June 20, 1956

Geneva, N. Y.

PRESENTING SEMINAR

Dr. Glegg left Tuesday to present a seminar at Brookhaven National Laboratories and observe irradiation facilities there. He will also confer with a group at General Electric in Schenectady, concerning irradiation of cellulose and pectin.

HERE FOR A MONTH'S STUDY

Mr. Daniel Caguioa, a student from the Philippines, who has been working with Professor Warner of the Animal Husbandry Department at Ithaca, will spend the next three or four weeks at the Station working in the feed control laboratories. He is here to learn feed control analyses which he expects to put into practice when he returns to the Philippines.

DISCUSSES FEED LAWS

Dr. Avens was in Albany last Tuesday, June 12, to discuss changes in the feed and fertilizer laws with officials of the State Department of Agriculture and Markets.

HERE TO OBSERVE

Ewald Smith, from the North Carolina State Department of Agriculture will spend the next few weeks observing methods and techniques in the Seed Lab. He will be working with Dr. Crosier and LaVerne Herrink.

OFF FOR EUROPE

Dr. Hamilton left New York City by plane Sunday bound for Europe. He is off on a six month Sabbatic leave which will take him all over Europe. He plans to visit Dr. Einset's parents when he is in Norway. During his travels he will visit many European Experiment Stations.

BACK FROM ST. LOUIS

The group from Food Science is back from the meeting in St. Louis. The Station is now represented in the Institute of Food Technologists by 3 counselors: Dr. Pederson who has a year to go, Dr. Kertesz who was elected at this meeting, and Dr. Hand who is the counselor for this section.

HORTICULTURAL SOCIETY TO MAKE TOUR

Friday afternoon the Station will be host to a group of members of the New York Horticultural Society. The Society, like most other similar institutions, began with the meetings of a few practical gardeners and then in 1818 was organized under the present title. George Slate will conduct the members on a well organized tour of the Station.

GARDEN CLUB WILL VISIT STATION

Next Tuesday members of the Waterloo Garden Club will pay the Station a visit. They will arrive at 3 P.M. and a tour has been arranged for them which will last until 5.

NEW FACES

The three newest employees of the Food Science Department are subsidizing a gas station down the road. Larry Star, a third year student at Cornell commutes from Canandaigua; George C. Smith, a grad student at Cornell, commutes from Penn Yan; and William Herz, a third year student at Cornell commutes from Ithaca. They will help in Pilot Plant Operations.

In the current issue of American Fruit Grower there is an editorial by Dr. Tukey about his trip around the world as a member of a U. S. team surveying 14 Asian countries in connection with the establishment of a Nuclear Research Center in Asia.....Dr. Chapman has received a letter from Dr. Dean in the Philippines who says he had the pleasure of meeting Dr. Tukey when he was there.

VACATION TIME

Some members of Food Science are getting set for long vacations. Margaret Lavin is on a two week vacation now and Norm Lawrence and Keith Steinkraus are both taking their families up to Minnesota for a month of rest and relaxation.

MAIL BAG

Jim Luckett received a card from Professor Munn out in California. Professor Munn says that for the first time in a long span of years the Seed Department was not represented at the recent meeting of the Association of Official Seed Analysts which was held in Sacramento. He says he was pressed into service as an ex officio delegate and presented a paper by Dr. Crosier and Joan Gillotte. Professor Munn was also appointed chairman of a special committee to prepare a history of the Association for its Golden Anniversary in 1958.....Clarence Kunz received a card from Robbie on Monday. Robbie is down as far as Roanoke, Va., at last report. Everything is going along smoothly; Robbie says he didn't forget a thing.....According to his latest letter, Bob Wesselmann is having a very busy time. Bob says they have just inaugurated Ecuador's first Agricultural radio program, a five times a week affair and its a howling success. About two weeks ago he made a trip into Ecuador's portion of the Amazon jungle and now has a few pictures of Jivaro and shrunken heads to add to his slide collection. Nita is doing some teaching part time at the American School and Janine and Nancy are starting to spout Spanish with playmates who can't oblige with English. As a matter of fact Bob says its getting so they can't understand some English expressions like "Drink your milk", and "Brush your teeth".....Professor Luckett received a letter Monday from Dr. R. F. Carlson, a member of the Pomology Department here from 1944-46. Dr. Carlson will be in Okinawa for the next two years as advisor in Agriculture at the University of Ryukyus.

HERE N' THERE

Leo and Marie Klein are taking part of their family and going up to Canada this weekend to attend the 20th anniversary of their graduation from Ontario Agricultural College in Guelph.....Dr. Crosier says his daughter Marlene Carpenter has resigned her position as Biological Chemist in the Poultry Department at Cornell and will work for the Gould Paper Company in Lyons Falls, N. Y.....Mr. and Mrs. Charles Smith and daughter are visiting her parents, Dr. and Mrs. Hervey for the summer.....Mrs. James Moyer was named program chairman of the Geneva League of Women Voters at their last meeting.

TWO--JUST YOU AND I

And I'm a reporter--so you had better give me some news or I'll never get the STATION NEWS written.
