THE new director of the College of Agriculture, Dr. Beverly T. Galloway, was in Ithaca last Sunday and Monday. He made a brief visit here to find a house for himself and his family for next year. On Monday he spent most of the day in an inspection of the Campus and especially of the buildings of the College of Agriculture, escorted by Acting Director Stocking. While he was here Dr. Galloway met many members of the Faculty.

OFFICERS OF THE SIBLEY ASSOCIATION were elected last week for the coming year. There were two tickets in the field. They were known as the "war party" and the "conservative party." Sibley men said that there was no war in the college and that the names were adopted merely as convenient nicknames to distinguish the two tickets. Somebody who had been reading the news from Mexico picked out the names. The conservatives were successful in all the offices except that of secretary. The following officers were elected: President, H. A. R. Conant '15; vice-president, D. F. Stanton '15; treasurer, R. S. Bassett '16; secretary, J. F. Wait '16; athletic director, G. G. Terribery '15.

THE CORNELL DRAMATIC CLUB presented three one-act plays at the Lyceum Theatre last Friday night, and did it very well. The three plays were "A Clerical Error," by Henry Arthur Jones; Sudermann's "Fritzchen," and George Bernard Shaw's "Press Cuttings." Fourteen members of the club appeared in the plays, some of them taking part in more than one. The club deserved a larger audience than was present. The Sudermann play is the most difficult of the three and had received the most careful study. Parts especially well played were those taken by J. S. Smith '14 and Miss Alice Chase '14. E. G. Fleming '15 had difficult rôles in this play and also in the Jones comedy. The Shaw farce is somewhat beyond the ability of amateurs, but the Cornell players got into the spirit of it. Mr. Drummond of the department of public speaking is the club's coach.

A SHORT CONCERT will be given by the Cornell Musical Clubs at the Lyceum Theatre on Friday evening, May 22, the night before Navy Day. There will be a few numbers also by the University Orchestra. The Princeton Musical Clubs had been invited to take part in a joint concert at that time, but they were unable to accept. Then an invitation was sent to the University Glee Club of New York, but that invitation also was declined. So the management has decided to depend upon home talent.

THE SENIOR BANQUET was held in the Armory last Friday night. It was what is known as a dry banquet. About 200 men of the class of 1914 were present. The man who wrote it up for the *Sun* estimated that one thousand glasses of water were drunk. Speeches were made by Professor Crane, Professor Kimball, Captain Munns of the football team, and Ralph S. Kent '02, of Buffalo. The toastmaster was J. B. Putnam.

THE MASQUE has selected George Bernard Shaw's "You Can Never Tell" as the play which it will present in Senior Week. This choice is in accordance with the Masque's decision to abandon musical comedy for a while in favor of farce. The Junior Week play this year was "The Gondoliers," and its presentation was thought by some persons to suffer from a lack of good voices. The play which has been selected for presentation in June was given by the Masque as the Senior Week production in 1907. It was given at that time with success.

THE SAVAGE CLUB has announced that the title of its play to be given at the Lyceum Theatre next Friday night, May 15, is "The Savages in Quarantine." A good many people in Ithaca now know why the town has been sprinkled with quarantine signs for days past. The play from which the production takes its name was written by Morris G. Bishop '13, and the scene is laid in the Cornell Infirmary. This will be the second part of the entertainment, the first part being made up of five short sketches.

THE OFFICIAL NAME of the Spring Day show on May 23 is "Philip McCann." The meaning of the name and its application to Spring Day will be understood when it is explained that the official posters show a comic-weekly Irishman holding a tin can half full of coins. A number of student organizations are rehearsing stunts which they will give on that day. Brilliant Spring Day costumes, to be worn by undergraduates, have been placed on sale.

THE BASEBALL GAMES at the north end of the quadrangle have been discontinued by the Proctor, under instructions from the President. The trouble with the ball games was that they frequently continued into lecture hours and the spectators made so much noise that classes were disturbed.

THE WAR DEPARTMENT's plans for student military camps have received an additional impetus from the Mexican crisis. Four camps will be held this summer, at Asheville, N. C.; Burlington, Vt.; and Ludington, Mich., from July 6 to August 7, and at Monterey, Cal., from June 26 to July 31.

THE BOARD of the *Cornell Countryman* for 1914-15 has been elected as follows: editor-in-chief, E. C. Heinsohn '15; managing editor, H. M. Stanley '15; home economics editor, Miss K. H. Mills, grad.; associate editors, W. D. Hill '16, L. C. Schuknecht '16, H. E. Stern '17; business manager, A. W. Wilson '15; circulation manager, W. E. Monson '15; assistant business managers, L. E. Gubb '16, B. W. Kinne '16, C. W. Moore '16, P. C. Cutler '17.

AT A RECENT MEETING of the Inter-collegiate Soccer League, held at Columbia University, the representatives of the seven colleges in the league voted to play the schedule of championship games in the fall instead of in the early spring as is the custom at present. R. T. Kelsey '15, manager of the Cornell team for 1914-15, was elected president of the league for the ensuing year.

Requirements for the A.B.

Changes Made by the College of Arts and Sciences

The College of Arts and Sciences is changing its requirements for the degree of Bachelor of Arts. While certain details of the new system have not been finally arranged, it may be said that the modifications already adopted by the Faculty lead in two principal directions: first, toward flexibility in the courses open to candidates for the degree; second, toward a compensatory stiffening of the work demanded.

