Volume 13, Number 25

Thursday, March 25, 1982

Reflections in this photograph by Russell Hamilton, now retired, are of Central Avenue on a spring day in 1972. The elm tree is no more, one of the many victims of Dutch elm disease.

Compensation Plan Will Be Proposed to Trustees

Includes 9% Pool for Endowed Units, Other Benefits Improvements

A 1982-83 salary improvement and benefit package, including the establishment of common pay ranges for statutory and endowed non-exempt employees, will be recommended to the Board of Trustees at its meeting here March 25-26.

The program includes a 9 percent pool for endowed exempt and non-exempt employees.

"It appears we are also going to get a 9 percent compensation pool for statutory employees from the state," said Provost W. Keith Kennedy, "but that is not final until we get clarification from the State Uni-

versity and Division of the Budget."

"In addition to February's across-the-board increase for endowed non-exempt employees, the endowed compensation program reflects the university's continuing efforts to upgrade and ensure fair and equitable salaries and benefits," said William G. Herbster, Cornell's senior vice president.

As in past years, salary increases would be decided on an individual basis within guidelines sent to deans and executive officers.

The salary program would be effective June 24 for endowed em-

ployees. Employees are eligible for the program if they were hired on or before March 4, 1982.

In addition, there are several improvements in the benefit program which would be effective June 24:

- Installation of the Employee Assistance Program which would provide independent professional counseling to faculty and staff to help with personal problems that may be affecting their work.

- Increase of Cornell contributions for endowed health insurance premiums. This would continue full

single subscriber coverage at no cost to the employee and maintain the existing university contribution percentage for family coverage to help alleviate the impact of anticipated increases.

- Establishment of a policy to permit employees to use up to three days of accrued sick leave for family illness.

- Increase in sick leave accumulation maximum for 69 to 90 days.

- Establishment of a program that would allow, at retirement, for the conversion of accumulated sick

leave into health insurance contributions.

- Increase in maximum vacation accumulations to between 30 and 40 days based on years of service.

Specific details of the benefit adjustments will be provided to employees in the near future.

Employees represented by a collective bargaining unit are covered by the terms of their contract agreement.

Kreps Will Keynote Women's Conference Here

Former Secretary of Commerce and author Juanita M. Kreps will speak on "The State of the Economy: Prospects for Women in Management," at a free public lecture at noon Wednesday, April 7, in 110 Ives Hall.

Kreps' talk will serve as a keynote for a one-day conference on "Women in Management: Getting In and Moving Up," which will take place at Cornell on Friday, April 16. The lecture and conference are sponsored by the Extension and Public Service Division of the New York State School of Industrial and Labor Relations at Cornell with partial funding from the Xerox Corporation and IBM Corporation.

Betty Lehan Harragan, management consultant, magazine col-

umnist and author of "Games Mother Never Taught You: Corporate Gamesmanship for Women" and Rosabeth Moss Kanter, professor of sociology, organization and management at Yale University and author of "Men and Women of the Corporation" will speak at the conference. There will also be panel discussions on "Resolving Problems at Work" and "Careers and Family: A Balancing Act."

Persons interested in attending or receiving more information about the conference should contact Jennie Farley, assistant professor, New York State School of Industrial and Labor Relations, 112 ILR Extension, Cornell University, Ithaca, N.Y. 14853, telephone (607) 256-7711.

Kreps is the author of "Sex in the

Marketplace: American Women at Work" and "Women and the American Economy." She is a 1942 graduate of Berea College and received her master's and Ph.D. degrees from Duke University in 1944 and 1948, respectively. She has been a member of the Duke faculty since 1955, during which time she also served as assistant provost (1969-72) and vice president (1973-77).

Kreps served as United States Secretary of Commerce from 1977 to 1979 and was on the board of directors of the New York Stock Exchange. She is presently on the board of directors of Eastman Kodak Co.; R.J. Reynolds Industries, Inc.; Citicorp and United Airlines, Inc. She is also a member of the American Association of Uni-

versity Professors, the American Association of University Women, the Industrial Relations Research Association and the National Manpower Policy Task Force. In 1979 she was named to the Presidential Commission on National Agenda for the '80s. Kreps is listed in "Who's Who in America."

Harragan writes a monthly column on "Tactics and Strategies" for SAVVY, a magazine for executive women. Her "Games Mother Never Taught You: Corporate Gamesmanship for Women" is considered the "working bible" for women in private industry and the public sector. Her previous background encompasses 25 years as a career professional in the private sector where she worked for major

corporations, small companies, advertising agencies and industry trade associations.

Harragan is the principal in Betty Harragan & Associates, a consulting firm devoted to equal employment and promotion of women. She has been active in politics since the 1950s and in the women's movement since 1970. She is a graduate of Marquette University and received her master's degree from Columbia University. She is listed in "Who's Who of American Women" and "World Who's Who of Women."

Kanter is a 1964 graduate of Bryn Mawr College and received her Ph.D. in sociology and social psychology from the University of Michigan in 1967. She is the reci-

Campaigning for Assemblies Starts April 5

Campaigning by candidates for Student and Employee Assembly membership and for trustees begins Monday, April 5, with student elections Wednesday and Thursday, April 14 and 15. Employees will vote by mail ballot, which will be sent Friday, April 19. Graduate and professional student ballots will be mailed Monday, April 5.

