxwell M. Upson '99 spoke of recent developments, J. Wright Taussig '08 described admissions policies, and President H. Victor Grohmann '28 reviewed the Club's accomplishments in its first year and suggested the future program. Howard A. Heinsius '50, Glee Club soloist, sang and led the group and George A. Myers '51 of the Freshman crew spoke of rowing prospects.

Grohmann was re-elected president of the Club, as were Clyde Christie '19, treasurer, and William S. Rurode '20, secretary. Robert W. Eisenbrown '16, Sidney P. Howell '17, Robert T. Dodd '28, Roland W. Babb '28, and Robert A. Escher '42 were elected to the board of governors.

Degrees Set New Record

LARGEST number of degrees in the history of the University were granted during the academic year 1947-48, when a total of 2,585 degrees were awarded. This is 651 more than the previous year's high record of 1,934 degrees. The number of first degrees is just 400 more than were given in 1946-47 and 251 more advanced degrees were given.

All divisions of the University show an increase except the Veterinary College. This was the first College to accelerate to three terms of instruction a year to assist the war effort, and thus its normal Class of '48 was graduated a year early. It has now returned to a two-term schedule.

The School of Nutrition granted its first Master of Nutritional Science degrees last year, as did the Graduate

School of Aeronautical Engineering, the Master of Aeronautical Engineering.

The record for 1947-48 follows:

	SEPT.	FEB.	JUNE	TOTAL
<i>First Degrees:</i>

Nursing School Gift

VOLUNTEER committee of lay women presented the School of Nursing in New York a gift of \$2,100 to be used for student scholarships, in observance of the School's seventy-first anniversary. This group was organized in 1940 as The New York Hospital Red Cross Unit, Women's Division, and last November was reorganized as a committee for scholarships of the Nursing School, to encourage well-qualified young women to enter the nursing profession. Under the chairmanship of Mrs. Norvelle C. LaMar of New York City, the committee raised its gift since November. It was accepted by Dean Virginia M. Dunbar at the annual meeting of the committee in the Nurses Residence of the School.

Richmond Gathers

TWENTY-FIVE members of the Cornell Club of Richmond, Va., enjoyed a picnic, June 25, at the Hampton Gardens home of W. Wallace Neale '21. With President Stewart C. Wilson '17 presiding, it was agreed that the Club would meet for luncheon the first Friday of each month at the Hotel Murphy in Richmond, where Roger M. Merwin '42, secretary of the Club, is a member of the staff. "All Cornellians in the city by purpose or chance are cordially invited." Plans were also made for a fall meeting to entertain students from Richmond.

Chicago "Splashes"

SECOND successful post-war annual outing of the Cornell Club of Chicago, Ill., was August 14 at the Barrington estate of Lawrence G. Hallberg '09. The day's program included baseball, horse-shoe pitching, golf, and swimming and was highlighted by a series of frog races (brain-child of Alan R. Graff '32, former Sun editor), complete with live frogs and pari-mutuel betting that gained \$50 for the Club's scholarship fund. A Milwaukee delegation headed by Philip L. Ash '28 contributed to this amphibious activity by bringing their own entries. The "Splash" ended with a sumptuous repast consumed to the accompaniment of Cornell songs.

President Frederick W. Wendnagel '33 announces that the Club's Thursday luncheons will again be held at the University Club, starting October 7, and invites visitors to attend.

WHCU Gives Awards

UNIVERSITY dinner in Willard Straight Memorial Room, September 11, honored the winners of press leadership awards given to six weekly newspapers by University Radio Station WHCU. Guests were press and radio officials, members and Trustees of the University, prominent Ithacans, and editors and their wives of forty-seven of the sixty-eight weekly newspapers who have cooperated this year in the WHCU Sunday program, "Radio Edition of the Weekly Press." This program, originated and conducted by Samuel M. Woodside of the WHCU staff, last year won the Peabody Award for outstanding public service.

Speakers at the dinner were Edward R. Murrow, CBS news commentator who was shortly to leave for Berlin, Germany; Morris L. Ernst, lawyer and author; and Alexander F. Jones, assistant to Eugene Meyer, publisher of the Washington, D.C., Post. President Edmund E. Day opened the

program and introduced Professor Bristow Adams, Extension, Emeritus, as toastmaster. Certificates and cash awards were presented by Michael R. Hanna, manager of WHCU, to the editors of six cooperating newspapers judged best in two classifications by Murrow, Ernst, and Meyer.

For "editorial leadership," first prize of \$500 went to The Corning News; second prize of \$250, to The Ontario County Times-Journal in Canandaigua, of which Clarence J. Webster '21 is editor; and third prize of \$100, to The Tioga County County Herald of Newark Valley. Prizes for "promotion of local community progress" went, first of \$500 to the Newark Courier-Gazette; second of \$250, to The Moravia Republican-Register; third of \$100, to The Wyoming Cowntian of Tunkhannock, Pa.

Murrow referred to a column on used-car sales written by Donald C. Perry '33 in The Shortsville Enterprise which Murrow broadcast on his national program, August 17, and which brought much commendation.

To Aid World Peace

FUND to aid "Emily Hickman Institutes" in communities all over the country, "to develop responsible leadership in international affairs," is being raised as a memorial to Dr. Emily G. Hickman '01, who was killed in June, 1947, in an automobile accident. Professor of history at New Jersey College for Women, Miss Hickman was an ardent worker for world peace. She lectured for the Carnegie Endowment for International Peace, was a delegate to the Universal Peace Conference in Brussels in 1936, was appointed by the US State Department to the division of public liaison at the United Nations Conference in San Francisco in 1945, and was president of the United Nations Association of New Jersey. She won the Avon Award for Women of Achievement in 1946.

The Emily Hickman Institute Fund is sponsored by the Committee on Education for Lasting Peace, 1 East Fifty-seventh Street, New York City 22. This is the research associate of the Women's Action Committee for Lasting Peace, of which Miss Hickman was chairman. The Fund will make grants for community study groups and suggest and provide speakers, requiring that at each such Institute "a brief tribute to Dr. Hickman and her contribution to the cause of international understanding will be given, to keep her memory fresh in the minds of those carrying on." Goal of the Fund is \$50,000; the extent of its activities will depend upon contributions received.

Ten Head Colleges

TEN Cornellians are now known to be presidents of colleges and universities. Lewis A. Froman, PhD '31, became head of Russell Sage College, Troy, September 1, and Frederick A. Morse, Grad '32-'37, took office in July as president of the Associated Colleges of Upper New York. Stephen H. Sampson '35, son of the late Professor Martin W. Sampson, English, and a lawyer in Troy, is chairman of the Russell Sage College board of Trustees. President Edmund E. Day is chairman of the board of the Associated Colleges, whose former president was Asa S. Knowles, now Vice-president of Cornell.

Froman was a graduate instructor in Economics from 1928-31, having entered the Graduate School from the University of Missouri where he received the AB in 1927 and then taught for a year. He went to the University of Buffalo in 1931 as instructor in economics; has been dean of Millard Fillmore College, the evening division at Buffalo, since 1935, and professor of finance in the University since 1939. In 1938, he organized and directed a work-study plan which enables superior students to alternate employment with studies and receive a degree in five years, and that year received the distinguished service award of the US Junior Chamber of Commerce. He has been since 1939 a director and economist of the Niagara National Bank in Buffalo; was director of war-training courses for Buffalo University, and since 1944 has been director of veterans' affairs. He is co-author of texts on Money and Banking and on Industrial Supervision and author of a two-volume work, Principles of Economics.

Morse received the AB at Alfred University in 1932 and that year entered the Graduate School, majoring in American History. He taught history and civics in Cascadilla School and in 1938 joined the faculty of Keuka College, becoming head of the department of history. He became a lieutenant-commander, USNR, during the war, in radio communications in Seattle, Wash., and later in the office of the director of Naval history, and in 1946 he went to Albany as executive assistant for higher education in the State Education Department. The Associated Colleges comprise Sampson College near Geneva, the Middletown Collegiate Center, and Champlain College at Plattsburgh. They and Mohawk College at Utica were opened by the State in 1946 as emergency colleges for two years, and the three have been extended to next June 30.

Other Cornellians known to head

colleges and universities are Presidents Hu Shih '14 of National Peking University, Peiping, China; James G. Gee, Grad '19-'20, East Texas State Teachers College, Commerce, Tex.; John C. Adams '26, Hofstra College, Hempstead; Victor L. Butterfield '27, Wesleyan University, Middletown, Conn.; Fred T. Mitchell, PhD '31, Mississippi State College, State College, Miss.; James L. Zwingle, PhD '42, Park College, Parkville, Mo.; Carl R. Woodward, PhD '26, Rhode Island State College, Kingston, R. I.; and Ralph A. Van Meter, PhD '35, University of Massachusetts, Amherst, Mass.

Women Get Awards

FEDERATION Scholarships of \$400 annually, financed by contributions from Cornell Women's Clubs and individuals, have been awarded by the University to four undergraduate women recommended by a committee of the Federation of Cornell Women's Clubs. Federation Scholarship Fund last June had grown to \$42,181.

Recipient in the entering Freshman Class of '52 is Marion E. Button, daughter of Henry B. Button '21 of Malverne and granddaughter of the late Harry F. Button '06. A Scholarship was re-awarded to last year's Freshman winner, Jean E. Eagle '51 of Buffalo; she was captain of her Class basketball team and a member of the Freshman Class Council. Jacqueline D. Fulton '50 of Washington, D.C., who was vice-president of Clara Dickson Hall and is secretary-treasurer of the Pan-Hellenic Council, receives her third award. Vivien C. Morter '49 of Ithaca receives it for the second time; she has been on the Dean's list for high scholarship in Arts and Sciences, played in the University Orchestra, and has been a part-time member of the Admissions Office staff.

Also recommended by the Federation committee were Bernice J. Flint '50 of Mountain View, N.J., for \$300 and Senior twin sisters, Marilyn E. Wood and Miriam E. Wood of Amenia for \$150 each this year, from the memorial Scholarship Fund to Mabel Estey Rose '00. The Wood sisters are members of the Women's Glee Club. Dorothy E. Bruce '49 receives the \$100 Memorial Scholarship for Ida H. Hyde '91.

The committee makes its recommendations on the basis of academic records, health, character, personality, and need. Mrs. Robert C. Osborn (Agda Swenson) '20 was chairman, with Mrs. Russell T. Kerby (Regina Brunner) '15, Mrs. Horace E. Shackleton (Alberta Dent) '20, Mrs. Allan H. Mogensen (Adele Dean) '23, and Mrs. William F. Stotz (Anna Hoehler) '23.