(1) The new requirements will allow all students registered for the A.B. degree to elect work very freely outside the College of Arts and Sciences. Twelve hours a term inside the College will be insisted on through the freshman, sophomore, and junior years; but so long as the student passes the minimum number of hours each term within the College, he will be allowed to take such courses in other Colleges of the University as he desires and is eligible for.

The senior year may be spent entirely in another College of the University as under the present rules.

(2) Stiffening of the requirements will be brought about by a shift of emphasis from hours and residence (the present "double standard") to residence, although the present requirement in hours is not diminished; also by a more rigorous definition of what constitutes a term of residence than has prevailed hitherto. The new rules covering this point contain the following provisions:

(a) To secure credit for a term of residence a student must pass during that term at least twelve hours of work.

(b) A student failing in any given term to pass twelve hours will be allowed to continue in the University only under such conditions and at such time as the Faculty may designate.

(c) When failure to pass twelve hours is due to other causes than ill health, or similar reasons beyond the student's control, residence credit for the term will be cancelled; and the student will not be allowed to combine any hours passed during that term with hours passed during another term as giving credit for a term of residence.

(d) No student will be recommended for the A.B. degree unless the record of his course shows that the total amount of his completed work corresponds to an average of fifteen hours a term.

Those familiar with the College of

Arts, and Sciences will find in the new rules an interesting departure from present practice. Heretofore students have to some extent been allowed to accumulate credits in terms of prosperity and use them, as it were, to pay off mortgages previously incurred. Take for example an actual case:

Mr. X entered the College in September, 1910. During his first term he passed only seven hours; since it was his first term, however, he was allowed to continue on probation. The next term, he succeeded in passing only 11 hours and was consequently dropped "without prospect of readmission." In September, 1912, having furnished evidence of a change of heart, he was allowed to return. Under the rules he could then make up the courses he had conditioned, and, there being no express ruling to the contrary, he was able to count toward the required eight terms of residence, both terms of his year in the College, though in both terms combined he had secured credit for only 18 hours. To graduate in eight terms from the beginning of his course he had only to complete his 120 hours, an easy matter by virtue of the make-ups allowed. Under the new system no such procedure will be possible. Future X's, if they are allowed to continue, will have to pay the penalty of a term's poor work by remaining an extra term in college for the degree.

The new requirements as accepted by the Faculty will be published in due time. Entering students will register next fall under the new system. Students now in the College will file their study cards for next term under the old rules, but will probably be allowed to rearrange their studies under the new system in September.

WOMEN'S CLUB OF NEW YORK

The Cornell Women's Club of New York will hold its next meeting at the home of Miss Cornelia Trowbridge, 63 Groton Street, Forest Hills, Long Island, on Saturday afternoon, May 16, at 2:30 o'clock. The meeting will be primarily social.

THE TOLEDO ASSOCIATION

The following officers were recently elected by the Cornell Alumni Association of Toledo, Ohio: President, Edward Holmes '05; vice-president, W. S. Lenk '97; secretary, E. I. Bayer '09, No. 224 Melrose Avenue, Toledo, Ohio; treasurer, John R. Calder '86.

For a Student Assembly

University Faculty Willing to Give the Plan a Trial

An undergraduate petition for a student assembly was granted at the last meeting of the University Faculty. These convocations will be tried next year at intervals of about one month. They will be called "University Assemblies" and will take place at some hour to be set by the President, ordinarily in the forenoon, but probably not at the same hour each month. At such time all curriculum exercises will be suspended to enable members of the University to assemble in the agricultural auditorium for discussion or to hear lectures.

The Faculty has provided for a committee to consist of ten undergraduates and two graduate students to act in conjunction with the President of the University. The four class presidents are to be *ex officio* members of the committee. Three seniors and three juniors will be appointed by the senior and junior presidents and two sophomores by the sophomore president. The graduate members will consist of the president of the Graduate Club and one other to be appointed by him.

The adoption of the plan is the result of a petition presented recently by a large number of undergraduates. Upon its success next year will depend its establishment as a permanent custom.

Foresters to Meet Here

Distinguished Men Coming for the Opening of the New Building

The forestry building of the New York State College of Agriculture will be opened on Friday, May 15. The program for the day includes addresses by many prominent foresters. The morning session will begin at 10 o'clock with addresses by W. B. Greeley, Assistant Forester of the United States; W. H. Vary, Master of the New York State Grange; C. M. Dow, Director of the Letchworth Park and Arboretum, and C. R. Pettis, Superintendent of Forests, New York State Conservation Commission. The speeches will be followed by an inspection of the building.

The afternoon will be devoted to a discussion of the principal lines of effort in American forestry for the next decade and will include speeches by J. W. Toumey, of the Yale Forestry School; F. L. Moore, president of the Empire

State Forest Products Association; President H. S. Drinker of Lehigh University, and J. S. Whipple, president of the New York State Forestry Association. In the evening Gifford Pinchot, president of the National Conservation Association, will discuss the future lines of effort of that organization. L. H. Bailey, former director of the College of Agriculture, will also speak.

The Society of American Foresters will hold an open meeting in the Forestry Building on Saturday, May 16. Other events on the program include a business meeting of the Directors of the American Forestry Association, a conference of Forest School Clubs (student organizations at several of the universities), and a campfire supper on Cayuga Lake, Saturday evening, at which the Cornell club will entertain the guests.