Employees will elect seven people for membership on the Employee Assembly and one Employee Trustee. Students will elect 23 people for membership on the Student Assembly and two Student Trustees.

Petitioning for students began March 12 and will end at 4 p.m. today. For employees, petitioning began March 2 and will end Friday, April 2. Petition challenges should

be filed at 165 Day Hall no later than 4 p.m. Monday, April 5.

Campaign spending for assembly candidates is limited to \$50 each. Trustee candidates are limited to \$100 each. Candidates will receive 150 fliers free of charge. Poster designs should be submitted to 165 Day Hall for reproduction and should measure 8½ x 11 inches.

Candidates are expected to participate in events sponsored during the campaign and to express their positions on campus issues.

Each candidate has the right to submit a neatly typewritten biography and personal statement suitable for photographic reproduction. Statements will be included with the employee ballots and will be available at student polling places.

Student elections will be held by paper ballot in the following locations: 10 a.m.-3 p.m.—Hollister Hall lobby, Goldwin Smith Hall main lobby, Uris Hall, ground entrance; 10 a.m.-5 p.m.—Willard Straight Hall lobby and Mann Library lobby; 4 p.m.-8 p.m.—Noyes Center lobby

and North Campus Union lobby.

Students will be required to present a valid Cornell ID in order to vote. Candidates will not be allowed to campaign within 50 feet of the polling areas and they may not linger in polling areas.

All ballots must be submitted in a

double envelope. The outside envelope will require the printed name and signature of the voter. If the envelope does not contain this information, the ballot will be voided.

Voting for all candidates will be by the Hare System.

Judicial Administrator

Case Reports, January-February 1982

NO. OF PERSONS	VIOLATION	SUMMARY DECISION
1	Harassment	Oral Warning
1	Theft of a textbook	WRITTEN REPRIMAND and a \$75 fine OR 25 hours of community service
1	Theft of an item from the Campus Store	WR; \$40/13 hrs. of c.s.
1	Theft of a University parking permit	WR; \$100/33 hrs. of c.s.
1	Attempted theft of food from Coop	WR; \$25/8 hrs. of c.s.
2	Failure to stop at a traffic booth as ordered by a Safety Officer	WR; \$25/8 hrs. of c.s.
1	Failure to pay for a meal at the Noyes Pancake House	WR; \$75/25 hrs. of c.s. \$5.72 restitution
1	Theft of food from Dining and furnished false information	WR; \$45 fine(\$25 suspended) \$20/7 hrs. of c.s.
1	Provided student with Dining card to obtain a free meal	WR; \$15/5 hrs. of c.s.
1	Possession and use of a Univ. parking permit	WR; \$100/33 hrs. of c.s.
1	Provided false information to Safety	WR; \$50 suspended fine
2	Discharged a fire extinguisher in a U-Hall	WR; \$125/42 hrs. of c.s.
2	Alteration of a parking permit	WR; \$50 suspended fine
1	Furnished false information	Oral Warning
1	Endangerment to others	WR; \$125 suspended fine
1	Disposed of trash on Univ. property	WR; \$45/15 hrs. of c.s.

Harvard's Norman Ramsey Scheduled To Deliver Bethe Lecture Series

Norman F. Ramsey, the Higgins Professor of Physics at Harvard University, will deliver the 1982 Bethe Lecture Series at Cornell beginning April 5.

One of the series, entitled "Inner Space: Physics at Short Distances," is aimed at a general scientific audience and is scheduled for 8 p.m. Wednesday, April 7 in Rockefeller A.

The other four lectures are somewhat more specialized. They are: "Molecular Beam Resonance Methods," 4:30 p.m. Monday, April 5, in Rockefeller A; "Nuclear Interactions in Molecules," 4:30 p.m. Tuesday, April 6, in Clark 700; "Dipole Moments and Parity Violating Spin Rotations of the Neutron," 4:30 p.m. Monday, April 12, in Clark 700; and "Atomic Hydrogen Maser,"

4:30 p.m. Tuesday, April 13, Clark 700.

The Bethe Lecture Series was created by the College of Arts and Sciences and the Physics Department to honor Nobel Laureate Hans Bethe. Previous Bethe Lectures have included Sir Rudolph Peierls, Robert R. Wilson, Robert H. Dicke, Steven Weinberg, Anthony Leggett, and Freeman Dyson.

Ramsey is known for his research on the properties of molecules, atoms, nuclei and elementary particles. Among his accomplishments is the development of the theory of magnetic shielding of nuclei in molecules, which led to the acceptance of the nuclear magnetic resonance (NMR) technique in chemical analysis. He was one of the developers of the atomic hydrogen

maser, a device capable of making measurements of unprecedented accuracy. Ramsey also is credited with developing the thermodynamics and statistical mechanics of systems at negative absolute temperatures.

Ramsey received his A.B., M.A. and Ph.D. from Columbia University, and studied at Cambridge University where he received a B.A., M.A. and Sc.D. In 1952 Ramsey was elected to the National Academy of Sciences. He is the author or coauthor of "Experimental Nuclear Physics," "Nuclear Moments," "Molecular Beams," "Nuclear Interaction in Molecules," and "Quick Physics" as well as some 160 articles in scientific journals.

