THE CORNELL UNIVERSITY REGISTER

This book is designed to form a record of the personnel and organization of Cornell University in the academic year 1930-31.

This book does not contain any statement of the requirements for admission to study in the University. That information can be found in the General Information Number, which the Secretary of the University will send free upon request.

Neither does this book contain a list of the courses of instruction that are offered by the several colleges and schools of the University, nor a statement of the requirements for graduation. The University publishes an announcement, separately, of the Graduate School and of each of the Colleges, describing in detail the courses that they respectively offer to students and relating the requirements for degrees. There are similar Announcements of the Summer Session and of the Winter Courses in the College of Agriculture. The Secretary of the University will send any of the Announcements free upon request.

A prospective student should obtain both the General Information Number and the Announcement of that College which he intends to enter.

CORNELL UNIVERSITY

FOUNDATION AND ENDOWMENT

Cornell University was incorporated by the Legislature of the State of New York on April 27, 1865, and was opened on October 7, 1868. The existence of the University is due to the combined wisdom and bounty of the United States, the State of New York, and Ezra Cornell.

By an Act of Congress, approved July 2, 1862, provision was made for a grant to the several States of public lands, thirty thousand acres for each Senator and Representative in Congress, from the sale of which there was to be established a perpetual fund "the interest of which shall be inviolably appropriated, by each State which may take and claim the benefit of this act, to the endowment, support and maintenance of at least one college where the leading object shall be, without excluding other scientific and classical studies, and including military tactics, to teach such branches of learning as are related to agriculture and the mechanic arts, in such manner as the legislatures of the States may respectively prescribe, in order to promote the liberal and practical education of the industrial classes in the several pursuits and professions in life."

The States that had within their borders a sufficient extent of public lands "subject to sale at private entry" at not more than \$1.25 an acre were to be permitted to locate their shares of the grant upon those lands. Other States might not locate their shares, but were to receive instead the due amounts of scrip, which they were to sell, devoting the proceeds to the purposes of the Act. Purchasers of the scrip were to have the right of locating on any of the unappropriated lands of the United States "subject to sale at private entry at \$1.25 an acre or less," except that not more than one million acres might be selected in any one State and that no mineral lands whatever might be selected.

The share of the State of New York was 990,000 acres. The scrip was delivered to the Comptroller of the State, who was authorized, by an Act of the Legislature passed May 5, 1863, to receive it and, with the approval of other State officers, to dispose of the whole or any portion of it. He sold 8,000 acres at 83 cents and 68,000 acres at 85 cents, receiving \$64,440. He sold little because other States were offering their scrip at lower prices.

Meanwhile Ezra Cornell was meditating a project which he came to formulate in the words "I would found an institution where any person can find instruction in any study." In a union of his own resources with the proceeds of the land grant he saw a way to the realization of his purpose. Such a union was effected by an Act of the Legislature passed April 27, 1865, establishing Cornell University and appropriating to it the income of New York's share of the land-

grant fund. The founder's broad conception of a university was reconciled with the narrower purpose of the Act of Congress by means of a provision in the charter that, besides such branches of learning as are related to agriculture and the mechanic arts, "such other branches of science and knowledge may be embraced in the plan of instruction and investigation pertaining to the university as the trustees may deem useful and proper." In the same liberal spirit it was provided in regard to the board of trustees that "at no time shall a majority of the board be of one religious sect or of no religious sect;" in regard to professors and other officers, that "persons of every religious denomination or of no religious denomination shall be equally eligible to all offices and appointments;" and in regard to students, that the University should admit them "at the lowest rates of expense consistent with its welfare and efficiency," and more particularly that it should "receive students to the number of one each year from each assembly district in this State. . . free of any tuition fee. . . in consideration of their superior ability and as a reward for superior scholarship in the academies and public schools of this State."

Ezra Cornell's direct gifts to the University were five hundred thousand dollars, two hundred acres of land with useful buildings, and several smaller gifts for special purposes. His largest benefaction came in the form of profits eventually made by the University on land scrip that he purchased from the State. The State Comptroller had sold no more than 76,000 acres in the autumn of 1865, when Mr. Cornell bought 100,000 acres for \$50,000 on condition that all the profits accruing from the sale of the land should be paid to Cornell University. That purchase was but the beginning of Mr. Cornell's great operation in land for the University's benefit. In April of 1866 the Legislature passed "an act to authorize and facilitate the early disposition by the Comptroller of the lands or land scrip donated to this State by the United States." The Comptroller was authorized to sell scrip at not less than 30 cents an acre to the trustees of Cornell University, or, if they did not purchase, to anybody who would give proper security that the whole net profits from the sale of the lands would be paid to Cornell University. The trustees were not able to make the purchase. Mr. Cornell agreed to take the scrip at 30 cents an acre, or 60 cents an acre, the market value, if he realized so much as that in the sale of the land. He made the following stipulation in a letter to the Comptroller: "I shall most cheerfully accept your views so far as to consent to place the entire profits to be derived from the sale of the lands to be located with the college land scrip in the treasury of the State, if the State will receive the money as a separate fund from that which may be derived from the sale of the scrip, and will keep it permanently invested, and appropriate the proceeds from the income thereof annually to the Cornell University, subject to the direction of the trustees thereof for the general purposes of said institution, and not hold it subject to the restrictions which the Act of Congress places upon the funds derived from the sale

of college land scrip, or as a donation from the Government of the United States, but as a donation from Ezra Cornell to the Cornell University." The State made an agreement with Mr. Cornell on August 4, 1866, in which his stipulation was accepted. The sixth paragraph of the agreement distinguishes clearly between the COLLEGE LAND SCRIP FUND, the receipts from the State's sale of the scrip, and the CORNELL ENDOWMENT FUND, which was to be constituted of the profits made by Mr. Cornell from selling the lands and of his other gifts to the University.

Mr. Cornell purchased scrip representing 913,920 acres. He sold scrip for 381,920 acres at prices ranging from 85 cents to \$1 an acre, receiving therefor \$357,748.61. With the remaining scrip for 532,000 acres he located about 511,000 acres, mostly in Wisconsin. Of the land thus located he sold about 111,000 acres for \$470,364.88. He held the remainder till October, 1874, when a new agreement was made, with the consent of the proper State officers, under which Cornell University was "to take the place and assume the duties and obligations of Ezra Cornell, in his contracts with the State of November, 1865, and August, 1866, accepting from him a conveyance of his entire interest, and of all his rights under such contracts, and of all the lands located by him with college scrip, and paying at once in cash to the Comptroller the full amount of Cornell's bonds to the State, principal and interest, and henceforward assuming the burden of the care, management, and sale of such lands." The University thus took the place of Ezra Cornell in his contract with the State; but the Legislature by an act passed May 18, 1880, directed the Comptroller, upon the request of Cornell University, to transfer to the University "all money, security, stocks, bonds and contracts constituting a part of or relating to the fund known as the Cornell Endowment Fund, now held by the State for the use of said University," and a short time thereafter that transfer was made. From the lands handed over by Mr. Cornell, about 400,000 acres, the Board of Trustees have realized a net return of about \$4,000,000.

The CORNELL ENDOWMENT FUND, including Mr. Cornell's direct gift of a half million dollars, amounts to \$5,381,925. The absolute ownership by the University of that fund was, on May 19, 1890, established by a decision of the Supreme Court of the United States affirming a similar decision of the New York Court of Appeals.

The COLLEGE LAND SCRIP FUND amounts to \$688,576.12. By Chapter 78 of the Laws of 1895 it was turned into the treasury of the State and a certificate of indebtedness for an interest thereupon of five per cent per annum was issued to the University by the State.

On June 30, 1931, the University's productive funds amounted to approximately \$24,000,000. The estimated value of its lands, buildings, and equipment was \$14,000,000. Its income applicable to current expenses for the fiscal year 1930-31 was about \$8,000,000.

GOVERNMENT AND ORGANIZATION

THE BOARD OF TRUSTEES

The government of Cornell University is vested in a Board of Trustees. The board is composed of fifteen persons coöpted, ten persons elected by the alumni of the University, and five persons appointed by the Governor of New York, these thirty persons for terms of five years; the President of the University, the Governor and the Lieutenant Governor of New York, the Speaker of the Assembly, the Commissioner of Education, the Commissioner of Agriculture, the president of the State Agricultural Society, and the librarian of the Cornell Library in the City of Ithaca, each of these eight persons ex officio; the eldest male descendant of Ezra Cornell for the term of his natural life, and a representative of the State Grange elected annually. Subject to the charter of the University and the laws of the State, the Board of Trustees has supreme control over the University, every college and department thereof, its property, its conduct, and the persons engaged in its service.

COLLEGES AND OTHER DEPARTMENTS

Cornell University comprises the following colleges and departments:

THE GRADUATE SCHOOL, established in 1909, having formerly been designated the Graduate Department of the University. The faculty of the school consists of the President of the University, who is ex officio the presiding officer; the deans of the several faculties of the University, the directors of the Federal and State Agricultural Experiment Stations, and those professors, assistant professors, and instructors who are actively engaged in supervising the work of graduate students as members of the special committees in charge of major and minor subjects.

THE GRADUATE SCHOOL OF EDUCATION was established by the Board of Trustees in April 1931. It is an integral part of the Graduate School of the University.

THE COLLEGE OF ARTS AND SCIENCES, established in 1896, having formerly been designated the Academic Department of the University. The college comprises the President White School of History and Political Science, the Sage School of Philosophy, a school of education, and departments of the classics, the Semitic languages and literatures, the English language and literature, the Romance languages and literatures, the Germanic languages and literatures, public speaking, music, psychology, mathematics, chemistry, physics, geology and zoology.

THE LAW SCHOOL, founded by the Board of Trustees in 1887.

THE COLLEGE OF ENGINEERING, including some departments that were established when the University was opened, and now compris-

ing the School of Civil Engineering, the Sibley School of Mechanical Engineering, and the School of Electrical Engineering.

THE COLLEGE OF ARCHITECTURE, established as a department in 1871, and raised to the status of a college in 1896. It offers professional courses in architecture, in landscape architecture, and in the fine arts.

THE MEDICAL COLLEGE, established in 1898 by Colonel Oliver H. Payne and in 1913 permanently endowed by him with a gift of four million eight hundred and fifty thousand dollars. The main division of the college is situated at First Avenue and Twenty-eighth Street, New York City. At the Ithaca division of the college instruction is given in the first year of the four-year course leading to the degree of Doctor of Medicine.

THE NEW YORK STATE VETERINARY COLLEGE, established in 1894, on a foundation of courses in Veterinary Science which had been given in the University since 1868. The college is administered by Cornell University and its work is organically connected with that of the University.

THE NEW YORK STATE COLLEGE OF AGRICULTURE AT CORNELL UNIVERSITY, established in 1904. Courses in agriculture and in the sciences related to it had been given by the University from the beginning, a course leading to a bachelor's degree in agriculture had been given since 1873, and the Board of Trustees had organized the College of Agriculture in 1896. The college is administered by Cornell University and its work is organically connected with that of the University.

THE NEW YORK STATE COLLEGE OF HOME ECONOMICS, established by act of the Legislature in 1925; it had been a department of the College of Agriculture.

THE NEW YORK STATE AGRICULTURAL EXPERIMENT STATION, situated at Geneva. This station, established in 1882, was placed under the control of the Board of Trustees of Cornell University in 1923.

THE FACULTIES: COUNCILS

The faculties of the several colleges and that of the Graduate School are denominated THE SPECIAL FACULTIES. Each special faculty, except that of the Graduate School, is composed of the President of the University, who is *ex officio* the presiding officer, the dean, and all professors, assistant professors, and instructors who give instruction to regular students in the department or departments under the charge of that faculty or to graduate students in the corresponding division of the Graduate School, but instructors do not have the right to vote until after four years of service as instructors here or in an institution of equal academic standing. Subject to the right of revision by the University Faculty on all matters affecting general University policy, it is the duty of each special faculty to determine

the entrance requirements for its own students, to prescribe and define courses of study for them, to determine the requirements for such degrees as are offered to students under its jurisdiction, to enact and enforce rules for the guidance and government of its students in their academic work, to recommend to the Trustees such candidates for degrees as have fulfilled the requirements, and in general to exercise jurisdiction over all other educational matters in its college.

THE UNIVERSITY FACULTY consists of the President of the University, who is *ex officio* the presiding officer; those deans, professors, and assistant professors who are members of the special faculties; the emeritus professors; the Librarian, the Associate Librarian, and the assistant librarians in the University Library; the Registrar and Director of Admissions, the Secretary of the University, and the Dean of Women; and the Director of Resident Instruction, the Director of Extension Service, and the Director of the Experiment Station in the Colleges of Agriculture and Home Economics. The professors and assistant professors in the departments of Military Science and Tactics, Physical Education and Training, and Hygiene and Preventive Medicine are not members of any special faculty but are members of the University Faculty. It is the function of the University Faculty to consider questions that concern more than one of the colleges and questions of University policy, and it has disciplinary jurisdiction over students of the University except for unsatisfactory work, for which discipline is entrusted to the respective special faculties. The University Faculty elects three delegates who have the right to meet with the Board of Trustees and its committee on general administration and possess the usual powers of trustees except the right to vote.

The administration of the affairs of the New York State College of Agriculture, the New York State Veterinary College, the New York State College of Home Economics, and the Agricultural Experiment Stations is under the control of the STATE COLLEGE COUNCIL, consisting of the President of the University, who is *ex officio* chairman; the five trustees appointed by the Governor; the president of the State Agricultural Society; the Commissioner of Agriculture; the Commissioner of Education; the trustee elected by the State Grange; two trustees appointed by the Board of Trustees, one of whom must be one of the trustees elected by the alumni; the deans of the respective State colleges; the directors of the experiment stations; and four professors, heads of departments, two from the faculty of the College of Agriculture and one each from the College of Home Economics and the Veterinary College, elected by the faculties of those colleges respectively for the term of one year. The Comptroller of the University is present at the meetings of the council and takes part in its deliberations, and the Secretary of the Board of Trustees acts as secretary of the council.

For the purpose of making recommendations to the Board of Trustees in relation to the business management of the Medical

College there is a MEDICAL COLLEGE COUNCIL, consisting of the President of the University, who is ex officio chairman; three trustees elected by the Board of Trustees; the dean of the college; and two members of the faculty elected by the faculty.

There is a JOINT COUNCIL OF THE GRADUATE SCHOOL, consisting of the President of the University, who is the chairman; three members of the Board of Trustees appointed by the chairman of the Board, and three members of the faculty elected by the faculty, one of which three is the dean ex officio. The function of this council is to serve as a medium of conference between trustees and faculty in the consideration of questions pertaining to the Graduate School.

The general care and supervision of the University Library are entrusted to THE LIBRARY COUNCIL, consisting of the President of the University, who is ex officio chairman; the Librarian, and five elected members, one of whom is elected by the committee on general administration of the Board of Trustees and the other four of whom are elected, two by those professors and assistant professors who give instruction in the Group of Sciences and two by those professors and assistant professors who give instruction in the Group of Letters.

The Cornell University Press, which is the University's agent in the publication of books, is constituted of eight persons who are known collectively as the UNIVERSITY PRESS COUNCIL. This Council consists of the President of the University, ex officio, as chairman; a member of the Board of Trustees elected by the Board; and six members of the University Faculty, elected by the Board on the President's nomination.

There is an ENGINEERING COLLEGE COUNCIL, consisting of the President of the University, the Dean and Directors of the College of Engineering, and eight additional members who are appointed by the Board of Trustees to represent the Board, the alumni, and such other interests as may be deemed entitled to representation. It is this council's duty to meet from time to time and consider the interests of the College of Engineering, to make recommendations to the Board of Trustees, and to serve as adviser of the Dean and Directors of the college in any matter that may properly come before it.

THE PRESIDENTS

The Presidents of Cornell University have been ANDREW DICKSON WHITE, 1866-1885; CHARLES KENDALL ADAMS, 1885-1892; JACOB GOULD SCHURMAN, 1892-1920; and LIVINGSTON FARRAND, who was inaugurated in 1921 and is yet in office.

Instructor, 1915; Extension Professor, 1927.

PETER P. BABIY, Ph.D.

Instructor and Curator in Invertebrate Zoology, 1928—.

LIBERTY HYDE BAILEY, M.S., LL.D.

Professor in the College of Agriculture, Emeritus, 1921—. Professor of General and Experimental Horticulture, 1888; Professor of Rural Economy, 1903-08; Director of the College of Agriculture, 1903-13.

DONALD WYCKOFF BAKER, B.S.

Instructor in Diagnosis, Department of Pathology and Bacteriology, Veterinary College, 1928—. Assistant, 1928.

MAURICE OLIVER BAKER, A.B.

Assistant in Chemistry, 1928—.

WILLIAM CHARLES BAKER, B.S.A.

Professor of Drawing in the College of Agriculture, 1914—. Instructor in Drawing in Sibley College, 1899-1904; Instructor in Outdoor Art in the College of Agriculture, 1905-06; Assistant Professor of Drawing, 1907.

DANE LEWIS BALDWIN, M.A.

Instructor in English, 1920—. Instructor, 1912-17; Assistant, 1919-20.

HORACE S. BALDWIN, M.D.

Instructor in Medicine, New York City, 1923—.

IRVIN BALENZWEIG, M.D.

Instructor in Clinical Surgery, Department of Orthopedic Surgery, New York City, 1921—. Assistant in Applied Anatomy, 1920.

WILLIAM CYRUS BALLARD, JR., M.E.

Professor of Electrical Engineering, 1924—. Instructor in Machine Design, 1910; Instructor in Electrical Engineering, 1911; Assistant Professor, 1917.

WILDER DWIGHT BANCROFT, Ph.D.

World War Memorial Professor of Physical Chemistry, 1920—. Assistant Professor, 1895; Professor, 1903.

JOHN ROBERT BANGS, JR., M.E.

Professor of Industrial Engineering, 1930—. Instructor in Machine Design, 1919; Instructor in Industrial Engineering, 1921; Assistant Professor, 1926.

WILLIAM NICHOLS BARNARD, M.E.

Professor of Power Engineering, 1915—. Assistant in Machine Design, 1897; Instructor, 1899-1900; Assistant Professor, 1903; Assistant Professor of Steam Engineering, 1905; Professor, 1907.

FRED ASA BARNES, M.C.E.

Professor of Railroad Engineering, 1915—. Instructor in Civil Engineering, 1902; Assistant Professor of Railroad Engineering, 1905. Director of the School of Civil Engineering, 1921-30.

LEROY LESHER BARNES, A.B.

Instructor in Physics, 1928—. Assistant, 1927.

SIDNEY WILSON BARNES, Ph.D.

Heckscher Research Assistant in Physics, 1928—. Assistant, 1925; Instructor, 1928.

HENRY GEORGE BARONE, A.M.

Instructor in Mathematics, 1930—.

BENJAMIN STOCKWELL BARRINGER, M.D.

Instructor in Clinical Surgery, Department of Urology, New York City, 1924—. Clinical Assistant, 1906-07; Clinical Instructor, 1914-18; Instructor, 1918-21.

JOHN HALL BARRON, B.S.A.

Extension Professor of Farm Crops, 1920—. Assistant Professor, 1914.

MORTIER FRANKLIN BARRUS, Ph.D.

Extension Professor of Plant Pathology, 1914—. Assistant, 1908; Assistant Professor, 1911.

HENRY A. BARTON, Ph.D.

Assistant Professor of Physics, 1929—.

CARLTON HAWKINS BASCOM, B.Chem.

Assistant in Chemistry, 1927—.

DOROTHY HAMMOND BATEMAN.

Instructor in Physical Education, 1920—.

ERL BATES, M.D.

Adviser in Indian Extension, 1920—.

JOSEPH ALONZO BATY, B.A.

Assistant in Chemistry, 1930—.

NICHOLAS BAWLF.

Instructor in Physical Education, 1920—.

ERNEST CECIL BAXTER, D.V.M.

Assistant in Small Animal Clinic, Veterinary College, 1930—.

HUBERT E. BAXTER, B.Arch.

Assistant Professor of Architecture, 1920—. Instructor, 1911.

THOMAS LEVINGSTON BAYNE, JR., Ph.D.

Assistant Professor of Rural Education, 1926—. Assistant, 1920; Instructor, 1924.

JOSEPH WILLIAM BEACHAM, JR., LL.B.

Professor of Military Science and Tactics, 1927—.

FREDERIC ROLAND BEAN, A.B.

Assistant in Chemistry, 1927—.

ROBERT PIERCE BEAVER, A.M.

Instructor in Ancient History, 1930—. Assistant, 1928.

CARL BECKER, Ph.D.

John Stambaugh Professor of History, 1922—. Professor of Modern European History, 1917.

FREDERICK BEDELL, Ph.D.

Professor of Applied Electricity, 1904—. Instructor in Physics, 1892; Assistant Professor, 1893.

JEANETTE A. BEHRE, Ph.D.

Instructor in Chemistry, New York City, 1929—.

HAROLD S. BELCHER, M.D.

Instructor in Medicine, New York City, 1924—.

BURTON CHANDLER BELDEN, A.B.

Heckscher Research Assistant in Chemistry, 1930—. Assistant, 1927.

*WEBSTER W. BELDEN, M.D.

Instructor in Roentgenology, New York City, 1926—.

ABRAHAM J. BELLER, M.D.

Instructor in Operative Surgery, New York City, 1920—.

STANLEY R. BENEDICT, Ph.D.

Professor of Biochemistry, New York City, 1929—. Assistant Professor of Chemistry, 1910; Professor of Chemistry, 1912.

JAMES WILLIAM BENNER, D.V.M., M.S.

Assistant Professor of Investigation of Animal Diseases, 1921—. Instructor in Special Research in Animal Diseases, 1919; Assistant Professor, Veterinary Experiment Station, 1920.

CHARLES GORDON BENNETT, B.S.

Assistant in Rural Economy, 1930—. Assistant in Agronomy, 1930.

JOHN BENTLEY, JR., B.S., M.F.

Professor of Forest Engineering, 1918—. Assistant Professor of Forestry, 1911.

MADISON BENTLEY, Ph.D.

Sage Professor of Psychology, 1928—. Assistant, 1897; Instructor, 1898; Assistant Professor, 1902-12.

HERBERT BERGAMINI, M.D.

Instructor in Clinical Surgery, New York City, 1927—. Assistant, 1922.

HARRY S. BERKOFF, M.D.

Instructor in Clinical Medicine, New York City, 1926—.

MILTON L. BERLINER, M.D.

Instructor in Clinical Surgery, Department of Ophthalmology, New York City, 1928—.

JULIETTE BERNAT, M.D.

Instructor in Clinical Medicine, New York City, 1930—.

FREDERIC WALDEMAR BERNER, B.S., Ch.E.

Assistant in Chemistry, 1930—. Assistant, 1927-29.

ALICE R. BERNHEIM, M.D.

Associate in Medicine, New York City, 1924—.

EMMA MARTHA SOPHIE BESIG, A.M.

Instructor in Education, 1930—.

CORNELIUS BETTEN, Ph.D.