Cornell Alumni News

18 EAST AVENUE, ITHACA, N. Y.
FOUNDED 1899

Published the first and fifteenth of each month while the University is in regular session and monthly in January, February, July, and September.

Owned and published by the Cornell Alumni Association under direction of a committee composed of Walter K. Nield '27, chairman, Birge W. Kinne '16, Clifford S. Bailey '18, John S. Knight '18, and Thomas B. Haire '34. Officers of the Alumni Association: Elbert P. Tuttle '18, Atlanta, Ga., president; Emmet J. Murphy '22, Ithaca, secretary-treasurer.

Subscriptions \$4 in U. S. and possessions, foreign, \$4.50. Life subscription, \$75. Single copies, 25 cents. Subscriptions are renewed annually unless cancelled.

We Win Awards

COVERS of the ALUMNI NEWS for last year won a first-place award in competition with nearly 150 alumni magazines at a summer convention of the American Alumni Council in Ann Arbor, Mich. Cornell was also given honorable mention in the classification of "Opinion." In this classification, clippings were submitted of last year's columns, "Now In *My* Time!" by Romeyn Berry '04, and "Intelligence" by Emerson Hinchliff '14.

That some of our readers agree with the AAC judges is attested by your favorable comments on our covers and on the work of these two regular columnists in the NEWS. Framed certificate won in the 1948 Magazine Awards Competition will shortly join others previously won on the walls of our editorial office on the fifth floor of the Administration Building.

Harvard Alumni Bulletin was deservedly judged the "Magazine of the Year" in the 1948 AAC Competition.

Schmeck '48 Joins Staff

NEW NAME appears in the masthead above, this issue, that of Harold M. Schmeck, Jr. '48, assistant editor. He joined the staff September 1, replacing John C. Barker, Jr. '44, and has written some of the news in this issue and the page, "On the Campus and Down the Hill." In addition to these regular assignments, he will make up the magazine for the printer

and assist generally with editorial duties.

Schmeck is the son of Harold M. Schmeck '18. He attended Randles School in Washington, D. C., and enlisted in the Army Air Force in August, 1943. He was commissioned a second lieutenant (aerial navigator) in January, 1945, and assigned to B-24 operational training in Walla Walla, Wash. Released from active duty in November, 1945, he entered Arts and Sciences, majoring in English, and attended Summer Sessions to receive the AB last June, in three years. He was a member of the editorial staff of The Cornell Era, revived in 1945, was a collaborator on the book for the 1947 Octagon Club show, "Maid to Order," and edited the 1948 Spring Day program; is a member of Sigma Delta Chi and Pi Delta Epsilon, professional and honorary journalism societies.

Two Benefactions Come

BEQUEST estimated at more than \$300,000 for the Law School was contained in the will of William N. Cromwell, partner in the New York City law firm of which Arthur H. Dean '19, chairman of the Board of Trustees executive committee, is also a member. Cromwell died July 19. His will provided that the residuum over \$282,500 of his estate estimated at \$15,000,000 be divided into 100 equal parts for distribution among forty-eight beneficiaries. Cornell University will receive two parts.

Dean entered the offices of Sullivan & Cromwell immediately after he received the LLB in 1923, and became a partner in 1929. His father, William C. Dean, was University superintendent of steam heating and water service and he entered the University in 1915 from Ithaca High School, was in the SATC during the first war, and received the AB in 1921. He was managing editor of the Law Quarterly and elected to Phi Delta Phi. He was elected a Trustee by the Board in 1945 for a five-year term and was chairman of the law committee before he was elected chairman of the executive committee last June.

Margaret Goodfellow '20 of New York City has established the Martha Jane Dale Scholarship in Music, providing for a grant of \$200 annually upon recommendation of the Department of Music to a woman student who gives promise of developing a cultivated contralto voice. The Scholarship is a memorial to Miss Goodfellow's mother, "who was born highly talented musically and with training would have been a great contralto or pianist." Miss Goodfellow came to Cornell in 1919 from the University of Michigan and received the AB in 1920.

Wins Borden Award

BORDEN Award of \$1000 and a gold medal was presented to Professor Barbour L. Herrington, PhD '33, Dairy Industry, by the American Chemical Society at its national meeting in Portland, Ore., September 13. His award was for "outstanding research in the chemistry of milk and dairy products." He addressed the Society on "Some Physiochemical Properties of Lactose: Transformations of Alpha-Hydrate in Organic Solvents and at High Temperatures."

Professor Herrington is the sixteenth Cornellian to receive a Borden Award since they were first instituted in 1937. He came to Cornell in 1928 as a graduate instructor of Dairy Chemistry. He was appointed assistant professor in 1933; is Faculty advisor to students in food processing.

On The Campus and Down the Hill

European reconstruction is no longer an academic question for a number of undergraduates who worked as laborers to help rebuild a hospital in Hamburg, Germany, this summer. Lee F. Richardson '50 of Groton, Marilyn E. Layton '50 of Monticello, and Walter G. Hillis '49 of New York City were in a group of American, Dutch, Canadian, and British students who surprised the local population by their efficient and unscholarly use of picks, shovels, and hods.

Apartment house on Highland Avenue, on the site of the old Country Club, is slated for completion November 1, with some apartments due to be occupied October 1. The thirty-four apartments have long been spoken for

Air mail to and from Ithaca started September 19 via Robinson Airlines. More than 3000 letters, mostly for delivery to stamp collectors, were carried the first day, with a special cachet approved by the Post Office Department.

French cadets and an officer made up an eleven-man party to visit the Engineering Schools in September. Students at the Ecole Polytechnique in Paris, the cadets came to the United States on an exchange visit with the US Military Academy. Ten West Point cadets toured France this summer.

Steel magazine carried on its July 19 editorial page, signed by E. L. Shaner, editor-in-chief, an apt parody on the "Alma Mater," apropos of the summer refresher course for machine tool salesmen at Sibley. The second verse ends: "When the course has been completed, All will know full well That a new concept in training Dawned at old Cornell."

Diesel engineering symposium sponsored by Sibley School of Mechanical Engineering and the Diesel Engine Manufacturers Association brought 121 engineers from colleges and industry for a six-day session in August. Purpose was to promote more effective instruction and closer relations between academic and industrial personnel who design, manufacture, or use Diesel engines.

Rankin Building on East State Street, that housed Herron's Shoe Store, the Green Lantern Tea Room, and Tompkins Studio, has been torn down to make way for a modern, one story

drug-store building. The bronze arm and spear and Roman numerals set into the brickwork facing the sun to mark the time on the face of the old building will be preserved in the Historical Society museum in Ithaca.

Cachet commemorating the eightieth anniversary of the University, of interest to collectors, will be put on letters mailed from Cornell during the anniversary celebration, October 7, 8, 9. Persons who desire the cachet may send a self-addressed, stamped envelope to the Public Information Office, Administration Building, Ithaca. They will be imprinted with the Library Tower and notations of commemorative events.

Auburn branch passenger trains of the Lehigh Valley Railroad, along the east shore of Cayuga Lake, were discontinued in August. Busses now serve the route of this first railroad into Ithaca, in which Ezra Cornell once had an interest.

Brain of Madame Rosika Schwimmer, former Hungarian Minister to Switzerland, leading suffragist, and a lifetime worker for peace, was willed to the University's brain collection after she died, August 3. The brain collection, started by the late Professor Burt G. Wilder, Zoology, and now in Stimson Hall, contains the brains of many famous and infamous persons.

Clinton House has reopened its dining room and has a new coffee shop, with new and modern kitchen, under direction of Marian A. Irvine '30. Miss Irvine was formerly a dietitian at the University and at Marshall Field's in Chicago, Ill., and was a first lieutenant in the WAC during the war.

AUTOMOBILES promise to crowd the Campus more than ever this year, judging by the first days that students came back. (Fraternity rushing, of course, aggravates the problem.) It is estimated that there will be some 2,000 Faculty cars and about 2,500 driven by students, with parking areas on the Campus for about 1500. All student cars must be registered with the University at a fee of \$2 a term, and only those who can show definite need are given permits to park on the Campus and then only at a designated place. Result is that Thurston Avenue and other access streets are parked solidly all day for blocks, and traffic on the Campus is an increasing hazard.

Spoken Hindustani was taught to new instructors in the Division of Modern Languages in a one-week course before the University opened, to give them personal understanding of the confusion an entirely new language brings to students. Professor J. Milton Cowan, Director of Modern Language Studies, could think of no better way to give instructors that feeling of "humility" which a teacher must have. Hindustani was chosen because it is one of the few languages unknown to all twenty of the instructors involved.

Solid state of matter was discussed and investigated at an August meeting here of the National Research Council committee on solids. Five days were devoted to discussions by more than fifty scientists from fields including physics, chemistry, mineralogy, metallurgy and ceramics.

Bare-handed capture of a rare duck hawk on the Maryland coast makes Heinz K. Meng '46, Ornithology graduate student, one of the few men ever to capture a live hawk by just reaching up and grabbing it. To make the catch, Meng buried himself in the sand, covering his head with grass, and held a pigeon on his chest. On the third of Meng's daily vigils, a hawk dove to get the pigeon and Meng rose to get the hawk.

Artificial Breeders Cooperative, Inc., of New York State held its eighth annual meeting in Ithaca, August 21 and re-elected J. Stanley Earl '20 of Unadilla as president. The Cooperative, with a membership of more than 20,000 making it the largest in the world, arranged for the artificial breeding of 141,000 cows during the last year. This figure represents ten per cent of New York State's cows.

New position on the Sun board is that of women's advertising manager. First to hold it is Fay C. Binenkorb '50, daughter of Aaron L. Binenkorb '25 of Middletown.

Labor economics teachers held their second annual conference at Cornell the last week in August. Fifty teachers from twenty-one colleges and universities spent the week here discussing problems and methods of teaching labor subjects. In an opening speech, Professor N. Arnold Tolles, Industrial and Labor Relations said "Labor and industrial relations are fast becoming the most popular college subjects."