Bike Thefts on Increase in Spring

With the arrival of spring the number of bicycle thefts on campus increases dramatically, according to an announcement by Public Safety, which suggests four steps to help prevent bikes from being stolen.

In 1980-81 alone, 73 bicycles valued at \$13,987 were reported stolen on campus.

The Crime Prevention Unit of the Department of Public Safety suggests that bike owners:

— Register your bicycle with us. Local ordinances require it. For 50 cents pertinent information about your bicycle is recorded and a registration sticker is affixed to the frame. This service is mandatory

and is a proven crime deterrent. These stickers are good for two years and '82-'84 licenses will be available as of May 1, 1982.

— Purchase and use a good lock. We recommend high-security locks. These are shaped like a horseshoe and resemble giant padlocks. Information on these is available from the Crime Prevention Unit. Remember — any chain or cable can be cut.

— Use the bike racks provided. Check your bicycle at least once a day and report any suspicious activity around these racks.

— Lock your bicycle properly. Secure at least the back wheel and

frame tube to the bike rack. Never lock your bicycle by the front or back wheel alone.

For more information, contact the Crime Prevention Unit, Public Safety at G-2 Barton Hall, phone 6-7302.

Jobs

The following job openings are new this week. For information on vacant positions listed in previous issues of the Chronicle, contact Personnel Staffing Services, 130 Day Hall. Cornell is an affirmative action employer.

Administrative/Professional
Head Hockey Coach, CP6 (Physical Ed. & Athletics)

Development Officer II, CP6 (Univ. Development)

Data Base Administrator, CP6 (Computer Serv.-APS)

Assistant Track Coach, CP4 (Physical Ed. & Athletics)

Research Support Specialist II, CP4 (Design & Environ. Analysis)

Senior Accountant, CP4 (Controller's Accounting)

Research Support Aide, CP2 (Entomology, Geneva, NY)

Teaching Support Specialist, CP2 (Biochemistry, Molecular & Cell Biology)

Clerical

Accounts Assistant, GR19 (Computer Services)

Secretary, GR19 (Mod. Languages & Linguistics)

Secretary, GR19 (Cooperative Extension, NYC)

Secretary, GR18 (Financial Aid)

Research Aide, GR20 (CRSR)

Secretary, GR18 (CRSR)

Secretary, GR18 (Naval Science)

Word Processing Operator, GR18

(Div. of Nutritional Sciences)

Secretary, GR18 (Div. of Nutritional Sciences)

Secretary, GR18 (Computer Science)

Secretary, GR17 (Residence Life)

Secretary, GR16 (Pomology & Viticulture, Geneva, NY)

General Service

Material Handler, S020 (General Stores)

Nutrition Aide, GR17 (Cooperative Ext., NYC)

Univ. Service Officer, GR20-21 (3) (Public Safety)

Technical

Photographic Assistant, GR20 (Materials Science Center)

Technical Assistant, GR17 (Plant Breeding & Biometry)

Technician, GR24 (Equine Drug Testing/Finger Lakes Racetrack)

Technician, GR21 (Entomology)

Technician, GR18 (Biochemistry, Molecular & Cell Biology)

Technician GR21 (Food Science)

Technical Assistant, GR17 (Plant Breeding & Biometry)

Part-time

Technician, GR20 (Food Science & Technology, Geneva, NY)

Secretary, GR18 (Cooperative Extension, NYC)

Secretary, GR18 (University Library)

Temporary

Temp. Service Technician, T-3 (Physiology)

Temp. Office Assistant, T-2 (Univ. Health Services)

The Job Opportunities list is mailed to all Cornell departments. In addition, it is posted in the following places: Day Hall Information Desk, second floor lobby; at the Circulation and Reference Desks of all university libraries; in the Map and Newspaper Section, Olin Library; all college and technical libraries; Roberts Hall Post Office substation and in the Upper Activities corridor, Willard Straight Hall.

POSTMASTER: Send address changes to the Cornell Chronicle (USPS 456-650), Cornell University, 110 Day Hall, Ithaca, N.Y. 14853.

It is the policy of Cornell University actively to support equality of educational and employment opportunity. No person shall be denied admission to any educational program or activity or be denied employment on the basis of any legally prohibited discrimination involving, but not limited to, such factors as race, color, creed, religion, national or ethnic origin, sex, age or handicap. The university is committed to the maintenance of affirmative action programs which will assure the continuation of such equality of opportunity.

"Lupines" by Cornell President Emeritus Dale R. Corson, who will teach a lecture-demonstration course in nature photography at Cornell Plantations.

Plantations to Offer Several Non-Credit Spring Courses

Non-credit courses in nature photography, exploring natural areas, gardening with perennials, native tree identification, pruning, and bonsai gardening are offered for the general public as part of Cornell Plantations' Spring 1982 Education Program.

Also scheduled is a series of free, Sunday afternoon walks through Plantations gardens.