Director of Resident Instruction in the College of Agriculture, 1923— Professor, Secretary, and Registrar, 1915; Vice-Dean of Resident Instruction, 1920; Acting Dean of the College of Agriculture, 1924-26; Acting Dean of the College of Home Economics, 1925-26.

CORNELIUS BETTEN, JR.

Assistant in Chemistry, 1930—.

MYRTLE SHERER BETTEN.

Instructor in Home Economics, 1925—. Instructor, 1921-22.

BURT BEVERLY, JR., B.S.

Assistant in Geology, 1930—.

CORA ELLA BINZEL.

Professor of Rural Education, 1928—. Acting Professor, 1919; Professor, 1922-27.

RAYMOND RUSSELL BIRCH, Ph.D.

Professor and Superintendent of the Veterinary Experiment Station, 1920—. Assistant, 1910; Instructor in Experimental Pathology, 1910; Instructor in Charge of Station, 1911; Superintendent of Station, 1914; Assistant Professor and Superintendent of Station, 1916.

*Died December, 1930.

GEORGE L. BIRNBAUM, M.D.

Assistant in Surgical Research, New York City, 1928—.

MORRIS GILBERT BISHOP, Ph.D.

Assistant Professor of the Romance Languages and Literatures, 1926—.

Instructor, 1921.

FREDERICK OLDS BISSELL, JR., Ph.D.

Instructor in English, 1926—.

JAMES ADRIAN BIZZELL, Ph.D.

Professor of Soil Technology in the College of Agriculture and Federal Experiment Station, 1912—. Assistant Chemist, 1903; Assistant Professor of Soil Technology in the Federal Experiment Station, 1908.

AMOS HALE BLACK, M.A.

Instructor in Mathematics, 1930—.

LINDSAY MACLEOD BLACK, B.S.A.

Assistant in Plant Pathology, 1930—.

BEULAH BLACKMORE, B.S.

Professor of Home Economics, 1923—. Instructor, 1915; Assistant Professor, 1917.

NATHAN F. BLAU, D.V.M., Ph.D.

Associate in Chemistry, New York City, 1922—.

WILLIAM ERNEST BLAUVELT, B.S.

Extension Instructor in Entomology, 1928—.

FOREST MILO BLODGETT, Ph.D.

Assistant Professor of Plant Pathology, 1919—. Assistant Professor, 1915—17; Assistant Extension Professor, 1917—19.

JACOB GERALD BLUMBERG.

Assistant in Economics, 1930—.

ALBERT WILHELM BOESCHE, Ph.D.

Professor of German, 1915—. Instructor, 1905—06; Assistant Professor, 1910.

MAURICE CHESTER BOND, Ph.D.

Extension Assistant Professor of Marketing, 1928—. Extension Instructor, 1925; Instructor, 1926.

JOHN HARVEY BONDURANT, B.S.

Assistant in Agricultural Economics and Farm Management, 1931—.

NANCY LEE BOOKER, M.S.

Assistant in Home Economics, 1928—. Assistant, 1925—26.

SAMUEL LATIMER BOOTHROYD, B.S.

Professor of Astronomy and Geodesy, 1921—. Instructor in Civil Engineering, 1905; Assistant Professor of Topographic and Geodetic Engineering, 1908—12.

HENRY OSSWALT BOSCHEN.

Assistant in Chemistry, 1930—.

FRANCHE HUNTINGTON BOSWORTH, A.B.

Andrew Dickson White Professor of Architecture, 1923—. Dean of the College of Architecture and Professor of Design, 1919—27.

HAROLD EUGENE BOTSFORD, B.S.

Extension Professor of Poultry Husbandry, 1925—. Assistant, 1916; Extension Instructor, 1918; Assistant Professor, 1920.

TRUMAN LEO BOYES, M.D.

Instructor in Clinical Surgery, Department of Ophthalmology, New York City, 1930—.

JAMES ERNEST BOYLE, Ph.D.

Professor of Rural Economy, 1923—. Extension Professor, 1917.

ARTHUR FOREST BOYLES, C.E.

Instructor in Civil Engineering, 1923—.

JESSIE AUSTIN BOYS, M.S.

Assistant Professor of Home Economics, 1920—. Instructor, 1917.

EUGENE BOZSAN, M.D.

Instructor in Operative Surgery, New York City, 1930—.

- EUGENE FRANCIS BRADFORD, Ph.D.
Registrar and Director of Admissions, 1931—. Director of Admissions, 1928.
- JAMES CHESTER BRADLEY, Ph.D.
Professor of Entomology, 1920—. Curator of Invertebrate Zoology, 1919;
Assistant, 1905-09; Assistant Professor, 1911.

Instructor in the Romance Languages and Literatures, 1927—. Instructor in English, 1923-25.
- JOHN F. McGRATH, M.D.
Instructor in Obstetrics and Gynecology, New York City, 1921—. Instructor in Clinical Surgery, Department of Gynecology, 1918.

CAROLINE BRUNDAGE MCILROY.

Instructor and Shop Director in Home Economics, 1921—.

CHARLES OSBORN MACKEY, M.E.

Assistant Professor of Heat-Power Engineering, 1929—. Instructor in Experimental Engineering, 1924; Instructor in Heat-Power Engineering, 1927.

TRUE MCLEAN, E.E.

Assistant Professor of Electrical Engineering, 1930—. Instructor, 1923.

GUY FRANKLIN MACLEOD, Ph.D.

Assistant Professor of Economic Entomology, 1930—. Assistant in Research, Geneva, 1923-24.

ROBERT BRODIE MACLEOD.

Instructor in Psychology, 1930—.

ELEANOR CLARA McMULLEN, A.M.

Instructor in Zoology, 1926—. Assistant, 1918; Instructor, 1920-25.

WILLIAM MACNAMARA, M.D.

Research Assistant in Surgery, 1930—.

EMMETT B. McNATT, A.M.

Instructor in Economics, 1925—.

ERICH OTTO MADER, B.S.

Assistant in Plant Pathology, 1929—.

LOUIS LINDEN MADSEN, B.S.

Assistant in Animal Husbandry, 1930—.

BASSETT MAGUIRE, B.S.

Assistant in Botany, 1930—.

MICHEL GEORGE MALTI, Ph.D.

Assistant Professor for Electrical Engineering, 1930—. Instructor, 1923.

ALBERT RUSSELL MANN, B.S.A., A.M.

Dean of the New York State College of Agriculture, 1917—. Dean of the New York State College of Home Economics, 1925—. Director of the Experiment Station, 1928—. Assistant Professor of Dairy Industry, April-June, 1908; Secretary, Registrar, and Editor, College of Agriculture, 1908-15; Professor of Rural Social Organization, 1915-16; Acting Dean, 1916-17.

ESTLE RAY MANN, M.A.

Instructor in Physics, 1929—. Assistant, 1928.

KENNETH VERNE MANNING, A.B., M.S.

Instructor in Physics, 1930—.

HARRIET L. MANSFIELD, M.S.

Instructor in Veterinary Pathology and Bacteriology, 1928—.

FREDERICK GEORGE MARCHAM, B.A. (Oxon.), Ph.D.

Professor of English History, 1930—. Assistant, 1923; Lecturer in Ancient History, 1924-25; Instructor in English History, 1926; Assistant Professor, 1928.

JOHN HENRY MARCHANT, JR., A.M.

Assistant in Physics, 1927—.

JULIUS CHARLES MARQUARDT, M.S.

Instructor and Assistant in Research, Geneva, 1923—.

CLARENCE AUGUSTINE MARTIN, D.Sc.

Professor of Architecture, 1904—. Instructor, 1894; Assistant Professor, 1895. Dean of the College of Architecture, 1908-19.

KIRBY MARTIN, M.D.

Instructor in Clinical Medicine, New York City, 1928—.

PAUL DANA MARVIN.

Assistant in Veterinary Pathology and Bacteriology, 1930—.

MILTON DAVID MARX, Ph.D.

Instructor in English, 1919—.

CLYDE WALTER MASON, Ph.D.

Assistant Professor of Chemistry, 1927—. Assistant, 1920; Instructor, 1923.

- JAMES FREDERICK MASON, Ph.D.**
Professor of the Romance Languages and Literatures, 1914—. Instructor, 1909; Assistant Professor, 1912.

World War Memorial Professor of Physics, 1920—. Instructor, 1889; Assistant Professor, 1892; Professor, 1903. Dean of the Graduate School, 1909-14.
- EMERY MESCHTER, A.B.**
Assistant in Physics, 1930—.
- WILBUR ERNEST MESERVE, M.S.**
Instructor in Electrical Engineering, 1926—.
- HELEN JEANETTE METCALF, B.A.**
Instructor in Rural Education, 1929—.
- GEORGE METCALFE.**
Assistant in Agricultural Economics, 1930—.
- FRED ALBERT METTLER, A.B.**
Assistant in Anatomy, 1930—.
- CHRISTIAN MIDJO, M.S.**
Professor of Freehand Drawing and Modeling in the College of Architecture, 1921—. Instructor, 1909; Assistant Professor, 1912.

EDGAR L. MILFORD, A.B.

Assistant in Bacteriology and Immunology, New York City, 1926—.

CLIFFORD HOWARD MILKS, D.V.M.

Assistant at Veterinary Experiment Station, 1930—.

HOWARD JAY MILKS, D.V.M.

Professor of Veterinary Materia Medica and Director of the Small Animal Clinic, 1914—. Assistant in Veterinary Physiology, 1903-05; Assistant Professor of Materia Medica and Therapeutics, 1909; Professor of Therapeutics and Clinical Medicine and of Surgery of Small Animals, 1913.

CLYDE IRA MILLARD, E.E.

Instructor in Machine Design, 1927—.

WILLIAM TAYLOR MILLER, D.V.M., M.S.

Acting Assistant Professor in Investigation, Veterinary College, 1930—.

RUSSELL MILLISER, A.B.

Instructor in Anatomy, 1930—. Assistant, 1928.

WILFRED DOUGLAS MILLS, Ph.D.

Extension Assistant Professor of Plant Pathology, 1930—. Assistant, 1923-24; Extension Instructor, 1926.

CHARLES ROBERT MINGINS, A.B.

Instructor in Physics, 1930—. Assistant, 1929.

LUA ALICE MINNS, M.S. in Agr.

Instructor in Floriculture, 1914—. Assistant, 1912.

EDWARD GARDNER MISNER, Ph.D.

Professor of Farm Management, 1920—. Instructor, 1914; Assistant Professor, 1918.

DALE RAYMOND MITCHELL, Ph.D.

Instructor in English, 1921—.

FRED TOM MITCHELL, B.S., M.A.

Assistant in Rural Education, 1930—.

WILLIAM DANIEL MOEDER, E.E.

Instructor in Electrical Engineering, 1928—.

GEORGE SYLVANUS MOLER, A.B., B.M.E.

Professor of Physics, Emeritus, 1917—. Instructor, 1875; Assistant Professor, 1880; Professor, 1911.

BENTON SULLIVAN MONROE, Ph.D.

Assistant Professor of English, 1912—. Assistant, 1897; Instructor, 1900.

DAY MONROE, Ph.D.

Professor of Home Economics, 1930—.

HELEN MONSCH, B.S., M.A.

Professor of Home Economics, 1920—. Assistant Professor, 1918.

ROYAL EWERT MONTGOMERY, Ph.D.

Assistant Professor of Economics, 1930—. Acting Assistant Professor, 1929.

EUGENE DAVIS MONTILLON, B.Arch.

Assistant Professor of Landscape Architecture, 1922—. Assistant, 1911; Instructor, 1912; Assistant Professor of Landscape Art, 1917.

CLYDE B. MOORE, Ph.D.

Professor of Rural Education, 1925—.

DOROTHEA MOORE, M.D.

Assistant in Pediatrics, New York City, 1929—.

NORMAN SLAWSON MOORE, M.D.

Assistant in Anatomy, 1929—.

*VERANUS ALVA MOORE, B.S., M.D., V.M.D.

Professor of Veterinary Pathology, Emeritus, 1929—. Professor, 1896-1929. Dean of the New York State Veterinary College, 1908-29.

RICHARD ALAN MORDOFF, Ph.D.

Professor of Meteorology, 1925—. Assistant in Physical Geography, 1909-1910, 1912-13; Instructor in Meteorology, 1917; Assistant Professor, 1921.

*Died February 11, 1931.

WILLIAM EMERSON MORDOFF, M.E.

Assistant Professor of Machine Construction, 1924—. Instructor in Rural Engineering, 1915; Instructor in Machine Design, 1916; Instructor in Experimental Engineering, 1918; Instructor in Mechanic Arts, 1923.

MARGARET CHADSEY MOREHOUSE, B.S.

Instructor in Home Economics, 1929—.

DONALD ROGER MOREY, B.S.

Assistant in Physics, 1930—. Assistant, 1928; Heckscher Research Assistant, 1929.

HARRIET MORGAN, B.S., M.A.

Assistant in Home Economics, 1930—.

GRACE MORIN, A.M.

Professor of Home Economics, 1930—. Instructor, 1925; Extension Instructor, 1926; Extension Assistant Professor, 1927.

CHARLES V. MORRILL, M.D., Ph.D.

Associate Professor of Anatomy, New York City, 1923—. Instructor, 1915; Assistant Professor, 1919.

FRED BISHOP MORRIS, B.S.

Assistant County Agent Leader, 1929—.

JOHN H. MORRIS, M.D.

Assistant in Surgical Research, New York City, 1926—.

ROBERT CUNNINGHAM MORRIS, JR.

Instructor in Machine Design, 1923—.

FRANK BARRON MORRISON, B.S.

Professor of Animal Husbandry, 1928—. Director of Experiment Stations, 1927.

CHARLES WALTER MORSE, Ph.D.

Instructor in Chemistry, 1923—. Assistant, 1920.

CAROLINE MORTON, B.S., A.M.

Extension Assistant Professor of Home Economics, 1924—. Assistant State Leader of Home Demonstration Agents, 1919; Extension Instructor, 1920.

FRANK MOSER, M.S.A.

Assistant in Agronomy, 1930—.

WINIFRED MOSES, B.S.

Lecturer in Home Economics, 1930—. Assistant, 1915; Instructor 1917; Assistant Professor, 1919-24.

GUY BROOKS MUCHMORE, A.B.

Assistant Professor of Public Speaking, 1913—.

GEORGE JEFFERIS MUELLER, B.S. in E.E.

Instructor in Physics, 1930—. Assistant, 1929.

WALTER CONRAD MUENSCHER, Ph.D.

Assistant Professor of Economic Botany, 1923—. Assistant, 1916; Instructor, 1917-18, 1919.

THOMAS A. MULCAHY, M.D.

Instructor in Clinical Surgery, Department of Laryngology and Rhinology, New York City, 1923—. Assistant, 1915-21.

HERBERT JOSEPH MULLER, A.M.

Instructor in English, 1926—.

CHARLES FRANCIS MULLIGAN.

Assistant in Economics, 1930—.

FREDERICK GEORGE MUNDINGER, M.S.

Assistant Professor and Associate in Research, Hudson Valley Horticultural Investigations, 1924—. Assistant in Research, Geneva, 1924.

MANCEL THORNTON MUNN, B.S.

Professor and Chief in Research, Geneva, 1929—. Associate in Research, 1923.

CARLTON CHASE MURDOCK, Ph.D.

Assistant Professor of Physics, 1919—. Assistant, 1909; Instructor, 1909-13, 1914-19.

- NELSON FRANCIS MURPHY, Ch.E.
Assistant in Chemistry, 1930—.
- CLYDE HADLEY MYERS, Ph.D.
Professor of Plant Breeding, 1914—. Extension Instructor, 1911; Assistant Professor, 1912.
- WILLIAM IRVING MYERS, Ph.D.
Professor of Farm Finance, 1920—. Assistant, 1914; Instructor, 1916; Assistant Professor of Farm Management, 1918.
- KASPAR OSVALD MYRVAAGNES, B.S.
Assistant in German, 1930—.
- CHARLES HALPIN NAMMACK, M.D., LL.D.
Instructor in Clinical Medicine, Department of Medicine, New York City, 1916—.
- JOSEPH N. NATHANSON, M.D.
Instructor in Obstetrics and Gynecology, 1926—.
- RALPH W. NAUSS, M.D.
Instructor in Hygiene, New York City, 1927—.

Assistant Professor and Associate in Research, Geneva, 1929—.
- JAMES GEORGE NEEDHAM, Ph.D.
Professor of Entomology and Limnology, 1911—. Assistant Professor, 1906.
- JAMES WINTON NEELY, B.S.A.
Assistant in Agronomy, 1930—.
- HAROLD RAYMOND NELSON, A.B.
Instructor in Physics, 1928—. Assistant, 1926.
- CHARLES MERRICK NEVIN, Ph.D.
Assistant Professor of Geology, 1925—. Assistant, 1921; Instructor, 1922.
- FLOYD REESE NEVIN, M.A.
Assistant in Biology, 1930—.
- ALLAN GOODRICH NEWHALL, Ph.D.
Research Assistant Professor of Plant Pathology, 1929—. Assistant, 1921-23.
- ELEANOR B. NEWTON, A.M.
Assistant in Chemistry, New York City, 1930—. Assistant, 1924; Instructor, 1929.
- EDWARD LEAMINGTON NICHOLS, Ph.D., LL.D.
Professor of Physics, Emeritus, 1919—. Professor, 1887-1919. Dean of the College of Arts and Sciences, 1913-15.
- MELVIN L. NICHOLS, Ph.D.
Assistant Professor of Analytical Chemistry, 1922—. Assistant, 1917; Instructor, 1918.
- CHARLES M. NICHOLSON, B.S. (Bus.); M.S. (Bus.)
Instructor in Economics, 1929—.
- HENRY D. NILES, M.D.
Instructor in Clinical Medicine, Department of Dermatology, New York City, 1931—.
- WALTER LINDSAY NILES, M.D.
Professor of Clinical Medicine, New York City, 1920—. Instructor, 1904; Assistant Professor, 1912. Acting Dean of the Medical College, 1918; Dean, 1919-28.
- GILBERT LEON NIMMO, B.S.
Assistant in Chemistry, 1930—.
- KNUT GUNDERSEN NIPEDAL, M.M.E.
Instructor in Experimental Engineering, 1930—.
- JOSE F. NONIDIZ, Sc.D.
Assistant Professor of Anatomy, New York City, 1928—. Instructor, 1920; Associate, 1926.
- LEO CHANDLER NORRIS, Ph.D.
Research Assistant Professor of Poultry Husbandry, 1929—. Assistant in Animal Husbandry, 1920; Instructor in Animal Husbandry, 1920; Instructor in Poultry Husbandry, 1923; Assistant Professor, 1925.

BURDETTE KIBBE NORTHROP, M.E.

Assistant Professor of Electrical Engineering, 1930—. Assistant in Physics, 1917; Instructor in Electrical Engineering, 1918-23; Acting Assistant Professor, 1929.

MILES GORDON NORTHROP, E.E.

Instructor in Electrical Engineering, 1924—. Instructor in Machine Design, 1922.

CLARK SUTHERLAND NORTHUP, Ph.D.

Professor of English, 1919—. Librarian of the Hart Memorial Library, 1914—. Assistant, 1895; Instructor, 1897; Assistant Professor, 1903.

LELAND BERNARD NORTON, B.S.

Assistant in Chemistry, 1928—.

AUGUSTUS MARION NULLE.

Assistant in Hotel Accounting, 1930—.

WALTER CHRISTOPHER O'CONNELL.

Instructor in Physical Training, 1919—. Assistant, 1908.

HENRY NEELY OGDEN, C.E.

Professor of Sanitary Engineering, 1908—. Instructor in Civil Engineering, 1889-92, 1894; Assistant Professor, 1898; Assistant Professor of Sanitary Engineering, 1903.

ROBERT MORRIS OGDEN, Ph.D.

Professor of Education, 1916—. Dean of the College of Arts and Sciences, 1923—.

ROBERT CARROLL OGLE.

Extension Specialist, Poultry Husbandry, 1930—. Extension Instructor in Poultry Husbandry, 1918.

PETER OLAFSON, D.V.M., M.S.

Assistant Professor of Veterinary Medicine, 1927—. Instructor, 1926.

CHARLES T. OLCOTT, M.D.

Instructor in Pathology, New York City, 1926—.

PAUL MARTIN O'LEARY, Ph.D.

Assistant Professor of Economics, 1929—. Instructor, 1924.

WILLIAM JOSEPH O'LEARY, A.B.

Assistant in Chemistry, 1930—.

ALFRED LANDER OLSEN, B.S.

Instructor in Hotel Accounting, 1929—.

CHARLES EDWARD O'ROURKE, C.E.

Assistant Professor of Civil Engineering, 1923—. Instructor, 1919.

MARGARET ORR.

Extension Instructor in Household Art, 1931—.

HOWARD BURNSHIP ORTNER, B.S.

Instructor in Physical Education, 1919—.

MARGARET ELEANOR OSBORNE, M.A.

Assistant in Geology, 1930—.

JOSEPH OSKAMP, B.S.

Extension Professor of Pomology, 1921—.

EMIL OSTERBERG.

Instructor in Chemistry, New York City, 1911—. Assistant, 1906.

LEON FREDERICK PACKER, B.S.

Instructor in Rural Education, 1930—.

EDMUND ROBERT PAIGE, B.E.

Instructor in Electrical Engineering, 1927—. Instructor in Machine Design, 1920-21.

ERNEST TROWBRIDGE PAINE, Ph.D.

Instructor in Philosophy, 1916—. Secretary of the College of Arts and Sciences, 1913-16; first term, 1918-19.

ARTHUR PALMER, M.D.

Assistant Professor of Clinical Surgery, Department of Laryngology and Rhinology, New York City, 1927—. Instructor, 1923.

DOUGLAS PALMER, M.D.

Instructor in Clinical Medicine, New York City, 1925—.

- EPHRAIM LAWRENCE PALMER, Ph.D.
Professor of Rural Education, 1922—. Assistant in Botany, 1910-13;
Assistant Professor, 1919.
- GEORGE PAPANICOLAOU, Ph.D., M.D.
Assistant Professor of Anatomy, New York City, 1923—. Assistant, 1914;
Instructor, 1917.
- JAMES WENCESLAS PAPEZ, M.D.
Assistant Professor of Anatomy and Neurology, 1920—.
- JACOB PAPISH, Ph.D.
Professor of Chemistry, 1929—. Assistant, 1919; Instructor, 1919; Assistant
Professor, 1925.
- LOUIS JOHN PARADISO, B.S., M.A.
Instructor in Mathematics, 1928—.
- HAROLD E. B. PARDEE, M.D.
Assistant Professor of Clinical Medicine, New York City, 1927—. Instruc-
tor, 1916; Associate, 1921.
- KENNETH G. PARKER, A.B.
Instructor in Plant Pathology, 1928—.
- PERCIVAL JOHN PARROTT, M.A.
Vice-Director and Chief in Research, Geneva, 1929—. Professor of Ento-
mology, Geneva, 1919; Chief in Research, 1923.
- JOHN THOMAS PARSON.
Professor of Drawing in the School of Civil Engineering, 1919—. Instructor
in Civil Engineering, 1895; Assistant Professor, 1903; Assistant Pro-
fessor of Drawing, 1908.

