## Baker Pet Talks - Dental Care Tips for Your Pet

Looking for home care strategies to help you maintain your pet's dental health?

Has your vet recommended a 'dental'? What does that involve?

**Join us from 10:00 - 11:00 AM on April 14 for this free public event!**

If you can't make it to the Institute, you can watch the demonstration live online, just click the button below to be taken to the live feed.

Using life-sized skeletal models, Drs. Ng and Schneider will teach you:

- **Home care strategies to maintain your pet's dental health**
- **How to identify signs of oral pain in cats and dogs**
- **Advanced procedures that might be recommended for your pet**

Presenters:

Dr. Kevin Ng, BSc, BVMS (Hons) and

Dr. Lindsey Schneider, DVM

Residents, Dentistry & Oral Surgery

College of Veterinary Medicine, Cornell University

**Saturday, April 14, 2018**

**10:00 AM - 11:00 AM (EST)**

The Baker Institute is located less than five minutes from campus, off of Snyder Hill Road and Ellis Hollow Road and has ample, free parking.

**The Baker Institute for Animal Health**  
**235 Hungerford Hill Road**  
**Ithaca, NY 14853**

Baker Pet Talks: Pet Health Tips from Cornell Experts will be held at the Baker Institute for Animal Health. [Get directions on Google Maps.](#)

Do not hesitate to contact us by phone (607) 256-5652 or [email](#) if you have any questions.

The event will be co-sponsored by the Baker Institute for Animal Health, the research center that brought you the canine parvo vaccine and the world's first successful litter of puppies born via in vitro fertilization, and the [Cornell Feline Health Center](#), the first organization dedicated solely to improving the lives of cats. This is an event for animal lovers of all ages and admission is free.