Teaching the lecture-demonstration course, Nature Photography, will be Dale R. Corson, Cornell President Emeritus and an expert photographer, who will cover many of the basics of close-up photography including useful techniques and types of equipment. The course, which will be illustrated by slides and prints from the instructor's collection, is scheduled for 7 p.m. Thursdays, April 8 and 15.

William Dress, botanist with the Bailey Hortorium at Cornell, will lead trips to several areas of the county during peak blooming periods in the field course, Exploring Cornell Plantations' Natural Areas. After an organizational session at 7 p.m. Thursday, April 29, trips are planned from 9:30 a.m. to noon Saturdays, May 1, 8, 15 and 22.

Gardening with Perennials, taught by Broome County Cooperative Extension Horticulturist Lee Nelson, will aid participants in choosing the best site for a perennial border, preparing the soil, choosing plants and placing them for maximum effect, and learning to maintain the plantings. The class will meet at 7 p.m. Tuesdays, May 25 and June 1, 8 and 15, with a Saturday morning workshop planned for June 19.

Participants in the four-session course, Native Tree Identification, will learn the key characteristics of about 35 common trees native to the Ithaca area, with the emphasis on leaf and field identification. Teaching the course, which meets at 7 p.m. Wednesdays, June 16 and 26, will be Paul Auteri, a horticultural intern at Cornell Plantations.

Cornell Plantations Administrative Manager Tim Smalley and Gardener Jerry Sciarra will lead a Pruning Workshop from 9 a.m. to noon Saturday, June 26. Students will learn the basic principles by demonstration before practicing under the direction of an expert pruner.

Bonsai courses on three levels will be taught by William Valavanis, director of the International Bonsai Arboretum. Introductory Bonsai meets at 7 p.m. Tuesdays, April 6 and 20 and May 4 and 11. Intermediate Bonsai is scheduled for 7 p.m. Wednesdays, April 7 and 21 and May 5 and 12. An all-day Advanced Bonsai Workshop series is planned from 10:30 a.m. to 5 p.m. Wednesdays, April 7 and 21 and May 5 and 12.

No registration is required to participate in the free, Sunday afternoon guided walks through different gardens during peak blooming times. Walks through the Wildflower Garden are planned for April 25 and May 2, 9, 16 and 23. Other walks include the Bowers Rhododendron Collection, May 30; the American Peony Society Garden, June 6; and the Robison York State Herb Garden, June 13, 20, and 27. Walks leave promptly at 2 p.m. from One Plantations Road and last from one to one and one-half hours.

More information on Cornell Plantations courses is available by calling 256-3141.

Agenda for Trustee Meetings Here

The Executive Committee of the Board of Trustees will meet at 2 p.m. today in the Trustee Meeting Room of the Herbert F. Johnson Museum of Art. The full board will meet at 9 a.m. tomorrow in the same room. Both the Executive Committee and the full board will convene in open sessions with executive and closed sessions following the open meeting.

The agenda for the Executive Committee open session will include:

A report of the president.

A review of the primary objectives, assumptions and proposed policies for development of the 1982-83 university budget, followed by a recommendation for adoption by the board of 1982-83 policies on tuition and graduate assistant stipends for the statutory colleges.

A recommendation authorizing the administration to proceed with the first phase of renovations to 120 Ives Hall.

A recommendation confirming the administration's execution of a deed and agreement with the State University of New York providing for conveyance of 0.5761 acre of land under the proposed Academic II Building to the State.

A report of the Buildings and Properties Committee.

Recommendations on several leaves of absence.

Agenda for the executive and closed sessions of the Executive Committee will include:

A report of the president.

Approval of minutes of the Executive Committee meeting of Jan. 28, 1982.

A report on policy matters affecting the 1982-83 budgets.

A recommendation for approval of budget policies for the endowed colleges for 1982-83.

A resolution for funding by the Dormitory Authority.

A series of recommendations authorizing the administration to proceed with the renovation and repair of several student housing facilities and several academic facilities.

A recommendation authorizing the administration to proceed with a Transportation Improvement Program in 1982-83.

A series of recommendations authorizing the administration to proceed with renovation, inspection and installation of several facilities at the Medical College.

A report of the Buildings and Properties Committee.

Personnel matters affecting the endowed colleges at Ithaca and the Medical College.

Confirmation of the vote of the university's stock of Cornell University Press Ltd.

Recommendations for approval of the meeting scheduled for the Executive Committee and for the full board for 1982-83.

The agenda for the open meeting of the full Board of Trustees includes the following items:

A report of the president.

A presentation of proposed University objectives in the 1990's.

A recommendation for a change in policy regarding the University's Long-Term Investment Pool.

Reports and recommendations from the Executive Committee open session March 25, including 1982-83 budget policies.

A recommendation regarding an

amendment of the University Charter to clarify the geographical area of employment of Cornell's Department of Public Safety.

A report of gifts, including the overall status of the Cornell Fund and a report on the Tower Club.

A report on the deaths of several faculty.

Agenda for the executive and closed sessions for the full board includes the following items:

A report of the president.

A report from the Audit Committee.

Personnel matters affecting the endowed colleges at Ithaca and the Medical College.

A report on university personnel relations.

Members of the Board of Trustees will visit the Boyce Thompson Institute.

Approval of minutes of the board meeting held Jan. 29-30, 1982.