COLLEGES AND OTHER DEPARTMENTS

Cornell University comprises these colleges and other grand divisions: The Graduate School, the College of Arts and Sciences, the Law School, the College of Engineering, the College of Architecture, the Medical College, the New York State Veterinary College, the New York State College of Agriculture, and the New York State College of Home Economics. The New York State Agricultural Experiment Station at Geneva is administered by the Board of Trustees through the agency of the State College Council.

The faculties of the several colleges and that of the Graduate School are denominated the special faculties. The President of the University is ex officio chairman of every special faculty.

The departments of Military Science and Tactics, Physical Education and Training, and Hygiene and Preventive Medicine are departments of the University, being outside the organization of any of the colleges. The professors and assistant professors in those three departments are not members of any of the special faculties but are members of the University Faculty.

THE GRADUATE SCHOOL

Candidates for admission as students should consult the Announcement of the Graduate School, which the Secretary of the University will send free upon request.

Cornell University confers the degree of Doctor of Philosophy (Ph.D.), the degree of Doctor of the Science of Law (J. S. D.), and the degrees of Master of Arts (A.M.), Master of Arts in Education (A.M. in Ed.), Master of Science (M.S.), Master of Science in Education (M.S. in Ed.), Master of Laws (LL.M.), Master of Architecture (M.Arch.), Master of Civil Engineering (M.C.E.), Master of Mechanical Engineering (M.M.E.), Master of Electrical Engineering (M.E.E.), Master in Forestry (M.F.), Master in Landscape Architecture (M.L.A.), Master of Fine Arts (M.F.A.), Master of Chemistry (M.Chem.), and Master of Science in Agriculture (M.S. in Agr.).

The Graduate School has exclusive jurisdiction over all graduate work and advanced degrees. The President of the University is ex officio Chairman of the Faculty of the Graduate School, which consists of all those members of the University staff who are actively engaged in supervising the work of graduate students. The Dean of the Graduate School is the executive officer of the Faculty.

For the convenient discussion of questions which chiefly concern those persons who are engaged in related fields of work, the members of the Faculty of the Graduate School are divided into nine groups, as follows: Group A, Languages and Literatures; Group B, History, Political Science, Philosophy, Economics; Group C, Mathematics, Astronomy, Physics, Chemistry, Geology, Physical Geography; Group D, the Biological Sciences; Group E, Engineering, Architecture, the Applied Physical Sciences; Group F, the Science Departments of the Cornell University Medical College in New York City; Group G, Agricultural Sciences; Group H, Law; Group I, Education.

The General Committee of the Graduate School consists of the Dean, who is chairman *ex officio*; four members at large, elected by the Faculty; nine members elected, one by each group, and the Secretary of the Faculty of the Graduate School, *ex officio*.

Dean of the School: F. K. Richtmyer. *Secretary of the Faculty:* B. S. Monroe.

Members of the General Committee: At large, Professors E. H. Kennard, K. M. Wiegand, W. B. Carver, and G. W. Cunningham; Group A, Professor Nathaniel Schmidt; Group B, Professor Harold L. Reed; Group C, Professor T. R. Briggs; Group D, Professor Donald Reddick; Group E, Professor W. N. Barnard; Group F, Professor C. R. Stockard; Group G, Professor T. L. Lyon; Group H, Professor C. K. Burdick; Group I, Professor R. M. Ogden.

Secretary of the School: Miss B. E. Outtersen.

THE GRADUATE SCHOOL OF EDUCATION

By action of the Board of Trustees in April, 1931, the University Division of Education was discontinued, and a Graduate School of Education was established. Through this organization the work of the Department of Education in the College of Arts and Sciences and that of the Department of Rural Education in the College of Agriculture are further coordinated, and the administration of the professional work for the training of teachers is unified.

Although the organization is designated a graduate school, and although its offerings are for the most part on the graduate level, it has responsibility also for professional courses in Education offered to undergraduates in the various colleges. The undergraduate courses include those which are ordinarily required for a state teachers' certificate, together with a few additional courses designed to be attractive, because of their general informational value, to students not planning to enter the teaching profession. A Bachelor's degree in Education is not conferred by Cornell University. Accordingly, an undergraduate registers in some college of the University, and must, therefore, meet the standards of admission and graduation set by that college.

The Graduate School of Education is an integral part of the Graduate School of the University and, as such, is subject to its general regulations.

Director of the School: J. E. Butterworth.

THE COLLEGE OF ARTS AND SCIENCES

Candidates for admission as students should consult the Announcement of the College of Arts and Sciences, which the Secretary of the University will send free upon request.

The College of Arts and Sciences offers two courses, the one leading to the degree of Bachelor of Arts (A.B.), and the other leading to the degree of Bachelor of Chemistry (B.Chem.).

The main building of the college is Goldwin Smith Hall, erected by the Trustees and named in honor of Professor Goldwin Smith, who was for many years professor of history here. The department of

physics occupies Rockefeller Hall, the gift of John D. Rockefeller. The department of chemistry occupies the Baker Laboratory of Chemistry, one of George F. Baker's gifts to the University. The departments of zoology, geology, and physical geography are housed in McGraw Hall, which was built for the University by John McGraw. The department of mathematics has the first floor of White Hall. In Morrill Hall is the laboratory of the department of psychology. The departments of anatomy, physiology and biochemistry, and histology and embryology occupy Stimson Hall. The department of astronomy makes use of the Fuertes Observatory.

In Goldwin Smith Hall is the Museum of Casts, containing plaster casts illustrative of masterpieces of classical art. The collection was given to the University by Henry W. Sage. The statues are, with one exception, reproductions in full size, cast in moulds formed over the originals. Each cast was imported from the museum where its original is preserved.

The University Library is easily accessible to the members of the college. A reference collection consisting mainly of books likely to be needed by undergraduate students of the humanities is kept in Goldwin Smith Hall. Some of the departments have special collections and reading rooms for the greater convenience of their students.

ADMINISTRATION. *Dean of the College:* Robert M. Ogden. *Assistant Dean and Secretary of the College:* R. P. Sibley.

THE CORNELL LAW SCHOOL

Candidates for admission as students should consult the Announcement of the Law School, which the Secretary of the University will send free upon request.

The instruction provided for students of the Cornell Law School leads to the degree of Bachelor of Laws (LL.B.), the requirement for which is the completion of one of these two curricula: (1) a curriculum of three years designed for college graduates; (2) a curriculum of six years leading to the degrees of A.B. and LL.B.

Candidates for admission are required to present evidence of the receipt of a bachelor's degree from an approved college or university. Students in the College of Arts and Sciences of Cornell University are, however, allowed to elect in their senior year the first year of the law course and so obtain the degrees of A.B. and LL.B. in six years.

The library of the school numbers more than 68,000 volumes and about 6,000 pamphlets. It is described under the head of The University Libraries, on page 95.

The *Cornell Law Quarterly*, published by the faculty and an editorial board of students of the school, was established in 1915, and is issued in November, January, March, and May. The preparation by students of notes on recent cases for publication in the *Quarterly* affords training in legal research and in editorial work under the supervision of members of the faculty.

The Frank Irvine Lectureship, established in 1913 by the Conkling Chapter of the legal fraternity of Phi Delta Phi, in honor of Judge Irvine, former dean of this school, provides for one or more lectures on legal topics each year by men of national reputation.

The school occupies Boardman Hall, which the Trustees built for its use in 1887.

Dean of the School: Charles K. Burdick. *Secretary of the School:* H. D. Laube. *Librarian:* Edward E. Willever.

Professors: C. K. Burdick, L. P. Wilson, R. S. Stevens, G. J. Thompson, H. E. Whiteside, H. D. Laube, H. W. Edgerton, G. H. Robinson, W. H. Farnham. *Assistant Professor:* J. W. MacDonald. *Lecturers:* Harrington Putnam, formerly Justice of the Appellate Division of the New York Supreme Court, Second Department, Lecturer on the Law of Shipping and Admiralty; L. Ward Bannister, of the Denver, Colorado, Bar, Lecturer on Water Rights.

THE COLLEGE OF ENGINEERING

Candidates for admission as students should consult the Announcement of the College of Engineering, which the Secretary of the University will send free upon request.

The College of Engineering comprises the School of Civil Engineering, the Sibley School of Mechanical Engineering, and the School of Electrical Engineering. Their courses of study lead respectively to the degrees of Civil Engineer (C. E.), Mechanical Engineer (M.E.), and Electrical Engineer (E.E.). A holder of the degree of Bachelor of Chemistry who has completed a certain four-year curriculum may obtain the degree of Chemical Engineer (Chem.E.) by completing a fifth year of study offered jointly by the College of Engineering and the Department of Chemistry of the College of Arts and Sciences.

Hiram Sibley of Rochester, the founder and first president of the Western Union Telegraph Company and a trustee of Cornell University from 1865 until his death in 1888, established the foundations of the University's department of mechanical engineering. In 1871 he erected a building to house what was then called the college of mechanic arts, equipped it, and endowed the Sibley Professorship of Mechanic Arts. During the years from 1870 to 1887, Mr. Sibley gave generously for the building and equipment of lecture halls,

shops, and laboratories. His benefactions have been continued on an equally large scale by his son, Mr. Hiram W. Sibley.

The main building of the School of Civil Engineering is Lincoln Hall, and that of the School of Electrical Engineering is Franklin Hall. The Sibley School of Mechanical Engineering occupies, besides the Sibley buildings, several structures used for laboratories and shops. One of these is Rand Hall, the gift of Mrs. Florence Rand Lang. Other buildings belonging to the college are the Fuertes Observatory and an extensive Hydraulic Laboratory.

For convenience of reference, the University Library maintains a selected collection of books in each of the three engineering schools, under the supervision of the authorities of the school. They contain the standard reference and text books and the current files of the important engineering periodicals. In the School of Civil Engineering is the Kuichling Memorial Library, about fifteen hundred books and pamphlets on hydraulic and municipal engineering, formerly the professional library of Emil Kuichling of Rochester, and given to the school by his widow with an endowment of one thousand dollars. In the School of Electrical Engineering is the Alexander Gray Memorial Library, which was gathered by Professor Gray and after his death was bought and given to the school by the McGraw-Hill Book Company.

THE COLLEGE OF ARCHITECTURE

Candidates for admission as students should consult the Announcement of the College of Architecture, which the Secretary of the University will send free upon request.

The College of Architecture is a professional school, designed to prepare students for taking up ultimately the independent practice of a profession. It offers courses leading to the degree of Bachelor of Architecture (B.Arch.), or that of Bachelor of Landscape Architecture (B.L.A.), or that of Bachelor of Fine Arts (B.F.A.). The first of these courses is planned for the student who intends to practice architecture; it may be taken as a preparation for engaging in the manufacture of building materials or in the business of construction. The second is designed for the student who intends to practice landscape architecture. The third is adapted to the needs of the artist or prospective practitioner of any of the decorative arts. The course of study leading to any of the three degrees requires, normally, five years of work.

The college occupies the third and fourth floors and a portion of the basement of White Hall, and the top floor and a part of the second floor of Franklin Hall. The college offices, the college library, and the lecture and exhibition rooms occupy the third floor of White Hall, and the entire fourth floor of that hall is given to a suite of three drafting rooms which open together so as to form virtually a single room measuring 45 by 156 feet. On the top floor of Franklin are studios devoted to the work in freehand drawing, painting and modeling.

Besides the use of various collections in the University Library, the college has in White Hall a large collection of books, photographs, and drawings, and about twenty-four thousand lantern slides of which constant use is made for the illustration of lectures upon history, theory, and construction.

ADMINISTRATION. *Dean of the College:* George Young, jr.

ARCHITECTURE. *Professors:* C. A. Martin, O. M. Brauner, A. C. Phelps, George Young, jr., F. H. Bosworth, Christian Midjo, L. P. Burnham, A. D. Seymour. *Assistant Professors:* H. E. Baxter, W. K. Stone, W. M. Dunbar, H. P. Camden, J. A. Hartell. *Instructors:* Edward Abbuehl, K. L. Washburn, C. L. Goeller, T. B. Hurd.

LANDSCAPE ARCHITECTURE. *Professor:* R. W. Curtis. *Assistant Professors:* E. D. Montillon, E. G. Lawson.

THE FINE ARTS. *Professors and Assistant Professors:* Members of the Faculty of Architecture, of the Faculty of Landscape Architecture, and of the Faculty of Arts and Sciences. *Assistant Professor of Fine Arts:* D. L. Finlayson.

THE MEDICAL COLLEGE

Candidates for admission as students should consult the Announcement of the Medical College, which will be furnished free on application to the Secretary, Cornell University Medical College, First Avenue and Twenty-eighth Street, New York City, or the Secretary, Cornell University Medical College, Stimson Hall, Ithaca, N. Y.

In June, 1927, an agreement was entered into between Cornell University and the New York Hospital by which the New York Hospital-Cornell Medical College Association was formed, the purpose of which is the organic association of the two institutions and the cooperation of their medical, educational, and scientific activities. The Association is operated under the supervision of a Joint Administrative Board composed of three Governors of the New York Hospital (Messrs. Edward W. Sheldon, Chairman; William Woodward, and Frank L. Polk), three representatives of the Board of Trustees of Cornell University (Dr. Livingston Farrand, Mr. J. DuPratt White, and Dr. Walter L. Niles), and one other member (Mr. J. Pierpont Morgan) elected by the appointed members. G. Canby Robinson, M.D., is Director of the Association.

In March, 1929, the Lying-In Hospital joined the Association under an agreement for the merging of all its distinctive operations with the Association's work.

Additional endowment was obtained by all three of the associated institutions. The Association is erecting a group of buildings between Sixty-eighth and Seventy-first Streets, along the East River, adjoining the Rockefeller Institute for Medical Research. The new plant, which is to be completed by the autumn of 1932, or soon thereafter, will afford separate buildings for each of the various laboratory departments and hospital provision for obstetrics, pediatrics, and psychiatry, as well as for medicine and surgery. The faculty of the Medical College and the professional staff of the Hospital are to be reorganized so as to form one body which will be established on a university basis.

Until the new buildings are completed and the reorganization is effected, the Medical College may be described as follows:

The main division of the Medical College is situated at First Avenue and Twenty-eighth Street, New York City. The work of the first year of the four-year course leading to the degree of Doctor of Medicine (M.D.) is duplicated in the University at Ithaca, where a

distinct Faculty of Medicine is organized. Any student may take the first year either in New York City or at Ithaca. All students take the last three years of the course in New York City only.

The main college building comprises a medical school and dispensary, with principal entrance on First Avenue, opposite Bellevue Hospital, and occupies the entire block between Twenty-seventh and Twenty-eighth Streets on First Avenue. The building is devoted to the departments of anatomy, clinical pathology, chemistry, pathology, bacteriology, physiology, and medicine, and their laboratory equipment. It was erected for the college in 1898 by Colonel Oliver H. Payne, who subsequently gave the college an ample permanent endowment.

The Loomis Laboratory, founded in 1886 by the same munificent hand, serves the purpose of undergraduate instruction, in connection with the laboratories in the college building. It has also been organized as a research laboratory, and special departments have been established in bacteriology, physiological chemistry, experimental medicine, and pharmacology.

The Cornell University Medical College Clinic, situated in the main college building, is equipped for purposes of instruction. The attendance in the clinic has averaged about 335 patients daily and it has had about eighteen thousand new patients a year. The organization is such as to bring the clinic into close relation with the laboratory and research agencies of the college. The department of roentgenology and the laboratory of clinical pathology are connected directly with the clinic.

The New York Hospital has assigned its pathological service and one-half of its medical and surgical services to the college for the advancement of the college's teaching and research; this arrangement was established in 1913 by means of the gift to the hospital of a generous fund by Mr. George F. Baker, a governor of the hospital. Under this arrangement the University nominates the visiting staff of its division and the laboratory staff and obtains the admission of its students to the wards as clinical clerks.

The Bellevue Hospital, directly opposite the main college building, has twelve hundred beds and receives twenty-four thousand patients annually. The hospital has been organized in four divisions, one of which has been placed by the trustees of the hospital at the disposal of the faculty of the Cornell University Medical College for medical instruction. The services thus intrusted to the college include, continuously, ninety medical beds, ninety surgical beds, sixty beds devoted to urology, and a neurological service, and for one-half of the year fifty-four obstetrical beds, together with equal privileges with the other three divisions in a continuous opportunity for instruction and research in the wards devoted to the treatment of alcoholic diseases, tuberculosis, and the psychopathic diseases. There are also sixty beds for instruction in gynecology by members of the staff assigned for this duty by the college.

The Memorial Hospital became affiliated with the Cornell University Medical College in 1914 through the generosity of the late Dr. James Douglas, who provided for the hospital an endowment for the study and treatment of cancer and allied diseases on condition that the hospital devote itself wholly to that work. Under the conditions of this union the college has the responsibility for the medical and surgical work of the hospital.

The medical direction of the John E. Berwind Maternity Clinic is under the control of the Cornell University Medical College, which nominates the resident and house staffs. Cornell students are assigned to the clinic for practical instruction under the direction of the Professor of Obstetrics and Gynecology.

The Russell Sage Institute of Pathology has been affiliated with the Second Medical (Cornell) Division of Bellevue Hospital since 1913. Endowed by Mrs. Russell Sage in 1907, it has provided funds for research in pathology and medicine.

By courtesy of the trustees of the New York Nursery and Child's Hospital, Cornell students are there instructed in pediatrics. The members of the teaching staff have official connection with the hospital.

By courtesy of the Neurological Institute, section work in nervous diseases is offered to third- and fourth-year students in the wards and out-patient department of this hospital.

The Professor of Psychiatry is Director of the Psychiatric Institute, Ward's Island, which is the teaching and research center for the entire New York State Hospital system. The lecture rooms, pathological material, and clinical facilities of the Institute are available for the teaching of medical students.

At the Manhattan State Hospital, Ward's Island, for the care and treatment of mental diseases, where more than five thousand patients are accommodated, the Professor of Psychiatry is enabled, by courtesy of the Superintendent, to utilize this clinical material for the instruction of students.

Members of the faculty hold appointments in other hospitals and dispensaries of the city and are thus enabled to utilize for teaching purposes a quantity and variety of clinical material. This is used from time to time as necessity or opportunity arises. The major part of the bedside and clinical instruction is, however, purposely conducted in Bellevue Hospital and New York Hospital.

The Faculty of Medicine at Ithaca occupies Stimson Hall, a modern and thoroughly equipped laboratory building erected in 1902. It was made possible by the generosity of Dean Sage of Albany and at his request was named Stimson Hall in recognition of the services rendered by Dr. Lewis A. Stimson toward the establishment of the Medical College.

The library of the Medical College in New York City contains about fifteen thousand volumes and a large number of reprints and monographs including the Birch-Hirschfeld bound collection. The

library receives about one hundred current scientific periodicals which include nearly all the more important German, French, and English journals in the field of medical science. In addition to their use of the college library, students enjoy certain privileges at the library of the New York Academy of Medicine, 17 West Forty-third Street, and at the New York Public Library.

The Van Cleef Memorial Library, endowed by Mynderse Van Cleef, Esq., in memory of his brother, Dr. Charles Edward Van Cleef, and housed in Stimson Hall, supplements the extensive facilities of the University Library by a steadily growing collection of reference works and periodicals of importance for the work of instruction and research conducted by the Medical College at Ithaca.

The Sarah Manning Sage Research Fund of \$50,000 was bequeathed to the University in 1916 by Mrs. Sage, the widow of Dean Sage, donor of Stimson Hall, for use in promoting the advancement of medical science by the prosecution of research in the Medical College at Ithaca.

An important adjunct to the Department of Physiology at Ithaca is an Experimental Field Station operating nine acres in the open country about two miles from Stimson Hall. The station provides ideal conditions for keeping animals under observation in feeding and nutrition experiments, for example, during long periods of time.

NEW YORK STATE VETERINARY COLLEGE

Candidates for admission as students should consult the Announcement of the Veterinary College, which the Secretary of the University will send free upon request.

The Veterinary College offers a four-year course leading to the degree of Doctor of Veterinary Medicine (D.V.M.).

Chapter 153 of the Laws of 1894 established the college and defined its object thus: "To control investigations as to the nature, prevention, and cure of all diseases of animals, including such as are communicable to man and such as cause epizootics among livestock; to investigate the economic questions which will contribute to the more profitable breeding, rearing, and utilization of animals; to produce reliable standard preparations of toxins, antitoxins, and other productions to be used in the diagnosis, prevention, and cure of diseases, and in the conducting of sanitary work by approved modern methods; and to give instruction in the normal structure and func-

tion of the animal body, in the pathology, prevention, and treatment of animal diseases, and in all matters pertaining to sanitary science as applied to live stock and correlatively to the human family."

The college is supported by the State and is administered by the Board of Trustees of Cornell University through the agency of the State College Council, a body whose composition is described on pages 10 and 13. With respect to all academic interests the college is an integral part of the University.

The Flower Library, a special collection which Roswell P. Flower founded in 1897 with a gift of five thousand dollars and which Mrs. Flower afterward endowed with a gift of ten thousand dollars, belongs to the Veterinary College. This collection comprises about ten thousand volumes and it is generously supplemented by the loan of books and periodicals from the University Library.

The college occupies a group of five large and several smaller buildings situated near the center of the University campus, besides an outlying experiment station and farm. The main building is named James Law Hall in honor of the late James Law, F.R.C.V.S., the Professor of Veterinary Medicine and Surgery at Cornell University from 1886 till 1908 and the first director of the college.

NEW YORK STATE COLLEGE OF AGRICULTURE

Candidates for admission as students should consult the Announcement of the College of Agriculture, which the Secretary of the University will send free upon request.

The College of Agriculture offers a four-year course leading to the degree of Bachelor of Science (B.S.). It offers also certain two-year courses designed for young men who expect to go into farming or into business closely allied thereto and who desire agricultural training of college grade but cannot devote more than two years to it. The college offers, in addition, a winter course beginning in November and running through twelve weeks, and a summer session of six weeks. Some of the departments of the college, as a part of their instruction, offer specialized courses of study designed to fit students for professional or vocational careers in special fields. Such departments

*Died February 19, 1931.

are those of Forestry and Rural Education. The professional course in Forestry requires for its completion, besides four years of prescribed work leading to the degree of Bachelor of Science, a year of graduate work leading to the degree of Master in Forestry.

Besides the instruction of students, the college's operations regularly include extension work among the farmers of the State and research and experiment on a large scale. Its objects were thus defined in the Administration Act which became a law in 1906, two years after the State had established it as a state institution: "To improve the agricultural methods of the State; to develop the agricultural resources of the State in the production of crops of all kinds, in the rearing and breeding of live stock, in the manufacture of dairy and other products, in determining better methods of handling and marketing such products, and in other ways; and to increase intelligence and elevate the standards of living in the rural districts. For the attainment of these objects the college is authorized to give instruction in the sciences, arts, and practices relating thereto, in such courses and in such manner as shall best serve the interests of the State; to conduct extension work in disseminating agricultural knowledge throughout the State by means of experiments and demonstrations on farms and gardens, investigations of the economic and social status of agriculture, lectures, publications of bulletins and reports, and in such other ways as may be deemed advisable in the furtherance of the aforesaid objects; to make researches in the physical, chemical, biological, and other problems of agriculture, the application of such investigations to the agriculture of New York, and the publication of the results thereof."

