

DELTA KAPPA EPSILON FRATERNITY

Delta Chi Chapter at Cornell University

Office of the Alumni Historian

Report of the Alumni Historian, 2010

Submitted to the officers of the DELTA CHI ASSOCIATION, INC., and to the representatives of DELTA KAPPA EPSILON FRATERNITY AT CORNELL UNIVERSITY, INC., present at the Annual Business Meeting to be convened on 12 June 2010 at the Deke House, 13 South Avenue, Ithaca NY 14850.

1. **Scope.** The Alumni Historian conducts activities aimed at recording the history of the Delta Chi Chapter of Delta Kappa Epsilon Fraternity and preserving the chapter's documentary and architectural artifacts.
2. **Fiscal Year 2009-10 Activities.** Efforts to support the organization during the past year are summarized below.
 - Two studies were published in eCommons@Cornell:
 - ΔX of ΔKE Special Study #21: Annual Chapter Letters, 1920-1934.
 - Historical Register of the Delta Chi Chapter of Delta Kappa Epsilon at Cornell University, First Edition (1994, Redacted).
 - ΔX of ΔKE Special Study #08, "Overt Mottos of the ΔKE Fraternity and Chapters," has been completed (Draft: 1 June 2008), but issue has been delayed for want of a reliable brother schooled in classical Greek to check and proof the text.
 - ΔX of ΔKE Special Study #17, "Chapter Letters (*ΔKE Quarterly*)," has been completed, but is awaiting a final proof of the text.
 - The following unpublished ΔX of ΔKE Research Notes were updated.
 - Note #05: Playboy Magazine and the Cornell Dekes, 9 May 2010
 - Note #06: Anti-Coedism Philosophy and Mores, 15 May 2010
 - The following new ΔX of ΔKE Research Notes were composed.
 - Note #19: Maher-Weadon Student Campaign (1967-68), 30 May 2010
 - Note #20: East Hill Supply Company, 22 May 2010
 - Note #21: Gus the Greek, 23 May 2010
 - A number of English Wikipedia articles referring to the Cornell Deke House or to members of the chapter were examined and, in a few cases, corrected. The editors of Wikipedia rejected an attempt to enter an article on ΔX of ΔKE .
 - Extensive preparations to re-catalog the ΔKE Depository (Collection Number: 37-4-1535, Division of Rare and Manuscript Collections, Cornell University Library) during the week of 6-11 June have been made.
 - Playboy Enterprises was petitioned to allow publication of a modest photographic detail

from *Playboy*, **42**, #10 (October 1995), “The Women of the Ivy League,” pp. 128-137, with Ms. Lisa Bauer ’96. The petition was rejected and the study will remain as an unpublished research note.

- Brother Nicholas Robert Schunk ’09 is assisting in the correction and elaboration of the chapter’s Historical Register.
- The undergraduates led by Brother Jeremy David Fein ’12 participated in a review of ΔX of ΔKE Special Study #03, “Deke House Terms and Expressions, 1966-1970,” to determine if any of the jargon from that era was still in use. It was reported that very few terms were still current. A list of those “internal” terms found to be archaic follows.

Alpha Alumni Suite (now, President's Suite), Bell, Caculty Focktail, Card Room (now, Grasselli Room), Closet Case, Coffee Bush, Count 'em, Crisp Command Voice, Critic, Delta Chi Yell, Director of Ceremonies, Dweeb, Faculty Tea, Far Far, Far Near, Fire Protection Committee, Flick, Flick Report, Frater in Facultate, Frater in Urbe, Geek, George Harmon Coxe, III '53 Memorial Plaque, Grounds Committee, Guide (now Sergeant at Arms), Hook, Hot Ticket, Houseman's Closet (Now Broom Closet), Brother Iota (now brother Nu), Lambda, Last Call,, Leonard Moteè, Librarian, Liquor Closet (now Social Closet), Literary Exercise, Mama Said, Milk Punch, Movie Money, Mu, Near Near, Near Far, North Until the Roads Give Out, Norwood Lamp, Pig Book, Pledge Table, Pop, Pope Cat, Rabbit, Random Agent, Random Geek, Registrar, Rho, Ring, Routine, Rushing Slips, Scriba, Scriptor, Smoke Shop, Smooth, Student Committee, Swing, Troll's Room (now, the "Tool Room"), Tubbing, Tweeds, Way Out, Whiz.