The Faculty

Commencement address by Provost **Cornelis W. de Kiewiet**, printed in the July *ALUMNI NEWS*, has received recognition from two magazines. It appeared under the title, "Communism Sets a Trap," in the August issue of *Vital Speeches of the Day*, and the leading editorial, "The Point Where Toleration Ends," in the August number of the *American Bar Association Journal*, whose editor-in-chief is William L. Ransom '05, was based on it. In the same issue of *Vital Speeches of the Day* was the commencement address given at Trinity College, Hartford, Conn., by Professor **Allan Nevins** of Columbia, professor of American History here, 1927-28, entitled "There's a Great Work Wants Doing."

Arthur H. Dean '19, executive committee chairman of the University Board of Trustees and a member of the New York City law firm of Sullivan & Cromwell, was appointed August 25 vice-chairman of the board of trustees of New York's new State university system. President **Edmund E. Day**, President **Sarah G. Blanding** of Vassar, former Dean of Home Economics, and Assemblyman Wheeler Milmo '17 were members and Warnick J. Kerman '05 was counsel for the temporary commission to examine into the need for a State University. Charles Garside '21 of New York City, chairman of the State Commission Against Discrimination, was also named to the board of the new system.

"Laws Alone Cannot Improve Human Relations" was the title of an address by Dean **Martin P. Catherwood**, PhD '30, Industrial and Labor Relations, at an annual industrial supervisors conference at the University of New Hampshire, Durham, N. H., September 11. Dean Catherwood participated in a forum on "The Challenge of Human Relations in the Business World Today" over Station WBZ in Boston, Mass., the next day.

University Trustee **Nicholas H. Noyes '06**, chairman of the finance committee, vice-president, and a director of Eli Lilly & Co., Indianapolis, Ind., retired from active service with the company September 1. He continues, however, in an advisory capacity as a director and chairman of the finance committee. He is a director of the Federal Reserve Bank of Chicago, Ill., the Indiana Bell Telephone Co., and the Indiana State Chamber of Commerce; a member of the executive committee of the American Drug Manufacturers Association and the US Department of Commerce business

advisory council, of which University Trustee **John L. Collyer '17** is chairman.

"In New York government, there is one highly conspicuous example of Dewey's ability to pick women administrators. She's Mary Donlon, dynamic chairman of the Workmen's Compensation Board of the State of New York." Thus Mrs. Raymond Clapper, writing about "The Women Around Dewey" in the September 19 issue of *LOOK*, speaks of University Trustee **Mary H. Donlon '20**. "This blue-eyed, gray-haired, pleasant woman looks upon government as a job of public housekeeping," she continued, quoting Miss Donlon's statement that "Politics is the technique of home economics for the public good."

The Pegasus for August contains a four-page article on "Air Industrial Preparedness" by Alumni Trustee **J. Carlton Ward, Jr. '14**, president of Fairchild Engine & Airplane Corp., New York City. An illustration shows Director **Robert R. Wilson** of the Laboratory of Nuclear Studies explaining to Ward the operation of the 300-million electron volt synchrotron at the University.

Dean of Women **Lucile Allen** was chairman of the Eastern Hazen Conference on Guidance and Counseling at Colby College, Waterville, Mo., August 26-September 1. Others who attended from Cornell were **Frank C. Baldwin '22**, Dean of Men; the Rev. **Edward D. Eddy '44**, associate director of CURW; and **Rollin L. Perry, MS in Ed '47**, student counselor. August 18-19, Dean Allen attended a meeting of the committee on student personnel work of the American Council on Education in Chicago, Ill.

Director **Robert R. Wilson** of the Laboratory of Nuclear Studies flew to England September 12 to attend a meeting on high-energy particle accelerators and nuclear physics at the University of Birmingham, September 14-18. Making the trip under the auspices of the Office of Naval Research, he visited laboratories in France before returning to New York September 26. Professor **Hans A. Bethe**, Physics, in Europe at the time, was expected to attend the conference.

A chapter called "Mental, Social and Emotional Factors in Adolescence" by Dean **Elizabeth Lee Vincent**, Home Economics, appears in a recent revision of Brennenman's *Practice of Pediatrics*, published by W. F. Prior Co., Inc., Hagerstown, Md. Dean Vincent spoke on "What Each of Us Can Do About the World Community" at the American Home Economics Association meeting in Minneapolis, Minn., June 21. Professor **Elsie**

Frost McMurray, Textiles and Clothing, who is chairman of the division of textiles and clothing for the Association, took charge of sessions in that field. Professor **Catherine J. Personius, PhD '37**, Food and Nutrition, participated in a panel discussion and reported on research in the Northeastern region. Secretary of the Association's food and nutrition division, Professor **Faith Fenton**, Food and Nutrition, presided at a program on research in that field. Reports on research projects were given by **Kathryn R. Causey**, Fellow in Nutrition, and **Lola B. Lackey**, graduate assistant in Food and Nutrition.

Dean of Men and Dean of Women are now **Frank C. Baldwin '22** and **Lucile Allen**, respectively. They were formerly Counselors of Students. The office of Dean of Students, unfilled since 1946, has been abolished.

Francis E. Dart, PhD '47, research associate in Physics, returned to the Campus in August from two years in Germany as a field worker for the American Friends Service Committee. To improve conditions among the displaced persons in camps in Germany, Dart suggests a "circulating neighborhood center" which could bring to the people facilities, such as sewing machines, washing machines, and cobbler shops, and cultural and recreational opportunities.

Professor **Clyde W. Mason, PhD '24**, Chemical and Metallurgical Engineering, participated, with other Cornellians, in a symposium on applied chemical microscopy at the American Chemical Society convention in St. Louis, Mo., September 6. His subject was "The Microscopist in the Technical Organization." Professor Mary L. Willard, PhD '27, of Penn State presided over the symposium. Other participants were Walter C. McCrone '12 of Armour Research Institute, Chicago, Ill.; Theodore G. Rochow '29, of the Stamford, Conn., research laboratory of American Cyanamid Corp.; and George L. Royer, PhD '32, of Calco division of American Cyanamid at Bound Brook, N. J.

Professor **Dexter S. Kimball**, Mechanical Engineering, Emeritus, will receive this year's Taylor Key of the Society for the Advancement of Management. The award will be made at the annual dinner of the Society in New York City, October 29. The Taylor Key commemorates the work of the late Frederick W. Taylor, developer of scientific industrial management, who lectured twice at the University while Professor Kimball was Dean of the College of Engineering. Professor Kimball also has the Worces-

ter R. Warner Gold Medal of the American Society of Mechanical Engineers, the H. L. Garrett Gold Medal of the American Management Association, and the Lamme Gold Medal from the Society for the Promotion of Engineering Education. June 21, at a seminar on "What Inventions Can Mean to You," sponsored by the Associated Industries of Cleveland and the National Association of Manufacturers, Professor Kimball, as luncheon speaker, spoke on "What Industrial Research Has Done for the World." At the morning session, Crosby Field '12, president of Flakice Corp., Brooklyn, and holder of about 100 US patents, spoke on "Invention Through the Ages." Principles of Industrial Organization, which Professor Kimball and his son, **Dexter S. Kimball, Jr. '27**, formerly assistant professor of Industrial Engineering, revised last year for a sixth edition, has been translated into Spanish and published in two volumes by El Universitario, Buenos Aires, Argentina.

Professor **Arthur J. Keeffe '24**, Law, who was president of a General Court Martial Sentence Review Board of the US Navy which was organized in April, 1946, by the Secretary of the Navy to review all court-martial sentences of men then in Naval prisons, writes on "University Military Training With or Without Reform of Courts Martial?" in the Cornell Law Quarterly for June.

Professor **Karl M. Dallenbach, PhD '13**, has resigned as Susan Linn Sage Professor of Psychology and chairman of the Department to join the faculty of the University of Texas, in Austin, this fall. At Texas, he will be chairman of the department of psychology and will hold the chair of Distinguished Professor of Psychology. The State of Texas has appropriated funds for a building for the department and Professor Dallenbach is to have charge of the project. Professor Dallenbach, who came to the University thirty-seven years ago to study with **Edward B. Titchener**, then the Sage Professor of Psychology, has been on the Faculty since 1916. He received the AB at the University of Illinois and the AM at the University of Pittsburgh. He will take to the University of Texas the American Journal of Psychology, of which he has been editor-in-chief since 1925 and which has been published at Cornell since 1920.

James C. Muth '42, the last two years assistant dining room manager at Willard Straight Hall, becomes October 1 general manager of O'Donnell's Sea Grills in Washington, D. C., with offices at 1221-1223 E Street, N.W. He and Mrs. Muth (L. Ann

Bode) '44 have a son, Michael James Muth, born July 18. After mid-October, they will live in the Belvedere Apartments, Apt. 201, 2106 Hildarose Drive, Silver Springs, Md. New assistant manager at Willard Straight Hall is **S. Pearl Weaver '23**.

Cecilia Werner, social director of Willard Straight Hall from 1939-42, was married August 17 in Shawano, Wis., to David B. Scoular, director of choral music at Grinnell College. Before her marriage, she was dean of women at Milwaukee State Teachers College. The Scoulars live at 1205 Park Street, Grinnell, Iowa.

Arless A. Spielman, former associate professor of Animal Husbandry, now head of the department of animal husbandry at University of Connecticut in Storrs, was critically injured and Mrs. Spielman and their five-year-old son, John, were killed in an automobile accident near Gardiner, Me., August 13.

Professor **A. Wright Gibson '17**, Director of Resident Instruction in Agriculture, was one of a group of twelve agriculturists who went on a three-week tour of Honduras and Guatemala this summer as guests of the United Fruit Co. Purpose was an interchange of ideas on the agriculture of the Americas.

Professor **James E. Rice '90**, Poultry Husbandry, Emeritus, and Professor **Gustave F. Heuser '15**, Poultry Husbandry, represented the University at the World's Poultry Congress in Copenhagen, Denmark, August 20-27. Professor Rice, outgoing president of the World's Poultry Science Association which sponsored the Congress, was made honorary president and Professor Heuser was re-elected secretary-treasurer and editor of the World Poultry Science Journal. Professor Rice, accompanied by Mrs. Rice and his daughter, Mrs. William D. McMillan (Ruth Rice) '23, also visited England, Belgium, Switzerland, and France.

Dr. Kenneth C. Beeson, PhD '48, has been appointed director of the US Plant, Soil, and Nutrition Laboratory at the University, succeeding **Dr. Karl C. Hammer**, who resigned to become head of the department of botany at the University of California at Los Angeles. Dr. Beeson has been a soil chemist with the Laboratory since 1940.

