THE UNIVERSITY TELEPHONE EXCHANGE

The numbers in the left margin of this list are telephone numbers. The number 3331 is the dial signal which calls the operator of the University Switchboard, and the number immediately after 3331 is the number to be given that operator.

Within the Exchange.—To make a call within the University exchange, lift the receiver, and when the operator answers give her the extension number of the party that is wanted.

Local Calls Outside:

From Dormitory Telephones.—To call any Ithaca telephone number, lift the receiver and give the number to the operator, being sure to preface the number with "Ithaca" to avoid confusion with extensions having the same number.

From All Other Telephones.—To call any Ithaca telephone number, ask the University operator for "Outside," and as soon as you hear the dial tone, dial the number of the person wanted.

Toll Calls.—To make a toll call, lift the receiver from the hook, and when the University operator answers, say "Long Distance." Wait for the connection to be made with the Long Distance operator. When Long Distance answers give her your name and your University extension number, and then the information necessary concerning the telephone or person that you wish to reach at the distant point.

STUDENTS

The street numbers refer to Ithaca addresses and not to home addresses.

An asterisk (*) before a name indicates that that person is married.

Abbreviations. The colleges are designated as follows: Arts, A; Agriculture, Ag; Architecture, Ar; Engineering, Eng; Mechanical Engineering, M; Civil Engineering, C; Electrical Engineering, E; Administrative Engineering, Ad Eng; Chemical Engineering, Chem Eng; Law, L; Medical, MD; Veterinary, V; Home Economics, H; Hotel Administration, Hotel. Graduate students are indicated by Grad; special students by Sp. The number 43, 44, etc., indicates the year in which the student expects to graduate.