3. Plans for Fiscal Year 2010-11 Activities. The library work planed for 6-18 June 2010 will permit the following publications during the next fiscal year.

- Writing and publication of Chapters VI and VII (1930-39 and 1949-49) of the narrative history of ΔX of ΔKE .
- Issue of an updated ΔX of ΔKE Historical Register.
- Issue of Guide to The Delta Kappa Epsilon Records, 1870—(Catalogs #1 to #8), Collection Number: 37-4-1535, Division of Rare and Manuscript Collections, Cornell University Library.
- Revision and extension of the Research Note series as appropriate.

Respectfully Submitted,

H. William Fogle, Jr.
Alumni Historian, ΔX of ΔKE

Appendix C — Historical Register Head Count Study

An update to the Association's Historical Register permitted an examination of the chapter's head count over the years 1870-2010. Two results are plotted in the figure below: the counts by class year and the running 4-year sums that correspond approximately to the chapter's head count.

This figure does not incorporate data recently provided by Brother Nicholas Robert Schunk '09.

Appendix E — Book Review, Δ X Annual Letter of 1928

Excerpt, *Delta Kappa Epsilon Quarterly*, XLVI, #4 (December 1928), pp. 471-472.

Dr Herbert D. Schenck, Delta Chi, '82, has again been elected editor of the Delta Chi Annual, a copy of which has just reached us. This is a booklet of very attractive appearance and contains a wealth of interesting and valuable information concerning the Delta Chi chapter which cannot help but be of great value to the fraternity at large. Here are gathered together all of the activities of the chapter during the past year. There is an account of the initiation banquet, the results of the rushing season, a complete list of Delta Chi members who have died during the past year, an interesting account of the Eighty-third Convention held in Detroit; listed in successive order are reports upon rowing activities, track meets, football, baseball, soccer, wrestling, tennis, music and dramatic clubs. The various positions held by the several members of the chapter are listed and a report of the year written by Dr. Schenck. The Alumni Committee maintains a list of good boarding houses in Ithaca for prospective candidates and has established a reunion Sunday at 13 South Street, with a luncheon at twelve-thirty, and a get-together dinner, in season, so that everyone will be able to meet the evening trains, east and west. At the close of the volume is given a complete roster of the Delta Chi chapter since its founding in 1870, up to and including the 1931 delegation. As in former annuals there is here assembled the name, occupation, and present address, where known, of each member of the chapter. In the case of deceased members the date of death is given. It is an invaluable record not only to the members of the Delta Chi chapter but to the fraternity at large. Such an annual issued by each chapter would make the publishing of the fraternity catalogue a simple matter and yield a volume complete and dependable. The chapter booklet is published annually and is largely the result of the disinterested labors of one man, Dr. Herbert D. Schenck of 75 Halsey Street, Brooklyn, New York. It is an attractive publication, richly bound, printed on good paper, in clear, readable type. It represents much labor and interest and reflects great credit upon the Delta Chi chapter and speaks volumes for her alumni whose interest and loyalty make its publication possible.

Jack Krieger presiding

In attendance:

Bob Platt	Mike Furman
Jack Krieger	Jason Lipnan
Frank Pinter	Jason Gar lack
Bob Malatesta	Matt Lasky
Jim Monroe	Steve Dieteman
Rob Goldwasser	Dan Dube
Michael Spolarich	Bill Kiernan
Bill Houck	Lin Davidson

Minutes of the 1994 meeting were waived.