The college is administered by the Board of Trustees of Cornell University through the agency of the State College Council, a body whose composition is described on pages 10 and 13. With respect to all academic interests the college is an integral part of the University.

Funds for the support of the college's work are derived from these sources: first and foremost, State appropriation; secondly, Federal appropriation, comprising (a) a share with the College of Engineering of this University in New York's portion of the funds annually available under the Morrill Act of 1890 and the Nelson Amendment of 1907 supplementing the Land Grant Act of 1862, (b) a share with the State Experiment Station in New York's portion of the funds annually available under the Hatch Act of 1887 and the Adams Act of 1906 for the operation of experiment stations, (c) New York's portion of the funds annually available under the Smith-Lever Act of 1914 for extension instruction in agriculture and home economics, and (d) a part of New York's portion of the funds annually available under the Smith-Hughes Act of 1917 for the training of teachers; thirdly, annual appropriation by Cornell University; fourthly, income from sales and service; and, fifthly, fees paid by students.

The library facilities of the college include a collection of books and periodicals on agriculture, animal husbandry, botany, entomol-

ogy, horticulture, forestry, and other kindred subjects, contained in the University Library and numbering about thirty thousand volumes; the Agricultural College Library, separately housed, a working and reference collection of about sixty-five thousand bound volumes and many bulletins, reports and other pamphlets; and various departmental collections for laboratory and office use. Some of these collections, for instance the Craig horticultural library, gift of the widow of Professor John Craig, and the library of entomology, are of more than ordinary compass in their respective fields. All these libraries are likewise provided with the principal periodicals relating to agriculture and kindred subjects.

A large group of buildings has been erected by the State for the uses of the college. Most of them are situated in the northeastern quarter of the University campus. The total cost of this group has exceeded two million dollars.

Farms aggregating about twelve hundred acres and situated near the campus are managed by the college. The University owns practically all of this land. The farms are operated not for commercial but for educational purposes, mainly investigation, which is here organized in the Cornell University Agricultural Experiment Station. This station was begun in 1879 and was firmly established in 1888 under the terms of the Hatch Act. The Dean of the college is its director.

The New York State Agricultural Experiment Station, which was established at Geneva in 1882, is managed, controlled, and administered by Cornell University. It operates for experimental purposes 218 acres of land at Geneva, a 10-acre orchard near Rochester, a 28-acre vineyard at Fredonia, a laboratory of vegetable research on a 30-acre farm near Riverhead, Long Island, and fruit experimental plots in the Hudson river valley.

NEW YORK STATE COLLEGE OF HOME ECONOMICS

Candidates for admission as students should consult the Announcement of the College of Home Economics, which the Secretary of the University will send free upon request.

The College of Home Economics offers a four-year course leading to the degree of Bachelor of Science (B.S.). The college is supported by the State and is administered by the Board of Trustees of Cornell University through the agency of the State College Council, a body whose composition is described on pages 10 and 13. With respect to all academic interests the college is an integral part of the University.

It was established in March, 1925, by an act of the Legislature which provided that "the School of Home Economics heretofore administered and maintained in the New York State College of Agriculture at Cornell University shall hereafter be known as the New York State College of Home Economics at Cornell University." The act defined the object of the college as "the improvement of human welfare by means of education, investigation, and extension teaching in the field of domestic science and art, including household and institutional economics, and allied subjects."

In connection with the college and in cooperation with the American Hotel Association, a course for executives in hotels and in other institutions having housing and feeding problems has been organized.

The college occupies a large building containing classrooms, laboratories, and a fully equipped cafeteria restaurant, and makes regular use of a cottage on the campus for the practical instruction of its students.

ADMINISTRATION. *Dean:* A. R. Mann. *Directors:* Flora Rose, Martha Van Rensselaer.

Professors: Flora Rose, Martha Van Rensselaer, Helen Monsch, Beulah Blackmore, Mary F. Henry, Adelaide Spohn, H. B. Meek, Mrs. Nancy M. Roman, S. Lucile Brewer, Marie B. Fowler, Mrs. Ethel B. Waring, Claribel Nye, Dr. Helen Bull, Mrs. Dorothy B. Scott, Grace Morin, Margaret Wylie, Day Monroe.

Assistant Professors: Mrs. Jessie A. Boys, Mrs. Dora W. Erway, Caroline Morton, Faith Fenton, Ruth S. Scott, Mildred Carney, Dorothy Barnard, Lillian Shaben, Katherine W. Harris, Muriel Brasie, Helen J. Hubbell, Marion Pfund, Florence E. Wright, Olga P. Brucher. *Associate State Leader of Home Demonstration Agents:* Mrs. Ruby Green Smith. *Assistant Leaders:* Adelaide Barts, Dorothy C. DeLany, Bessie C. McDermand. *Lecturers:* R. J. Kief, Doris Schumaker, Winifred Moses, B. R. Andrews, Mrs. C. G. Woodhouse. *Instructors:* Helen Canon, Jennie C. Jones, Mrs. Caroline B. McIlroy, Frances A. Brookins, Lucy Kimball, Mrs. Myrtle S. Betten, Sannie Callan, Louis Toth, John Courtney, Helen D. Crouch, Katherine Reeves, Allan H. Treman, Mrs. Gladys Butt, Mrs. Alma Scidmore, Mrs. Charlotte H. Merrell, Margaret C. Morehouse, A. L. Olsen, Martha Whitten, Lucile G. Smith, Lois F. Meek, Dorothy F. Sayles, Helen F. Simmonds, Catherine Personius, Grace Laubengayer, Margaret Orr, Ruth B. White.

UNIVERSITY DEPARTMENTS OF INSTRUCTION

By means of the departments of Military Science and Tactics, Physical Education and Training, and Hygiene and Preventive Medicine, the University provides instruction, either required or elective, in those subjects. The University Faculty has fixed certain requirements both in physical training and in hygiene as a minimum to be met by all undergraduate students in the first two years of the course.

All first-year students of all the colleges at Ithaca are required to attend lectures on hygiene and preventive medicine given once a week throughout the college year. Reading is assigned and a written examination is required.

Every male student who is a candidate for a baccalaureate degree and is required to take five, six, seven, eight, or more terms in residence must, in addition to the scholastic requirements for the degree, take one, two, three, or four terms respectively, of three hours a week, in the Department of Military Science and Tactics. Exceptions to this rule are made in the cases of (a) students in the Law School, (b) students holding a baccalaureate degree of an approved college, (c) students who neither are American citizens nor have taken out their first citizenship papers, and (d) students physically unfit. The requirements in military science and tactics must be met term by term until completed; otherwise the student will not be permitted to register again in the University without the consent of the University Faculty. Students who are officially relieved of the requirement in military science and tactics are subject to the requirement of an equivalent period of work in the Department of Physical Training. The requirement may be extended at the discretion of the medical adviser.

Every woman student who is a candidate for a baccalaureate degree and is required to take five, six, seven, eight, or more terms in residence, must, in addition to the scholastic requirements for the degree, take one, two, three, or four terms respectively, of three hours a week, in the Department of Physical Training. The requirements may be extended at the discretion of the medical adviser. The requirements in physical training must be met term by term until completed; otherwise the student will not be permitted to register again in the University without the consent of the University Faculty.

Freshmen and sophomores may be required in exceptional cases of physical defect to take, instead of military drill, corrective exercises in the Department of Physical Training as prescribed by the medical adviser. Juniors and seniors are relieved of all required physical exercises provided their periodical medical examinations show that they have kept themselves in satisfactory physical condition. Otherwise they may be required to take or to continue corrective exercises.

MILITARY SCIENCE AND TACTICS

The purpose of the Department of Military Science and Tactics is to qualify students for positions of leadership in all walks of life in times of national emergency, with the ultimate object of developing specially selected students for appointment as officers in the Organized Reserve Corps of the Army of the United States. This training will be as valuable to the student in his industrial or pro-

professional career in peace time as it would be to the Government in case of national emergency. The course includes physical training, command and leadership, weapons, and the application of the fundamental principles of tactics. It is divided into two periods, the Basic Course, which is compulsory in the freshman and sophomore years, and the Advanced Course, which is voluntary in the junior and senior years.

A student electing Military Science and Tactics in his junior and senior years, and taking five hours a week of practical and theoretical instruction therein, receives commutation of subsistence of thirty cents a day from the United States Government, provided he agrees to attend a summer camp for six weeks in one summer. The organization is known as the Cornell University Unit of the Reserve Officers' Training Corps (R. O. T. C.) of the Army of the United States. The students are organized for administrative and training purposes in five units; Infantry, Field Artillery, Signal Corps, Ordnance, and Veterinary Corps. A Band is composed of students detailed from the various units. The Infantry Unit consists of one regiment of three battalions of four companies each. The Artillery Unit consists of one regiment of three battalions of four batteries each. The Signal Corps Unit consists of two companies. The Ordnance and Veterinary Units are not tactically organized. The Band consists of sixty pieces and a varying number of aspirants.

Any qualified member of the Cornell University Unit of the Reserve Officers' Training Corps who has satisfactorily passed the first year of his University course may, on recommendation of the Commandant and the nomination of the President of the University, be commissioned as an officer in the Unit by the University Faculty. The University provides pay ranging from \$66 to \$200 annually, for each of the eighty-eight commissioned officers of the Reserve Officers' Training Corps. In addition, the thirty-six senior officers are assistants in the Department.

OFFICERS OF THE ARMY OF THE UNITED STATES ON DETAIL AT CORNELL UNIVERSITY. *Professor of Military Science and Tactics and Commandant of the Corps of Cadets:* Colonel J. W. Beacham, jr.; *Members of the Staff:* Major Ralph Hospital, Major P. M. Ellis, Captain J. A. Stewart, Captain W. H. E. Holmes, Captain J. W. Curtis, Captain S. L. Dunlop, Captain J. M. Roamer, Captain G. W. Hirsch, Captain J. G. Fuller, Captain R. S. MacKie, Captain F. H. Gaston, Captain Charles Ennis, First Lieutenant S. E. Bullock, First Lieutenant D. McNeal, First Lieutenant L. W. Bassett, First Lieutenant J. R. Culleton. ASSISTANTS IN MILITARY SCIENCE. *Cadet Colonels:* William M. Vanneman, Christopher W. Wilson. *Cadet Lieutenant Colonels:* Stephen N. Bean, Charles P. Beyland. *Cadet Majors:* Harold D. Craft, William D. Hamilton, Stanley A. Loewenberg, Theodore L. Osborn, Edward M. Palmquist, William B. Shepard. *Cadet Captains:* Frederick B. Allyn, Frank T. Armstrong, Charles A. Brown, Robert C. Collins, George H. Cottrell, Clair O. Dean, Carl A. Dellgren, Paul J. Glaister, Mark S. Gurnee, Edward W. Guthrie, Harold W. Hanson, John G. Hanshaw, Elbert A. Hawkins, Harry G. Herb, Martin W. Hess, Carl R. Lemon, James A. Oest, Frank S. Pink, John A. Pruyn, Sam E. Scharff, Ronald L. Sheldon, Robert L. Smith, Robert P. Stieglitz, Charles A. Storke, Arthur W. Tresch, John A. Verney.

PHYSICAL EDUCATION AND TRAINING

This department is organized for a fourfold purpose. It instructs those students who are fulfilling the requirement of physical training but are exempt from military training; it directs the corrective physical exercises that are prescribed in particular cases by the medical adviser; it offers a special course in physical education for those who are planning to teach; and, especially, it promotes recreative athletic exercise throughout the year for all classes of students. The University's aim is to encourage participation in athletics by all students rather than by a few, for the reason that well regulated athletic exercise is found to be, for the majority of college men, the best means of keeping in fit physical condition. The Department of Physical Training therefore endeavors to interest all students in physical exercises, not merely those students who are trying to attain membership in a representative athletic team. It organizes competitive games among the colleges

and among the fraternities and other bodies of students and it employs coaches and assistants whose duty is to supervise those games. The games include cross-country running, association football, baseball, track athletics, rowing, and basketball and other indoor athletics. Regular participation in any of them, or in any such game as tennis, lacrosse, handball, or golf, or in any such form of exercise as boxing, fencing, or wrestling, is regarded as fulfilling the requirements of the Department of Physical Training. Suitable games are organized for the women as well as for the men in addition to the regular two-year physical training requirements.

The Professor of Physical Education, and Director of the Gymnasium: C. V. P. Young. *Instructors:* Ellen B. Canfield, W. C. O'Connell, H. B. Ortner, J. J. Fallon, Nicholas Bawlf, Dorothy H. Bateman, Alice R. Pridham, François Darrieulat, Elizabeth D. Daniels, Mary C. Ryan.

HYGIENE AND PREVENTIVE MEDICINE

This department is organized both for the purpose of classroom instruction in the subject of hygiene and preventive medicine and for the purpose of conserving the health of students by means of physical examination and medical advice.

All students, including entering graduates, are required to present themselves to the medical adviser and receive a thorough confidential physical examination once a year. Students found to be physically deficient at the time of the examination are assigned by the medical adviser to the Department of Physical Training for such corrective exercises as the adviser may recommend. In cases of illness or indisposition, students are expected to report immediately either in person, by telephone, or by messenger, to the medical adviser's office. Any student failing to report as soon as possible to the medical adviser any contagious or infectious disease is regarded as guilty of a serious breach of discipline. A student may at any time be requested to withdraw from the University if, in the opinion of the University authorities, the condition of his health is such as to make it unwise for him to remain.

Professor of Hygiene and Medical Adviser: D. F. Smiley, M.D. *Assistant Professor of Hygiene and Medical Adviser of Women:* Jennette Evans, M.D. *Assistant Professors of Hygiene and Assistant Medical Advisers:* A. G. Gould, M.D.; Elizabeth Edmunds, M.D.; E. C. Showacre, M.D.; Webb York, M.D. *Instructors in Hygiene and Assistant Medical Advisers:* L. B. Carruthers, M.D.; Muriel Fetterly, M.D.; P. J. Robinson, M.D. *Assistant Medical Adviser and Team Physician:* H. A. Britton, M.D. *Assistants in Hygiene:* P. W. Eckley, Miss E. K. Carter.

THE UNIVERSITY LIBRARIES

THE LIBRARY COUNCIL. The President of the University; Jared T. Newman, of the Board of Trustees; the Librarian; Professors A. H. Wright, and G. W. Herrick, representing the Group of Sciences; Professors G. L. Hamilton and William Strunk, jr., representing the Group of Letters.

THE LIBRARY STAFF. *Librarian Emeritus*, Willard Austen. *Librarian*, Professor Otto Kinkeldey. *Associate Librarian*, E. R. B. Willis. *Honorary Librarian of the President White Library*: G. L. Burr (Professor of History, Emeritus). *Curator of the Icelandic Collection*: Professor Halldór Hermannsson. *Curator of the Petrarch and Dante Collections*: Professor G. L. Hamilton. *Curator of the White Library and the Wason Collection*: Gussie Gaskill. *Supervisor of the Accessions Division*: Elizabeth Sage Ingersoll. *Supervisor of Classification*: George de Grassi. *Supervisor of the Catalogue*: Emma Romelia Speed. *Supervisor of Periodicals*: Lillian Leland. *Senior Cataloguer*: Muriel Eldra Farr. *Librarian of the Law Library*: E. E. Willever. *Librarian of the New York State College of Agriculture*: W. W. Ellis.

The University Libraries comprise the General Library of the University, the Seminary Libraries in the general library building, the White Architectural Library, the Chemical Library, the Sibley Engineering Library, the Civil Engineering Library, the Law Library, the Flower Veterinary Library, the Barnes Hall Library, the Goldwin Smith Hall Library, the Van Cleef Memorial Medical Library, and the Library of the New York State College of Agriculture. The total number of classified volumes and pamphlets in these is now about eight hundred and thirty thousand. The number of periodicals, transactions, and other serials, currently received, is over two thousand and of most of these complete sets are on the shelves.

The general library building is the gift of Henry W. Sage. The general reading rooms contain accommodations for two hundred and seventy readers, and the open bookcases around the rooms provide shelf room for twelve thousand volumes. In the tower are the great bell of the University, the gift of Mrs. Mary White, and the chime of bells, the gift of Mrs. Jennie McGraw Fiske.

The income of an endowment fund of three hundred thousand dollars, given by Henry W. Sage in 1891, is devoted to the purchase of books and periodicals. The free income of an endowment fund of five hundred and thirteen thousand dollars, received in 1906 by the bequest of Willard Fiske, is expended for the uses and purposes of the Library, with specific provision for the maintenance and increase of the Icelandic and Italian collections.

Supplementing the general card catalogue of the library, there have been issued printed catalogues of the President White collections on the Protestant Reformation (1889) and the French Revolution (1894), and of the Rhaeto-Romanic collection (1894), the Dante collection (1900) and its Supplement (1921), the Icelandic collection (1914) and its Supplement (1927), the Petrarch collection (1916), the Runic collection (1918), and the Wordsworth collection (1931).

The library is primarily for the use of University officers and students. Books not held in reserve for special reasons are allowed to go out for home use to all registered borrowers. Cards of admission to the shelves in the stack-rooms, and to the White Historical Library for a limited time, may be issued to students whose work requires access to the bookshelves.

Many notable libraries formed by private collectors have passed into the University Library and have been augmented either by reason of particular endowment funds or through general purchases. Among such collectors are:

Andrew D. White, first President of the University, who gave it, in 1891, his historical library of about twenty-three thousand volumes and pamphlets, rich in the primary sources of history and in books on the periods of the Reformation, the French Revolution and the American Civil War, and on the history of superstition.

Willard Fiske, first Librarian of the University, who gave and endowed remarkably rich collections on Dante, now over ten thousand volumes, on Petrarch about four thousand volumes, and on Iceland over eighteen thousand volumes.

Jared Sparks, sometime president of Harvard College, from whose heirs Ezra Cornell bought for the University upwards of five thousand volumes and four thousand pamphlets relating chiefly to the colonial and revolutionary history of the United States.

The Rev. Samuel J. May, of Syracuse, long secretary of the American Anti-Slavery Society, who gave the nucleus of what has become a large collection of books on slavery and anti-slavery in America.

Friedrich Zarncke of the University of Leipzig, whose thirteen thousand volumes, rich in German philology and literature, were purchased for the University in 1893 by William H. Sage.

James Morgan Hart, professor in Cornell University, who in 1914 presented his not dissimilar English Library.

Charles William Wason '76, who gave and endowed his collection of ten thousand volumes and pamphlets on China and the Chinese.

Benno Loewy, who bequeathed about fifty thousand volumes, including fine editions of the world's great books, Shakespearian and dramatic literature, and many books on freemasonry.

Cynthia Morgan St. John, whose collection of one thousand volumes by and about William Wordsworth was presented in 1925 by Victor Emanuel '19.

Many other smaller collections of distinction have been added by gift, or in some cases by purchase, from Professors Goldwin Smith, Hiram Corson, and Thomas Frederick Crane of Cornell (English history and literary classics; books on the poet Cowper; books on French and Italian society in the sixteenth and seventeenth centuries); from Professors Franz Bopp of Berlin, August Eisenlohr of Heidelberg, and Charles Anthon of Columbia University (books on philology and oriental literature and the European ancient classics); from Eugene Schuyler and Herbert H. Smith '72 (books on Russia and on Brazil), and from Emil Kuichling (books on hydraulics and sanitary engineering, with a fund for maintenance).

For the study of English, of the classical languages, of the Germanic and Romance languages, of philosophy, of politics and economics, of American and European history, there have been provided in the library building six seminary rooms, each equipped with a carefully chosen body of reference books, to which advanced students in these

fields have access. In connection with the scientific and technical laboratories similar collections have been formed and well supplied with reference books, standard works, and sets of periodicals, conveniently arranged for study and research.

The following are the more important divisions of the University libraries kept outside the main library:

The Goldwin Smith Hall Library is distinctly a reference collection, numbering now over three thousand volumes. It consists chiefly of books used in connection with the undergraduate work in humanities, providing in certain cases many copies of the books most in demand in the larger classes.

The Law Library occupies the third floor of Boardman Hall. It now contains over sixty-eight thousand volumes, and includes the library of the late Nathaniel C. Moak, presented in 1893 by Mrs. A. M. Boardman and Mrs. Ellen D. Williams as a memorial to Judge Douglas Boardman, the first Dean of the College of Law. In reports of the Federal Courts, reports of the several American state jurisdictions, and in English, Scotch, Irish, and Canadian reports, the library is practically complete. The library also possesses complete sets of all the leading law periodicals in English.

The Barnes Biblical Library was presented to the University by Alfred C. Barnes for the use of the Cornell University Christian Association, and occupies rooms in Barnes Hall. The collection now numbers about four thousand volumes, all fully catalogued as part of the University Library. After the death of the donor his children gave to the University, for the maintenance and increase of the collection, an endowment of five thousand dollars.

The Flower Veterinary Library, now numbering about ten thousand volumes owes its formation to Roswell P. Flower, who in 1897 gave five thousand dollars to Cornell University to establish a library for the use of the State Veterinary College. In 1901, Mrs. Flower gave to the University ten thousand dollars for an endowment fund, the annual income of which is used for this library.

The Van Cleef Memorial Medical Library, established in 1903 by gifts and by class memorial subscriptions, and endowed in 1921, now contains over three thousand volumes.

The Medical College in New York City has its own library containing about fifteen thousand bound volumes and a large number of reprints and monographs including the Birch-Hirschfeld bound collection. The library receives about two hundred and seventy-five current periodicals which include nearly all the more important German, French, English, and Italian journals in the field of medical science.

The Agricultural College Library, comprising the College Library, the Forestry Library, and the Craig Horticultural Library, consists of about sixty-six thousand volumes.

AUXILIARY INSTITUTIONS AND FUNDS

THE HECKSCHER RESEARCH FOUNDATION

August Heckscher of New York City in 1920 established and endowed the Heckscher Foundation for the Promotion of Research in Cornell University. He set forth the purpose of the Foundation as follows in a formal letter of gift dated New York, August 5, 1920:

"This gift is to constitute a fund to be known as the Heckscher Foundation for the Promotion of Research in Cornell University. The income of the fund is to be used for the support at Cornell University at Ithaca, New York, of research in any or all branches of knowledge (including the publication of the results thereof). The income from the said fund. . . shall be kept in a separate account, and a separate accounting of such income shall be made from year to year. It is my desire and expectation that such income will be used to supplement and extend the work in research now being carried on and supported by the University. As research in America suffers from the exhaustion of professors by teaching and other duties, it is my desire that professors and instructors possessing the talent and training necessary for research shall, under such conditions and for such periods of time as the University authorities may prescribe, be liberated partially or wholly from those duties and enabled to devote themselves in all the freshness and fullness of their energies to productive investigation and scholarship."

The Board of Trustees on October 2, 1920, adopted the following rules for the conduct of the Foundation:

The income shall be used only for the promotion of research, including the publication of the results thereof.

For the present, the income shall not be used for permanent research professorships.

The income shall not be used to increase the emoluments of any member of the teaching staff.