Mrs. Livingston Farrand of New York City, widow of the late President, has announced the engagement of her daughter, Louisa W. Farrand, to William A. Wood of Washington, D. C. Miss Farrand, who opened the first American Red Cross Club in

Europe in World War II, at Londonderry, Ireland, the first American Red Cross Club in France, at Cherbourg, and the ten famous "Top Hat" clubs of the Red Cross at Antwerp, Belgium, is now in the public relations department of the Red Cross in Washington. Her fiancé, a graduate of Stanford University, was a lieutenant commander in the Naval Reserve, on the staff of Admiral Nimitz. He is chief radio liaison officer with the Department of State in Washington.

Director **William R. Sears**, Graduate School of Aeronautical Engineering, has been re-appointed to the Air Force scientific advisory board by General Hoyt S. Vandenberg, chief of staff, US Air Forces. He will serve on the board's panel [for aircraft fuels and propulsion.

As a member of the National Commission on School District Reorganization, Professor **Julian E. Butterworth**, Rural Education, helped prepare the group's report, "Your School District," published by the Department of Rural Education of the National Education Association of the United States, Washington, D. C. Also on the nine-member Commission was Dr. Shirley Cooper, PhD '43, assistant director of rural service of the National Education Association. Professor Butterworth contributes a chapter on "The Evolution of Rural School Organization in New York."

Two articles by Professor **Milton R. Konvitz, PhD '33**, Industrial and Labor Relations, appear in Art and Action, the tenth anniversary issue of *Twice a Year*, a semi-annual book of literature, the arts, and civil liberties. In "Civil Liberties in the Supreme Court, 1946" he discusses the civil rights cases which came before this country's highest tribunal during 1946. "The Legal Status of Americans of Negro Descent Since World War I," prior to publication, was submitted to the United Nations Assembly by the National Association for the Advancement of Colored People as a memorandum on discrimination against American Negroes in American jurisprudence.

Professor **Ralph Campbell**, director of extension of the School of Industrial and Labor Relations, has been made a member of the field service committee of the New York State Citizens Council. President **Edmund E. Day** is president of the Council which is concerned with the development of communities and community leadership.

University Trustee **Thomas A. Murray** has been re-elected president of the New York State Federation of Labor, AF of L.

News of the Alumni

*Personal items and newspaper clippings
about Cornellians are earnestly solicited*

'88 CE—**Clark Dillenbeck**, retired chief engineer of the Reading Co., Philadelphia, Pa., spends summers at 829 Kensington Avenue, Plainfield, N. J., and winters at 320 Ninth Avenue East, Mount Dora, Fla.

'94 PhD—Honorary LL.D. was conferred on **Joseph A. Leighton** June 11 at commencement exercises at Ohio State University, where he was professor of philosophy and head of the department from 1910 until he became professor emeritus in 1941. The honor was presented with this citation: "A vigorous advocate of academic freedom, democratic processes and the promotion of productive scholarship, his thinking has always been far in advance of his contemporaries. His brain and pen have produced a dozen widely read volumes and scores of articles. A respected and esteemed colleague and companion, an enthusiastic and inspiring teacher, he is one of the best read men anywhere to be found. . . . Because of what Professor Leighton has meant in the life of this university and in the field of philosophy and general culture, it gives me the greatest satisfaction to present him to you for the honorary degree proposed." Professor Leighton lives at 817 Oxford Street, Worthington, Ohio.

'00 LLB—Master of ceremonies at the Olympic Games in England this year was **John T. McGovern**. For the US Olympic committee, he arranged farewell broadcasts from New York City, not only by officials but by American competitors of all races and nationalities. Aboard ship, he arranged for the press, athletes, coaches, and officials to become well acquainted, and managed a show written and produced by the athletes. Arrived in London, much of the official entertaining was detailed to McGovern by US Ambassador Lewis W. Douglas and Avery Brundage, president of the US Olympic Committee; he selected ten American athletes to be presented to the King and Queen at Buckingham Palace, and on British Empire Day presented the American athletes to Prince Philip as he had done twenty years earlier, attending the then Duke of York. It was at McGovern's motion that beginning this year, athletes preceded officials in Olympic Games parades. For his services, McGovern was presented inscribed medals by the International Olympic Committee and the British Organizing Committee and received a personal letter of thanks from Ambassador Douglas.

'02, '03 MD—**Dr. James K. Quigley** married Florence T. Pocock July 7, and they are living at 2390 Elmwood Avenue, Rochester. Dr. Quigley's office is in Rochester at 26 South Goodman Street.

'04 AB—**Fred L. Warner** is sales engineer for Link-Belt Co. in Indianapolis, Ind., where his address is 5355 North Delaware Street. After graduating in 1904, Warner was an instructor in physics at Purdue University for two years. Then he became associated with Link-Belt Co. in chain sales, handling the duplicate machinery line, the work in which he still continues.

'08 Sp—**Herbert O. Tiffany** of Nelson, Wis., has been ranching in Wisconsin since 1914. In 1918 he entered the sawmilling and lumber business; now operates five sawmills and lumber yards.

'12—**Robert B. Carr** of 80 West Main Street, Fredonia, writes: "No news. Just selling Buicks and Pontiacs. No, please don't send me an order!"

'12 BS—**Edward L. Bernays** donated the Edward L. Bernays Atomic Energy Award of a \$1,000 US Government Bond, offered by the Society for the Psychological Study of Social Issues "for work that makes significant contribution to preventing the destructive and fostering the constructive use of atomic energy." Dr. Hornell Hart, professor of sociology at Duke University and who has been here to preach in Sage Chapel, won the contest with his essay, "Social Science and the Atomic Crisis." Bernays, a member of the Society, was a speaker at presentation ceremonies, September 10, during the annual convention of the American Psychological Association in Boston, Mass. On the judging committee was Professor Alexander H. Leighton, Sociology and Anthropology and Industrial and Labor Relations. Bernays is a public relations counsel with offices at 26 East Sixty-fourth Street, New York City 21.

'12 CE—**Harry H. Frank** has purchased a country home, for a permanent residence, about eighteen miles north of Pittsburgh, Pa. Address him RD 1, Box 25, Gibsonia, Pa. Frank is still a manufacturers' representative of building specialties, with office at 807 Standard Life Building, in Pittsburgh.

'13 ME—**George H. Rockwell**, director of the Associates of the Harvard

Business School since October, 1946, has been appointed special assistant to the dean of the School. He is a former Alumni Trustee.

'16 AB—**Benjamin H. Micou**, associate general agent of the Detroit, Mich., agency of New England Mutual Life Insurance Co., has been presented the 1948 National Quality Award for his exceptional record in life insurance conservation. This annual award is sponsored jointly by the National Association of Life Underwriters and the Life Insurance Agency Management Association.

'16 ME—**Leroy R. Grumman**, chairman of the board of the Grumman Aircraft Engineering Corp. of Bethpage, Long Island, was featured in "LOOK Applauds" in the August 17 issue of LOOK magazine. In "LOOK Applauds" recognition is given to outstanding personages who have made distinguished contributions to knowledge, culture, and the improvement of human relations. Grumman, the maker of the Navy's famous wartime Hellcats, was awarded the 1948 Daniel Guggenheim Medal for achievement in aviation.

'17, '20 AB—**Randolph Cautley**, full-time student of psychology at George Washington University and at Washington School of Psychiatry in Washington, D. C., since June, 1947, planned to continue his studies for the PhD at another university this fall. From 1934-42 a manufacturers' agent in New York City, Cautley was with United Aircraft Corp. in East Hartford, Conn., for a few months after that, and then with Douglas Aircraft in Santa Monica, Cal., until July, 1945, when he went to Washington, D. C., where he was with the Reconstruction Finance Corp. and later on the surplus aircraft disposal program of the War Assets Administration. Last May he married Patricia Woodward, who received the AB and AM at the University of Michigan and the PhD at the University of Pennsylvania. His daughter, Patricia, an alumna of Carnegie Institute of Technology, is now Mrs. Walter L. Hill.

'17, '19 AB—**D. Roger Munsick** lives at 48 Colt Road, Summit, N. J. He is with Interchemical Corp., 57 State Street, Newark, N. J.

'17 ME—**Edward S. Corcoran** of 908 St. Paul Street, Baltimore 2, Md., is president of the Baltimore Motor Car Co., vice-president of Chronicle Publishing Co., and owner and de-

veloper of Beacon Hill on Chesapeake Bay.

'18, '19 ME—A son, Wilbur David Driver, was born March 20 to **Wilbur J. Driver** and Mrs. Driver of Aiken, S. C., (PO Box 397). Driver is vice-president of J. M. Huber Corp. Mrs. Driver is the former Mildred McCreary of Aiken and is a member of the class of '30 of Sweet Briar College. They also have two daughters: Barbara Ann, twelve, and Beverly Louise, nine.

Wallace B. Qual, Class Correspondent
503 S. Main St., Middletown, Ohio

'19—Again it has been proved that inaccurate statements in this journal pay dividends. In the September issue I reported that **Fig Newton** held the rank of major and I promptly received a letter from my old roommate complaining that I had demoted him. My humble apologies. It is Lieutenant Colonel Newton, Sir!

Fig has drawn the new heading for our column and it is a grand job. And he is already planning to be at our Thirty-year Reunion next June. That date should be on everybody's calendar now.

That brings up a letter just in hand from Class Treasurer **Jim Hillas** saying that fifteen Classmates have already sent him \$40.00 each against their coming Reunion costs. There's a splendid example. Jim, my check is in the mail to get me in the prepaid group.

Larry Waterbury is a member of Persons, Brinkerhoff, Hall & Macdonald, engineers. Their office has just been moved to 51 Broadway, New York City.