The treasurer's report was presented. Year-end assets are listed as \$353,139. Jack indicated that this figure may not include expenditures made on the roof. Questions asked were:

- a) how does the facilities reserve fund operate and how did it grow;
- b) what is our actual fund raising cost and which account should it be paid out of

Nominating committee slate was presented. Jack indicated need for letter of thanks to Mike Curran.

Jack spoke of the recent passing of the recent passing of Brother Dick Ramin.

Jack spoke on the need for leadership gifts, but acknowledged that compromises are necessary, citing examples, such as two brothers with an encumbered family trust, one alumnus willing to give but dead opposed to phasing the work, others willing to make bequests. Jack noted that AZ raised 1.5 million with no gift greater than \$100,000.

Proposed: take the gift money coming in and finish trim, patch the stucco walls, shore up and finish the porch, copper gutters, etc., redo the first floor paneling, and repair the drainage problems and the driveway. Dave Preusch would be consulted on a professional basis as needed. Drainage is the biggest structural problem facing the house. We probably cannot reconnect storm water to the existing (formerly combined, now sanitary) sewer.

Historian's report was given.

Status of undergraduate chapter is pretty good, but rush is hard. We took in 12 pledges, but only 6 are freshmen.

Mr. Monroe suggested developing a priority list, geared toward duplication of work during phased construction.

Second floor bathroom was discussed.

Tab #2 — Delta Chi Association, June 8, 1996.

Introductory remarks and welcome were given by Jack Krieger.

The treasurer's report was presented. Our finances are in fairly good shape. In spite of significant improvements to the house our accounts are down only \$20,000 over the past two years. Dues are up 50 per cent over the past 12 months.

The previous revenue pattern had been 130 dues paying alumni and 30 gift donors in the course of a year. Now we have more gift donors than dues payers. Jack added that gifts range anywhere from \$25 to \$25,000.

We have severed our relationship with Stewart Howe.

Jack Krieger reported that improvements made in accordance with the 1995 meeting have been substantial:

- roof
- chimneys
- paint trim
- stone repointed
- new windows
- railings
- driveway
- courtyard
- drainage - no more leakage into chapter room anteroom

The second floor bathroom will be done in about a month. The third floor bathroom will also be renovated.

Proposal from Jack Krieger: Dave Preusch '75 had Wolfe and Co. perform a two-floor estimate of construction costs:

- a) redo the basement, bring the kitchen upstairs, add the courtyard exit - cost of \$610,000
- b) for second and third floors add \$750,000.

The estimated total cost with fees is \$1,500,000.

Proposed that we go ahead full speed and see if we can do this. Time is running out and we don't want to lose another year. Jack explained the giving tree concept. Agreed.

Actives Report - Dave Ruper indicated that we have a good pledge class in spite of the hard time that fraternities have been having (Sigma Pi closed).

Other Matters

A chapter Policy Handbook is in preparation

Jack wants to make a \$5,000 donation to the Dyson Fund. Agreed.

Current slate of officers stands.

OLD BUSINESS

Financial Report: For the year to date (11 months) we have the following:

- a) Total receipts are \$ 9019.00
- b) Dues collected so far are approximately \$4,000.00 - down significantly this year, but there has not been a second mailing yet.
- c) Investment income was approximately \$5,000.00
- d) Expenses this year have been as follows:

Professional fees	\$ 2,000
Taxes	2,167
Miscellaneous	882
Alumni Activities	14,572
Total	\$19,476

- e) The second mailing of dues notices was delayed because of house status issues.
- f) Assets under our direct control are \$43,526 with no liabilities
- g) The Cornell gift account shows approximately \$250,000 subject to possible billings from the University for work done on the third floor, second floor and women's bathrooms and on the entryway. Cornell can be very slow with its charging of expenses. Bruce Smith is no longer with Cornell so we did not have quick access to an exact accounting.

The treasurer's (financial) report was accepted as presented.