The income shall not be used intentionally to promote investigation leading to patent rights or to the pecuniary benefit of the investigators through patent rights, or in any similar manner.

For the administration of the foundation there shall be established a council to be known as the Heckscher Research Council. This council shall consist of the President of the University, ex officio, as chairman; two trustees to be elected by the Board of Trustees whose respective terms as members of the council shall continue until the expiration of their then respective terms as trustees; the Dean of the Graduate School, ex officio; four members of the University Faculty, two from each of the two groups known as the group of sciences and the group of letters as specified in Section 2 of Article XII of the University Statutes and relating to the University Library; and two emeritus professors to be selected by the council. The terms of the four faculty members to be elected by the groups of the Faculty shall, at the first election, be for one, two, three, and four years respectively, and thereafter the term of each shall be four years. All members of the Council shall continue to hold office until their successors are elected. This council shall, subject to the approval of the Board of Trustees, have general supervision of research under the Heckscher Foundation, the expenditure of the income of the fund, and all other matters pertaining thereto. The council shall report its recommendations from time to time to the Board of Trustees and upon the approval of the same the expenditure of appropriations shall follow the usual

practice of the University. The council shall call annually for requests for grants from individual investigators, or groups of investigators, proposing to collaborate, but not from departments of the University as such, nor from colleges. The council shall have power to establish and from time to time modify the rules and regulations governing its meetings and the details of appropriations. An annual report of progress shall be made to the council by each investigator or group receiving a grant. An annual report to the Board of Trustees shall be made by the council and a copy thereof sent to the founder of the fund. A minimum of one hundred copies of all publications of the results of the investigations shall be delivered to the council for preservation in the University Library and distribution under the direction of the council. A bound copy of such publications shall from time to time be transmitted to the founder.

The members of the Heckscher Research Council in 1930-31 were the President of the University and the Dean of the Graduate School; Messrs. Warner and Westinghouse of the Board of Trustees; Emeritus Professor E. L. Nichols; and Professors S. L. Boothroyd, Carl Becker, W. M. Sawdon, O. F. Curtis, and G. W. Cunningham.

THE GOLDWIN SMITH LECTURESHIP

The Board of Trustees in 1910 assigned a part of the income from Professor Goldwin Smith's bequest to constitute a lectureship fund. The bequest was made in these words: "All the rest and residue of my estate I give, devise, and bequeath to Cornell University in the State of New York, United States of America, absolutely to be used by the Board of Trustees for the promotion especially of liberal studies, Languages Ancient and Modern, Literature, Philosophy, History and Political Science, for which provision has been made in the new Hall which bears my name and to the building of which my wife has contributed. In confirming this bequest my desire is to show my attachment to the University in the foundation of which I had the honor of taking part; to pay respect to the memory of Ezra Cornell; and to show my attachment as an Englishman to the union of the two branches of our race on this continent with each other, and with their common mother." The lectureship fund is one of several objects to which the Board of Trustees, in accordance with the terms of the bequest, have devoted the income of this generous gift. The fund provides for a large number of occasional lectures by visiting scholars in the course of the year.

The names of the Goldwin Smith Lecturers in 1930-31 and the titles of their lectures are in the following list:

Auguste Desclos, Associate Director, Office National des Universités et Ecoles Françaises: Paris as an art center.

Professor L. Lévy-Bruhl of the University of Paris and the Institute of France: The present state of philosophy in France.

Cecil Jane, Visiting Professor of History at Wellesley College: Is Spanish America coming of age?

Lieutenant-Colonel Philip A. Moore: Tales and trails of the Rockies.

Heinz Kloss, of the Deutsches Ausland-Institut, Stuttgart: Die Pennsylvanisch-Deutsche Literatur.

A. M. Bailey, Director of the Chicago Academy of Science: Filming our native birds.

Samuel Angus, Professor of Philosophy, Teachers College, Columbia University: Religion and culture.

Edmund Faral of the Collège de France, Exchange Professor at Columbia University: Quelques aspects de la civilisation médiévale.

André Maurois: The novel and the biography.

Edith Emerson, of the National Society of Mural Painters: Technique and emotion.

General Ivor Thord-Gray: The Pre-Columbian civilization in the valley of Mexico.

Max Montor: I. A selection from Ibsen's *The Pretenders*. II. A recital of Hebbel's *Gyges und sein Ring*.

Ladie Hosie: An Englishwoman looks at China.

Captain C. W. R. Knight: Sea hawks.

Professor M. Blakemore Evans, Ohio State University: The Passion Play of Lucerne, a phase of medieval life.

Professor Burges Johnson, Director of Public Relations, Syracuse University: Newspapers and the public service.

Horace M. Kallen, Professor in the New School for Social Research: William James and the modern point of view.

Marion E. Blake, Professor of Greek, Mount Holyoke College: Roman pavements.

Charles Wellington Furlong: Hitting the trail in Masailand.

Professor Paul Merker of the University of Breslau: Die literarischen Stilstufen in der deutschen Literatur des 20. Jahrhunderts.

Charles Mauricheau-Beaupré, Official Lecturer of the Federation of the French Alliance: La cour et les maisons royales: la vie à Versailles, Saint-Germain, Fontainebleau, Marly, Trianon.

Professor Harold Bohr of the University of Copenhagen: Almost periodic functions.

Professor Fortunat Strowski of the University of Paris: Les problèmes moraux de la vie contemporaine dans le théâtre français.

Professor Nathaniel Micklem of Queen's Theological College, Kingston, Ontario: Dogma and freedom.

Colonel Ralph H. Isham: The Boswell papers of Malahide Castle.

THE FRANK IRVINE LECTURESHIP

The Conkling Chapter of the law school fraternity of Phi Delta Phi in 1913 created and gave to Cornell University a fund for the endowment of a series of annual lectures in the Law School, to be known as The Frank Irvine Lectures in honor of Judge Irvine, who was then dean of the school. The income of this fund has been regularly used to provide at least one lecture annually before the faculty and students of the school by men eminent in the theory or practice of the profession.

The Frank Irvine Lecturer in 1930-31 was Professor Harold J. Laski of the London School of Economics and Political Science, University of London. His subject was "Sovereignty and International Law."

THE JACOB H. SCHIFF FOUNDATION

The late Jacob H. Schiff of New York in 1912 gave the University \$100,000 to be "The Jacob H. Schiff Endowment for the Promotion of Studies in German Culture," making the Board of Trustees free "to use the income either for salaries or for other purposes within the designation of the endowment." In 1918 the Board, acting upon Mr. Schiff's suggestion and with his approval, extended the field of the

endowment and accordingly changed its name to "The Jacob H. Schiff Foundation for the Promotion of Studies in Human Civilization." The income has been used since 1912 for lectures by European scholars and for other purposes within the founder's designation. After 1918, with Mr. Schiff's approval, a part of the income was used to purchase for the University Library books relating to the history of the World War.

The names of the lecturers on the Schiff Foundation in 1930-31 and the titles of their lectures are in the following list:

Hjalmar Schacht, former President of the Reichsbank: The economic side of the reparations problems.

Wilfrid E. Hiley, Lecturer in Forest Economics, Imperial Forestry Institute, University of Oxford: I. The forestry movement in Britain. II. The possibilities of private forestry.

Harlan T. Stetson, Director of the Perkins Observatory, Ohio Wesleyan University: Sun spots and radio.

G. Canby Robinson, Director of the New York Hospital and Cornell Medical College Association: The birth of modern medicine.

C. H. Haring, Professor of Latin-American History and Economics, Harvard University: Human races and national problems in South America.

G. W. Corner, Professor of Anatomy, School of Medicine, University of Rochester: The ovarian hormones in pregnancy.

Kirby Page: Must there be another world war?

C. R. Stockard, Professor of Anatomy, Cornell University Medical College: The origin and expression of individual form.

Carl Snyder, Statistician, Federal Reserve Bank: Gold, the arbiter of destiny.

R. G. Harrison, Sterling Professor of Biology in Yale University: Tissue culture, the cultivation of animal tissues outside the body.

H. N. Brailsford: What an English Liberal saw in Palestine.

Dame Rachel Crowdy, C.B.E., sometime Chief of the Opium Traffic Section of the League of Nations Secretariat: Opium as a world problem.

Albrecht Mendelssohn Bartholdy, Professor of Civil and International Law at the University of Hamburg: Russia's place in European politics.

John J. Fulton, Yale Medical School: The functional activity of single units in the central nervous system.

Harold J. Laski of the London School of Economics: The prospects of parliamentary government.

Professor Walter M. Horton of Oberlin College: Our present moral predicament.

George L. Streeter, Director of the Department of Embryology, Carnegie Institution of Washington, D. C.: The mammalian egg and the consequences of its variation in quality.

Joannes Gregorius Dusser de Barenne of the University of Utrecht, Sterling Professor of Physiology in Yale University: On the problem of localization in the cerebral cortex.

Paul F. Kerr, Assistant Professor of Mineralogy, Columbia University: The X-ray study of minerals.

E. S. Pearson of the University of London: Simple links between statistical theory and practice.

Egerton Swartwout, Fellow of the American Institute of Architects: The architecture of tomorrow.

Morris R. Cohen, Professor of Philosophy in the College of the City of New York: The philosophy of liberalism.

Forbes Watson: Contemporary American painting.

THE MESSENGER LECTURES

Hiram J. Messenger, B.Litt., Ph.D., Actuary of the Travelers Insurance Company, who died at Hartford in 1913, directed in his will that a certain portion of his estate should, at the death of his sister, be paid over to Cornell University and used for the endowment of a course of lectures. Under that provision the University in 1923 came into possession of about \$77,000. Dr. Messenger had directed that the fund should "provide a course or courses of lectures on the evolution of civilization, for the special purpose of raising the moral standard of our political, business, and social life;" that the series should be known as the "Messenger Lectures on the Evolution of Civilization;" that the income should "be expended first to provide twelve lectures each year to be delivered by the ablest non-resident lecturer or lecturers obtainable" and that, after that provision each year, any additional income from the fund should "be used for further lectures by non-resident or resident lecturers" as the University authorities might think best.

The Messenger Lecturer appointed for 1929-30, Dr. Roscoe Pound, Dean of the Harvard Law School, delivered a series of twelve lectures on "The Evolution of Legal Rights," these lectures having been postponed until December, 1930, on account of Dr. Pound's duties at Washington as counsel to President Hoover's commission on Law Enforcement.

The Messenger Lecturer for 1930-31 was Dr. Thomas H. Morgan, Director of the William G. Kerckhoff Laboratories of the Biological Sciences at the California Institute of Technology, who delivered a series of twelve lectures on "The Experimental Study of Organic Evolution."

Dr. Jacob Gould Schurman, formerly President of Cornell University and recently American Ambassador to Germany, delivered a lecture on "Streseman and the Germany of Today."

THE BAKER LECTURESHIP IN CHEMISTRY

The George Fisher Baker Non-Resident Lectureship in Chemistry was founded by Mr. Baker in 1925 with an endowment of \$250,000. The lectureship is filled in succession by men eminent in chemistry or in some related branch of science who are invited by the Department of Chemistry to lecture, each for one or two semesters, on some topic or topics within the lecturer's own special field of investigation.

The names of the Baker Lecturers and the topics of their lectures:

First Semester: Dr. Georg Hevesy, Professor of Physical Chemistry in the University of Freiburg in Baden, Germany: Chemical analysis by Röntgen rays and its application. I. Analysis by means of X-rays. II. The discovery and character of hafnium. III. Chemical composition of the earth and the cosmic abundance of the elements.

Second Semester: Dr. N. V. Sidgwick of Lincoln College, Oxford, England: Some physical properties of the covalent link in chemistry.

MEMORIAL PROFESSORSHIPS

THE SIBLEY PROFESSORSHIP OF MECHANIC ARTS was endowed by Hiram Sibley (1807-1888) of Rochester in 1877. It was held this year by Albert Edward Wells.

THE SAGE PROFESSORSHIPS are four chairs endowed by Henry Williams Sage (1814-1897) in the Susan Linn Sage School of Philos-

ophy in 1890 and named in his honor by the Trustees in 1895. Two of them were held this year respectively by Frank Thilly, Sage Professor of Philosophy, and Madison Bentley, Sage Professor of Psychology. The other two were temporarily vacant.

THE GOLDWIN SMITH PROFESSORSHIPS are five chairs established by the Trustees in 1912 in memory of Goldwin Smith, M.A. Oxon. (1823-1910), Professor of History in this University and donor of the Goldwin Smith Fund, from a part of the income of which the salaries pertaining to these chairs are paid. They are the Goldwin Smith Professorships of English Literature (temporarily vacant), American History (Charles Henry Hull), English History (temporarily vacant), Government (Robert Eugene Cushman), and Latin (temporarily vacant).

THE JOHN STAMBAUGH PROFESSORSHIP OF HISTORY was established and endowed by John Stambaugh of the Class of 1884 in 1919. It was held this year by Carl Becker.

THE WORLD WAR MEMORIAL PROFESSORSHIPS are eight chairs established by the Trustees to commemorate the services of Cornellians in the World War: one professorship in the College of Architecture, two in the College of Arts and Sciences, two in the College of Engineering, one in the Graduate School, one in the Law School, and one in the Ithaca division of the Medical College; established and endowed with a part of the Semi-Centennial Endowment Fund in 1920. Six of them were held this year respectively by Albert Charles Phelps, Wilder Dwight Bancroft, Othon Goepp Guerlac, Ernest William Schoder, Seymour Stanton Garrett, and Ernest Merritt. The other two were temporarily vacant.

THE ANDREW DICKSON WHITE PROFESSORSHIP was established by the Trustees on April 2, 1921, in recognition of the gift of \$125,000 to the University by a Yale alumnus, as a part of the Semi-Centennial Endowment Fund, for the purpose of endowing a professorship. It was held this year by Francke Huntington Bosworth.

THE JOHN EDSON SWEET PROFESSORSHIP OF ENGINEERING was established by the Board of Trustees in 1927, having been endowed by alumni and other persons in memory of John Edson Sweet (1832-1916), who was a member of the faculty of Sibley College in 1873-79 and who was a founder and an early president of the American Society of Mechanical Engineers. It was held this year by Herman Diederichs.

MEMORIAL PROFESSORSHIPS bearing the respective numerals of the Classes of 1920, 1921, 1922, and 1923 were established by the Trustees on April 2, 1921, in recognition of the pledge, by each of those four classes, of more than \$125,000 to the Alumni Fund for the endowment of a professorship. Appointments to these chairs are not yet made.

THE MARC EIDLITZ INSTRUCTORSHIP IN CIVIL ENGINEERING was established in 1919 and endowed by Otto M. Eidlitz of the Class of 1881. It was held this year by Claude M. Pendleton.

THE SOPHIE WASHBURN FRENCH INSTRUCTORSHIP was established in 1923. It is endowed with a gift of the late Frank S. Washburn of the class of 1883.

SAGE CHAPEL: THE DEAN SAGE SERMON FUND

Sage Chapel was built by Henry W. Sage in 1874. The Board of Trustees has made several additions. A memorial antechapel at the northwest corner was built by the Trustees and the Estate of Jennie McGraw Fiske in 1883 in memory of Ezra Cornell, John McGraw, and Jennie McGraw Fiske; William H. Sage made generous gifts including an organ and the present interior decoration of the chapel. The Dean Sage Sermon Fund of seventy-five thousand dollars was established by Dean Sage in 1872. Clergymen of various denominations conduct services in the chapel on Sundays throughout the university year.

The Preachers on the Dean Sage Foundation in 1930-31:

FIRST TERM: The Rev. Ralph W. Sockman, Madison Avenue Methodist Episcopal Church, New York; the Rev. Albert W. Beaven, President of the Rochester-Colgate Divinity School; the Rev. Charles R. Brown, Dean of the Yale University Divinity School, Emeritus; the Rev. C. Wallace Petty, First Baptist Church, Pittsburgh; the Rev. Miles H. Krumbine, Plymouth Church, Shaker Heights, Cleveland; the Rev. Clarence A. Barbour, President of Brown University; Dr. John R. Mott, chairman of the International Missionary Council; the Right Rev. G. Ashton Oldham, Bishop of Albany; the Rev. J. P. P. Sclater, Old St. Andrew's Memorial Church, Toronto; the Rev. Karl Reiland, St. George's Church, New York; Dr. Rufus M. Jones, Professor of Philosophy, Haverford College; the Rev. Lynn Harold Hough, Drew Theological Seminary; the Rev. Henry H. Tweedy, Yale University Divinity School; the Rev. Frank Gavin, Professor of Ecclesiastical History, General Theological Seminary; the Rev. Charles F. Wishart, President of the College of Wooster.

SECOND TERM: The Rev. Allan Hoben, President of Kalamazoo College; the Rev. Thomas W. Graham, Dean of the Graduate School of Theology, Oberlin College; the Rev. Maxwell Savage, First Church, Worcester, Mass.; the Rev. Reinhold Niebuhr, Union Theological Seminary; Rabbi Stephen S. Wise, Free Synagogue, New York; the Rev. Joel B. Hayden, Fairmount Presbyterian Church, Cleveland Heights, Ohio; Dr. Shailer Mathews, Dean of the Divinity School, University of Chicago; the Rev. Edwin H. Hughes, Bishop of the Methodist Episcopal Church, Chicago; the Rev. Jay T. Stocking, Pilgrim Congregational Church, St. Louis; the Right Rev. Charles Fiske, Bishop of Central New York; the Rev. Hugh Black, Professor of Practical Theology, Union Theological Seminary; the Rev. Charles W. Gilkey, Dean of the Chapel, University of Chicago; Dr. Henry T. Hodgkin, Director of the Pendle Hill School, Wallingford, Pa.; the Rev. Frederick M. Eliot, Unity Church, St. Paul, Minn.; the Rev. Francis J. McConnell, Bishop of the Methodist Episcopal Church and President of the Federal Council of Churches of Christ in America; Dr. Alfred E. Stearns, Headmaster, Phillips Academy, Andover.

BARNES HALL: UNITED RELIGIOUS WORK

The Cornell University Christian Association was founded in 1869 as a voluntary organization of professors and students for their own religious culture and the promotion of Christian living in the University. For many years it held its meetings in White Hall. In 1886 it undertook to raise funds for a building of its own and had obtained about ten thousand dollars from students, members of the Faculty,

and other persons, when Alfred S. Barnes completed the fund with a gift of forty-five thousand dollars. The Board of Trustees gave the association the use of a plot of ground south of Sage Chapel, and Barnes Hall was completed in 1888. It is now the headquarters of the Cornell United Religious Work, an organization which is composed of volunteers from among faculty, students, and alumni, and which includes the pastors appointed by certain religious bodies for the care of their own members among the students. Barnes Hall contains the Barnes Biblical Library of more than three thousand volumes which was given to the University by Alfred C. Barnes and was endowed by A. Victor Barnes and Harriet Barnes Newberry.

RESIDENTIAL HALLS

Inquiries about the residential halls either for men or for women should be addressed to the Manager of Residential Halls, Morrill Hall, Ithaca, N. Y.

THE HALLS FOR MEN

The University has nine halls for men, accommodating about 560 students. The oldest of these buildings, Cascadilla Hall, was acquired in 1869 and was thoroughly remodeled in 1916. Eight halls, all built since 1914, are the nucleus of a large group designed to stand on the western border of the campus. The University owes its possession of these buildings to the late George C. Boldt, who, as a member of the Board of Trustees, was heartily interested in making such provision for the welfare of its students. George F. Baker gave the University three of the buildings, which are named Baker Tower, North Baker Hall, and South Baker Hall. Founders Hall and Boldt Hall were given by alumni. Boldt Tower is the gift of Mrs. Clover Boldt Johaneson in her father's memory. Lyon Hall is a memorial of John Lyon '83, who made a generous bequest for its construction. McFaddin Hall is the gift of Harrison D. McFaddin '94. Lyon and McFaddin Halls are twin buildings with flanking towers which are connected by a cloister, and the towers and the cloister stand as a memorial of the Cornell men who lost their lives in the World War.

THE HALLS FOR WOMEN

The University has six halls providing rooms and board for about 700 women.

Sage Hall, or Sage College as it is commonly called, was built in 1873-74 and was named in honor of Henry W. Sage, who had given a generous sum to provide for the education of women in the University. The original building has been much enlarged. The resident Warden of Sage College in 1930-31 was Miss Grace Seely.

Prudence Risley Hall, the gift of Mrs. Russell Sage, was completed in 1913, and was named in memory of Russell Sage's mother. The resident Warden of Prudence Risley Hall in 1930-31 was Miss Gertrude Houston Nye.

The Balch Halls, a group of four residential units housing 318 student women, were completed in the summer of 1929. They were built and furnished by two former students, Allen C. Balch '89 and his wife Janet Jacks Balch, of Los Angeles. The resident Wardens of the Balch Halls in 1930-31 were Miss Mary E. Cornell, Mrs. Carolyn V. Powell, Mrs. Maude L. Biggs, and Mrs. Mabel Dow Conger.

THE UNIVERSITY INFIRMARY

The University Infirmary occupies three large buildings. The first of these, a brownstone structure, was the home of Henry W. Sage, for many years chairman of the Board of Trustees. After his death in 1897, his sons, Dean and William H. Sage, endowed it and gave it to the University for a students' infirmary as a memorial of their father. The second building, the Schuyler House, was purchased in 1911; in 1912 the Trustees erected a third building, fire-proof, and this is the present main hospital building. The normal capacity of the Infirmary is seventy-five beds; the number can be doubled in an emergency. The Infirmary is open throughout the university year. It provides suitable rooms, food, and nursing for sick students. It has no medical or surgical staff; students find their own physicians among practitioners in Ithaca or elsewhere. In return for an infirmary fee of \$5 a term, any student, in case of illness, is, on his physician's certificate, admitted to the Infirmary and receives without charge a bed in a ward, board, and ordinary nursing for a period not exceeding two weeks in any one academic year. For such ordinary service beyond the period of two weeks, a charge of \$2 a day is made. (The average cost to the Infirmary of each sick student is about \$4 a day.) Extra charges are made for private rooms, special food, and special nurses.

Superintendent of the Infirmary: Miss Alice V. Newton.

WILLARD STRAIGHT HALL

Willard Straight Hall was built and furnished in 1924-25 by Mrs. Leonard K. Elmhirst in execution of a wish expressed in the will of Willard Straight of the Class of 1901, who died in Paris in 1918. The building was planned to serve as the social center for the students and the Faculty of the University. It is situated on Central Avenue south of the Library and opposite Barnes Hall. It contains rooms for reading, conversation, billiards and other games, dining rooms, guest rooms, offices for student organizations, and a theater. The largest room in the building is designed to stand as a memorial of Willard Straight. The building is conducted by a board of managers, a majority of whom are students. A board of governors, composed of representatives of the Trustees, the Faculty, and the alumni, with the President of the University as chairman, supervises the management. The Director of Willard Straight Hall is Foster M. Coffin.

FELLOWSHIPS AND SCHOLARSHIPS

IN THE GRADUATE SCHOOL

FELLOWSHIPS

Twenty-five fellowships are offered annually in the Graduate School. The President White Fellowships in Modern History and Political and Social Science have an annual value of \$500 each; the George C. Boldt Fellowship in History has an annual value of \$1,000; each of the others has an annual value of \$400. Some of the Fellows are also exempt from tuition.