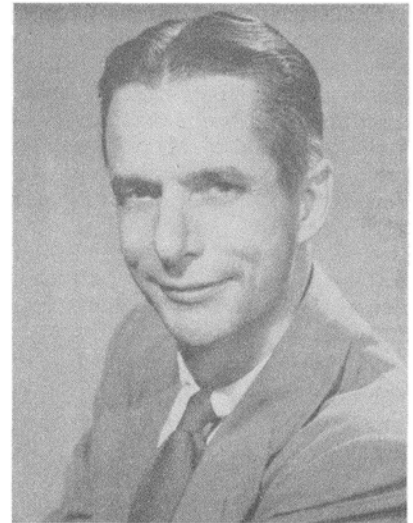

'21 AB—"Malabar Farm" by **E. B. White** is reprinted from The New Yorker in the Summer issue of The Land. Editor of The Land is **Russell Lord** '18. White's poem is a humorous description of the farm and activities of **Louis Bromfield** '18, who is chairman of The Land editorial board. This version is illustrated with drawings by Mrs. Lord. White received the honorary LLD from the University of Maine, Orono, Me., at the June commencement. President Arthur A. Hauck read this citation: "Born in New York State and a graduate of Cornell University; eminent author, whose essays, poems and stories are enjoyed by a wide circle of readers; for many years associated with The New

Yorker magazine, his editorials in the publication, written during World War II and later published in a book, *The Wild Flag*, have been acclaimed as 'the clearest and most eloquent writing' on World Government; since 1938 a warmly welcomed resident of Brooklin, Maine, whose experiences on a saltwater farm are delightfully recorded in a volume of essays called *One Man's Meat*. In recognition of your notable achievement in the field of letters, the Trustees of the University of Maine are happy to confer upon you the degree of Doctor of Letters."

'22 BS—Mrs. William S. Peterson (**Cornelia Walker**) of 2216 Nella Vista Avenue, Los Angeles 27, Cal., is president of the Women's University Club of Los Angeles for the year 1948-49. Last June she attended the AIEE convention in Mexico City with her husband and daughter Carolyn.

'23 AB—**Aslag H. Eskesen** (above) has been elected president of General Electric's S. A. Argentina, affiliated with the International General Electric Co. Eskesen originally joined General Electric in 1923 when he entered the business training course at Edison Lamp Works, Harrison, N. J. In 1926, he joined the general office auditing staff in Schenectady, remaining ten years. Two assignments took him to New York City in 1937 for two years, first a position with Rex Cole, Inc., and later with General Electric Contracts Corp., where he was assistant to the president. His first foreign work was in Brazil, where for three years he was vice-president of Financiadora Commercial, S.A., a subsidiary of G.E.S.A. Brazil. In 1940, he took a leave of absence to work with the British Purchasing Commission in New York City. In 1941, he was named vice-president and comptroller and last year, vice-president and general manager of G.E.S.A. Argentina.

'23, '24 EE—**Lewis R. Gaty** (above) was named July 1 manager of the engineering department of the Philadelphia Electric Co., Philadelphia, Pa., with which he has been associated for quite a few years. A member of the American Institute of Electrical Engineers, the Engineers Club of Philadelphia, and the Cornell Society of Engineers, he is president of the company's employees' association. Gaty lives at 532 South Bowman Avenue, Merion, Pa.; belongs to the Cornell Club of Philadelphia.

'25 AB—**George E. Bliss** is assistant advertising manager of Pepsi-Cola Co., 3 West Fifty-seventh Street, New York City. Formerly with Donahue & Coe, advertising agency, Bliss is a member of the ALUMNI NEWS advisory board.

'25 ME—Since February, 1947, **Leo K. Fox** has been on the staff of the National Electrical Manufacturers Association, 155 East Forty-fourth Street, New York City, as secretary for the appliance sections. He lives at the Cornell Club of New York, 107 East Forty-fourth Street, New York City.

'26 AB—**Harwood F. Merrill** (above), who received the Master's de-

gree in Business Administration at Harvard Business School in 1928, has been elected president of the School's alumni association. Formerly managing editor of *Forbes Magazine*, Merrill is vice-president of *Magazines of Industry, Inc.*, 347 Madison Avenue, New York City, chairman of the company's editorial board, and editor of *Modern Industry*, magazine of industrial management. He is past chairman of the New York Business Paper Editors.

'27 ME — "Recently adopted a daughter named Deborah, candidate for Class of 1967," writes **Henry S. Germond III** of RFD, Little Silver, N. J. Germond is sales manager of Revolver Co., North Bergen, N. J.

'27, '28 AB—**Benjamin L. Johnson, Jr.** has moved from West Ninth Street, New York City, to a home he bought at 39 Barbary Lane, Roslyn Heights, L. I.

'27, '29 BLA, '40 BAch—**Richard C. Murdock** lives at 47 East Eighty-seventh Street, New York City 28. "This new mailing address means I have found an apartment and moved in," he explains.

'30 ME—**James P. Tattersfield** is still with Babcock & Wilcox de Mexico, S. A., but now has charge of all the Caribbean area besides Mexico. Tattersfield has four children: James P., Jr., Eugenia, Robert, and Anthony. His address is Apartado 416, Mexico, D. F.

'32 AB—**Renée S. Kay** was married to W. G. Hampton June 26 in Manhasset where they now live at 120 Remington Road.

'33, '34 BS—**D. Howard Clements** is manager of the Hamilton Club in Lancaster, Pa.

'33 AB, '36 LLB; '37 BS—**Hubert G. Hanson** and Mrs. Hanson (**Hazel Oldham**) '37 moved last year to 19 Chapel Lane, Riverside, Conn., next door to **George F. R. Plass** '38. The Hansons have two daughters, Carol Ann, three years old, and Margaret Lucile, born February 3. A former lieutenant colonel, AUS, with fifty-six months of duty to his credit, Hanson has been awarded the Legion of Merit since he left the service and returned to law practice in New York City.

'36 BS in AE—A son, Jonathan Henry Godshall, was born June 9 to **Henry S. Godshall, Jr.** and Mrs. Godshall of RD 2, Media, Pa., who have one other child, a daughter, Joan. Formerly assistant to **James Lynah** '05 when he was Director of Physical Education and Athletics, Godshall is now with Scott Paper Co. in Chester, Pa.

'36, '39 AB—**Frederick W. Ritter, Jr.** and Mrs. Ritter of 14 Violet Lane, Hicksville, L. I., have a daughter, Kathryn Astrid Ritter, born August 1. Their son is sixteen months old. Ritter, who is the son of **Frederick W. Ritter** '09, is in sales with Times Appliance Co., New York City.

'37, '42 AB—**William C. Eisenberg** is an accountant with Sims & Green of Syracuse. He and Mrs. Eisenberg (**Alice Bailey**) '36 live at 44 Leitch Avenue, Skaneateles; have three children, Lucy, eight years, Frederic, five years, and Mary Alice, twenty months.

'38 BS—Mrs. John Krueger (**Mary Latham**) of 7 Ridge Terrace, West Caldwell, N. J., gives Robert Berner Krueger, born April 23, as her excuse for not attending Reunion in June. She also has another son, John Latham, born in 1942, and a daughter, Elizabeth Van De Mater, born in 1944.

'38 BS — Lieutenant Colonel ★ **Robert C. Taber** (above) is the new assistant chief of staff and G-1 of the 82d Airborne Division, Fort Bragg, N. C. On active duty for eight years, Colonel Taber was an instructor in ROTC at the University from 1940-42, then was assigned to the 4th and 6th Armored Divisions, and early in 1944 was shipped overseas. He was sent first to Africa, then to Burma, where he was promoted to lieutenant colonel and served with the Pack Artillery Battalion and Corps Artillery S-3, and finally to China in the planning section of China Theatre Headquarters at Shanghai. He was awarded the Legion of Merit, the Soldier's Medal, Bronze Star, Purple Heart, and two decorations from the Chinese Government, one of which is the Cloud Banner. After his return from overseas, Colonel Taber became a gunnery instructor at Fort Sill, Okla. This

year he graduated from the Parachute School at Fort Benning, Ga.

'39 ME, '44 PhD—**George F. Carrier**, son of **Charles M. Carrier** '16, was promoted July 1 to professor of engineering at Brown University, Providence, R. I. From Cornell, where he was a graduate instructor in Machine Design, he went to do research on the Pratt and Whitney project at Harvard University before joining the Brown faculty in 1946.

'39 BS in AE; '38 AB—**John F. Church** is assistant to the president of Kewanee Oil Co., Philadelphia, Pa., oil producers with mid-continent oil fields. With Mrs. Church (**Jeanne White**) '38 and Susan, born April 11, 1943, and Patricia, born last May 15, he lives at 1620 Ridgeway Road, Havertown, Pa.

'39 AB; '00 ME(EE)—**James M. Gilchrist, Jr.** of 128 East Eighth Street, Hinsdale, Ill., has been transferred to the American Legation at Pretoria, South Africa, as second secretary. Since entering the Foreign Service in 1941, he has served at Managua, Lagos, Brisbane, and recently as second secretary at Canberra. He is the son of **James M. Gilchrist** '00.

'39; '38 AB—**Walter H. Ingberman** and Mrs. Ingberman of 2457 Lefebvre Avenue, Wauwatosa, Wis., have a daughter, Christine Ann Ingberman, born August 19. The baby has two sisters, Janet, eight, and Mary Louise, five.

'39, '40 AB—**Charles H. Kenerson** is a sales engineer with aeroproducts division of General Motors Corp. His address is Box 253, Nandalia, Ohio.

'39 BS—**Marcel F. Mulbury** of Peru, R 1, is a partner in Northern Orchard Co., which has 170 acres of apple trees. He is married to the former Marian Cheverette and they have a daughter, Jane Ruth Mulbury, born May 31.

'39—**Charles M. Scholz, Jr.**, formerly with the Pittsburgh, Pa., branch, of American LaFrance-Foamite Corp., writes: "I have changed positions and am now with B. F. Goodrich Co., Akron, Ohio, heading up fire hose in the hose sales group of the industrial products division." Scholz lives in Akron at 357 Mission Drive.

'40 ME—Address of **Newman M. Marsilius, Jr.** is RFD 4, Briarcroft Avenue, Bridgeport, Conn.

'40 EE—**Kenneth J. Sorace**, development engineer with Lamson & Sessions Co., Cleveland, Ohio, is active in the Air Force Reserve unit in Cleveland, flying regularly at the Army Air Base in the city. The Soraces, including, Peter Calhoun Sorace, born last

December 22, live at 3670 Normandy Road, Shaker Heights, Ohio.

'40 DVM; '36—Dr. **Ralph E. Witter** has resigned as assistant professor in the school of veterinary medicine at Kansas State College to join the faculty of the veterinary college at the University of Illinois in Urbana. Mrs. Witter is the former **E. Gertrude Smith** '36.

'40 BS in AE(ME); '40, '41 BS—A fourth child, **Jean Barrett Baxter**, was born July 31 to **Charles R. Baxter, Jr.** and Mrs. **Baxter (Priscilla Coffin)** '40 of 361 Summit Street, Manchester, Conn. The baby is the granddaughter of **Foster M. Coffin** '12, Director of Willard Straight Hall, and the niece of **Jean B. Coffin** '42. The other Baxter children are boys.