Freshman Rules Changed

"The Sun" Does Not Wholly Approve of the Changes

Several radical changes in the freshman rules were passed by the Senior General Committee at a recent meeting. The most important changes are those relating to conduct down town. Beginning next fall with the class of 1918 no freshmen will be allowed down town after 11:30 p. m., nor will freshmen be allowed in the "Annex" or the "College Inn," cafés at present open to the first year men. Freshmen will not be allowed in the first ten rows at the Lyceum or the Star theatre. At present the first three rows of the Lyceum only are taboo. The rule which has caused perhaps the most discussion is that which provides that "no freshman shall smoke at all on the Campus, the streets of Ithaca or Percy Field, except in the freshman stand."

The *Sun*, in discussing the new rules, is of the opinion that "the Senior General Committee has overstepped the shadowy boundary between healthful regulation and arbitrary curtailment of personal liberty." The *Sun* suggests a limit of five rows in the theatres, objects to the inclusion of the "College Inn" in the list of forbidden resorts, and asserts that no conceivable purpose is served by the absolute prohibition of smoking on the streets of Ithaca. The *Sun* suggests that in view of adverse criticism aroused by the rules the committee should reconsider them before they are included in the 1918 "Freshman Bible."

The Graduate School

Further Appointments of Fellows and Scholars

At a recent meeting of the general committee of the Graduate School twelve more graduate fellowships and scholarships were awarded for the year 1914-15. Five of the twelve appointees are Cornell graduates. The list follows:

The Graduate Scholarship in Psychology: Selin S. George, A.B. (Nebraska) 1912; M.A. (same) 1914.

The Graduate Scholarship in Physics, vice G. R. Greenslade, resigned: Charles Moon, B.C.E. (West Virginia) 1910.

The Graduate Scholarships in Philosophy: Yuen R. Chao, A.B. (Cornell) 1914; Allen Job Thomas, LL.B. (Cornell) 1907; A.B. (same) 1909; Clarence Cecil Church, B.S. (St. Lawrence) 1914; Raymond Preston Hawes, A.B. (Brown) 1913; A.M. (same) 1913; Suh Hu, A.B. (Cornell) 1914.

The Susan Linn Sage Fellowships in Philosophy: Marion Delia Crane, A.B. (Bryn Mawr) 1911; A.M. (same) 1914; Delton Thomas Howard, A.M. (Illinois) 1912.

The Sibley Fellowship in Mechanical Engineering: Charles R. Reid, B.S. (Oregon) 1906; E.E. (same) 1912.

The University Fellowship in Mechanical Engineering: James Gilbert Miller, M.E. (Cornell) 1914.

The Edgar J. Meyer Memorial Fellowship in Engineering Research: John Prince, M.E. (Cornell) 1914.

THE UNIVERSITY ORCHESTRA is planning a series of four concerts for this spring, three of which will be given out of town. On May 18 the orchestra will visit Elmira and on the next day a concert will be given in Owego. The annual spring concert in Ithaca will be given on Wednesday, May 27, and soon after that there will be a concert at Wells College.

THE EDITORIAL BOARD of *The Cornell Era* has elected Arthur C. Peters, of Yonkers, editor-in-chief for next year; Elbert C. Baker, of Easton, Pa., business manager, and L. J. Rummell, of Newark, N. J., managing editor.

LIEUTENANT BULL has received word from Captain S. J. Bayard Schindel, of the General Staff, who will conduct this year's inspection of the cadet corps, that the inspection will take place on May 25 and will not be continued over into May 26.

OBITUARY

R. M. Breckenridge '92

Dr. Roeliff Morton Breckenridge lost his life on Tuesday, May 5, in an accident which occurred on his farm near Waterdown, a few miles from Hamilton, Ontario. While investigating the faulty performance of a gasoline engine in a small pumphouse, he entered the pit below the flooring and was overcome by the gases issuing from the exhaust piping, which had become disconnected. When found he had been dead at least an hour.

Dr. Breckenridge, who was born on September 20, 1871, graduated in 1892 from the College of Arts and Sciences of Cornell. He was a member of the Delta Upsilon fraternity and was a Woodford prize speaker. After studying in Germany, he taught at Harvard and spent a year at the University of Toronto. In 1894 he received the degree of Ph.D. from Columbia. His thesis, "The Canadian Banking System," has been recognized as one of the most authoritative treatments of the subject and has been reprinted recently. After serving as financial editor on one of the New York financial papers he joined his father in business in Hamilton, Ont., and subsequently became manager of a large can manufacturing concern. When this company was absorbed by the American Can Company he was transferred to their central office in New York City. While there he lived in Bronxville. Three years ago he became interested in a 200-acre apple orchard, known as the Bethanbreck Orchards, Ltd., which became famous for its prize-winning fruit and its scientific management. It was on this farm that he lost his life.

In 1896 Dr. Breckenridge married Mary Wilder, eldest daughter of Dr. Burt Green Wilder, emeritus professor. Besides his wife he leaves four children, ages from fifteen to five years; a sister, Mrs. Charles W. Wason, of Cleveland, and his father, Mr. Warren Breckenridge of Hamilton.

C. K. Ou '09

Information has been received of the death of Dr. Ching Ko Ou, A.B., '09, which occurred at Canton, China, on March 31. A further notice will be published soon.