Report by Jack Krieger on Previous Board Meeting Activities

At a meeting on March 25, 1997, Jack talked about closing down the House after taking a poll of the

Board members. Nobody was really sure that closing and ultimate re-colonization would solve the types of problems that have been occurring. Randy Stevens suggested that a code of conduct be enacted and agreed to as an alternative to more drastic measures.

Lin Davidson described an October meeting with the actives regarding the issues of a resident advisor and assignment of responsibility for physical damage caused to the house. Apparently, some actives believed that these were the only issues to be addressed in any revised compact between the Fraternity and its undergraduate members. It was not evident to them that something more was needed, that the problems between the actives and the alumni involved more than these two issues.

The original compact was presented to the undergraduate chapter in April at a very stormy meeting. There was no agreement on the conditions in the compact. Jack requested the signed compacts back by May 15. The chapter requested to be allowed to deliver on May 16. The agreements that were to be signed by each brother were signed, but revised. The primary issue over which they balked was that of resident advisor. They went along with most other terms, but also tried to strike out the requirement for wearing a coat and tie at dinner once a week.

It is anticipated that this matter will be the subject of considerable discussion at the general meeting which will follow this board meeting.

ALUMNI AFFAIRS AND RELATIONS

In April, Don Weadon attended meetings with Randy Stevens and Tony Cashin on strategic planning for Greek living units under the auspices of the NMIFC. Don believes that this type of planning is the last best hope for fraternities to remain viable on American college campuses.

Cornell has developed a strategic plan for the role of fraternities in the University's future. This plan was a joint product of the IFC members as well as various representatives of the University Community. The Delta Chi Chapter unfortunately did not participate in this process. Don believes that the plan offers leadership opportunities for our fraternity, but that the actives, with the support of the alumni, must get onboard.

Dave Eastlick reported that we have a reactivated chapter at Rutgers University and a new chapter at DePaul University in Chicago.

The annual convention will begin on August 10 in New Orleans.

Mr. Eastlick has been involved with Robert Livingstone in introducing HR 980, The Freedom of Speech and Association Act, intended to address the prohibition of single gender affinity groups at colleges such as Middlebury and Colby.

Jim Curry (Kerry ?) of Zeta Psi has formed a national IFC group - ROAR - with Bill Simon involved. They have received a \$40,000 grant for legal affairs. There may also be funding from the Olin Foundation.

One of its goals is to redefine the fraternity and its role in college life. In this context, the big problem with the Cornell Plan is that a three year slide can end the life of a 100+ year old organization. The Cornell Plan does not involve the National fraternal organizations nor did it involve the national IFC organization.

ELECTIONS

Jack Krieger proposed Don Weadon as Chairman. Mr. Weadon was nominated by Lin Davidson and seconded by Bill Houck. The vote was unanimous and Mr. Weadon is the new Chairman.

NEW BUSINESS

On June 6 Don Weadon, Jack Krieger and Dave Eastlick met with University representatives Randy Stevens and Sue Murphy to discuss the fate of the chapter. As stated earlier in these minutes, there had been a very negative response in April to the Code of Conduct proposed by the Board, with a great deal of personal anger directed at Jack Krieger. Susan and Randy were informed of the Board's current plan to close the house, including the prohibition of any summer residents whatsoever.

Basically, the University does not want University owned property left unoccupied for any period of time, due to potential undetected deterioration, nor can it assume the financial liability of bringing buildings such as the Deke House up to code. Randy asked us to reconsider, by giving the actives a chance to sign the conduct agreement in return for being allowed to remain in the house.

It was agreed that five actives can stay in the house over the summer if they agree to sign the conduct agreement, and that a similar policy will hold in the fall. This will permit our programs to go forward with people living in the house.

It was moved that the Alumni Association, represented by the Board of Directors, would hire a Residential Advisor and enter into a code of conduct agreement with each undergraduate member of the fraternity.