'40 BS—**Dort A. Cameron** is head of the farm department of Lincoln Rochester Trust Co., Rochester. He has two sons, two and four years old, lives at 3 Palmyra Road, Pittsford.

'40 BS—Mrs. **Jerome Taylor (Jane Hodshon)** of Chalfont, Pa., has a fourth child, **Sarah Taylor**, born this spring.

'41, '42 BS—A daughter, **Judith Ann Overman**, was born August 1 to Dr. **Joseph D. Overman** and Mrs. **Overman (Mary Lou Garmong)** '67 Kuhlthian Avenue, Milltown, N. J.

'41 BS; '41 BS—A third son, **William Bradley Hopson**, was born August 9 to **David R. Hopson** and the former **Florence Miner** '41. The Hopsons have a farm in Dolgeville.

'41 BS—From **Hugh M. Kring** of 1066 Pelhamdale Avenue, Pelham Manor: "After managing the home farm for five years, I took up my belongings and moved to Pelham Manor. After working as a dishwasher, and subsequently chef, at Beckwith's Beach and Tennis Club, I finally landed a job as counterman with the Northeast White Tower Corp. My health is fine and I like my environment very much."

'41 BS in AE(ME)—**Robert C. Ross**, planning engineer, Kodak Park, Eastman Kodak Co., Rochester, took the State examinations for a professional engineer's license in July. He lives at 28 Dorking Road, Rochester 10; has two daughters, the youngest, **Jacquelin**, born March 5. He reports that **Robert J. Hoyle** '41 recently joined Eastman Kodak, that **Edward King** '41 is with Taylor Instrument Co., and that **Leonard Lewis** '41 has left General Motors and is back at his home in New York City.

'41 AB—Mrs. **J. C. Neavles (Janet Talmadge)** of 408 Newport Avenue, Webster Groves, Mo., has a daughter,

Rosemary Neavles, born July 12. Mrs. Neavles is a pediatrician.

'42, '47 BArch; '47 AB—**Donald B. Goldsmith** and Mrs. **Goldsmith (Renée Brozan)** '47 have moved to 59 Manchester Road, Tuckahoe.

'42 AB—Captain **Emily C. Gorman** (above) has been assigned to the Women's Army Corps Training Center, Camp Lee, Va., as the S-3 (Plans, Operations and Training) officer. Enlisting in the WAC in July, 1942, she was commissioned a second lieutenant the following October, was promoted to first lieutenant in April, 1943, when she was assigned to the Administrative Section, Plans and Training, First WAC Training Center. From June, 1945, to October, 1946, she served with the Allied Control Authority in Berlin, Germany, and has recently been with the WAC Training Group in The Adjutant General's Office in Washington, D. C. Captain Gorman's home is at 150 North Jefferson Street, Pulaski.

'42 BS; '42 AB—"If you're ever around Crystal Lake in northern Michigan, do have lunch at the Cherry Hut!" That is the advice Virginia Brown gives in the June issue of the Farm Journal in her article, "Cherry Pie—1/2 Mile," on the Cherry Hut run by **James L. Kraker, Jr.** and Mrs. **Kraker (Dorothy Dodds)** '42 in Beulah, Mich. "It's the prettiest place, with its white picket fence, happy red-and-white striped awnings, and window boxes overflowing with geraniums," she continues. "The red tables shaded by mushrooming umbrellas are just what travelers hungrily hunt for at meal-time, but seldom find. Better yet, the Cherry Hut's flaky-crust cherry pies, tart cherry-ade, ruby jars of cherry jam, jelly, and conserve, its thick sandwiches of roasted Michigan turkey, rich cherry sundaes are all so good they make customers stop again the next time

they pass." The Cherry Hut was started by Kraker's parents, **James L. Kraker** '12 and Mrs. **Kraker**, years ago. The younger Krakers took it over in 1946.

'42, '43 BS—**Mary Lou McCutcheon**, chief dietitian at Horton Memorial Hospital in Middletown, was married June 27 to **Richard W. Milburn**. Mrs. **Robert Akins (Louise Sargent)** '42 was matron of honor. The Milburns live in Middletown at 60 Prospect Avenue.

'42 AB—**Carolyn C. McEwan** has completed work for the MS at Columbia University in the New York School of Social Work and will soon return to Port Arthur, Tex., where she is on the staff of the child welfare division of the Texas State Department of Public Welfare. Her address in Port Arthur is 1248 Procter Street.

'42 AB—Mrs. **E. Stone Bowling (Laura McIntire)** of 23 Wonson Street, Gloucester, Mass., has a son, **Michael Stone Bowling**, born August 21. Her husband, a graduate of Babson Institute of Business Administration, is with Swift & Co., Salem, Mass. The Bowlings also have a daughter, **Jean McIntire Bowling**, who will be three years old in November.

'42 AB—**Richard L. Quigg** of 620 West Twenty-first Street, Pueblo, Colo., is sales manager of Vidmar-Mathis Motor Co. (Oldsmobile).

'42 LLB—**John W. Reed** has been awarded a \$3,500 research fellowship at Columbia University school of law for the academic year 1948-49, for study in the field of procedure. He has been granted leave of absence from his position of associate professor of law at the University of Oklahoma, Norman, Okla. A former editor-in-chief of the Cornell Law Quarterly, Professor Reed is faculty editor of the Oklahoma Law Review, a quarterly law review recently started at the University of Oklahoma law school.

'42 BS in AE—August 18, a son, **Harry Mark St. John III**, was born to **Harry M. St. John** and Mrs. **St. John** of 38 High Street, Farmington, Conn. **Harry M. St. John** '10 is the grandfather.

'42 BS—A son, **Frederick A. Schaefer IV**, was born June 15 to **Frederick A. Schaefer III** and Mrs. **Schaefer**, PO Box 3020, Honolulu 2, T. H. Assistant to the manager of the plantation department of Theodore H. Davies & Co., Ltd., Schaefer is currently an Infantry battalion commander with rank of major in the National Guard. The Schaefers are having a new house built on Kaneohe Bay Drive in Honolulu.

'43 PhD; '44 BS—"My husband, **Wayne A. Bowers**, and I have been

living here in Chapel Hill, N. C., since September, with our son Johnny who was born at Los Alamos, New Mex., March 7, 1945," Mrs. Bowers (**Maryellen Severinghaus**) '44 wrote this summer. "After leaving New Mexico we lived for two and a half years in Cambridge, Mass., where Wayne was research associate at MIT. He is now associate professor in the physics department here at the University of North Carolina. Our daughter, Margaret Ellen, was born last February 15."

'43 BS; '42 AB—A daughter, Mary Emily Cameron, was born March 22 to **Donald E. Cameron** and the former **Clara Zink** '42. Her grandfather is **George W. Zink** '12 and her aunt is **Mary S. Zink** '38. Cameron was unable to attend his Five-year Reunion because he was in Almirante, Panama, at the time, working on a project at the United Fruit Co. for General Foods Corp. Central Laboratories, Hoboken, N. J. He writes: "The first day I came to Almirante, I had flown over jungles for several hours after leaving the Canal Zone and landed on a very muddy airstrip out at Changuinola. I had then taken a motor car on the narrow gauge railroad into town and thought I was about as far away from the influence of the Hill as it was possible to get. Then imagine my utter amazement when that night

a few of the Fruit Co. employees who had lived in the States came over for dinner with their wives and the first person I saw was Mrs. Jim Koppers (**Faith Farnham**) '43." Koppers, while an ensign, USNR, spent some time at Cornell. Mrs. Koppers is the daughter of Professor **William H. Farnham** '18, Law. The Camerons bought a home last fall on Butler Pass, Mt. Tabor, N. J.

'43 BS in AE(ME)—**Arthur J. Clark, Jr.**, senior stress analyst with Curtiss-Wright Corp. Propeller Division in Caldwell, N. J., has received the MME at Polytechnic Institute of Brooklyn. He lives at 40 Knollwood Road, Short Hills, N. J.; has two sons, **Arthur J. Clark III**, four years old, and **Durward Stuart**, born April 5.

'43 BS; '44, '47 BS—**Elizabeth A. Kehoe** and **William M. Quinn** '44 were married July 24 in West Winfield. Quinn is with General Mills Farm Service Division in North Jackson, Ohio, where they make their home. Before her marriage, Mrs. Quinn was with the Syracuse Home Bureau.

'43 AB—**Marion E. Keller** has just returned from Europe after a year and a half of working for the State Department in London, England, and Geneva, Switzerland. She "travelled like mad" whenever she could get time off.

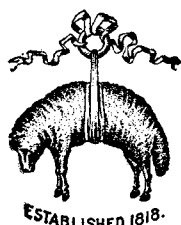

She will be in New York City (148 East Forty-eighth Street) until October 15, when she will go to San Francisco, Cal.

'43 BS—A second child and first son, **Clarence Barton Mitchell III**, was born July 10 to **Clarence B. Mitchell, Jr.** and Mrs. Mitchell of 1212 Summit Avenue, Fort Worth, Tex. Daughter **Elizabeth Ann** is three and a half years old.

'43 BS in AE(ME)—**Richard L. M. Rice** is now located in Dallas, Tex. Chance Vought Aircraft, with whom he is an industrial engineer, have moved their entire plant from Connecticut to that city. The Rices have bought a home in Dallas at 3539 Durango Drive.

'43 BS—Mr. and Mrs. **Harry J. Babcock (Marion Shields)** of 627½ Wells Avenue, Reno, Nev., have a son, **Donald Woods Babcock**, born June 5.

'44 BEE—**Meredith Cushing** of 204 Morton Street, West Springfield, Mass., writes: "Since I left college, I spent eighteen months in the Navy as an ensign. I married soon after entering the service **Meredith Boyd** from West Springfield. We have a daughter two and a half years old. After getting out of the Navy, I took a job with **Friendly Ice Cream Corp.** [as retail ice cream store manager] here in West

YOU CAN'T GET A BROOKS SUIT FROM ANYBODY BUT BROOKS BROTHERS

There are a number of things that make Brooks Brothers' Ready-made Suits quite remarkable. The mere fact alone that every one of them is so readily identified as a "Brooks Suit" indicates an unusual individuality not easily achieved in ready-made clothes. They're made in our own work-rooms...from our own woollens...on our own patterns...and you can't get them from anybody but Brooks. They're exclusively made and exclusively sold...to keep them *exclusive*.

