On that day, there will be two cash drawings; one for \$15 and one for \$10. See your department representative and sign up today.

• *Bowling Party Reminder*

Lanes are filling up fast for the upcoming bowling party scheduled for Saturday evening, April 7. The deadline for reservations is Friday, March 23. Send your team list and money to Liz Baroody, Food Science.

Walter Wolf, pictured in the foreground, is this week's leader on the Station Racquetball Ladder. Chris Hayes is right behind. The matches, which began in late September, will no doubt heat up on April 11, when the Single Elimination Games begin. That's when Matt Lewis claims he will really make his move. Watch out challengers!

SAFETY-WISE ADVICE

All too frequently, people take fire extinguishers for granted and just assume they're functional because they hang on a wall. Then, when faced with a small kitchen stove or trash can fire, they panic when the fire extinguisher doesn't work. Get into a habit to look at yours periodically to see if it's in good working order. When used properly, portable fire extinguishers are extremely effective in keeping small fires from getting too damaging. A Fire-Wise Message from Cornell Life Safety.