There was a very protracted discussion of the job description for the resident advisor (RA) and whether or not the code of conduct could be imposed without finalization of said job description. Messrs Furman and Saint-Marie raised most of the questions of this nature. The other major concerns were "big brother" in the Orwellian sense, and that the RA would be an embarrassment during rush. The counter argument was that our past RA's had generally improved the house's image during rush and usually had a very positive effect in any dealings with faculty or administration.

The motion was carried

Mr. Saint-Marie raised the question of bearing any negative cash flow that might result if a significant number (say half) of the brothers decided not to sign the agreement. This was an important question because there are very substantial fixed costs, particularly rent to the University. Mr. Eastlick believes that Mr. Stevens is so anxious to see the house continue, that the University might be willing to forgive some of the cash shortfall. The question that must be answered is whether this type of decision can be made by Mr. Stevens.

Mr. Saint-Marie proposed that there always be a non-voting board member from a recent class who would be invited to the meetings and who could serve as a liaison with the actives. Don Innes endorsed this and Don Weadon agreed that better communications were needed between the actives and the Board, and it was agreed.

Don Weadon described his 1,000 day Renaissance program, which, in conjunction with the physical renovation of the house would embrace the Cornell Plan and go it one better, turning DKE into a model for other fraternities on campus and possibly revive the residential college concept that many colleges basically plagiarized from the fraternity system.

The meeting was adjourned.

Respectfully Submitted,
William S. Houck

Tab #4 — Delta Chi Association, June 7, 1997.

Delta Chi Chapter of Delta Kappa Epsilon

The meeting opened with introductory remarks by Jack Krieger. Guests: Dave Eastlick, Omicron '69 and Jim Miller, our attorney, were introduced.

A report was given on the results of the Board of Directors meeting. Don Weadon '67 is the new chairman of the board.

The treasurer's report was presented. Results, year to date are as follows:

Dues	\$3,895.00
Dividends and Interest	5,124.00
Total	\$9,019.00

Dues are down from last year—a second mailing has not yet taken place.

Expenses are as follows:

Taxes (deferred)	\$2,167.00
Activities	14,572.00
Professional	2,175.00
Miscellaneous	882.00
Total	\$19,746.00

Assets stand at \$43,526.00

The gift account stands at approximately \$200,000.00.

Jack Krieger gave a brief report. We have been taking in an average of \$50 thousand per year into the gift account, based on no other effort than the newsletter.

Our fund raising expenses have been about \$14 thousand, consisting mainly of correspondence and three fund raising trips to see Robert Trent Jones and others.

Robert Trent Jones returned to the House in October, 1996. Jack explained our general plan for restoring the House. Jack also saw Jim Clark, Hays Clark and Howard (?) Bates.

Dave Eastlick gave a brief report on what's been going on at the national level. The fraternity now has 62 chapters. Rutgers is now open and there is a new chapter at DePaul University.

The national conference will be in New Orleans.

Mr. Eastlick has also been actively involved in students' rights issues (i.e. freedom of association), working closely with Don Weadon and Rep. Bob Livingstone.

Mr. Eastlick pointed out that colleges and Universities in this country have patterned their residential college systems after fraternities as they once were, and that it's time to change the image of fraternities. Fraternities need to fulfill the role that they were established for over a hundred and fifty

years ago.

Don Weadon, introduced as the new chairman of the Board of Directors, addressed the meeting. He distributed the strategic plan for fraternities. He pointed out that this is not a University policy, but rather the result of an iterative series of negotiations between the IFC, the advisory board, the AIFC, etc. Don participated in the ALFC meetings, although our chapter did not send a representative.

Don brought William Simon to see the House and meet the actives.

Don also commented on (and was upset by) the archives missing from the chapter room.