Ready-made Suits, \$95 and \$115

ESTABLISHED 1818

Brooks Brothers,

Pian**, structural engineer with Smith, Hinchman & Grylls in Detroit, Mich., became assistant professor of civil engineering at Michigan State College, East Lansing, September 1. Pian married Mabel Mei-Po Lou, graduate student in foods and nutrition at Michigan State, September 4. They spent their honeymoon in Manistee on Lake Michigan.

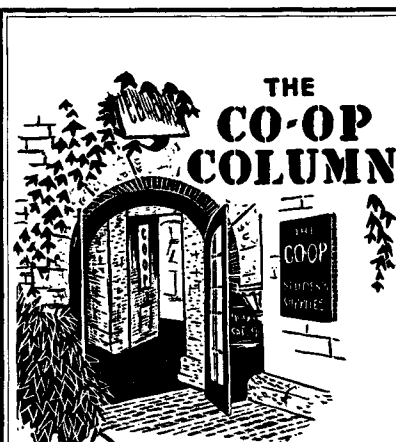

'45 BS—**Mary Lou Scheffler** was married to Arnold B. Rose July 10 in New York City. **Helen F. Cunningham '45** was maid of honor. The Roses are living at 503 Eighth Avenue, Asbury Park, N. J. Rose, an alumnus of Columbia, is with the sales department of John Sexton & Co.

'45, '44 AB—**Theodora A. Uelzman** was married to Benjamin E. Longenecker, Jr. May 29. They are living at 327 South Juniper Street in Philadelphia, Pa., where she is a medical record librarian in a children's hospital and he is in his fourth year at Jefferson Medical College.

'45—First Lieutenant **Herbert ★ B. Winkeller**, USA, Hq. Co. 32d Infantry, APO 7, Care PM, San Francisco, Cal., writes: "After eighteen months in Korea, I feel that I should take out initial citizenship papers. Mrs. H. B. (former Leah Jane Howell, Nebraska '43) is now in Colorado for the summer along with daughter, Andy Lee. I hope to be back in the United States within the next six months. That is a very optimistic and desired statement."

'46, '45 BME—**Richard D. Beard**, General Electric service engineer on Diesel electric locomotives, has been transferred to the Buffalo office of GE. Before that, he spent three months as service engineer on The Freedom Train, traveling from Albany through the Southern States as far as Shreveport, La. His address in Buffalo is 51 West Balcom Street.

'46, '45 BEE—After receiving the MS in EE at Stanford University in June, **Dwight W. Brede** joined International Engineering Co., Inc., in San Francisco, Cal. His address is 3905 Clay, San Francisco, Cal.

At the time this ad was written, the Campus was just beginning to come to life after a drowsy summer. Prospective Freshmen, fond parents, new, shiny cars, football heroes, and all the rest of the signs and omens that spell another fall season at Cornell!

We knew when we wrote the ad that we were going to be pretty busy for a long time, but we have fifty-three years of experience and we are calm about the whole thing. We know that you will recall those hectic fall days when you were a Freshman, and although time marches on, the old customs and traditions still remain.

We have the **Fall Sports Schedule** ready, and a post card will bring a copy to you. There are five football games at Ithaca this year, and you should plan to be back for at least one of them.

Just one note of commercialism this time: The **Cornell Cocktail Shaker** is back in stock and it matches the **Cornell Glasses**. Forty-ounce size, glass with Cornell Seal in Red and White, chromium pour-out top, for \$4.00 postpaid.

THE CORNELL CO-OP

Barnes Hall

Ithaca, N. Y.

'46 BS in CE; '48—A daughter, Regan Dallas Eddy, was born to **Nicholas B. Eddy** and the former **Louanna Cramer** '48 February 28 in Hartford, Conn. The family lives in Pleasant Valley, Conn., as does also a grandmother, Mrs. **Mary Louise Barnes Eddy** '26. **Jonathan L. Eddy** '24 of Northport is a grandfather and two of six living great-grandparents are Professor **Fred A. Barnes** '97, Railroad Engineering, Emeritus, and Mrs. Barnes of Ithaca.

'46, '45 AB—"I just came back from a trip to Europe—Italy, France, and Switzerland," writes Mrs. Alfred S. Eiseman, Jr. (**Alberta Friedenberg**) of 9 East Ninety-seventh Street, New York City 29. "Otherwise I would never have missed our 'Baby Reunion'," she adds.

'46 AB—**Florence R. Kagan**, a teacher in New York City, spent the summer in Europe as one of 300 persons selected to study "The Marshall Plan in Action." She visited England, Scotland, France, Holland, Belgium, Luxemburg, and Italy, returning September 10. Miss Kagan's address is 2925 Matthews Avenue, Bronx.

'46, '44 AB—**Marvin E. Landau** married Millicent Gladstone in June; has become associated with Furst,

Schwartz, Schwager & Landau, counselors at law, 425 Fourth Avenue, New York City 16.

WANTED: Alumnus and veteran fiancé appeal to the romanticism of all Cornellians! Do you want to help the course of true love? A small apartment in New York City or its boroughs is the open sesame for our wedding in December. If you want to really feel like Santa Claus when Christmas rolls around, please let us know of any available apartment. Address Box C, Cornell Alumni News, 18 E. Ave., Ithaca, N.Y.

It's a Musical Cigarette Box It Plays "Far Above Cayuga's Waters"

It's a fine piece of furniture that any Cornell Alumnus would be proud to have in his home. It is constructed of blond mahogany and rests on black scroll feet—its design is typically Chinese. The music movement enclosed in the box is imported directly from Switzerland.

IT'S NOT TOO EARLY

Necrology

Miriam Birdseye, lecturer from 1913-14 and assistant professor in Home Economics Extension from 1914-17, died in Carmel, Cal., September 4, 1948. In 1917, she joined the US Department of Agriculture and became associated with the work of State Extension home economics specialists. From 1922 until her retirement in 1946, she was Extension nutritionist. Her brother is Clarence Birdseye, inventor of the quick-freezing process of preserving foods.

Alice May Johnson, former assistant professor of Home Economics and head of the Homemaking Department, was killed in the crash of a Northwest Airlines plane near Winona, Minn., August 29, 1948. At Cornell from 1943-47, she left to become Eastern States representative for Corning Glass Works, with headquarters in New York City.

Mrs. Flora H. Stevens, who retired several years ago after twenty-six years in the readers and reference division of the College of Agriculture Library, died in Ithaca, September 2, 1948. She attended the Ithaca Conservatory of Music and sang in many Ithaca churches. Her home was at 316 South Aurora Street.

'82—Alvin Howard Sanders, for fifty years until his retirement thirteen years ago editor of the Breeder's Gazette, July 17, 1948, in Wayne, Pa. He was the author of a dozen books, including five standard histories of leading breeds of livestock, one of which merited the French Government's cross of "Officier du Mérite Agricole." He was also designated a chevalier of the Order of Leopold by the King of Belgium. In 1900, Sanders was the US Commissioner to the Paris Exposition, and from 1908-12, vice-chairman of the US Tariff Board.

'89 LLB—Frederick Campbell Hanford, July 6, 1948, in Rochester, where he practiced law for many years. His address was Seneca Hotel, 126 Clinton Avenue, S, Rochester 4. Phi Delta Phi.

'91 CE—Earl Brink Lovell, retired Columbia University professor, August 23, 1948. After instructing in Civil Engineering for two years, he joined the Columbia faculty; was chairman of civil engineering from 1916 until his retirement in 1934. He was advisory engineer and manager of the survey department of Lawyers Title & Trust Co., New York City, 1907-33; president from 1933-38 and chairman of the board from 1938 of Earl B. Lovell, Inc., engineering and surveying firm, New York City. He operated the Lovell Farms, one of the largest dairy farms in Cortland County, near Marathon.

'96 CE—Leslie Muller of Route 2, Box 315 F, Shelton, Wash., April 30, 1948.

'99-'00 Grad—Charles Austin Beard, noted historian, author of some thirty

books on American history, September 1, 1948, in New Haven, Conn. He lived in New Milford, Conn. Generations of students have used his textbooks. The Rise of American Civilization and America in Mid-passage, written with his wife, Mary Beard, are classics in their field. Most of Beard's books aroused controversy, especially his last, President Roosevelt and the Coming of War 1941: A Study in Appearances and Realities. Beard was a professor at Columbia from 1907-17.

'99 AB—Mrs. Frank Bradt (Edith Elvira Bloomingdale) of 629 Thirteenth Street, Niagara Falls, December 1, 1947. Daughter, Mrs. Wilbur F. Connell (Dorothea Bradt) '25.

'99 AB, '01 AM—Sara Cecilia Knox, former Latin teacher at Cascadilla School, and an examiner in Latin for the New York State Department of Education for twenty years, August 15, 1948. She lived in Forest Home, RD 2, Ithaca, with her sister, Helen M. Knox '97. Brother, the Rev. Herbert W. Knox '94.

'00—Dr. Edith Estella Shears, obstetrician at the New York Infirmary for Women and Children for twenty years before her retirement four years ago, August 17, 1948. She lived in Lakeville, Conn.

'01 ME—Ward Dix Kerlin, retired executive of the Camden, N.J., Forge Co., August 23, 1948, at his home, 200 East Central Avenue, Moorestown, N.J. He acquired a one-third interest in the Camden Forge Co. in 1906 and was its secretary and treasurer until he retired in 1945. From 1939-45, he was on the board of directors of the Federal Reserve Bank of Philadelphia, Pa. Mrs. Kerlin is the former Sarah Gilbert '02. Beta Theta Pi.

'01 AB—Ewell Nalle, May 20, 1948, in Austin, Tex. His business interests included lumber, real estate, carbon black, and oil. His address was Box 776, Austin 4, Tex. Beta Theta Pi.

'03 AB—Commander William Bernard Zimmer, USNR (ret.), a veteran of three wars, September 6, 1948, in New York City, where he lived at 30 Fifth Avenue. An authority on naval supply, he was assigned during the recent war at the New York Navy Yard as confidential aide to Rear Admiral Arthur H. Mayo, handling procurement of critical supplies. He had been a member of the law firm of Zimmer & Geitelman of Rochester, was district attorney of Monroe County in 1915-16, and special assistant attorney general of New York State from 1928-31.