In addition to these twenty-five regular fellowships, there are offered each year in certain subjects special fellowships for which provision has been made for only one or two years.

Holders of the Doctor's degree or other persons of recognized standing as scholars who wish to continue work in a field in which they have already achieved distinction may, in the discretion of the Faculty, be appointed to honorary fellowships. These fellowships cover all fees except laboratory charges. Actual residence at the University and regular registration in the Graduate School are required of appointees.

In the following list are the names of the fellowships and of the persons who held them in 1930-31:

RESIDENT DOCTORS

Elam Jonathan Anderson, A.B. (Drake) 1912, A.M. (Cornell) 1915, Ph.D. (Chicago) 1924.
Sarah Harriet Brown, A.B. (Washington) 1923, A.M. (Cambridge) 1924, Ph.D. (Radcliffe) 1927.
Niels Fabricius Buchwald, Cand. Mag. (Copenhagen) 1924.
Charles Russell Burnham, A.B., M.S., Ph.D. (Wisconsin) 1924, 1925, 1929.
Alden Springer Crafts, B.S., Ph.D. (California) 1927, 1930.
Elmer Augustine Culler, Ph.D. (Chicago) 1922.
Alfred Lawrence Dresser, B.S. (Colgate) 1926, Ph.D. (Cornell) 1930.
Joel Wallace Elliott, B.S.A. (New Mexico A. and M.) 1915, M.S.A. (Texas A. and M.) 1921, Ph.D. (Cornell) 1931.
Aasulo Loddessol, Cand. Agr., Dr. Agr. (Royal Agricultural College of Norway) 1920, 1929.
Leon Lortie, A.B. (Montreal) 1923, D.Sc. (Paris) 1928.
Otto Bernard Noltenius, Ph.D. (Göttingen) 1927.
George Merritt Robison, A.B., A.M., Ph.D. (Cornell) 1916, 1917, 1919.
George Rudolf Schulz, Ph.D. (Koenigsberg) 1927.
Benjamin Martin Shaub, M.E., M.S., Ph.D. (Cornell) 1925, 1928, 1929.
Amos Martin Showalter, A.B. (Goshen) 1918, A.M., Ph.D. (Wisconsin) 1920, 1922.
Laura Lee Weisbrodt Smith, B.S. (Miami) 1925, M.S. (Iowa State) 1927, Ph.D. (California) 1930.
Herman Martinus Stoker, B.S. (Pretoria) 1927, Ph.D. (Cornell) 1931.
Ambrogio de Tomasi, Ph.D. (Milan) 1924.
Winifred Caroline Warning, B.S. (Michigan) 1898, A.M., Ph.D. (Chicago) 1925, 1930.

UNIVERSITY FELLOWS

The Charles E. Bennett Fellowship in Latin and Greek: Mary Frances Tenney, A.B. (Oberlin) 1917, A.M. (Bryn Mawr) 1923.
The George C. Boldt Fellowship in History: Richard Merrill Saunders, A.B., A.M. (Clark) 1924, 1925.
The Charles Bull Earle Memorial Fellowship in Mechanical and Electrical Engineering: Alexander Berry Credle, E.E. (Cornell) 1930.
The Edgar J. Meyer Memorial Fellowship in Engineering Research: Kenneth Gordon Kugler, B.S. in M.E. (Rochester) 1930.

- The Charles Lathrop Pack Fellowships in Nature Education and Forestry*: Robert A. Greene, B.S. (Alfred) 1916, A.M. (Columbia) 1926; Leon Hadsall, A.B., A.M. (Bucknell) 1928, 1929; Antoinette Press, B.S. (Miami) 1929.
- The Goldwin Smith Fellowship in Botany*: Cecil A. Lamb, B.S.A. (British Columbia) 1921, M.S.A. (McGill) 1924.
- The University Fellowship in Agriculture*: Guy Robertson Stewart, B.S. (California) 1906.
- The Schuyler Fellowship in Animal Biology*: Roy C. Tasker, A.B. (Hillsdale College) 1921, A.M. (Michigan) 1922.
- The Sage Fellowship in Chemistry*: Harold Dwaine Allen, B.S. (Illinois Wesleyan) 1928, M.S. (Iowa) 1929.
- The McGraw Fellowship in Civil Engineering*: Pu Kung Kao, B.S. in C.E. (Tangshan) 1927, M.C.E. (Cornell) 1929.
- The Sibley Fellowship in Engineering*: Yu Tsuan Ku, B.S. (Nanyang) 1927, M.M.E. (Cornell) 1929.
- The Cornell Fellowships in English*: Giles Dawson, A.B. (Oberlin) 1925, A.M. (Cornell) 1926; Virginia Thomas, A.B. (Randolph-Macon) 1921, A.M. (Cornell) 1930.
- The University Fellowship in German*: Imre Domonkos, A.B. (Cornell) 1927.
- The Fellowship in American History*: Elizabeth Drewry, A.B., A.M. (George Washington) 1929, 1930.
- The President White Fellowship in Modern History*: Freeland Franklin Penney, A.B., A.M. (Kansas) 1928, 1929.
- The Erastus Brooks Fellowship in Mathematics*: William R. Hutcherson, A.B., A.M. (Kentucky) 1922, 1924.
- The Susan Linn Sage Fellowships in Philosophy*: Charles M. Wiltse, A.B. (West Virginia) 1929; Carl M. White, A.B. (Oklahoma Baptist University) 1925, A.M. (Mercer) 1928.
- The President White Fellowship in Political and Social Science*: Laurence W. Lange, B.S. (New York) 1930; Harold W. Metz, A.B. (Cornell) 1930.
- The Fellowships in Political Economy*: Kurt A. W. Anderson, A.B. (Pittsburgh) 1930; George F. Reeves, A.B. (Cornell) 1930.
- The University Fellowship in Romance Languages*: Boyd R. Ewing, A.B. (Earlham College) 1922, A.M. (Lehigh) 1925, A.M. (Princeton) 1927.
- The University Fellowship in Physics*: Louis Malter, B.S. (College of the City of New York) 1926.

SPECIAL TEMPORARY FELLOWS

- The American Creosoting Company Fellowship*: Ira Erickson, B.S. (Whitman) 1929.
- The American Rose Society Fellowship*: Bruce Parsons, B.S. (Wyoming) 1930.
- The Bausch and Lomb Research Fellowship in Chemical Spectroscopy*: Henry C. Ketcham, B.Chem. (Cornell) 1929.
- The Bean Disease Investigation Fellowship*: Clifford Charles Wernham, A.B., A.M. (Western Ontario) 1929, 1930.
- The Calumet Baking Powder Company Fellowship in Chemical Spectroscopy*: Albert Cornwell Shuman, A.B. (Cornell) 1930.
- The Genesee-Orleans Vegetable Growers Co-operative Association Fellowship*: William W. Stuart, B.S. (Utah State College) 1928.
- The Grasselli Fellowship in Chemistry*: Preston L. Brandt, B.S. (Washburn) 1928.
- The Holstein-Friesian Association Fellowship*: Kenneth L. Turk, B.S. (Missouri) 1930.
- The Eli Lilly Fellowship*: John Enoch Rutzler, B.Chem. (Cornell) 1927.
- The Nassau Farm Bureau Fellowship*: Pascal Pompey Pirone, B.S. (Cornell) 1929.
- The Niagara Sprayer and Chemical Company Fellowship*: Cyril Galloway Small, B.S. (Cornell) 1928.
- The N. V. Potash Export My. Fellowship*: Arnold Baur, B.S. (Michigan State) 1929.
- The du Pont Fellowship in Chemistry*: Raymond C. Ingraham, B.S., M.S. (Iowa State University) 1928, 1929.

- The Smith Incubator Fellowship*: Laura L. Smith, B.S. (Miami) 1925, M.S. (Iowa State) 1927, Ph.D. (California) 1930.
The Williamson Co-operative Vegetable Association Fellowship: Arthur L. Harrison, B.S.A. (Ontario Agricultural College) 1929.

GRADUATE SCHOLARSHIPS

Eighteen graduate scholarships are offered annually in the Graduate School. They have an annual value of \$200 each except the Graduate Scholarship in Architecture, which grants only free tuition. All holders of the graduate scholarships are exempt from tuition. The number of the Susan Linn Sage Graduate Scholarships in Philosophy is five.

In the following list are the names of the graduate scholarships and of the persons who held them in 1930-31:

- The Graduate Scholarship in Animal Biology*: Elton J. Dyce, B.S.A. (Ontario Agricultural College) 1923, M.S. (McGill) 1928.
The Graduate Scholarship in Chemistry: John Wright Ackerman, B.Chem., M.Chem. (Cornell) 1928, 1929.
The Graduate Scholarship in Civil Engineering: Khalil Hafezi, B.S. in C.E. (Robert College) 1930.
The Graduate Scholarship in Comparative Philology and Archaeology: Elizabeth Roberts, A.B. (DePauw) 1929, A.M. (Cornell) 1930.
The Graduate Scholarship in English: Francis W. Weitzmann, B.S. (Niagara) 1927, A.M. (Vermont) 1929.
The Graduate Scholarship in Geology: Marcellus H. Stow, A.B., A.M. (Cornell) 1926, 1927.
The Graduate Scholarship in History: Anne Lydia Eastman, A.B. (Wells) 1924.
The Graduate Scholarships in Latin and Greek: Mary A. Brightbill, A.B. (Dickinson) 1927, A.M. (Cornell) 1930; Evelyn Carlson, A.B. (DePauw) 1929, A.M. (Cornell) 1930; Robert O. Fink, A.B. (Indiana) 1930.
The Graduate Scholarship in Mathematics: Thomas Watkins Hatcher, B.S., M.E. (Virginia Polytechnic Institute) 1922, 1923.
The Susan Linn Sage Scholarships in Philosophy: Merrill Bush, A.B. (Dartmouth) 1930; Bertram Morris, A.B. (Princeton) 1930; Mary E. Rall, A.B. (Goucher) 1923; Salvatore Russo, A.B. (Rochester) 1929.
The Susan Linn Sage Graduate Scholarship in Psychology: Mary E. Bulbrook, A.B. (Rice Institute) 1926, A.M. (Cornell) 1930.
The Graduate Scholarship in Veterinary Medicine: Lyman Vawter, D.V.M. (Kansas State Agricultural College) 1918.

UNDERGRADUATE SCHOLARSHIPS

THE UNIVERSITY UNDERGRADUATE SCHOLARSHIPS

The University Faculty annually awards a limited number of scholarships to members of the incoming Freshman class who attain high standing in a special competitive examination held in Ithaca early in the fourth week of September, beginning on the first day of registration. Some of these scholarships are worth more than others, and they are all awarded according to the relative rank which the successful competitors attain in the examination, the more valuable to the more successful. A competitor may win one scholarship of one of these three groups:

(a) Five George W. Lefevre Scholarships, each having an annual value of \$400 and being tenable each year so long as the holder remains in good standing in the University as undergraduate or graduate student; only those candidates are eligible for Lefevre Scholarships who furnish proof of their financial need.

(b) Two Eudorus C. Kenney Scholarships (if they are to be awarded by the Faculty Committee on Scholarships under the provision outlined on page 108), each continuing for four years and having an annual value of \$250.

(c) Eighteen University Undergraduate Scholarships, each continuing for two years and having an annual value of \$200.

The terms of the competition are set forth at length in the General Information Number, which is published and distributed by the Secretary of the University.

The George W. Lefevre Scholarships were established in 1929, being endowed by a bequest of George W. Lefevre of the class of 1889.

GEORGE W. LEFEVRE SCHOLARS

Class of 1934: Rosario Joseph Guglielmino, Rochester; Constantine Salvator Gugliuzza, Buffalo.

UNIVERSITY UNDERGRADUATE SCHOLARS

The Cornell Scholarships: Class of 1933: Simon Fellner, Arts and Sciences; Nathaniel Gifford Welling, Arts and Sciences. Class of 1934: Joseph Henry Percy, Arts and Sciences; George Wineburgh, Arts and Sciences.

The President White Scholarships: Class of 1933: Mary Elizabeth Mills, Arts and Sciences; Hubert Gray Hanson, Arts and Sciences. Class of 1934: Eleanor Preston Clarkson, Arts and Sciences; Dorothy Sonn, Arts and Sciences.

The Henry B. Lord Scholarships: Class of 1933: Elizabeth Rose Heist, Arts and Sciences; Herbert Holzman Blau, Arts and Sciences. Class of 1934: Dorothy Gladys Miller, Arts and Sciences; Stephen Herbert Tolins, Arts and Sciences.

The McGraw Scholarships: Class of 1933: Edward Solomon, Arts and Sciences; Reginald Denenholz, Arts and Sciences. Class of 1934: Charles Arnold Fraleigh, Arts and Sciences; Donald Heys Rogers, Engineering.

The Sage Scholarships: Class of 1932: Chester Filkins Monteith Buchanan, Arts and Sciences. Class of 1933: Morgan Sibbett, Arts and Sciences; Richard Lewis Marks, Arts and Sciences. Class of 1934: Henry Bretzfield, Arts and Sciences; Samuel Lewis Kleinberg, Arts and Sciences.

The Sibley Scholarships: Class of 1933: Aaron Margolis, Arts and Sciences; Job Robert Rogers, jr., Engineering. Class of 1934: Henry Nicholas Hanson, Engineering; David Groner, Engineering.

The Stewart L. Woodford Scholarships: Class of 1933: Marion Isabel Glaeser, Arts and Sciences; Raymond John Cothran, Arts and Sciences. Class of 1934: John Maxwell Friedman, Arts and Sciences; Austin Marcus Connelly, Arts and Sciences.

The John Stanton Gould Scholarships: Class of 1933: Lenore Harriet Nathan, Arts and Sciences; Samuel Bader, Arts and Sciences. Class of 1934: John Wells Branch, Arts and Sciences; Colette Rosenstiel, Arts and Sciences.

The Horace Greeley Scholarships: Class of 1933: Albert Love Ely, Engineering; John Fuller Taylor, Arts and Sciences. Class of 1934: Gilda Teresa Porcelli, Arts and Sciences; Saram Harold Amerling, Arts and Sciences.

OTHER UNDERGRADUATE SCHOLARSHIPS

The Eudorus C. Kenney Scholarships: Under the will of Eudorus C. Kenney of the class of 1882, his residuary estate was left to Cornell University, the net income to be used for the establishment of scholarships. The amount of the foundation is about \$40,000. Two scholarships, of the annual value of \$250 each, are awarded each year for a period of four years to applicants entering the University who are *bona fide* residents of the town of Truxton, Cortland County, New York. Such applicants shall be recommended by a committee consisting of the Principal of the Truxton Public School, the Superintendent of Schools for the district including Truxton, and the Supervisor for the Town of Truxton, the recommendation to be made and certified to the President of the University on or before September 15 of each year. The President shall award the scholarship and certify the award to the Treasurer and the Dean of the University Faculty. In case of a vacancy in any scholarship the value of the scholarship may be awarded by the Faculty Committee on Scholarships in such manner as it may deem best. Whenever the Committee on Scholarships has a Kenney Scholarship at its disposal it awards it to a candidate of high rank in the annual examination for

the University Undergraduate Scholarships. In the following list of the Kenney Scholars in 1930-31 those whose names are in italics won their scholarships by excellence in that test: Class of 1931: *Robert Lee Smith*, North Tonawanda. Class of 1932: *Faust Louis Bellegia*, Niagara Falls; *Selma Fine*, New York City. Class of 1933: *Sarah Alice Soloway*, Brooklyn; *Gladys Rosenthal*, New York City. Class of 1934: *Maxwell Seymour Isenbergh*, Albany; *Allie Piesner*, Rochester.

The Frank William Padgham Scholarship, founded by Amos Padgham of Syracuse, New York, in memory of his son, Frank William Padgham, M.E. '88, entitles the holder to free tuition and fees in the regular courses in the Sibley School of Mechanical Engineering or the School of Electrical Engineering. It may not be held in connection with a New York State Scholarship. It is awarded to the candidate, if there be any, who has had his preparatory education in the public schools of Syracuse and who, having been admitted to either of the schools named, is approved by the University Faculty's committee on scholarships. If no candidate from the schools of Syracuse applies, the scholarship may be awarded to a student who has received his preparatory education elsewhere.

The Roberts Scholarship Fund provides five annual scholarships, of the value of \$320 each, for students in the College of Agriculture.

The Fred Lewis Wilson Scholarship, of the annual value of \$192, is awarded for a period of not more than two years to students in the Sibley School of Mechanical Engineering or in the School of Electrical Engineering who have been at least one year in the University and who are in need of financial aid. The scholarship is awarded by a committee consisting of the President of the University, the Dean of the College of Engineering, and one other person chosen by them. In awarding the scholarship, consideration is given to scholarship, character, probable usefulness in the world at large, proficiency in mechanic arts, and pecuniary need.

The William Delmore Thompson Scholarship, established in memory of William Delmore Thompson, a member of the class of 1917, is for the benefit of self-supporting students in Mechanical Engineering. It is awarded at the beginning of the junior year and, if the student's work proves satisfactory, is to continue throughout the senior year.

The John Leisenring Wentz Scholarship, founded in 1920 by Mrs. Lewis Audenried in memory of John Leisenring Wentz, a member of the class of 1898, consists of the income of a fund of \$5,500. It is awarded at the end of each academic year to a member of the incoming senior class in Mechanical or Electrical Engineering who is in need of pecuniary help and who during his junior year has maintained a high scholastic standing. The award is determined by a committee approved by the President of the University from the Faculty of the College of Engineering.

The Alexander and Mary E. Saunders Scholarship is of an annual value of \$650, being the income of a fund bequeathed to the University by Mrs. Mary Ellen Saunders of Yonkers, N. Y. It is awarded for a period of four years to an undergraduate in a literary or scientific department who is an American boy of Scotch, English, or Irish parentage and who is nominated for the scholarship by the superintendent, principal, and teachers of the Yonkers High School.

The Judson N. Smith Scholarship. Open to upperclassmen in the School of Civil Engineering; pays \$200 a year, the income of a fund given by Mrs. Sarah L. Smith of Saranac Lake, New York, in memory of her son. It is awarded by the Faculty of the School of Civil Engineering at the end of each year to a student of the incoming senior or junior class in that school, of good character and scholarship and needing pecuniary aid.

The John McMullen Scholarships. Open to undergraduates in Civil, Mechanical, or Electrical Engineering. Founded in 1923 by a bequest of John McMullen of Norwalk, Conn., to Cornell University "for the purpose of creating and maintaining free scholarship or scholarships for the education of young men as engineers, the details as to the amounts of said scholarships and the qualifications of the beneficiaries to be left to said institution to determine, said scholarships to be known as the John McMullen Scholarships." With the avails of this bequest the Trustees have established twenty-four scholarships of an annual

value of \$500 each and seven research scholarships carrying stipends of \$1,500 to \$2,100 each.

The George C. Boldt Memorial Scholarships, established in 1923 by George C. Boldt, jr., in memory of his father, are three scholarships of the value of \$500 each, open to members of the senior class in the College of Arts and Sciences. They are awarded at the close of the junior year to the three eligible male students who are considered most deserving of this aid.

The Alan Park Toms Award of about \$250 a year was endowed in 1924 by his parents in memory of Alan Park Toms of the class of 1923. Undergraduate students of the Sibley School of Mechanical Engineering are eligible by the faculty to receive its benefits.

The Dr. Louis Alexander Dreyfus Scholarships, founded in 1926 by Mrs. Berta E. Dreyfus in memory of her husband, are two scholarships of the annual value of \$600 each. The gift providing for this foundation amounts to \$25,000. In accordance with the provisions of the donor, the scholarships are awarded to needy and worthy students and preferably to candidates from the public high schools of Richmond County, New York. If there be no candidates from Richmond County, next consideration is to be given to candidates from Sandusky County, Ohio. In the case of men students first consideration is to be given to candidates who are specializing in Chemistry, Engineering, or Agriculture, and in the case of women students to those who are specializing in Home Economics or in the field of Arts and Sciences.

The Laura Osborn Gift or Memorial for scholarship aid to young women was established by the Trustees in 1927 on receipt of a bequest of \$7,000 from the estate of Isabella G. King.

The C. Howell North Scholarship Fund of \$12,000 for the benefit of worthy students was established in 1928 by the will of Mary A. North.

The Otto M. Eidlitz Scholarships are open to undergraduates in the College of Engineering. These scholarships were founded in 1929 by a bequest of Otto M. Eidlitz, C. E. '81, of \$25,000 to Cornell University to establish a scholarship fund in the College of Engineering for students who require financial assistance. With the avails of this bequest three scholarships of an annual value of \$400 have been established. These scholarships are awarded by the Dean of the College of Engineering.

The Martin J. Insull Scholarship was founded by Mrs. Insull in 1929 in honor of her husband, a graduate of the University in the class of 1893, to enable a deserving student or students to pursue a regular undergraduate course of study in the College of Engineering. The President of the University awards the scholarship to an eligible candidate nominated by the Dean and Directors of the College. Once awarded, it is tenable during regular attendance, good behavior, and good academic standing.

The Carl Richard Gilbert Award of about \$250 a year was endowed in 1929 by his parents in memory of Carl Richard Gilbert of the class of 1929, who had died in his Junior year. Students of the School of Electrical Engineering are eligible by the faculty to receive its benefits.

The Sylvester Edick Shaw Scholarship, the income of a fund of \$4,000 received in 1929 under the will of Sylvester Edick of Newfane, is awarded to a student designated by the Cornell alumni resident in Niagara County, or, failing such designation, then by the principal of the Lockport High School, preference being given the candidate who is most in need of financial aid and who is studying mechanical or electrical engineering.

The John James Van Nostrand Scholarships in the Law School were founded in 1930 by Mrs. Louisa B. Van Nostrand's bequest of \$10,000 in memory of her son. They are two in number and of equal amount and are awarded by the Faculty of the Law School.

The Dwight Memorial Scholarship was founded in 1930 by a bequest of \$7,000 in the will of Miss Adelia A. Dwight of Dryden in memory of her parents, Jeremiah W. Dwight and Rebecca A. Dwight. By the terms of the bequest preference is given meritorious students from the town of Dryden or the county of Tompkins. The University Faculty's committee on scholarships makes the award.

The Joseph N. Evans Endowment Fund was established in 1930 by the will of Marian C. Evans of Wellsville in memory of her husband. The income is used to assist worthy students of engineering.

By the terms of a bequest of \$3,000 received in 1930 from the estate of Mary F. Hall of Spencer four scholarships of \$150 each were established, to be awarded to students resident in certain localities and pursuing certain courses of study. They are the *Hervey S. Hall Scholarship*, the *Cornelia L. Hall Scholarship*, the *Edward A. Sheldon Scholarship*, and the *Woman's Scholarship in Medicine*, and they are awarded respectively by the faculties of the College of Agriculture, the College of Arts and Sciences, the Graduate School of Education, and the Medical College.

The Edward Chandler Delano Scholarships were established in 1931 according to the terms of a bequest of \$40,000 made by Edward C. Delano of Sodus, the income to be paid to some deserving student or students of Wayne County, primarily for the relief of financial need.

