For
Spouses*

*We Welcome You To The
79th Annual Conference
for Veterinarians*

*New York State College
of
Veterinary Medicine
January 13-15, 1987*

Welcome

Members of the Veterinary Circle of the New York State College of Veterinary Medicine cordially invite you to join us in participating in the Spouses' Program of the 79th Annual Conference for Veterinarians.

Each year we look forward to renewing our acquaintances and to meeting and sharing good times with newcomers. This year we have planned many activities for you. We've allowed time for you to attend several educational lectures offering you an opportunity to increase your business acumen, in cooperation with your spouse. The materials to be presented include *Veterinary Hospital Design*, presented by Mr. Warren Freedenfeld and *Preventing Lawsuits in Your Practice*, by Mr. E. F. Roberts.

On Tuesday afternoon, Mrs. Robert Phemister has graciously invited us to Tea at her home where we will have the opportunity to become better acquainted in a relaxed atmosphere.

In the evening we are sure you will enjoy the food and festivities at the Annual Conference Dinner.

Wednesday morning the New York State Veterinary Medical Society Auxiliary will hold their Annual Winter Meeting.

Lunch will be at the historic Rose Inn, noted for its gourmet presentations and unique architecture. Our hostess, Sherry Rosemann, of Rose Inn will enlighten us on the interesting history and architecture of the Inn and graciously allow us to tour the antique-filled rooms in the original home and the newly completed addition.

Shopping in Ithaca has always been an enjoyable experience, and with the addition of our new malls and the restoration of downtown Ithaca, The Commons, and College town, it is even more inviting.

For the athletes, Mrs. Nancy Krook has once again agreed to lead cross-country skiing, weather permitting.

You will find the campus and the surrounding area to be constantly changing. New buildings are under construction, new cultural centers, new roads being laid, but still prevailing is the warmth and fellowship of her students and residents. The Cornell Spirit is alive and well.

Crafts, conversation, coffee and friendship will be offered in the Hagan Room. We are looking forward to sharing our community, our activities, and our friendship with you. Won't you please join us?