Reports and recommendations from the Executive Committee closed session March 25.

A report on the current status of computing at Cornell and future plans.

A report on the School of Hotel Administration.

Open Meeting Schedule Listed

Several open sessions are scheduled during the Board of Trustees meetings here today and Friday.

— The Buildings and Properties Committee will meet in open session at 9 a.m. Thursday, March 25, in the Conference Room, Third Floor, Day Hall.

— The Executive Committee will meet in open session at 2 p.m. Thursday, March 25, in the Trustee Meeting Room of the Herbert F. Johnson Museum of Art.

— The Committee on Land Grant and Statutory College Affairs will meet in open session at 6 p.m. Thursday, March 25, in the Sun Room of the Statler Inn.

— The Development Advisory Committee will meet in open session at 7:30 a.m. Friday, March 26, in the West Lounge of the Statler Inn.

— The Board of Trustees will meet in open session beginning at 9 a.m. Friday, March 26, in the Trustee Meeting Room of the Herbert F. Johnson Museum of Art. The open portion of the meeting is expected to be concluded by mid-morning.

A limited number of tickets for the open meetings are available to the general public at the Information and Referral Center, in the Main Lobby of Day Hall.

Myrin Trust Gift Helps Vet School

The Mabel Pew Myrin Trust has made a grant of \$600,000 to Cornell University toward the purchase of major equipment and for start-up funds for special projects in the new Department of Pharmacology in the New York State College of Veterinary Medicine.

The Department of Pharmacology was established in 1980 and is headed by Dr. Geoffrey W.G. Sharp. It is developing new research and teaching programs in four major

areas: biochemical pharmacology, clinical pharmacology, veterinary toxicology and recombinant DNA technology.

Veterinary College Dean Edward C. Melby Jr. said "the outstanding grant will make the year 1982 truly remarkable for the new Department of Pharmacology. It will permit the efficient, prompt development of that high priority area of the college."

Nearly \$239,000 of the \$600,000

grant will be used for equipment in pharmacology, with another \$127,000 earmarked for recombinant DNA equipment. The remainder of the grant will be used for special project supplies, staff support and fieldwork.

Calendar

All items for publication in the Calendar section, except for Seminar notices, must be submitted by mail or in person to Fran Apgar, Central Reservations, 532 Willard Straight Hall, at least 10 days prior to publication. Seminar notices should be sent to Barbara Jordan-Smith, News Bureau, 110 Day Hall, by noon Friday prior to publication. Items should include the name and telephone number of a person who can be called if there are questions, and also the subheading of the Calendar in which it should appear (lectures, colloquia, etc.). **ALL DEADLINES STRICTLY ENFORCED.**

*Admission charged.

Announcements

Female Couples

Sensitive, feminist research needs female couples for study of female sexuality. Entails completing daily (one-page) questionnaire for 3 months. Privacy/anonymity guaranteed. Call Sherri 256-6444; 277-2790.

Academic Survival Workshops Study Skills April 5-May 3, Mondays 4:30-5:30 p.m.; Reading Skills April 12-21, Mondays and Wednesdays 3-4 p.m. Call 256-6310 or drop by 375 Olin Hall.

Relationship Workshop *Workshop Series on creating clear and satisfying relationships for individuals and couples. Meets Tuesdays 7-10:30 p.m., beginning March 30, Anabel Taylor, The Forum, sponsored by CRESF. Call 272-4131 for information and registration.

1982 GWIS Award for Excellence The Alpha Chapter of Sigma Delta Epsilon, Graduate Women in Science, is happy to announce that it will again present its annual Award for Excellence. The \$150 award will go to a female student who has completed a scientific research project of high quality and who gives an excellent presentation of her results to an audience. The data presented should be unpublished or have been submitted for publication.

GWIS will select the five most outstanding applications from abstracts of the research projects submitted by Apr. 7. Those chosen will be asked to give a 10-minute talk on the research results at an open meeting of GWIS in late April and the winner will be announced in early May.

The winner will be selected on the basis of the originality of her work, the clarity with which she presents her data both in abstract and in oral form, and on her ability to field questions from her audience.

Applications are restricted to registered students at Cornell or Ithaca College. Any female student who can present results and conclusions from a completed piece of research is welcome to apply. Application forms and more information can be obtained from Laura Foster Huenneke, chapter president, Ecology and Systematics, Cornell (256-3017), Betty Lewis, 254 Martha van Rensselaer, (256-8049), or Florence Bernard, Biology, Ithaca College, Science 211B (274-3975).

Writing Workshop Walk-In Service Service is open Mon. through Thurs., 3:30-6 p.m. and 7:30-10 p.m.; Sun., 3-8 p.m.; Service is closed Fri. and Sat. You need no appointment, just drop by during our hours. Phone 256-6349. 125 Rockefeller Hall.

Weigh Station

Weight Reduction Classes are held every Thurs., noon-1 p.m. at the Block

Building in Barton Hall. Everyone is welcome. If you have questions, call 277-3418 or 257-0853.

Legal Advice or Representation

The Office of the Judicial Advisor provides free legal assistance to students, faculty and staff accused of violating any of the university rules and regulations, i.e., the Campus Code of Conduct, the Statement of Student Rights and the Code of Academic Integrity. All consultations are kept strictly confidential. Call 256-6492 for an appointment or drop by B-12 Ives Hall.