ALUMNI DAYS are Friday, June 12, and Saturday, June 13.

No Third Senior Society

There had been rumors that a third senior society was to be established which would not exclude members of the "social clubs," but it did not make

its appearance. Both the societies observed the agreement which they entered into last year with regard to the clubs, and did not elect any men who had joined one of the proscribed organizations since the date set in the agreement. Sphinx Head did, however, elect W. H. Fritz, jr., who was a member of Beth L'Amed at the time the society agreement was made last year.

Interscholastic Track Meet

Won for Keewatin by Two Former Mercersburg Students

About 250 boys, representing forty-two schools, took part in the interscholastic track meet at Percy Field last Saturday. The meet was won by Keewatin School, of Prairie du Chien, Wis., which was represented by only two men, Goelitz and Robinson, both of them former Mercersburg Academy students. These two gathered enough points between them to take away from Mercersburg the trophy statuette presented by the Cornell University Club of New York. Mercersburg had won this trophy in 1912 and again in 1913. Mercersburg did, however, win the North China Cup, emblematic of second place.

The various trophies were won as follows: 100-yard dash, trophy given by the Cornell Club of Philadelphia, won by Keewatin School; high hurdles, Cornell University Association of Chicago, by Keewatin; mile run, Cornell University Alumni Association of Milwaukee, by Westbrooke Academy, Woodford, Maine; 440-yard dash, Cornell Club of Northern New Jersey, by Bethlehem Preparatory School; two mile run, Cornell Club of North China, by Buffalo Central High School; low hurdles, Cornell Club of Western New York, by Keewatin School; 220-yard dash, Cornell Club of Western Pennsylvania, by Indiana Normal School; half mile run, Cornell Club of New England, by Chicago University School; shot-put, Ithaca alumni, by Bethlehem Preparatory School; high jump, Cornell Alumni Association of Michigan, by Cascadilla School; pole vault, Northeastern Ohio Cornell Association, by Mercersburg Academy; hammer throw, Cornell Club of Rochester, by Mercersburg Academy; broad jump, Cornell Club of Washington, D. C., by Keewatin School.

THE ASSOCIATE ALUMNI OF CORNELL UNIVERSITY

NOTICE OF PROPOSED AMENDMENTS

TO THE ASSOCIATE ALUMNI OF CORNELL UNIVERSITY:

The Cornell Club of Rochester having appointed the undersigned members of the Associate Alumni of Cornell University a committee to propose amendments to the by-laws of said Association which will give clubs and associations entitled to delegates under Article VI Section 24 thereof representation on its Board of Directors, notice is hereby given, pursuant to Article XII, Section 40, of said by-laws, that at the annual meeting of said Association to be held in Room B, Goldwin Smith Hall, Ithaca, N. Y., on June 13, 1914, at 10:00 o'clock in the forenoon, we will propose and move the adoption of the following amendments to said by-laws:

1. To amend Article III, Section 4, thereof to read as follows:

"Section 4. *Election.* Five directors at large shall be elected by ballot at each annual meeting of this Association. Each club or association entitled to a delegate or delegates under Article VI, Section 24, may elect, triennially, at a regular or special meeting, from its members, one local director, provided that notice of such election shall be given in the call for said meeting, in accordance with regulations made by the Board of Directors of this Association; and immediately after such election shall transmit to the Secretary of this Association the name and address of such director, and the date of his election."

2. To amend Article III, Section 5, thereof to read as follows:

"Section 5. *Term of Office.* Each director at large shall take office immediately upon his election and hold office for a term of three years. Except as hereinafter provided, each local director shall take office at the close of the annual meeting of this Association next following his election and hold office for a term of three years. Each local director elected prior to the annual meeting of this Association in June, 1915, shall take office immediately upon his election and hold office until the expiration of his term of office, which shall be determined in the following manner: at said meeting such local directors shall be divided by lot by the presiding officer into three classes, equal or as nearly equal as possible in number, the first of which shall hold office for three years thereafter, the second, for two years thereafter, and the third, for one year thereafter. Each director shall hold office until the election of his successor. Each director now in office, except directors *ex-officio*, shall be known hereafter as a director at large, and shall continue in office until the expiration of the term for which he was elected."

3. To amend Article III, Section 6, thereof to read as follows:

"Section 6. *Annual and regular meetings.* The directors shall hold their annual meeting in Ithaca, for the adoption of their annual report and the transaction of such other business as may properly come before them, prior to the day set for the annual meeting of this Association, and on some day of the seven immediately preceding Commencement day. They shall hold two other regular meetings annually; one in Ithaca after the annual meeting of this Association and on the same day or the day following, at a time and place to be fixed by the President and announced at said annual meeting by its presiding officer; and the other in November, at such time and place as the Board may appoint or as, on failure of such appointment, the President may direct. At least ten (10) days' written notice of all annual and November meetings of the Board must be given by the President or Secretary, either personally or by mail, to each director."

4. To amend Article III, Section 7, thereof to read as follows:

"Section 7. *Special meetings.* Special meetings of the directors may be called by the President at any time and shall be called by him upon written request of six (6) directors for such time, within thirty (30) days, and for such place as he may designate. Such request must specify the business to be considered at such meeting, and no other business shall be considered thereat. At least twenty (20) days' notice of special meetings shall be given by the President or Secretary either personally or by mail, to each director. Such notice must state the purpose of the meeting, and must be accompanied by a full copy of the request therefor."