THE STATE TUITION SCHOLARSHIPS IN CORNELL UNIVERSITY

Under Section 1037 of the New York State Education Law of 1910, as amended in 1927, the Commissioner of Education awards annually, after a competitive examination, to pupils of the public schools of the State, scholarships in Cornell University equal to the number of assembly districts in the State. That number now is 150. Each scholarship entitles the holder to receive instruction in the prescribed subjects in any college of Cornell University for four years, on payment of \$100 for each academic year instead of the regular tuition. The holder of one of these scholarships, in order to enjoy its benefits, must have satisfied the regular requirements for admission to one of the colleges of the University, and must have registered as a student of that college before the close of the last regular registration day for new students in the September next after the examination. After the holder is duly registered as a student of the University, and not until then, he comes into possession of the scholarship. His tenure of it thereafter is subject to the provisions of Section 1037, to the Commissioner's regulation, and to the University's usual examinations and rules.

A State tuition scholar in good standing may, after obtaining leave of absence from his college, obtain from the President of the University, upon written application to the Secretary of the University, leave to retain his scholarship during absence either for the purpose of earning funds with which to continue his studies or on account of illness. In such circumstances the President of the University may extend the period of the scholarship so as to afford the holder not more than six years from the commencement thereof for the completion of his course in the University. A scholar's absence from the University without leave, or tardiness in registering at the beginning of any term, is a delinquency that may involve the forfeiture of the scholarship. The Secretary of the University is required to inform the Commissioner of Education promptly of the vacancy of any scholarship, and the Commissioner has authority to fill a vacancy by appointing the person next on the list of candidates.

For information about the conditions of award of these scholarships, application should be made to the State Commissioner of Education at Albany.

THE STATE UNIVERSITY SCHOLARSHIPS

Under Chapter 292 of the Laws of 1913, as amended by Chapter 502, Laws of 1920, and Chapter 130, Laws of 1924, the State of New York maintains scholarships five of which are awarded each county annually for each assembly district therein. Each of these scholarships entitles the holder to \$100 for each year while he is in attendance upon an approved college in this State during a period of four years. These are called the State University Scholarships. At Cornell they are commonly known as the State cash scholarships, to distinguish them from the State tuition scholarships in this University. They are awarded by the State Commissioner of Education at Albany, to whom application should be made for

any information about the conditions of award, or for any information about the rules of administration. The University has no part in administering these scholarships except to keep the Commissioner informed of the attendance or absence of those scholars who are enrolled here. If a State University Scholar is absent from the University either with or without leave the Secretary of the University is required to inform the Commissioner of the absence promptly and only the Commissioner has authority to confirm a leave of absence with respect to the tenure of the scholarship.

The use that may be made of a State University Scholarship is defined by Chapter 130, Laws of 1924, as follows: "A person entitled to such scholarship shall not be restricted as to the choice of the college which he desires to attend, or the course of study which he proposes to pursue; provided that no such scholarship shall include professional instruction in theology, or in any graduate courses following the receiving of a bachelor's degree; and provided further, that the college selected by the person entitled to such scholarship is situated within the State of New York, and is incorporated as a college and authorized under the laws of this state and the rules of the regents of the university to confer degrees. The term 'college' as used in this section includes universities, professional and technical schools, and other institutions for higher education authorized to confer degrees, requiring four years of undergraduate study to obtain a degree and approved by the board of regents."

PRIZES

A list of the prizes open to students of Cornell University in competition is printed below with the names of the winners in 1930-31. Additional information about the prizes, including the rules of award in every instance, is given in a pamphlet entitled *Prize Competitions*, published by the University and distributed free of charge to applicants by the Secretary of the University.

The Woodford Prize, founded in 1870 by Stewart Lyndon Woodford, is given annually for the best English oration, both matter and manner of delivery being taken into account. The prize is in the form of a gold medal, or, if the winner choose, \$100 in money instead. Awarded to Gerardo Auguste.

The Horace K. White Prizes, established in 1872 by Horace K. White of Syracuse, are awarded annually to the most meritorious students in the graduating class of the New York State Veterinary College, \$15 to the first in merit and \$10 to the second. Awarded to Abraham Herman Kleinfeld and Paul Dana Marvin.

The Sibley Prizes in Mechanic Arts, founded by Hiram Sibley in 1884, are awarded annually to those students in the Sibley School of Mechanical Engineering who, in the opinion of the faculty of that school, show the greatest merit in their work. The sum of \$100 is divided among the winners. Awarded to Carl Shabtac, James Van Dusen Eppes, George Rowland Bradley, and Richmond Bentley Shreve.

The Eighty-Six Memorial Prize, the income of a sum of money left as a memorial by the Class of 1886, and amounting to \$86 annually, is an undergraduate prize in declamation, awarded after a public competition held in May of each year. Awarded to Herbert Robert Ephron; honorable mention, George Edward Burns.

The Barnes Shakespeare Prize, founded by Mrs. Alfred Smith Barnes of Brooklyn in 1887, is about \$50, the annual income of her gift of \$1,000. Awarded to Harold Arthur Lehrman.

The Corson French Prize, founded in 1902 by Professor Corson in memory of his wife, Caroline Rollin Corson, is a gold medal of the value of \$50 or the equivalent in money if the winner prefer, awarded annually for the best essay on a subject in either French philology or French literature. Awarded to Perry Cornell Dechert and Abraham Schultz.

The Boardman Senior Prize Scholarship, founded by Judge Douglas Boardman, the first dean of the Law School, in 1888, is open to students of that school, and is awarded annually in June to the junior who has, in the Faculty's judgment, done the best work in law subjects to the end of his junior year. The stipend is \$100, payable during the senior year. Awarded to Ernest Neal Warren.

The Fuertes Medals were established by Professor E. A. Fuertes in 1893. One of them is awarded annually to the best student in the graduating class of the School of Civil Engineering, and the other is awarded annually to a graduate of that school for a meritorious paper upon some engineering subject. The undergraduate medal was awarded to Donald Crampton Creasy; the graduate medal was not awarded.

The Ninety-Four Memorial Prize, the income of a fund established by the Class of 1894 and amounting to \$94 annually, is an undergraduate prize in debate, awarded after a public competition held in January of each year. Awarded to Clyde Sherman Stine.

The Charles Goodwin Sands Memorial Medal, founded in 1900 by the family of Charles Goodwin Sands of the Class of 1890, is awarded for work of exceptional merit in any of the advanced courses of the College of Architecture. First medal awarded to Philip Will, jr.; second medals awarded to Ludlow Delnoce Brown, Shigeo Hirata, Ralph Henry Parks, Malcolm Cowan Mattice, and Martin Van Apeldoorn.

The Clifton Beckwith Brown Memorial Medal was established in 1901 by John Harkness Brown in memory of his brother, a member of the Class of 1900, who was killed on the field of battle at San Juan Hill. A silver replica is awarded to the senior in the College of Architecture attaining the highest standing in design

during his senior year, and a bronze replica to the senior taking second place, provided in either instance that the degree of merit is exceptionally high. First medal awarded to Shigeo Hirata.

The Corson Browning Prize, founded by Professor Hiram Corson in 1902, is a gold medal of the value of \$50, or the equivalent in money if the winner prefer, awarded annually for the best competitive essay on Robert Browning. Awarded to Leonore Muriel Tobias.

The Guilford Essay Prize, founded by James B. Guilford in 1902 to promote "a high standard of excellence in English prose composition," consists of about \$150, the annual income from his bequest of \$3,000. Awarded to Harold Arthur Lehrman.

The Luana L. Messenger Memorial Prize of \$250, the annual income of a fund of \$5,000 established in 1902 by Hiram J. Messenger, is awarded to that student who submits the essay "giving evidence of the best research and most fruitful thought in the field of human progress or the evolution of civilization during some period in human history or during human history as a whole." Awarded to Edith Mead Leoni.

The John Metcalfe Polk Prizes. In memory of J. M. Polk, an instructor in the Medical College, who was graduated from the Medical Department of Cornell University on June 7, 1899, and died on March 29, 1904, three prizes aggregating \$500 are presented at each Commencement to members of the graduating class who have completed the full course of study in the Cornell University Medical College and have attained the highest standing in the class. The prizes are respectively \$300, \$125, and \$75. Awarded to Alfred Lilienfeld, Herbert Morton Williams, and Thomas Hale Ham.

The Sherman-Bennett Prize was founded in 1905 by Philo Sherman-Bennett of New Haven, Connecticut, who bequeathed to William J. Bryan of Lincoln, Nebraska, a fund to found prizes in twenty-five colleges or universities to be selected by Mr. Bryan. The prize consists of \$20, the income of \$400, and is awarded "for the best essay discussing the principles of free government." Awarded to Harold William Metz.

The Whiting Prizes, the first being \$50 and the second \$25, have been offered since 1908 by Professor Frederick Whiting to the two students in the graduating class of the Medical College, to be designated by him, who make the best records in the practical and theoretical work in otology. Awarded to Vernon Ormond Stahl and Eugene Maurice Katzin.

The James T. Morrison Prize, founded in 1909 by James T. Morrison of Ithaca, is a gold medal or, if the winner choose, \$100 in money, awarded annually for the best original poem or poems. Not awarded.

The Eastman Prizes for Public Speaking were founded by A. R. Eastman of Waterville, New York, in 1909, and endowed in 1917, when he gave the University \$3,000 to maintain a first prize of \$100 and a second prize of \$20, for public speaking on topics of country life. The annual competition is open only to regular or special students of the College of Agriculture. Awarded to Elsa Krusa and Jesse Fremont Moulton.

The Sampson Fine Arts Prize, founded by Professor Martin Wright Sampson in 1909, is awarded annually "to that student in the University who shows the most intelligent appreciation of the graphic and plastic arts and of architecture." The prize is given, not for practical proficiency in painting, drawing, or designing, but for natural or acquired ability to appreciate artistic beauty. It is the income of a fund of \$1,000 and is awarded, under regulations administered by the Professor of Aesthetics, to be expended in books or reproductions. Not awarded.

The Fraser Senior Prize Scholarships, of \$100 and \$50 respectively, founded in 1911 by an alumnus of the Law School in memory of Alexander Hugh Ross Fraser, late librarian of that school, are awarded annually about the beginning of the academic year to seniors whose law course has been taken entirely in Cornell University and who have most fully shown evidence of high qualities of mind and character by superior achievement in scholarship and by those attributes of manliness which earn the commendation of teachers and fellow students. The award is made upon the recommendation of the senior class by vote from a list of members

submitted by the Faculty as eligible by reason of superior scholarship. The holder of the Boardman Scholarship is not eligible. Awarded to Morris Glushien and Edward Henry Stiefel.

The Hollingworth Honorarium of \$50, established by Dr. W. G. Hollingworth of Utica in 1911, is awarded to a senior in the Veterinary College on his general good standing throughout the course and especially on his standing in pathology and bacteriology. Not awarded.

The Early English Text Society presents four of its publications annually to be awarded as prizes to those students who pass the best examinations in Early English. Not awarded.

The Fuertes Memorial Prizes in Public Speaking were founded in 1912 by Charles H. Baker, a graduate of the School of Civil Engineering of the Class of 1886. Three prizes, one of \$125, one of \$35, and one of \$20, are offered annually to members of the junior and senior classes in the Colleges of Engineering and Architecture for proficiency in public speaking. The first and second prizes were divided equally between Robert Jordan Harper and Gordon Bennett Hoffman; the third prize was awarded to Charles Powell Beyland.

The Graduate Prize in Philosophy, established in 1912, has an annual value of about \$25 and is open to competition by students registered in the Graduate School. It is given to the student who submits the best paper embodying the results of research in the field of philosophy. Awarded to Carl Milton White.

The James Gordon Bennett Prize of \$50, founded in 1912, is open to seniors in the Veterinary College and is offered for work in the clinics giving evidence of ability to handle diseased animals humanely, emphasis being put upon the student's ability to apply local and general anaesthesia effectively. Awarded to Harry Edward Hansen and Simon Paul Dansky.

The Jane Miller Prize of \$50, founded in 1912, is awarded to the student or students having the highest standing in veterinary physiology. It is usually divided into prizes of \$30 and \$20 and awarded at the end of the junior year. Awarded to John Chester Stevenson and Burton Fuller Judson.

The George Chapman Caldwell Prize of \$50 was established in 1913 by Frank Cary Caldwell and Mrs. Grace Caldwell Chamberlain as a memorial of their father, the first Professor of Chemistry at this University. It is awarded annually in money, accompanied by a certificate, to a member of the senior class, for general excellence in the Course in Chemistry. Awarded to Eugene George Rochow.

The Ring Memorial Prizes, established in 1913 by bequest of Charles A. Ring of Newfane, New York, are awarded to undergraduates of the College of Agriculture for essays giving reviews of literature in the field of floriculture, vegetable gardening, or pomology, and showing the greatest ability to evaluate scientific evidence. A first prize of about \$30 and a second prize of about \$20 are offered. Awarded to Abraham Jonah Janovsky and Carl Edward Van Deman.

The Stewart Prize, offered annually since 1913 by S. L. Stewart of Brookside Farms, Newburgh, New York, is a prize of \$50 to be divided among students participating in a clean-milk contest. Since no award was made in 1929-30, in 1930-31 \$100 was distributed as follows: First prize, Gordon Officer Friedeman and Joseph Hycinth Baran; second prize, Frederick William Schutz and Edward Joseph Fauler; third prize, George Deal Holmes and Earl Charles Branche; fourth prize, Harold Laurentius Sawyer and Willett Morton Alley.

The J. G. White Prizes in Spanish, founded by James Gilbert White in 1914, are three prizes, each of the value of \$100, offered annually. Two are offered for excellence in Spanish, one of them to juniors and seniors in the College of Engineering and the other to juniors and seniors in the other colleges of the University. The third is offered for excellence in English to undergraduates from the Latin-American republics. For excellence in English, awarded to Luis Midence; for excellence in Spanish, to David Jacob Marcus.

The Student Medal of the American Institute of Architects has been offered each year since 1915 to that member of the graduating class of the College of Architecture whose record is the best throughout the course. The person to whom the medal is awarded is invited to exhibit his work at the next annual convention of the Institute. Awarded to Shigeo Hirata.

The Charles Lathrop Pack Foundation, endowed with \$500 in 1915 by Mr. Pack, who increased the endowment to \$2,000 in 1923, supports two prizes of \$50 each which are offered annually to students of the Department of Forestry. The former is offered to be awarded to that student of forestry in the graduating class who has made the best record during his course in this University; the latter is offered for an essay calculated to increase in the public mind the appreciation of the importance of forestry in the national economy. Awarded respectively to Lowell Besley and Darwin Miscall.

The Charles Lee Crandall Prizes, founded in 1916 by alumni of the School of Civil Engineering in memory of Professor Crandall, are a first prize of \$100 and a second prize of about \$25. They are offered each year for the best papers written by seniors or juniors of that school on suitable subjects, provided both the substance and the written form of the papers submitted show real merit. The object of the offer is to encourage research, to stimulate interest in matters of public concern, and to create in students an appreciation of the opportunities which the profession of civil engineering holds for the exercise of public spirit. Awarded to William Carl Pfaff, Alonzo Castle Dickinson, William Gervis, and Bernard Marsa.

The Goethe Prize of \$50, for the best essay on Goethe, has been offered each year since 1917 by Ludwig Vogelstein of New York. Awarded to Kaspar Osvald Myrvaagnes.

The Alumni Prize in the College of Agriculture was established in 1919. It is \$25, to be awarded by the faculty to the member of the junior class making the best record in his studies for the first three years. Awarded to Clarence Bernard Frankel.

The William M. Polk Memorial Prizes in Gynecology, founded by Mrs. Polk in 1919 in memory of Dr. Polk, Dean and Professor of Gynecology in Cornell University Medical College from its establishment in 1898 until his death in 1918, are offered to the three members of the senior class in order of merit who obtain especial distinction in the department of gynecology. The prizes are \$100, \$75, and \$50. Awarded to Leonard Druckerman, Vernon Ormond Stahl, and Lyman Richard Fisher; honorable mention, Ira Harold Degenhardt.

The Juliette MacMonnies Courant Prize was founded in 1921 by Mrs. Margaret MacMonnies Courant in memory of her daughter, who received the degree of A.B. in the Class of 1916. It is \$50, either in cash or in books as the recipient may choose. It is awarded annually to that woman of the senior class whose major subject is French and who has, in the opinion of the committee of award, made the best record in her four years of work, with especial reference to facility of expression in French. Awarded to Velma Rosaltha Churchill.

The Frank A. Barton Prize was founded in 1922 by Mrs. Louise Wilkeson Barton of Ithaca in memory of her husband, Colonel Frank Arthur Barton, U. S. Army, of the Class of 1891, late Professor of Military Science and Tactics in this University. It is a silver cup, awarded annually to that cadet officer of the Reserve Officers' Training Corps who has taken the keenest interest in the Corps and has shown the highest military qualities. Awarded to William Moore Vanneman.

The Gustav Seeligmann Prizes in Obstetrics, the income of an anonymous gift of \$2,000 to the Medical College, were awarded, a first prize of \$75 and a second prize of \$25, to Eugene Willard Green and Francis Lee Carroll.

The Anne Besse Prize consists of the income of \$1,000 given to the University in 1925 by Miss A. B. Jennings of New York City to establish a prize in the department of medicine of the Veterinary College. The award is based upon work in the clinics giving evidence of ability in clinical diagnosis. Awarded to Elmer August Woelffer.

The New York Times Current Events Prize is offered by The New York Times for competition by the undergraduate students of twenty institutions—Amherst, Brown, Bryn Mawr, Chicago, Columbia, Cornell, Dartmouth, Harvard, Michigan, Mount Holyoke, Pennsylvania, Princeton, Smith, Vassar, Virginia, Wellesley, Williams, Yale, and the United States Military and Naval Academies—with the purpose of stimulating interest in the affairs of the day. Three prizes, \$150, \$75, and \$25, are offered to the winners of each local contest and an additional prize of \$500 is awarded to the author of the best of the papers submitted by the

winners of the first prizes in the several institutions. The winners of the Cornell prizes were respectively Julius Marcus Bloch, Sylvan Harvey Nathan, and Max Slansky.

The W. D. P. Carey Exhibition is a prize of \$50 offered by William D. P. Carey of Hutchinson, Kansas, to be awarded to that student of the Law School who, in the faculty's judgment, acquits himself most creditably in two competitive examinations covering the principal fields of law. Awarded to Lathrop Dennison Marsland.

The Alfred Moritz Michaelis Prize, consisting of the income of \$1,000, is awarded at each Commencement for general efficiency in the department of medicine, to a member of the graduating class who has pursued the full course in the Medical College. It was founded in 1927 in memory of Alfred Moritz Michaelis, M.D., 1925, who died on April 24, 1926, during his internship at Mount Sinai Hospital, New York City. Awarded to Thomas Hale Ham.

The Prizes for Efficiency in Neurology, \$50 each, are given by Dr. Foster Kennedy to those two students in the graduating class of the Medical College, to be designated by him, who make the best records in the theoretical and practical work in neurology. Awarded to Charles Malcolm Brane.

The Farm Life Challenge Prizes were founded in 1927, by an anonymous donor, to encourage the ability to write and speak effectively as representatives of the interests of agriculture. The prizes are \$100 and \$50. The contest is in the form of a debate. Preliminary trials are held in December, on a subject chosen by a faculty committee appointed by the Dean of the College of Agriculture. The final competition takes place in Farm and Home Week. The contest is open to regular and special students of the College of Agriculture. Awarded to Robert Lewis Beers and Elton Mason Smith.

The Paul Dickinson Prize of \$25 is awarded by vote of the Faculty of the College of Architecture for the best general record made by a first-year student of that college. Awarded to H. Roger Williams.

The Baird Prizes, one of \$30 and one of \$20, are offered for the best and next best showing of sketches made during the summer by undergraduate students of the College of Architecture. Awarded to Max Schreiber and Emerson Stewart Williams.

The Charles Gross Bondy Prize of \$50, founded in 1929 from gifts collected by Trustee Frank H. Miller, is divided and awarded to the two seniors in the Veterinary College who rank highest in proficiency in the course in practical medicine and surgery of small animals. Awarded to Lyle S. Compton and Douglas Belden Crane.

The Merry Prize in Anatomy, of \$50, founded in 1929 by Albert E. Merry as a memorial of his father, Addison D. Merry, is usually divided and awarded at the end of the sophomore year to those two students in the Veterinary College who have done the best work in anatomy. Awarded to Henry Elmer O'Neil and Edward Clark George.

The Harold Adlard Lovenberg Memorial Prize in Chemistry, of \$50, founded in 1931 by Oscar F. Lovenberg and Clara F. Lovenberg, is awarded to that member of the senior class in chemistry who obtains the highest grade in an examination set by the department of Chemistry. Awarded to Eugene Charles Rochow.

LOAN FUNDS: OTHER PECUNIARY AIDS

Cornell University has two general funds that are used to make loans to students. They are (1) the *F. W. Guiteau Student Loan Fund*, established by the will of Frederick William Guiteau and augmented by the will of his sister, Mrs. Nancy Guiteau Howe, both of Irvington-on-Hudson, the income of which fund is by the terms of the bequest available for loans to young men; and (2) *The Women Students' Loan Fund*, consisting of a former student loan fund, increased in 1913 by \$7,000 assigned to this fund by the late President Andrew D. White from funds placed at his disposal by the late Trustee Andrew Carnegie. Both these funds are administered for the Trustees of the University by a standing committee. Applications for loans are received by the Secretary of the University for submission to that committee. The benefits of these funds are reserved to undergraduate students who have been in attendance at Cornell University for at least one year, and preference is given to seniors and juniors. Account is taken of the applicant's character, scholastic record, and need of financial assistance. Loans are made ordinarily to assist students that would otherwise be unable to meet the tuition charges. Money borrowed from either of the funds is to be repaid to the fund with interest at five per cent per annum.

The University Committee on Student Loan Funds administers also these special funds:

The Women's Guild Fund. A gift of women interested in the University, the income to be used to aid needy sick students. Established in 1892.

Hunter Loan Fund for Young Women. Gift under the will of George W. Jones as a permanent fund to be loaned to young women students of the University who may be deemed worthy of such aid by the Board of Trustees. Established in 1922.

Martin J. Insull Loan Fund. Gift of Martin J. Insull '93, of Chicago, for the aid of deserving students of the College of Engineering. Established in 1923.

Albert and Olive Jonas Fund. Gift of Albert Jonas '78, of Washington, D. C., (a) to establish and maintain at the University an agency for systematic search of fitting professional opportunities for Cornellians who may be in need of such help in getting settled in their life work, and (b) to assist meritorious and industrious students at Cornell whose pecuniary resources are not sufficient for their comfort by grants to them of reasonable sums of money while they are in pursuit of study at the University. Established in 1925.

Edwin G. Vail Fund. Gift under the will of Edwin G. Vail of Dutchess County, the income to be expended in the aid of needy students from Dutchess County who may in the annual examination therefor succeed in winning a State Tuition Scholarship in the University. Established in 1916.