Don described a June 6 meeting that he and Jack Krieger had with University representatives Randy Stevens and Sue Murphy to discuss the fate of the chapter. This included informing them of a plan to close the House, including the prohibition of summer residents. It was made clear at this meeting that the University does not want the House closed or unoccupied. Mr. Stevens suggested an additional opportunity for actives to sign a previously rejected code of conduct agreement. He also gave Jack the impression that the University could negotiate with the Fraternity on financial issues if cash flow should become a problem.

Don stated that the Fraternity has to have a goal to strive for. He introduced his concept of a 1000 day campaign - 10 men, 100 brothers, 1000 days to redefine the role and the image of DKE and perhaps the fraternity system at Cornell.

The March Board of Directors meeting was also discussed. It had been decided to present the actives with the choice of a code of conduct and a resident advisor or closing the chapter with possible re-colonization in the future. This in turn led to a very stormy April meeting with the actives, at which time the above choices were presented. It was explained that the code of conduct requirement and the resident advisor requirement had been proposed and carried at the previous Board of Directors meeting.

Don Weadon read his resolution to those assembled (copy should be appended).

Elections:

President - Don Weadon

Treasurer - Frank Pinter

The nominees were elected by unanimous voice vote.

The meeting was called to order at 1:36 PM. Members present were:

Donald Alford Weadon, Jr.
William S. Houck
Franklin T. Pinter
Robert Malatesta
Norman Linsley Davidson
Homer William Fogle
George Nesterchuk
Robert Platt
Matthew Hyland
Absent: Willis T. King, Eugene Pierce

Order of Business:

Reading of minutes from 2005 was waived, minutes approved.

President's report:

- Quiet year, no skirting with probation;
- 14 pledges, 12 retained to initiation;
- Academics: still holding close to a B average, good compared to old days, lower third these days;
- We need volunteers for various tasks, such as Delta Chi Deke – Don cannot do it all. We need an editor to step up;
- Stewart Howe – strategizing on how to increase their effectiveness or bypass them. Not an easy task because of local competition for clients;
- We are working on better alumni tracking using demographics, age distribution, geographical distribution, occupational, etc.;
- Need to revisit video concept, with website presentation; get class captain program going again;

Discussed Curran-Davidson plan issues.

Authorized boiler study – moved and carried.

Extended discussion on laundry, possibly sharing powder room.

Discussion on third floor bathroom improvements, short life of last refurbishing.

Martin Kelly indicated that average fraternity improvement list is about 1 million.

Discussed possible retaining wall on front slope.

Authorized vote of gratitude for Martin Kelly.

Discussed Bill Fogle's placement of documents in University Archives. The Historian's printed report was presented. Our archives are probably the best organized and catalogued on campus, and consequently, among the most visited; The new Alumni Rep, Jamie Duong, was introduced;

Treasurer's Report:

- \$39,458 on hand versus \$1,840 last year;
- \$17,500 collected for Florence Lansdowne
- \$10,400 collected for Dan Rich memorial
- Expected disbursements from these funds of \$20,000, leaving \$19,000, definite improvement;
- \$81,000 in gift fund, is shrinking because we are spending \$80K versus 45K coming in;
- \$290,000 in Robert Trent Jones fund, cannot tell whether matching funds are added or credited. University accounting is a real problem for us;
- Our IRS audit shows the wrong name, to be corrected;

Need to get class correspondents or others to reach out to older brothers – get all to pay dues, run Association day to day, also obtain bequests;

Election issues – discussion on size of Board, Bob Platt recommends 11 members (one more).

Moved and agreed to put to general meeting.

Appendix G — Meeting Minutes, Annual Session, 6 June 2009, Ithaca NY

Tab #1 — Board of Directors of the Delta Chi Association

Preamble

The formal Board of Directors meeting was preceded by a brief meeting with Dale Williams and Martin Kelly. The following items were discussed:

- 1) Relocated fire door in basement. Agreed to use Jordan Lamb fund money for this;
- 2) Outside banister – boiler ate budget for this;
- 3) Rug for living room? A new rug should compliment the design of the Borthwick furniture;
- 4) Sprinkler valve is on borrowed time, parts not available. Failure is not cataclysmic in summer but will affect occupancy in winter (vacate house). Martin will look up a previous quote on a new valve, approximately \$5K;
- 5) Dale reported that this coming year's budget would put \$20,000 into facilities reserve;
- 6) Funds available to spend are Jordan lamb \$3212 plus Patterson Housing \$3157 to total \$6369. Jordan Lamb principal is \$194,000.