5. To amend Article III, Section 8, thereof to read as follows:

"Section 8. *General powers.* Except as here-

inafter provided, the entire charge and control of this Association and of its affairs, funds and property shall be vested in its Board of Directors."

6. To amend Article III, Section 9, thereof to read as follows:

"Section 9. *Particular powers.* In addition to the general powers conferred and duties imposed upon the directors by law and by these by-laws, they shall have the following powers and duties:

"(a) They shall prepare and present at each annual meeting a report of the business transacted during the year preceding such annual meeting.

"(b) They shall make such arrangements as they shall deem advisable for the celebration of Commencement; for the Annual Meeting of the Association; for the presentation of annual reports from the alumni trustees; for the conduct of forums and gatherings of the alumni; for the management of all affairs which require organized effort or participation by the alumni; for the proper representation of the alumni at functions and ceremonies; for keeping a list of all members of the Association with their addresses; for the transmitting, at least annually, of information concerning the University to each member; and for establishing an alumni bureau for the promotion of the interests of the members."

7. To amend Article III, Section 10, thereof to read as follows:

"Section 10. *Quorum.* Ten directors shall constitute a quorum."

8. To amend Article III, Section 11, thereof to read as follows:

"Section 11. *Forfeiture of office.* Any director, who fails to attend three consecutive regular meetings during his term, and any local director, who ceases to be a member of the club or association which elected him, thereby forfeits his office."

9. To add to Article III thereof three new Sections to read respectively as follows:

"Section 11-a. *Vacancies.* Each vacant directorship at large may be filled for the remainder of the term by the Board of Directors. Each club or association whose local directorship shall be vacant may fill such vacancy for the remainder of the term in the manner provided for the election of local directors. For the purposes of this section, the death or resignation of a director, or the forfeiture of his office, shall create a vacancy."

"Section 11-b. *Substitutes.* In case any local director shall not be present at any meeting of the Board of Directors, a substitute, elected or appointed by the club or association which he represents, may serve in his place and stead, and, while so serving, shall have all of his powers and be subject to all of his duties, and shall be deemed to be a director for the purpose of counting a quorum, provided, however, that each such substitute must present to such meeting a certificate, signed by the president and secretary of the club or association so electing or appointing him, and showing such election or appointment and the date thereof."

"Section 11-c. *Letter-Ballots.* A review by the Board of Directors of the action of the Executive Committee may be had by letter-ballot on a written request therefor signed by at least five (5) directors and filed with the Secretary of this Association. The Board of Directors shall prescribe reasonable rules and regulations for such review, and may in like manner provide for a letter-ballot on any other matter within its jurisdiction."

10. To amend Article IV, Section 17, thereof to read as follows:

"Section 17. *Duties of the Secretary.* The Secretary shall give notice of all meetings and forums of this Association and of all meetings of the Board of Directors and of the Executive Committee; conduct the general correspondence and keep the records and papers of this Association; notify directors at large, officers and committeemen of their election or appointment; keep a list of the clubs, associations and classes entitled to representation by delegates, as provided in Article VI, and of the names and addresses of the directors and delegates and alternates from time to time elected or appointed by them; act as secretary of all meetings of the Board of Directors and of the Executive Committee and of all meetings and forums of this Association, and keep accurate minutes of each such meeting and forum, including a record of all votes, resolutions and other proceedings of the same; prepare and, after approval by the Board of Directors, present to the annual meeting of this Association the annual written report of the Board and mail a copy thereof to the Secretary of each such club, association or class, and furnish a copy thereof to any member of this Association upon request; and perform such other duties as may pertain to his

office or be required of him by the President, Board of Directors or Executive Committee."

11. To add to Article V thereof a new Section to read as follows:

"Section 23-a. *Executive Committee.* There shall be an Executive Committee of the Board of Directors, consisting of seventeen (17) members. The President and Secretary shall be members *ex-officio* of this Committee, and the President shall be its chairman. Fifteen (15) members thereof shall be elected annually by the Board of Directors at their first regular meeting after the annual meeting of this Association, not more than a majority of whom shall be elected from the directors at large and not more than four of whom shall be residents of the same state. Each member shall take office immediately upon his election and hold office for a term of one year, provided, however, that no person in any event shall continue to be a member of this Committee after he shall cease to be a director of this Association. Subject to the approval and control of the Board of Directors, this Committee shall have the powers conferred, and be subject to the duties imposed, upon that Board by Article III, Sections 8 and 9, hereof, to fill vacancies in its own membership, and such other powers and duties as may be conferred or imposed upon it by the Board of Directors; and shall prepare and, at the annual meeting of that Board, present a report of the business transacted by the Committee during the year preceding such annual meeting."

12. To amend Article VI, Section 28, thereof to read as follows:

"Section 28. *Voting by Members and Delegates.* Each delegate of a club or association shall be entitled to ten (10) votes as such delegate on any question coming to a vote at a meeting or forum of this Association except on the election of Alumni Trustees and directors at large. If any such delegate be absent from such meeting or forum, and no alternate be serving in his place, the votes to which he would be entitled, if present, may be cast by any other delegate or serving alternate of the same club or association, who holds a certificate, signed by the president and secretary thereof and showing that it has authorized him so to do. Each delegate of a class shall be entitled to ten (10) votes as such delegate on any question coming to a vote at a forum of the Association. Every member shall be entitled to one vote at such meetings or forums, which vote must be cast in person and not by proxy. The presence or voting of members of clubs, associations or classes shall not affect the number of votes to which delegates of such clubs and associations are entitled as above provided. Serving alternates shall have the same voting powers and privileges as the delegates would have if personally present."

