Vol.XVII. No.24

November 18, 1931

Geneva, N.Y.

AT NEW YORK : Prof. Parrott left Geneva today to attend the Eastern Plant Board
CITY : meeting in New York City. The problems of plant and insect quaran-
tines affecting New York State will be considered by the members
of the board.

ANNUAL : The Third Annual Meeting of the Eastern Branch of the American
MEETING : Association of Economic Entomologists will be held Thursday and
Friday of this week in New York City. In addition to those giving
papers, the following members of the Division of Entomology expect to attend:
Messrs Hervey, Daniel, Gambrell and Harman. The following papers are to be given by
other members of the division:

The Oriental Fruit Moth in New York, P.J.Parrott
Experiments With Tar distillate sprays, F.Z.Hartzell, P.J.Parrott, and
L.R.Streeter
Notes on control of the apple leafhopper, P.J. Chapman
Naphthalene in root maggot control, Hugh Gladgow
Studies on control of apple curculio in the Champlain Valley,
O.H.Hammer
Relation of shelter to abundance of pear midge, F.Z.Hartzell
Tests with arsenicals on beans for the control of the Mexican
bean beetle, H.C.Huckett
Stink-bugs invade Hudson Valley Orchards, F.G. Munding
Experiments on the control of Empoasca fabae on young apple trees,
T.W.Reed

DIRECTOR : During the past week news of the death of E.H.Jenkins on November 6
JENKINS : was received at the Station. Dr.Jenkins had been associated with the
Connecticut Experiment Station since 1877. He had served as Director
Emeritus of that Station for a number of years. His death marks the passing of
another prominent pioneer in the field of agricultural science.

DR.HAMILTON : Dr.Hamilton returned to the Station on Saturday. He plans to
RETURNS : remain here until spring at which time his work will again
require his presence at Poughkeepsie.

EQUIPMENT : Wardrobes, filing cases, laboratory stools, and a certain
number of tables have been placed in Hedrick Hall. During the
past week three loads of cases of special design arrived from the Walker -Bin Com-
pany at Penn Yan. A car load of desks arrived from Buffalo on Monday. This infor-
mation confirms our prediction that the new building will soon be occupied.

MOVING : Certain members of the Staff have started to move some of their
equipment into the new building. It is unofficially reported that
the honor of the first settler in the new building fell upon Dr.Shuck. Dr.Shuck
entered his new office on Saturday, November 14th. The contemplated complete
installation of the elevator this week should stimulate the moving plan.

BADMINTON : Badminton, a popular winter sport in England and Canada, has been
introduced at the Station by the Kellys. The game is played
with rackets and shuttlecocks. The game is being played in the
auditorium of Jordan Hall. Zoltan Kertesz and George Pearce are two of the beginn-
ers who show great promise in the new game, The Kellys are thoroly familiar with
the technique of the game and have a group of enthusiastic followers in this new
department of sports at the Station.

Dr.kertesz returned from Milwaukee on Saturday. The 200 Wisconsin
SUCCESSFUL : Cannors Association members were deeply interested in the report
TRIP : of his results and the samples which he submitted for inspection.

-----: The main research laboratory of the Dairyman's League is being
AT : moved to Syracuse. The equipment is in place and several of the
SYRACUSE : workers have reported for duty. The new laboratory occupies the
-----: third floor of the Onondaga Milk Company which is operated by the
Dairyman's League. The proximity of this laboratory to Geneva will afford more
intimate contacts between the League and Station workers.

-----:
YOUR : The attention of every employee at the Station is directed to the
ATTENTION : change in location of the fire siren. The fire siren is now located
PLEASE : at the rear of the Entomology Building, the building which carries
----- the weather flags. Every one at the Station is requested to
cooperate with Mr. Wellington in the preventive of fires by reporting promptly fire
hazards, and like matters which place in danger the physical equipment at the
Station. There will be a fire drill tomorrow morning between 11 and 12.

-----:
OUR : Our congenial Mr. Campbell has had some rather trying experiences
SYMPATHY : during the past few weeks. During the hunting season his son was
-----: accidentally shot and has been in a critical condition since the
accident. During the past week the death of Mr. Campbell's father occurred.

-----:
TREASURE : Sixty Station Club enthusiasts have signified their intention to
HUNT : participate in a treasure hunt sponsored by the Club on Friday,
-----: November 20th. The hunters will assemble at Lafayette Circle at
seven o'clock. Old clothes, a flashlight, a car and a lot of pep will constitute in
the main equipment required for this venture. The hunt will require about two
hours after which coffee and sandwiches will be served at Jordan Hall. The News
has been requested to announce that this affair will be classed as a special event.
Special event number one in accordance with the plan of entertainment voted upon
at the last meeting of the Club.

-----:
PRINTING : The printing contract which expires on June 30, 1932 was officially
CONTRACT : received at the Station on Friday. This contract is held with the
-----: W.F. Humphrey Printing Company of Geneva.

-----:
STATION : "Station WELI has a program open to the members of your staff at
WELI : any time they come to Ithaca or at any time that any of them have a
-----: particular thing they would like to get on the air. We would be only
too glad to get a telephone call or a letter from the folks at the Station, offer-
ing a contribution to the program of WELI." This quotation of general interest
to the readers of the NEWS is taken from a letter received by the office of the
Editor from Mr. C.A. Taylor, in charge of Agricultural Radio Programs at Ithaca.

-----:
DR. MACK : Dr. Mack who has been appointed Associate in Research (Chemistry)
ARRIVES : to fill the vacancy created by the resignation of Mr. Green, arrived
-----: at the Station on Monday.

-----:
AMONG THE : Mr. and Mrs. J.D. Luckett were listed among the alumni returning to
FAITHFUL : Lafayette for the annual Homecoming Game. The boilermakers accustom-
-----: ed to unfavorable weather, defeated Iowa in spite of the rain.

-----:
ADDRESSES : At the Geneva High School Assembly held on Armistice Day, Mr. Tukey
ASSEMBLY : was the speaker selected to deliver the patriotic message of the day.
-----: Numerous favorable comments were convincing that the message was
favorably accepted by the students.

-----:
THE : The Station Quoit team got down to business during the past week and
CANCOS : defeated the strong American Can team. Present plans call for a contin-
-----: uation of the good work.

-----:
MISSING : Mr. Tukey is unable to locate his copy of Wilsons "The Cell", and asks
-----: that anyone to whom he may have loaned it to please inform him of
its whereabouts.

-----:
DEER : In a previous issue of the NEWS a group of Station hunters visiting
: the Adirondacks was listed. We are pleased to report at this time that
-----: the first hunters to return bagged deer. This rare experience was the
good fortune of Mr. Daniel, Mr. Harman, and Mr. Taylor.