Meeting

The meeting was called to order at 3:12 PM. Members present were:

William S. Houck
Franklin T. Pinter
Norman Linsley Davidson
Eugene Pierce
Matthew Hyland
Jay Grzyb
Bob Malatesta

By teleconference:
Tom Borthwick
Homer Fogle
George Nesterzuk
Robert Platt

By Proxy:
Willis King

Lin Davidson proposed a resolution commending Martin Kelly for 15 years of service to Cornell and to our chapter.

Bob Platt made a motion, seconded by Gene Pierce to authorize:

- 1) relocation of the fire door in the basement;
- 2) replacement of the sprinkler valve.

Motion was carried.

Treasurer's Report

Total Deposits during past year were \$25,000

Total expenses were \$19,200.

Summary:

Deposits:	\$12,000 for 2008	
	\$13,000 for 2009	
Expenses:	Accounting	\$1,000
	Fees	\$114
	Communications	\$1,500
	Program	\$16,520

Note: Association checkbook did not fund any scholarships this past year

Purchased \$25 K CD

Frank Pinter reviewed the accounts. Negative balances in the University accounts are due to both the furnace project and the flitch plate repair.

Accounts:

Cornell Gift Account \$553

Cornell Gift Program account \$785

Facility Reserve (\$48,409) will be repaid in about 2 years

Housing (\$1200) hope to

Operating Reserve(\$23,700)

Endowment funds:

Pattison \$75537 principal will be using \$3157

Jordan Lamb \$194K \$3,200 must be used or it goes into principal

Scholarship (as of June 2008)

Book value of \$540 K

Market value of \$704 K

Most of the expenses stated above were for program service.

Dues were down this year, but it should be noted that last year's were buoyed by a special gift of \$10,000.

Lin told story of two brothers returning from war who donated scholarship money

As a point of information, Schiraba Walker, our accountant, prepares our IRS Form 990's.

The Secretary distributed and briefly discussed the 2008 minutes. Key points were residual disciplinary action, Garage master plan and the question of any further flitch plate/structural inspections. A petition was made to reduce the term of probation and this was apparently ignored. No further developments on the other two topics.

Jay Grzyb described a meeting with Travis Apgar in April: Travis seemed sympathetic to the

probation issue – perhaps we should follow up. There was some banter to the effect that maybe we could get the probation lifted and not tell the undergraduate chapter.

President's Report:

Agreed to tell Dorothy Wysocki to go ahead with dues follow up letter, notify Lin.

Brad Webster, back for Reunion, offered to assist with Delta Chi Deke.

Undergraduates:

Avi Eisenberg, Ryan – great job

Steve Z web link: This link, advertised to increase communication between actives and alumni, has had some handshake difficulties. There are charitable fund raising components with some of the links. Bob Platt indicated that we need to be careful about tone of fund raising efforts (e.g. Relay for Life) – don't be too commercial

Bob Platt: need a continually updated email address list. We need to make sure Dorothy gets updates.

Lin stated that Chuck Irvin, Alumnus, asked Avi how he could donate to Cornell.

Actives have savings of \$40 K.

We should/ wish to target useful improvements that also mean a lot to the actives – visibility/ utility as well as life safety, etc.

Alumni Rep

Lin Davidson proposed that we nominate Avi Eisenberg as Resident Advisor (RA) and Alumni Rep. Seconded by Frank Pinter and Bob Platt and carried.