The following special funds are administered by special committees or by faculties:

The John Knickerbacker Fund, established in 1919 by John Knickerbacker '87, of Troy, N. Y., supports a limited number of bursaries; the bursars are required to be young men of good minds, healthy and strong bodies, good moral character and sound moral opinions and beliefs, to be earnest and persevering workers, and to come from parents born in the United States and known to be or to have been good citizens.

Agricultural Student Loan Fund. Founded by gift to the School of Practical Agriculture and Horticulture at Briarcliff, N. Y., to aid students in the Agricultural College who are working their way through, and increased by agricultural students. Established in 1908.

Florence Dearstyne Fund. Gift under the will of Miss Florence E. Dearstyne, the income to be used under the direction of the Federation of Cornell Women's Clubs in assisting needy young women students. Established in 1914.

William C. Seidell Book Fund. Gift of Mr. and Mrs. Gerritt S. Miller, the income to be used to purchase books for young men working their way through the School of Civil Engineering. Established in 1905.

Wurts Loan Fund. Gift of Alexander Jay Wurts in memory of his mother, the income to be loaned to students of the Sibley School of Mechanical Engineering to "help lift the man's burden from the boy's shoulders." Additions by Sibley students. Established in 1912.

Theodore Gilbert Hubbard Memorial Fund. Gift of Mrs. Caroline W. Hubbard for the use of needy students. Established in 1921.

Robert Critchlow Dewar Loan Fund for Students in Civil Engineering. Joint gift of the Cornell Society of Civil Engineers and Mrs. James Dewar in memory of her son, a member of the Class of 1909, who died May 20, 1914. Established in 1914.

Charles F. Smith Fund. Bequest of Charles F. Smith of Southold, Suffolk County. Income to be paid to students of the town of Southold. Established in 1927.

PAYMENTS TO THE UNIVERSITY

TUITION

The University charges tuition fees. The rates in 1930-31 were as follows:

For the regular year:

- In the College of Arts and Sciences, four hundred dollars;
- In the Law School, four hundred dollars;
- In the College of Architecture, four hundred dollars;
- In the Veterinary College, two hundred dollars;
- In the College of Agriculture, two hundred dollars;
- In the College of Engineering, four hundred dollars;
- In the College of Home Economics, two hundred dollars;
- In Hotel Administration, four hundred dollars;
- In the Medical College, five hundred dollars;
- In the Graduate School, seventy-five dollars;

For the Summer Session, sixty dollars;

For the Summer School in Agriculture, sixty dollars;

For the Winter Courses in Agriculture, twenty-five dollars;

For the Summer Session in Law, eighty-five dollars.

Tuition and other fees become due when the student registers. The University allows twenty days of grace after the last registration day of each term of the regular session, and five days of grace after the first registration day of the Winter Courses and the Summer Session. The last day of grace is generally printed on the registration coupon which the student is required to present at the Treasurer's office. Any student who fails to pay his tuition charges, other fees, and other indebtedness to the University, or who, if entitled to free tuition, fails to claim it at the Treasurer's office and to pay his fees and other indebtedness, within the prescribed period of grace, is thereby dropped from the University unless the Treasurer has granted him an extension of time to complete payment. The Treasurer is permitted to grant such an extension when, in his judgment, the circumstances of a particular case warrant his doing so. For any such extension the student is assessed a fee of \$5 for the first week and \$2 additional for each subsequent week in which the whole or any part of the debt remains unpaid, but the assessment in any case is not more than \$15. The assessment may be waived in any instance for reasons satisfactory to the Comptroller and the Registrar, when such reasons are set forth in a written statement.

If a student withdraw from any of the colleges of the University at Ithaca, the Treasurer may refund a part of the tuition fee or cancel a part of the obligation that the student has incurred for tuition, provided the reason for the withdrawal be stated in writing and be satisfactory to the Comptroller and the Registrar. In any such case, the amount that the student owes the University for tuition is computed in the appropriate one of the following ways: For any of the short summer courses, twenty-five per cent of the term's tuition for each week or fraction of a week between the first registration day and the date of his certificate of withdrawal as issued by his college; for the regular first or second term of the University at Ithaca, or for the winter course of the College of Agriculture, ten per cent of the term's tuition for each week or fraction of a week between the first registration day and the date of his certificate of withdrawal as issued by his college. In the Medical College in New York City there is no provision for refunding or rebating the fees on account of a student's withdrawal.

Any tuition or other fee may be changed by the Board of Trustees to take effect at any time without previous notice.

CERTAIN CLASSES OF STUDENTS ENTITLED TO FREE TUITION

Students pursuing full, special, or short courses in the New York State Veterinary College, the New York State College of Agriculture, or the New York State College of Home Economics (except the course in Hotel Administration and except all students in the Graduate School), who at the beginning of the college year are and for at least twelve months prior thereto have been *bona fide* residents of the State of New York, are exempt from the payment of tuition fees; provided, however, that no student shall be allowed to transfer from any such course to another course wherein tuition is charged without first paying the regular tuition fees for the hours for which he may receive credit in the latter course. (For provisions governing free tuition in the New York State Summer Session see the Announcement of the Summer Session.)

Members of the instructing staff registered in the Graduate School and having their major subject in the college or the line of work in which they are instructing, or already having a degree and registered for the first degree in the college in which they are instructing, are exempt from the payment of tuition fees and from the payment of laboratory and shop fees in the department in which they are employed to give instruction; members of the instructing staff who take work for which they must pay tuition are required to pay in proportion to the amount of work for which they are registered.

OTHER FEES

A *Matriculation Fee* of \$10 is required of every student upon entrance into the University. This fee must be paid at the time of registration. A new undergraduate student who has made the required deposit of \$25 with the Treasurer does not make an additional payment of the matriculation fee, because the Treasurer draws on the deposit for this fee.

An *Infirmary Fee* of \$5 a term is required, at the beginning of each term, of every student, except in the Medical College in New York City. Students in the Summer Session or in the Summer School in Agriculture have the privilege of admission to the Infirmary; they pay no fee in advance, but are liable to the regular charges for any service rendered them there. For students in the Winter Courses in Agriculture, the infirmary fee is \$3.

A *Willard Straight Hall Membership Fee* of \$5 a term is required, at the beginning of each term, of every student. Its payment entitles the student to a share in the common privileges afforded by the operation of Willard Straight Hall, subject to regulations approved by the Board of Managers of the Hall. The fee of \$5 a term is required of all graduate students except those who are members of the instructing staff, for whom membership is optional. The use of the hall is restricted to those who have paid this fee.

A *Physical Recreation Fee* is required at the beginning of each term of every undergraduate man and every woman of the freshman and sophomore classes. It is \$2 a term for men and \$1 a term for women. Its payment entitles the student either to the use of a locker, with bathing facilities and towels, in the Gymnasium, the New York State Drill Hall, or the Schoellkopf Memorial Building, or else to the use of the women's gymnasium, recreation rooms and playgrounds, and to the use of a locker if that is necessary.

A *Graduation Fee* is required, at least ten days before the degree is to be conferred, of every candidate for a degree. For a first or baccalaureate degree the fee is \$10; for an advanced degree it is \$20. The fee will be returned if the degree is not conferred.

Laboratory Fees. In courses of study that require work in laboratory, shop, or drafting room, or field work, a fee is charged to cover the cost of material, etc., used by the student.

Every student registered in the College of Engineering must pay a laboratory fee, one-half of the fee at the beginning of each term, at the following annual rates: Freshmen in the College of Engineering, \$25; sophomores, juniors, and seniors

in Mechanical Engineering and Electrical Engineering, \$25; sophomores, juniors, and seniors in Civil Engineering, \$8. Students not registered in the College of Engineering but taking work in the shops must pay a laboratory fee at the rate of \$3.50 a record hour. (A student who has taken while in a non-engineering college of the University part of the work required for an engineering degree, shall, before receiving the technical degree, be required to pay to the University Treasurer such amount as would have been necessary if he had taken all such work while registered in the College of Engineering.)

Every student registered in the College of Architecture must pay, at the beginning of each term, a laboratory fee of \$10. Students not registered in the College of Architecture are required to pay \$5 a term, for each course in which they may be registered, in design, drafting, or drawing from life; except that when the student is registered for more than two such courses the total fee shall be \$10.

Deposits. In some courses, particularly in Chemistry, the student is required to make in advance at the office of the Treasurer of the University a deposit of money to cover the cost of material to be used and supplies to be consumed by him in the course of the term; accounts are kept and charges are entered against the deposit; at the end of the term any balance remaining of the deposit is returned to the student. Every student registered in the first year of the course in Chemistry must deposit \$25 at the beginning of the first term and \$30 at the beginning of the second term. The advanced student of Chemistry should be prepared, if he takes several courses at the same time, to deposit as much as \$60 or \$70 for a single term. In some of the courses in Chemistry, however, the student is required to pay a comparatively small laboratory fee instead of making a deposit.

The Graduate School. An administration fee of \$12.50 a term is required of every student registered in the Graduate School.

Exemption of Instructors. Those members of the instructing staff who are registered in the Graduate School are exempt from the payment of the laboratory and shop fees in courses taken or in research pursued in the departments in which they are respectively employed to give instruction.

THE ALUMNI

THE ALUMNI REPRESENTATIVE

The central office of the alumni at Cornell University is that of the Alumni Representative. That office was created by the Board of Trustees of the University on June 22, 1920, in confirmation of a request contained in identical resolutions presented by the Associate Alumni of Cornell University (now the Cornell Alumni Corporation), the Cornell Association of Class Secretaries, and the Cornellian Council. The Alumni Representative is appointed by the Board of Trustees on the nomination of the presidents of those three organizations of alumni. He reports to and is under the direction of a committee of five, composed of three persons representing the three organizations respectively and two members of the Board of Trustees who are alumni. His primary duty is the development of the relations between the University and its alumni. The present Alumni Representative is Foster M. Coffin '12. His office is in Room 31, Morrill Hall, Ithaca. The directing committee is Romeyn Berry '04, for the Alumni Corporation; Walter P. Cooke '91, for the Cornellian Council; Andrew J. Whinery '10, for the Association of Class Secretaries, and Edwin N. Sanderson '87 and J. DuPratt White '90, for the Board of Trustees.

CORNELL ALUMNI CORPORATION

The Charter of the University gives the alumni the right to elect two members of the Board of Trustees every year. All graduates of the first degree in any of the departments of the University and all persons who have been admitted to any degree higher than the first in the University are alumni within the definition of the Statutes. At a meeting called for the purpose, and held on June 26, 1872, representatives of all the classes that had graduated being present, an organization was effected to be known as the Associate Alumni of Cornell University. The object of this association was declared to be "to promote in every proper way the interest of the University, and to foster among the graduates a sentiment of regard for each other and attachment to their Alma Mater." The by-laws contained a provision for the election of trustees by the alumni in accordance with the Charter, which then permitted such an election to take place provided forty-five alumni met at the University on the day before the annual Commencement. An amendment to the Charter in 1883 inaugurated a new method of election by which members of the alumni, not present in person at the annual meeting, are permitted to vote for trustees by written ballot mailed to the Treasurer of the University, and that method has virtually superseded the primitive procedure. An election of trustees may take place at the annual meeting only if the vote by written ballot has been indecisive.

As the alumni increased in number and formed local clubs and associations throughout the United States and even in foreign countries, their need increased to have a central organization competent to look after other matters than the election of the alumni trustees and able to conduct its business throughout the year. The Associate Alumni became a corporation under the laws of the State of New York on May 9, 1903. Amendments to its constitution and by-laws were adopted from time to time to provide for the new duties that it was expected to perform.

A general revision of the by-laws took place at the association's annual meeting held in Ithaca on June 16, 1923. The name of the association was changed to Cornell Alumni Corporation. Direct representation on the board of directors was given to each of twelve geographical divisions into which this country and the rest of the world were divided for that purpose. The Corporation includes in its membership all the forty thousand persons who have attended Cornell University as students, whether graduated or not. It ties together in its organization all the active Cornell clubs in the world. Essentially it is "The Alumni Association," the entire body of former students of Cornell University. Although it includes all former students, the main structure of its organization is composed of the local alumni clubs and it derives its financial support mainly from an annual assessment levied upon those clubs. The amount of the assessment upon any club is determined by the number of its resident members at a rate per capita fixed by the board of directors of the association. The rate is usually fifty cents.

Besides the annual meetings in Ithaca just before Commencement, the Corporation holds conventions, generally in the autumn, in some other city. Until 1931 these conventions were held annually. Hereafter they will be held biennially.

The officers of the Cornell Alumni Corporation for the two-year term of 1930-1932 are: President, William W. Macon '98; Vice-Presidents, Frank G. Gardner '91 and Dr. Floyd S. Winslow '06; Treasurer, Archie C. Burnett '90; Secretary, Foster M. Coffin '12, Room 31, Morrill Hall, Ithaca. The Board of Directors consists of the president, the two vice-presidents, and the following persons: Thomas I. S. Boak '14, Weyland Pfeiffer '16, C. Reeve Vanneman '03, Floyd Kipp Smith '94, Chester T. Reed '03, Douglas S. Dilts '17, L. W. Voigt '21, Creed W. Fulton '09, Conant Van Blarcom '08, Edward Holmes '05, F. E. Yoakum '12, and Mrs. Walter A. Calihan '05.

THE ASSOCIATION OF CLASS SECRETARIES

The Cornell Association of Class Secretaries was organized in 1905. Its object is to see that proper and uniform statistics of each class are kept; to provide that the regular class reunions be organized so as to insure a good attendance; to stimulate the work of the class secretaries by effective cooperation; and to promote unity of action among

the classes and throughout the body of alumni. The active members of the association are the class secretaries. The officers of the association for 1931-32 are: President, Robert P. Butler '05; Vice-President, Clark S. Northup '93; Treasurer, Mrs. R. W. Sailor '09; Secretary, Foster M. Coffin '12, Room 31, Morrill Hall, Ithaca. The secretary keeps a list of the names and addresses of the class secretaries.

THE CORNELLIAN COUNCIL

The Cornellian Council, founded in 1908, is the alumni organization that has for its purpose the stimulation of alumni interest in the financial support of the University. The founders of the Council had in mind the idea of doing away with indiscriminate and merely occasional solicitation of the alumni and of having all appeals for the University's needs made by one organization vested with authority. The Council's regular collections constitute the Alumni Fund. Most of the gifts to the Alumni Fund are unrestricted and are available for appropriation by the Trustees wherever they may be needed. Gifts to the University through the Council may, however, be allocated for special purposes and when so allocated are used for those purposes only.

All contributors to the Alumni Fund are members of the Cornellian Council. The management is vested in a Board of Directors consisting of representatives of all the classes graduated, forty members at large, an indefinite number of club and geographical representatives, and honorary members.

Payments on all subscriptions to the Alumni Fund as soon as received by the Executive Secretary of the Council are forwarded to the Treasurer of the University. More than \$5,000,000 has been contributed by the alumni to the University through the agency of the Council.

The officers of the Council for 1931-32 are: President, Paul A. Schoellkopf '06; Vice-presidents, Maxwell M. Upson '99, Edward E. Soule '88, Allen C. Balch '89, and William G. Strong '94; Executive Secretary, Harold Flack '12; Assistant Secretary, Sara B. Sailor '09; Director of Publicity, Louis C. Boochever '12. The executive committee consists of Paul A. Schoellkopf '06, President; Maxwell M. Upson '99, Vice-President; and the following persons: J. DuPratt White '90, Robert T. Mickel '92, Jervis Langdon '97, Walter C. Teagle '00, Floyd L. Carlisle '03, Neal D. Becker '05, Robert E. Treman '09, and Andrew J. Whinery '10.

FEDERATION OF CORNELL WOMEN'S CLUBS

The Federation of Cornell Women's Clubs was organized in 1914 for the purpose of furthering the interests of Cornell University and in particular the interest of Cornell women. Its members are the individual members of alumnae clubs and such other Cornell women, not affiliated with any club, as may wish to pay the annual dues of fifty

cents. The officers of the Federation for 1931-32 are: President, Mrs. R. W. Sailor '09; Vice-Presidents, Mrs. Albert H. Emery '04, Mary H. Donlon '20, and Carroll C. Griminger '24; Secretary-Treasurer, Mrs. Nan W. Bruff '09.

THE CORNELL UNIVERSITY ATHLETIC ASSOCIATION

The University Faculty controls the conduct of athletic games and contests by virtue of its disciplinary jurisdiction over the students of the University. The Faculty's Committee on Student Activities approves or disapproves schedules of games, grants or withholds leave of absence from Ithaca, and prescribes rules of eligibility, holding the undergraduate manager of any team responsible for enforcing those rules. The students themselves share in the conduct of intercollegiate sports, being largely represented in the governing body of the Cornell University Athletic Association. This governing body is the Athletic Council. More than one-half of all its members are undergraduate students; the others are drawn from the Faculty, the Board of Trustees, and the alumni.

The Cornell University Athletic Association was organized in 1874 and was incorporated in 1889 under the laws of the State of New York for "the promotion of the social, gymnastic, and athletic interests of Cornell University." The association has a board of six trustees which controls the corporation's property.

Those persons who compose the membership of the Athletic Council are twenty-two undergraduate students, namely, the captains and managers of eleven distinct athletic sports which are organized for intercollegiate competition; twelve persons drawn from the Faculty and administrative staff of the University and elected annually by the undergraduate members of the Council; one member of the Board of Trustees of the University who is a graduate of the University; one graduate at large; two representatives of the alumni selected by the Alumni Corporation; and the Graduate Manager, who is elected by the Council and serves the Association as executive officer, custodian of property and funds, and supervisor of the work of the undergraduate managers. The Council employs coaches.

Alumni Field is a 55-acre section of the campus which the Board of Trustees in 1902 appropriated to the students for athletic recreation. Thirty-five acres of the lot are unfenced playing fields open to all. The Athletic Association uses the rest of it, having a football field, a baseball field, and two quarter-mile cinder tracks, with appropriate stands and buildings. The Schoellkopf Memorial Building, the gift of an alumnus in memory of Henry Schoellkopf of the Class of 1902, houses the association's offices and contains dressing rooms, showers, etc. The football field and track were equipped by members of the Schoellkopf family as a memorial of Jacob F. Schoellkopf. Many of the University's alumni contributed to meet the cost of grading, draining, and otherwise fitting these fifty-five acres of playground.

Besides managing the playgrounds on the campus, the Athletic Association owns and operates a boathouse and its equipment of racing boats and motor launches on the Cayuga Inlet, and provides conveniences for water sports at Beebe Lake, where it conducts a clubhouse and restaurant. The association sells annual membership tickets. Members are admitted to all games and privileges under the association's management and have first choice of reserved seats.

THE SUMMER SESSION, 1930

Candidates for admission as students should consult the Announcement of the Summer Session, which the Secretary of the University will send free upon request.

The primary object of the Summer Session is to advance education by helping those engaged in it. The instruction is adapted to the needs of the following classes: (1) Professors and teachers in colleges and schools, superintendents, and supervisors of special branches of instruction. (2) College students in Cornell or other universities who wish to make some educational use of the long vacation, especially those whose college studies may have been interrupted. (3) Students entering the University and wishing to obtain surplus credit at entrance, or to complete the entrance requirements. (4) All persons qualified to pursue with profit any course given, whether or not they are engaged in formal study or teaching.

OFFICERS

Administrative Board: The Dean of the Graduate School, the Dean of the College of Engineering, and the Dean of the College of Arts and Sciences; R. H. Jordan, Chairman of the Board and Director of the Session; B. S. Monroe, Secretary of the Board; R. M. Stewart, Director of the New York State Summer Session. *Registrar:* E. F. Bradford.

MASTERS OF SCIENCE IN EDUCATION

CONFERRED SEPTEMBER 24, 1930

Hazel Sarah Dunn, B.S.

Darwin Parker Norton, B.S.

CONFERRED FEBRUARY 4, 1931

Emma Davis, B.S.

CONFERRED JUNE 15, 1931

Ih Peh Chen, A.B.

Malvina Trussell, B. S.

MASTERS OF SCIENCE IN AGRICULTURE

CONFERRED FEBRUARY 4, 1931

Donald Wyman, B.S.: Ornamental Horticulture, Plant Physiology. Thesis: *Influence of the Heel and Season of Making on Rooting Narrow Evergreen Cuttings.*

CONFERRED JUNE 15, 1931

Tadeusz Brudzinski, Agr. Eng., LL.M.: Agricultural Economics, Marketing. Thesis: *The Settlement of Disputes in the Grain Trade.*

Simon Alexander Haley, B.S.A.: Rural Education, Rural Sociology. Thesis: *Determining the Factors Affecting Curriculum Construction for Instructing Adult Negro Farmers in Oklahoma.*

Roy Edgar Moser, B.S.A.: Marketing, Farm Management. Thesis: *A Study of the Trend in the Creamery Business—Saskatchewan, 1918-1928.*

Orleanis Reid, jr., B.S.A.: Agricultural Education, Agronomy. Thesis: *A Determination of the Educational Needs of Negroes in Allendale County, South Carolina.*

James Rector Thomas, B.S.A.: Rural Education, Agricultural Economics. Thesis: *A Proposed Program for Practical Teaching in Agricultural Education at Virginia State College for Negroes.*

MASTERS IN FORESTRY

CONFERRED SEPTEMBER 24, 1930

George Wilmot Hedden, B.S.: Silviculture, Economics. Thesis: *Liberation and Release Cuttings in the Northeastern United States.*

Harold Gridley Wilm, B.S.: Silviculture, Economic Entomology. Thesis: *A Study of Fall and Spring Sowing and Related Problems of Forest Nursery Practice.*

CONFERRED JUNE 15, 1931

Charles Barnet Kresge, B.S.: Forest Utilization, Plant Pathology. Thesis: *A Study of Small Sawmills in the Counties of Chemung, Schuylers, and Tompkins, New York.*

MASTERS OF CHEMISTRY

CONFERRED SEPTEMBER 24, 1930

John Alvin Greenawald, B.S.: Physical Chemistry, Analytical Chemistry. Thesis: *The System Cesium Iodide, Iodine and Water at 25%.*

CONFERRED FEBRUARY 4, 1931

John Magruder Clark, B. Chem.: Industrial Chemistry, Physical Chemistry. Thesis: *Blowing of Petroleum Asphalt.*

CONFERRED JUNE 15, 1931

- Orson Caswell Beaman, B.Chem.: Industrial Chemistry, Industrial Organization. Thesis: *Studies in the Action of Inhibitors*.
 Anna Louise Nestmann, B.Chem.: Organic Chemistry, Biochemistry. Thesis: *Examination of the Seed Oil of Linder Benzoin*.
 George Townsend Turner, B.Chem.: Organic Chemistry, Industrial Chemistry. Thesis: *A Study of Phellonic Acid from Cork*.

MASTERS OF ARCHITECTURE

CONFERRED SEPTEMBER 24, 1930

- Edwin Henry Cordes, B.Arch.: Architectural Design, History of Painting and Sculpture. Thesis: *A Museum of Modern Art for New York City*.
 Takayoshi Yoda, B.Arch.: Mural Decoration, Architectural Design. Thesis: *An Institute of Fine Arts in Tokyo*.