PRIZES IN ARCHITECTURE

A SECOND SUMMER COMPETITION will be conducted by the College of Architecture this year. Students will be invited to submit next fall examples of work in any of three classes, namely, sketching, photography and measured drawings of executed work. Prizes have been provided by graduates of the college. In the photographic competition the emphasis is placed on pictorial composition and not on technical skill. To show what is desired, Professor Young has now on exhibition in White Hall a collection of photographs taken by himself, Professor W. C. Baker, and others. In this collection are several beautiful specimens of photography by Miss Florence Baker Grey of the class of 1900.

ON the page preceding this will be found a list of proposed amendments to the by-laws of the Associate Alumni of Cornell University. These amendments are to be moved at the annual meeting of the Associate Alumni on June 13 in behalf of the Cornell Club of Rochester. The intent of the proposed changes is to make the Board of Directors of the Associate Alumni a body more directly representative than it is now of the large number of alumni who are best able to express themselves on Cornell matters through the agency of the local clubs and associations of which they are members. Under the proposed changes, each qualified club or association would have the privilege of electing one mem-

ber of the board of directors. That would make the board a much larger body than it is now, and so it is proposed to create an executive committee of the board, corresponding to the present board in numbers and in duties. These proposed changes may be considered a result of a desire for more direct representation in the affairs of the general alumni body—a desire which found expression at the recent conference of delegates at Cleveland and Pittsburgh.

POUGHKEEPSIE TICKETS \$3 !!!

The Athletic Association has been informed that the price of seats on the observation train at the Poughkeepsie Regatta to be held on Friday, June 26, has been increased from \$2.50 to \$3. A number of orders have already been received for tickets, and the Graduate Manager is writing in all such cases and sending information of the increase of price.

BIG SMOKER AT BOSTON

The Cornell Club of New England is planning a big Crew and Track Smoker to celebrate the expected victory over Harvard on the water and in anticipation of obtaining possession of the Intercollegiate Track Trophy. It will be held on Friday evening, May 29, at Boston. Place and other details will be announced later.

REUNION OF THE CLASS OF '89

For its 25 Year Reunion the class of '89 has engaged living rooms in the Cascadilla Dormitory, where there will be accommodations for at least seventy-five persons. That building was recently remodeled throughout and the rooms are attractive and newly furnished. A separate corridor can be had for the women of the class. Rooms can be had at one dollar a day. It is necessary to notify C. E. Treman before June 1st if accommodations are to be reserved.

The first event for '89 Cornellians at the reunion will be a get-together meeting and luncheon at the home economics building, College of Agriculture, at 12:30 p. m. on Friday, June 12. The men of the class will eat informally at the Alhambra on Friday evening at 6 o'clock. The class dinner will be held at 7 o'clock Saturday in the dining room of the Cascadilla Dormitory.

THE '94 REUNION

That there is widespread interest among '94 Cornellians in the reunion of June 12 and 13 is shown by letters to the class secretary. Among others "Buck" Andrews of North Carolina, Gregory of Louisiana, Studley of New Mexico, and Terry of Missouri have written that they are practicing "watchful waiting" for the 20th anniversary gathering. From far up north in Canada will come a '94 man who refused to allow his nearest kin to send the secretary particulars of his reported demise, but hastened to pen in his own hand that "reports of his death were greatly exaggerated." The secretary, though silenced, is still skeptical and has challenged him to come to the reunion and prove that he is alive.

E. E. BOGART, Secretary.

THE '99 REUNION

The success of the '99 reunion now seems assured. Already more than seventy have sent favorable replies to the committee. In addition, many others have expressed an intention to come if conditions permit—and conditions must be *made* to permit. As has been indicated in a previous announcement, arrangements have been made for the accommodation of the men in a house on Stewart Avenue. Within a short time a special notice concerning the ordering of sailor suits similar to those worn at the 1908 reunion will be sent to all who have then announced their intention to be on hand. Anyone who through any accident does not receive this notice is requested to send in without fail his order and measurements. All communications should be addressed to Maxwell M. Upson, 140 Cedar Street, New York.

NINETEEN-NINE

A Cornell special will leave Chicago Thursday, June 11, at 1:40 p. m. For reservations on this train write N. C. Farr, 140 S. Dearborn Street, Chicago. A special 1909 car will be run from New York Thursday night. For reservations write C. F. Roland, 30 Church Street, or R. E. Coulson, 62 Cedar Street, New York.

The committee for the Five Year Reunion will be: Fay H. Battley, chairman; C. F. Roland, Lewis Henry, Werner Goetz, R. E. Bishop, J. A. Harris, Leon Rothschild, J. W. Cox, jr., T. Rockwell, J. R. Haswell, N. C. Farr, E. I. Bayer.

DO YOU KNOW HIM?

The stammering swindler who has been fleecing Cornell men for several years past, and who is now in jail at Kansas City, has never been positively identified. He has used many names, but never his own, so far as has been learned. His photograph was published in the NEWS of April 16. The editor of the NEWS would be glad to receive any information that would lead to the positive identification of the swindler.