Scholarships

Jay Grzyb gave a report on the status of the scholarship program:

We have approximately \$23 - \$24 K for this year's grant money;

We have \$102 K in self-help money;

Recommend Eric Gunther for Robert Trent Jones Scholarship

Recommend Chaffee and Katz for William Simon award and allow self-help

Basic types of awards:

- 1) grants
- 2) work study relief
- 3) Bursars

There was discussion over the nature of the grant and how it affects a University scholarship.

Jay moved to present the awards, seconded by Frank Pinter. Motion carried unanimously.

There was extended discussion of second pool of money – work study

This amount, \$102K, is part of the Dyson Scholarship. It has accumulated over the six or seven years since the program started and Jay's concern is that it can be rolled back (by University accountants) if not used. The intent of the money is to soften the work component of a work-study-

loan financial aid package. The current problem for us is that the annual stipend is limited to \$2400, so we could give a grant to every brother in the House and still have money left over. It's further exacerbated by the fact that not everyone qualifies for financial aid, and that limits the recipient pool further. A number of possible approaches were discussed:

Total work study for whole house? Ask Cornell;

George asked how firm is the \$2,400 limit – it was explained by bob Platt that this sum was intended to represent typical summer and school year earnings potential for a student;

Frank Pinter suggested disbursing the money under current rules as best we can. Current accrual rate is \$14K per year, which we can hopefully manage if we stay with it. *Secretary's comment: in some government bureaucracies (which Cornell can resemble) the important thing is to be actively spending the money – much more important than spending it all by a specific time.* He also suggested seeing if the money can be used to offset the loan component of work study as well as the work component.

There was no formal motion, but the general sense was to look at Frank's ideas – spend what we can and pursue the loan component, with confidence in Jay Grzyb to explore all ideas at his discretion.

Initiation Matters

Mark St. Marie told the Board of his concern over the current initiation fee structure. Avi indicated that the fee is currently \$575, versus \$300 -375 just four years ago when he joined (Secretary's note: the fee was \$100 in 1967, about 3% of an endowed college student's total annual expenses of about \$3,200). While the current fee is no higher proportionally than in the past, the number itself gives one pause. Mark and Avi expressed concern that the fee could hurt our competitive position relative to other fraternities.

It was pointed out that the \$600 book award (Robert Trent Jones) could be given out at our discretion.

Jay asked if there were any objections to an initiation fee offset through the scholarship program. A rebate through the Bursar's office appears promising as a way of achieving this. This appears possible because we are now able to collect initiation fees through the Bursar as part of overall living costs. Under this idea a new brother would receive a rebate towards living costs to defray a portion of the fee to DKE national. The Board was amenable to this with the provision that we verify that we can actually do this. The final amount of the subsidy also has to be agreed upon. Ballpark around \$300.

Lin Davidson congratulated Pledgemaster Avi Eisenberg for his splendid job, not just in shepherding the class, but for its academics.

Association president Lin Davidson led off with some general remarks, highlighting the following points:

Recap of the boiler project and the space and egress it created. One last item is the relocation of a fire door which will expand useable social space while controlling access to the kitchen during parties;

Sprinkler rehab (dry system control valve), about a \$6K expense;

Undergraduates have done a great job with House occupancy – 27 to 30 brothers living in.

Bill Fogle made a request for good quality photos for the historian's report.

Frank Pinter delivered the Treasurer's report.

Frank Pinter reviewed the accounts. Negative balances in the University accounts are due to both the furnace project and the flitch plate repair.

Accounts:

Cornell Gift Account \$553

Cornell Gift Program account \$785

Facility Reserve (\$48,409) will be repaid in about 2 years

The Secretary was instructed to cast a single ballot.

George Nesterzuck inquired about the status of the flitch plate beam under the library. No further structural inspection work has been done since the repair of the beam under the dining room. We will address this in the future when house funds have been restored.

General discussion of how to donate tax deductible money.

Congratulations by Lin to Avi and Ryan for the terrific job they've done this year.

Meeting adjourned Ca. 4:40 PM
