

1997 CCTTS IPM/ICM Annual Report

**Carl D. Bannon
Area Field Crops Specialist**

**Greg Albrecht
CCTTS Senior Program Assistant**

The 1997 Cortland, Chemung, Tompkins, Tioga, and Schuyler County Integrated Pest Management / Integrated Crop Management (CCTTS IPM/ICM) program was a cooperative effort amongst the county Soil and Water Conservation Districts (SWCD), the Central New York Crop Management Association (CNYCMA), and Cornell Cooperative Extension. SWCD and CNYCMA staff in the CCTTS area scouted seventeen farms. Four TAg Teams comprising a total of sixteen farms across Cortland, Chemung, Schuyler, and Tioga Counties met regularly to discuss crop management throughout the growing season. Cornell Cooperative Extension program assistants scouted two fields on each TAg participating farm for demonstration purposes.