'05—Dr. Patrick Edward Larkin, team physician for the Washington American League Baseball Club since 1912, August 18, 1948, in Washington, D.C., where he lived at 2500 Q Street, NW. He was the first Freshman to play Varsity football at Cornell, playing at left end on the 1902 team. Later, he assisted in coaching football here and also coached baseball and football at Georgetown University and Carlisle Institute. A bone specialist, he was consulting physician to Georgetown athletic teams and the Washington Redskins, senior consultant in orthopedic surgery at Mt. Alto Veterans Hospital in Washington, professor of orthopedic surgery at Georgetown Hospital, and chairman of the medical advisory board of the District of Columbia Chapter of the National Foundation for Infantile Paralysis. In World War I, he served overseas as a captain in the Army Medical Corps. Sister, Mrs. William S. Abbott (Katherine Larkin) '08.

'06 MD—Dr. Edward Louis Friedman, August 9, 1948, at his home, 69-57 108th

Street, Forest Hills, Queens, where he also had his office. He was a physician with the Veterans Administration in New York City. Son, John M. Friedman '34.

'06—**Albert Merriman Skinner**, architect, August 12, 1948, in Watertown, where his address was 228 Arsenal Street. A veteran of General Pershing's staff in France, he returned to duty in 1942, served in Washington, D.C., and later was sent to Europe to study the effects of aerial bombings in Germany.

'07 AB—**Alfred Pettis Howes**, president and founder of the Howes Publishing Co., New York City, publisher of trade journals, including the American Dyestuff Reporter, Knit Goods Weekly, and the Textile Colorist and Converter, August 21, 1948, at his home in State Line, Mass. After being with various New York Stock Exchange houses until 1914, he was with Cheltenham Advertising Service and then vice-president of Hewitt Publishing Co. until he organized his own firm in 1917. Howes was a member of the ALUMNI NEWS advisory board. Theta Delta Chi.

'09 CE—**Professor Scott Barrett Lilly**, chairman of the division of engineering at Swarthmore College, Swarthmore, Pa., August 19, 1948, at his home on Plush Mill Road, Wallingford, Pa. He taught at Swarthmore from 1910-17 and returned in 1929, after being with private engineering firms. He was a graduate instructor in Civil Engineering from 1909-10.

'10 CE—**Harry Archie Augenblick**, Newark, N.J., lawyer and member of the New York Stock Exchange, August 29, 1948, in New York City. He had been a founder and partner in the Stock Exchange firm of Augenblick & Kohn, senior member of the New York brokerage firm of Eisele, King & Studdiford, and a partner in the Newark law firm of Koehler, Augenblick & Freedman.

'11 BS—**Thomas Edwin Elder**, former dean of Mount Hermon School for Boys, Mount Hermon, Mass., September 8, 1948, in Cedar Grove, N.J. A director of the Holstein-Friesian Association, he was internationally known as an authority on Holstein-Friesian cattle and was judge at many cattle shows. He built up one of the best herds in New England while at the Mount Hermon School. Elder lived on his farm in Alton, N.H.

'12 BChem—**William Henry Pratt**, chemist and treasurer of B.G. Pratt Co., manufacturers of agricultural insecticides, May 22, 1948, at his home, 1046 Warren Parkway, Teaneck, N.J. He was a chemist for US Rubber Co. before joining the Pratt firm about 1914. Brother, Benjamin G. Pratt, Jr. '15.

'16 PhD—**Professor Merlin Harold Hunter**, head of the department of economics at the University of Illinois, Urbana, Ill., May 30, 1948. He had been on the Illinois faculty since 1916. Professor Hunter was a member of the board of editors of Social Science and was editor of the Bulletin of the National Tax Association, 1927-30. His books include Outline of Public Finance, Outline of Economic History of the United States, and Principles of Public Finance (with H. K. Allen).

'18 CE—**Ross Waldron McKinstry**, August 11, 1948, in Hinsdale, Ill., where he lived at 211 East Forth Street. He was a former president of the Cornell Club of Chicago and had been active in the Club's secondary schools program. Son, Robert E. McKinstry '45. Chi Phi.

'18 DVM—**Dr. Walter C. Snyder**, August 24, 1948, while vacationing at Saranac

REMINDER

(Courtesy Mother Nature.)

THE TURN of summer into fall is Nature's most poignant reminder of another year gone by.

It's a reminder that should make you think, seriously, that you yourself are a year closer to the autumn of your own particular life.

What steps have you taken . . . what plan do you have . . . for comfort and security in those later years?

You *can* have a very definite plan—one that's automatic and *sure*.

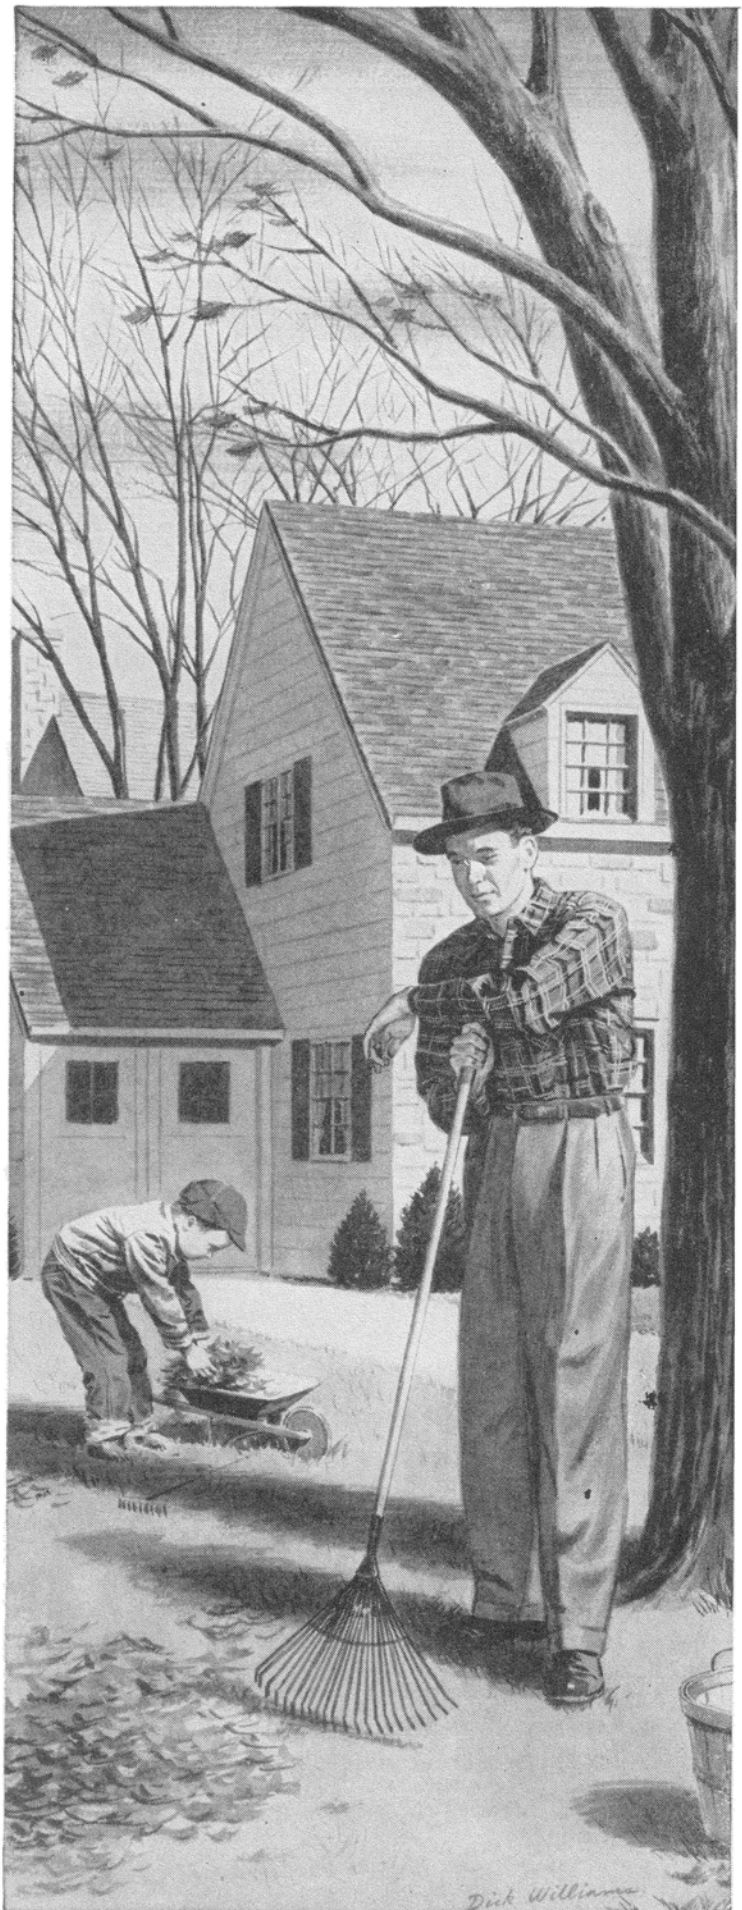

If you're on a payroll, sign up to buy U. S. Savings Bonds on the Payroll Plan, through regular deductions from your wages or salary.

If you're not on a payroll but have a bank account, get in on the Bond-A-Month Plan for buying Bonds through regular charges to your checking account.

Do this . . . stick to it . . . and every fall will find you richer by even more than you've set aside. For your safe, sure investment in U. S. Savings will pay you back—in ten years—\$100 for every \$75 you've put in.

**AUTOMATIC SAVING
IS SURE SAVING—
U.S. SAVINGS BONDS**

Contributed by this magazine in co-operation with the
Magazine Publishers of America as a public service.

"Lend me your ears" says science

It's no accident that you hear so clearly when you pick up your telephone. Bell Laboratories engineers are constantly at work to make listening easy for you.

When these engineers design a method to bring speech still more clearly to your ears, the new circuit is given many scientific tests. Then it gets a final check from a "Sounding Board" like the one pictured above.

This check shows just how the system will work in actual use. The men and women

represent you and many millions of other telephone listeners. Their specially trained ears check syllables, words and sentences as they come over the telephones. While they listen, they write down their ratings on the pads in front of them.

The Board members approve only when they are sure that the voice they hear is natural in tone, clear in quality and easily understood. Not until they are certain the circuit will suit your ear is it put into use.

BELL TELEPHONE SYSTEM

BELL TELEPHONE LABORATORIES *A great research organization, working to bring you the best possible telephone service at the lowest possible cost*