Menswork

Menswork, a confidential support group for men who batter their female partners, meets Tuesday evenings. For further information call 277-4003 or 273-1154.

Cornell PIRG Hotline

The Cornell Public Interest Research Group is sponsoring a tenants referral hotline from 3:30 to 5:30 p.m. Monday through Thursday. The phone number is 256-5295. PIRG offices are located in 39 Anabel Taylor Hall.

Colloquia

Thursday

Mar. 25, 4:30 p.m. Space Sciences 105. Astronomy and Space Sciences: "Formation of the Terrestrial Planets," Dr. George Wetherill, Department of Terrestrial Magnetism, Carnegie Institute of Washington.

Monday

Apr. 5, 4:30 p.m. Clark 700. General Physics Colloquium. Bethe Lecture, N. Ramsey, Harvard.

Tuesday

Apr. 6, 4:30 p.m. Space Sciences 105. Astronomy and Space Sciences: "Gamma Rays for Pulsars," Dr. Malvin Ruderman, Columbia University.

Dance

Every Tues., 7:30-9:30 p.m. English Country Dancing. All dances taught, beginners welcome. For information call Connie at 272-1931 or Al at 256-4798.

Every Thurs., 8 p.m. Anabel Taylor One World Room. Israeli Folk Dancing.

Cornell Jitterbug Club Straight North Room. Meets 1st and 3rd Wed. of every month. 9 p.m. Beginners, 9:30 p.m., Intermediates. Club does not meet on University holidays.

Exhibits

Herbert F. Johnson Museum; "Golden Day, Silver Night," Perceptions of Nature in American Art, 1850-1910, through Mar. 28. Free and open to the public. Museum hours: 10 a.m. to 5 p.m., Tues. through Sun.

Films

Unless otherwise noted films are under sponsorship of Cornell Cinema.

Thursday

Mar. 25, 8 p.m. Uris Hall Auditorium. "Courage of the People" and "Puerto Rico: Paradise Invaded." First film illustrates the tragic pattern so often repeated in countries throughout Latin America, where labor unrest is met with brutal armed repression by government troops, the second is full of striking images of the country's natural beauty contrasted with the devastating impact of its increasing commercialization and industrialization. Sponsored by CUSLAR. Free and open to the public.

Friday

Mar. 26, 7:30 p.m. Uris Hall Auditorium. "The Snake Pit" (1948), Anatole Litvak, U.S. A hard hitting film about life in a mental institution. Sponsored by Pentangle Faculty Free Film Series.

Mar. 26, 9:45 p.m. *Uris Hall Auditorium. "The African Queen" (1952), directed by John Huston, with Humphrey Bogart, Katherine Hepburn, Robert Morley.

Saturday

Mar. 27, 8 p.m. *Uris Hall Auditorium.

"The Gold Rush" (1925), directed by Sir Charles Chaplin, with Mach Swain, Georgia Hale.

Sunday

Mar. 28, 8 p.m. *Uris Hall Auditorium. "Lawrence of Arabia" (1962), directed by David Lean, with Peter O'Toole, Omar Sharif, Anthony Quinn.

Monday

Mar. 29, 8 p.m. *Uris Hall Auditorium. "Flying Down To Rio" (1933), directed by Thornton Freeland, with Ginger Rogers, Fred Astaire, Dolores Del Rio, Eric Blore.

Tuesday

Mar. 30, 8 p.m. *Uris Hall Auditorium. "Forty Second Street" (1933), directed by Lloyd Bacon, with Warner Baxter, Dick Powell, Ruby Keeler.

Wednesday

Mar. 31, 8 p.m. *Uris Hall Auditorium. "North By Northwest" (1959), directed by Sir Alfred Hitchcock, with Cary Grant, Eva Marie Saint, James Mason.

Thursday

Apr. 1, 8 p.m. *Uris Hall Auditorium. "Seven Samurai" (1959), directed by Kurosawa Akira, with Shimura Takashi Mifune Toshiro.

Friday

Apr. 2, 8 p.m. *Uris Hall Auditorium. "Welcome to L.A." (1977), directed by Alan Rudolph with Keith Carradine, Harvey Keitel.

Saturday

Apr. 3, 8 p.m. *Uris Hall Auditorium. "That Man From Rio" (1964), directed by Phillipe de Broca, with Jean-Paul Belmondo.

Sunday

Apr. 4, 2 p.m. *Uris Hall Auditorium. "The Big Dig" (1969), directed by Ephraim Kishon, with Bomba Zur, Nissim Azikri. Co-sponsored by Hillel.

Monday

Apr. 5, 9 p.m. *Uris Hall Auditorium. "The Fabulous Baron Munchausen" (1962), directed by Karel Zeman. Film Club members only.

Tuesday

Apr. 6, 4 p.m. Morrill 106. Southeast Asia Program Film Series. "Ecocide: Strategy of War." Documents the ecological strategies employed by the U.S. in the Vietnam War.

Apr. 6, 8 p.m. *Uris Hall Auditorium. "The Passion of Anna" (1970), directed by Ingmar Bergman, with Liv Ullmann, Bibi Andersson, Max von Sydow.