Association Football.—William Creifelds, jr., '15, of Brooklyn, has been elected captain of the soccer team for 1914-15. Creifelds has played goal on the team for the last two years.

MOVING PICTURES of Cornell athletic events will be shown in the Armory on the morning of Spring Day.

Two Victories for Regan

Regan's pitching brought victory in two games during the week. In a mid-week game at Percy Field he held Columbia to three hits. On Saturday, at Princeton, the Tigers made only two hits against him. There was to have been a game with Columbia at New York on Friday, but rain prevented.

Cornell, 6; Princeton, 2

The Princeton-Cornell game was fairly close till the fifth inning, when a shower of rain made the ball so slippery that both pitchers lost control to some extent. Regan let two runs in, but Lamberton, the young Princeton left-hander, was hit even harder and four Cornell men crossed the plate. Wood then took Lamberton's place. All the scoring was done in that inning except for one Cornell run in the first and one other in the sixth.

Captain Schirick hit the first ball pitched for a single. This unsteadied Lamberton, and he gave Donovan a pass. Bills struck out, but Baugher reached first on a fielder's choice, Donovan being out at second. Schirick scored before the side was retired.

Adair opened the fifth inning with a single to right. Ludwig was out at first, but Keating was safe on an error. Regan brought both runners home with a three-bagger, and scored himself on a single by Schirick. After Schirick had

gone to second and third on two passed balls in succession, he scored on a hit by Donovan. Bills struck out.

In Princeton's fifth inning Regan passed Wall and then hit O'Kane, and both men advanced on a passed ball. After Wall had scored and O'Kane had gone to third the umpire called a balk on Regan, and O'Kane walked home with Princeton's second run.

In the sixth inning Grossman batted for Baugher and Halsted for Ludwig. Grossman reached first on an error in left field, went to second on Taber's sacrifice, and scored on Halsted's single. In Princeton's sixth inning Rhoads reached third but was put out at the plate, Regan to Schirick. The score:

Cornell, 2; Columbia, 0

Only two Columbia men reached third base in Regan's first game of the week. Only in the eighth inning did a Columbia score seem likely. It happened this way: Gretch struck out, but Schirick dropped the ball and then made a poor throw to first and Gretch was safe. Haaren was struck by a pitched ball, and both runners advanced on Miller's sacrifice. But Shea struck out and Roseff sent an easy one to Donovan. Page hit to the clubhouse for two bases in the ninth, but there were already two out, and he was the third when Friedrich sent a grounder to Adair.

A two-bagger by Bills in the first inning scored Cornell's runs, Schirick having been safe at first on an error and Donovan having walked. Bills was left on third. Cornell had men on bases in every other inning except the fourth but failed to bring them home. The score:

Rowing

Improvement by the Varsity Eight

One more defeat by the freshmen marked the rowing of the first crew during the past week. The varsity appears to be improving, however, if the practice races can be considered a test, for in several other races recently the first crew has been victorious, the strong freshman eight usually finishing second, closely followed by the two junior varsity crews. L. P. Rand '16, coxswain of the 1916 freshman boat, has supplanted M. L. Adler '15 as varsity coxswain.

The varsity eight recently broke the record for distance by rowing to Frontenac Point, beyond Taughannock Point. This beats the record set by the 1913 crew, which rowed to Taughannock, and is thought to be the greatest distance ever rowed by a Cornell crew. Going and returning it is about twenty-five miles. None of the other eights made the trip.

Lacrosse.—The team overwhelmed Hobart in the next-to-last league game of the season Saturday by a score of 16 to 0. The game with Harvard next Saturday at Cambridge will determine the championship of the northern division of the intercollegiate league, both teams having won all their other league

games. Cornell's defeat of Hobart was by a larger score than Harvard's, the latter winning by fourteen goals.

Track

Victory Over Harvard

Improvement was shown by several of Cornell's track and field athletes in the dual meet with Harvard at Percy Field last Saturday. Cornell won the meet with a score of 75 2-5 to Harvard's 41 3-5. Captain Shelton won the low hurdle race, defeating Jackson, Harvard's colored hurdler, in 24 4-5 seconds. McCutcheon bettered his marks made at Ann Arbor a week earlier in both the shot and the hammer events. Fritz and Milton of Cornell cleared 12 feet 4 1-2 inches in the pole vault. Reller showed that he was recovering form after his severe illness by winning the hundred-yard dash from Captain Barron of Harvard, and Ingersoll also beat Barron in that event. Morrison showed improvement in the broad jump, although he came short of his Ann Arbor mark in the high jump. Cornell gave promise of fairly good strength in the track events, from the 220 to the mile. Caldwell was second in both the 220 and the 440, though he was beaten by inches in the quarter, and both those races were run in very fast time. Speiden won the mile, with Souder a close second, but in the half-mile Irish and Beckwith were beaten by Capper of Harvard, with Speiden far back. In the two-mile Potter and Hoffmire of Cornell had things their own way and were not driven to fast time.