Wednesday

Apr. 7, 4:30 p.m. Uris Hall Auditorium. "Judo Saga" (1943), Kurosawa. Japanese Film Series sponsored by China-Japan Program.

Apr. 7, 7:30 p.m. *Uris Hall Auditorium. "Red Desert" (1964), directed by Michelangelo Antonioni, with Monica Vitti, Richard Harris.

Apr. 7, 9 p.m. International Living Center Main Lounge. I.F.C. Film Club: "Arab Identity: Who are the Arabs?" The immense human diversity of the Arab World is caught in this portrait of the Arab people and "Islam: The Prophet and the People." This film captures the essence, the pulse and the heart-beat of Islam.

Thursday

Apr. 8, 7:30 p.m. Stimson G-1. Jordani: Natural History Society Free Film: "Etosha - Place of Dry Water," a National Geographic film about life, death, and birth on a parched salt-encrusted lake bed in Namibia in southwest Africa.

Friday

Apr. 9, 7:30 p.m. Uris Hall Auditorium. Pentangle Free Film Series: "Bad Company" (1964-66), Jean Eustache, France. Short films: "Rendezvous" and "Robinson's Place" and "Santa Claus Has Blue Eyes."

Apr. 9, 9:45 & 11:45 p.m. *Uris Hall Auditorium. "Dr. Strangelove" (1964), directed by Stanley Kubrick, with Peter Sellers.

Saturday

Apr. 10, 8 p.m. *Uris Hall Auditorium. "The Day After Trinity" (1981), directed by Jon Else. Guest speaker after film: Robert R. Wilson, Professor Emeritus, Physics.

Sunday

Apr. 11, 2 p.m. *Uris Hall Auditorium. "Madame Rosa" directed by Moshe

Mizahi, with Simone Signoret. Co-sponsored by Hillel.

Apr. 11, 8 p.m. Uris Hall Auditorium. "Last Grave at Dimbaza" (1974), directed by Nana Mahomo. Documentary. Co-sponsored by NYSCA. Free.

Intramural Sports

Wrestling

Deadline on entries is Mon., Apr. 12 at 5:30 p.m. in the locker room, Teagle Hall. Weighing-in constitutes entry and must be done by the individual between 2:30 and 5:30 p.m. An entry fee of \$1 per person due at weigh-ins to enter. Tournament will begin Tues., Apr. 13 at 5 p.m. in the wrestling room. No more than one person at each weight per team. Straight elimination tournament. Wrestlers must weigh-in for finals. There will be a 3 lb. weight allowance for the finals only. Weights: 130, 145, 155, 165, 175, 190 and heavyweight.

Lectures

Thursday

Mar. 25, 11:15 a.m. Baker 200. The Cornell Section of The American Chemical Society presents the Debye Lecture Series: "Application of the Inexact Science of Trace Analysis to Clinical and Regulatory Measurements," Lockhart B. Rogers, Graham Perdue Professor of Chemistry, University of Georgia, sponsored by Department of Chemistry.

Mar. 25, 12 noon-1:30 p.m. Veterinary College Hagan Room. "The Cornell Gorilla, a Note in Cornell's History," Kenneth Kennedy, Professor of Ecology and Systematics, and Asian Studies. Sponsored by the Campus Club of Cornell.

Mar. 25, 12:20 p.m. 102 West Ave. Thursday Luncheon Seminar sponsored by Southeast Asia Program: "Post War Laos: Cultural and Social Changes," Jacqui Chagnon, Southeast Asia Resource Center. Bring your lunch; coffee, tea and cookies will be provided.

Mar. 25, 4 p.m. 111 Morrill. "Lao Refugees: A View from Inside Laos," Jacqui Chagnon, Southeast Asia Resource Center.

Mar. 25, 4:30 p.m. McGraw 165. Western Societies Program: "Changing Attitudes in British Party Politics," Sam E. Finer, William Gladstone Professor of Government and Public Administration, University of Oxford.

Mar. 25, 7:30 p.m. Stimson G-1. Jordani: Natural History Society: "Lives of Young Mustelids," Janet Wright.

Thursday

Apr. 1, 12:20 p.m. 102 West Ave. Southeast Asia Program Thursday Luncheon Seminar: "United States/Indochina Policy," Fred Brown. Bring your lunch; coffee, tea and cookies provided.

Monday

Apr. 5, 4:30 p.m. Goldwin Smith Kaufmann Auditorium. The Religious Studies Program Lecture Series: "The Immorality of Faith," Professor Allen Wood, Cornell University.

Apr. 5, 7:30 p.m. Anabel Taylor One World Room. America and World Community, an interdisciplinary course: "The Arms Race and World Community," Professor David Holloway, Edinburgh, Scotland.

Wednesday

Apr. 7, 4:30 p.m. Goldwin Smith Hollis Cornell Audit. "The Personage of Death in the West from the End of the Middle Ages to the Nineteenth Century," Emmanuel Le Roy Ladurie, Professor of the History of Modern Civilization, College de France, and A.D. White Professor-at-Large.