Cornell won all the field events except the high jump, in which three Cornell men and two Harvard men were tied for first place; and took first place in four of the track events. The team is well balanced. Even though in the Harvard meet it did not reveal any sure winners of first places at the intercollegiates, it disclosed likely point winners in most of the events. In only one of the thirteen did Cornell fail to place a man. That was the high hurdles, in which Millard tripped and fell. Mr. Moakley said that he was very much pleased with the showing made by the team. It has now defeated Harvard, which was second in the intercollegiates last year, and Michigan, which was third. Next Saturday it will have a dual meet with Pennsylvania, which was first. In last year's dual meet at Cambridge Harvard defeated Cornell

BINGHAM OF HARVARD BREAKING THE TAPE IN THE 440 YARD DASH, IN A CLOSE FINISH WITH CALDWELL OF CORNELL. *Photograph by The Corner Bookstores*

by a score of 63 to 54, chiefly through strength in the field events, in which Cornell this year had great superiority.

There were several unfortunate accidents to Cornell men. Newman pulled a tendon in the hundred and is out of track work for the season. VanWinkle was badly hurt by a fall in the final of the 220 yard dash and may not be in shape to run in the Pennsylvania meet next Saturday. Millard fell in the high hurdles but was not severely hurt.

Reller ran his trial heat in the hundred in 10 seconds, being put to it to beat Captain Barron. He was timed a fifth of a second slower in the final. Ingersoll came through in the final with a great sprint in the last twenty yards and just beat Barron to the tape. The three leaders were closely bunched. Newman, a Cornell sophomore, pulled a tendon in the second heat of the hundred.

Four Cornell men started in the 220 yard dash—Caldwell '14, Ingersoll '15, and VanWinkle and Osler, sophomores. All four qualified for the final, together with Barron and Foley, of Harvard. In the final VanWinkle was running even with Barron twenty yards from the tape when he fell. Barron won by four or five feet from Caldwell and Ingersoll, who were practically tied for second place. Osler was fourth. Barron's time was 21 2-5 seconds.

B. W. Brodt '14 and H. E. Millard '16

started in the high hurdles. Brodt was disqualified in his trial heat for knocking down four obstacles. Millard won the second trial in 16 1-5 seconds, and was the only Cornell man to start in the final, with three Harvard men. He was abreast of the leader, Jackson, when he tripped over the last hurdle and fell.

In the low hurdles Cornell was represented by Captain Shelton, Brodt '14, Lukens '15, and Lyford and Starr, sophomores. Brodt and Starr were eliminated in the trial heats, which were won by Shelton and Lyford respectively. In the final Shelton finished a good five yards ahead of Jackson, who was an equal distance in front of Allen of Harvard. Lyford was a close fourth.

The quarter-mile was the most closely contested race of the day, being almost a dead heat between Bingham of Harvard and Caldwell of Cornell. Rock of Harvard was third and J. S. Lewis '16, of Cornell, fourth. The two Harvard men took the lead and held it past the grandstand, with Lewis running third and Caldwell fourth. Bingham and Rock were still leading in the turn from the straightaway, where Caldwell went out after the leader. He was ten yards to the bad when he started his sprint, and he was beaten at the tape by less than a foot. Rock was five yards back, and an equal distance in front of Lewis. The poor showing of Lewis was doubt-

less due to the fact that he has been ill. At the Pennsylvania relays he defeated Rock at the same distance.

There was a field of eight in the mile run, including Speiden, Souder and Brown, of Cornell, and MacClure and De Gozzaldi of Harvard. Speiden made a poor start. At the end of the first quarter, which MacClure ran in 62 seconds, Speiden was fourth and Souder was near the last. In the second quarter (2:14) Speiden came up to second place and Souder to fourth. Speiden led (3:36) at the end of the third quarter, and soon after the bunch passed the post Souder went up to second place, passing MacClure. The three leaders were fifteen yards ahead of the rest of the field on the back stretch in the last quarter. A hundred yards from the finish Souder started a sprint which carried him ahead of Speiden for several strides; the two crossed the line almost abreast, thirty yards ahead of MacClure, who was almost overhauled by Brown. Fifth and sixth places were taken by two Cornell men.

Speiden was unable to repeat in the half-mile, but Irish, a sophomore, and Beckwith, a junior, ran a very good race. Capper of Harvard and Taylor, Beckwith and Irish of Cornell took turns in leading the pack. Soon after finishing the first quarter (62 seconds) Irish went out in front and led till the finish, where Capper came up and barely beat him. Beckwith was five yards behind them and many yards ahead of the next man.

In the two mile run Cornell had Potter and Hoffmire, sophomores, and Cadiz '15. Harvard had Blackman, Boyd, Southworth and Boyden. Southworth set the pace till Potter passed him in the middle of the second lap. Hoffmire came along with Potter and the two Cornell sophomores led throughout the rest of the distance, much of the time running side by side. At the mile (4:50) Boyd was at their heels and Blackman was falling back. Cadiz was fifth. At the mile and a half (7:24) the three leaders were forty yards ahead. In the seventh lap Potter and Hoffmire gained ten yards on Boyd. Potter finished four yards ahead of Hoffmire, who was forty yards ahead of Boyd. Boyden was a hundred yards behind Boyd.

Cornell won a majority of the points in every one of the field events. Fritz and Milton, when they cleared 12 feet 4 1-2 inches in the pole vault, did the

best work that has ever been done in that event in a Cornell dual meet. In his broad jump of 22 feet 9 inches Morrison cleared the same distance as was cleared in the 1913 intercollegiates by Whinery, who took third place then. Morrison has been doing better in practice than his 5 feet 8 1-2 in the high jump. McCutcheon won both weight events with marks that showed consistent improvement over his previous work.