Apr. 7, 7:30 p.m. Anabel Taylor One World Room. America and World Community, an interdisciplinary course: "The Arms Race and World Community," Professor David Holloway, Edinburgh, Scotland.

Thursday

Apr. 8, 3:30 p.m. Goldwin Smith Hollis Cornell Audit. "Art, Interpretation and Perception," Richard Wollheim, Grote Professor of Philosophy of Mind and

Logic, University College, London. Sponsored by University Lectures Committee, in cooperation with the Departments of Philosophy, Germanic Literature and History of Art.

Friday

Apr. 9, 3:30 p.m. Warren 131. "The Pathfinder Fund and Careers in International Development," Howard Gray, Director, Pathfinder Fund. Sponsored by the Camel Breeders.

Meetings

Every Tues., 9 p.m. Hug Ivri-Hebrew Club meeting. Speakers of Hebrew at all levels welcome. For more information, call Michael at 277-2168.

Every Thurs., 7:15 p.m. Willard Straight 207. Gay PAC business meeting followed by 8 p.m. discussion. Different topic each week.

Every Sunday, 3 p.m. Anabel Taylor Edwards Room. Animal Rights Forum sponsored by Eco-Justice. For more information call David 256-1716.

Every Sunday, 7:30 p.m. Anabel Taylor 34. The Anthroposophy Study Group will take up the topic "The Spiritual Science of Rudolf Steiner." Everyone welcome. For more information call 277-1459 or see the secretary in Anabel Taylor Hall.

Thursday

Apr. 1, 5 p.m. Uris Hall 202. Student Assembly.

Tuesday

Apr. 6, 12:15 p.m. Roberts B8. Employee Assembly.

Music

Rossini's Arias to Be Discussed

Ellen T. Harris and Philip Gossett, two noted performer-musicologists, will give a joint lecture-demonstration, "Performance Practice in Rossini's Arias," at 4:30 p.m. Monday, April 5, in Barnes Hall. The performance was originally scheduled for 116 Lincoln Hall. Featuring live vocal illustrations, they will describe and illustrate vocal ornamentation and embellishment, different styles of aria and the relations of these aspects of the music to larger dramatic and structural factors.

Harris, soprano and musicologist, is

Sonya Monosoff (left) and Malcolm Beethoven sonatas at 8:15 p.m. Tues

assistant professor of music at the University of Chicago. She is the author of "Handel and the Pastoral Tradition" and numerous articles. She is currently preparing a new critical edition of Purcell's "Dido and Aeneas."

Gossett is professor of music and chairman of the Department of Music at the University of Chicago. He is generally considered one of the world's greatest authorities on Italian opera of the first half of the 19th century, particularly Rossini.

Monosoff - Bilson Concert
Sonya Monosoff and Malcolm Bilson will present a free public concert of Beethoven sonatas for violin and fortepiano at 8:15 p.m. Tuesday, April 6, in Barnes Hall.

They will play the three sonatas of Opus 30, which Beethoven wrote in 1802 and dedicated to Czar Alexander I of Russia.

Professors of Music at Cornell, Monosoff and Bilson have had a long association as chamber music performers in the university's Amadeo Trio and as recitalists. They have played numerous violin-piano concerts using both modern and 18th-century instruments throughout the country as well as locally. Their recording of Mozart's sonatas, using original instruments from the Metropolitan Museum of Art collection, has been a favorite in the museum's record catalogue.

A few years ago, when they collaborated in several Smithsonian Institution concerts for the international Mozart festival in Washington, critic Harold Schoenberg wrote in the New York Times: "Few if any (of the artists in the festival) will come closer to the composer's spirit, a rewarding experience."

Monday
Apr. 5, 4:30 p.m. Barnes Hall. Lecture-Demonstration by Philip Gossett and Ellen Harris: Performance of Rossini's Vocal Music.

Tuesday
Apr. 6, 8:15 p.m. Barnes Hall. Sonya Monosoff, violin, and Malcolm Bilson, fortepiano. Beethoven Violin Sonatas, Opus 30.

Wednesday
Apr. 7, 8:15 p.m. Barnes Hall. Student recital: Jonathan Wallach, piano.

will present a concert of April 6, in Barnes Hall.

Friday
Apr. 9, 8:15 p.m. *Statler Auditorium. "The Gondoliers" presented by the Cornell Savoyards. Dazzling benefit for Hangar Theatre. Special opening night event, "Hurdy-gurdy" organ-grinder and monkey. This is a rare museum piece, valued at \$12,000. Will be shown from 7:30 p.m. until first curtain and during intermission. Tickets available at DeWitt box office, (273-2432) Mon. through Sat. and Statler Box Office (256-7263), 2-6 p.m.

Saturday & Sunday
Apr. 10 & 11, 8:15 p.m. *Statler Auditorium. "The Gondoliers." The Gondoliers is considered the most colorful of the Gilbert and Sullivan operas — with the romantic Piazzetta, the Grand Canal, the Contadine in gloriously colored costumes, the lively music and spirited dancing.

Religion

Every Fri., 5:30 p.m. Anabel Taylor Founders Room. Shabbat Conservative Service.

Every Fri., 5:30 p.m. Anabel Taylor Chapel. Shabbat Reform Service.

Every Fri., 7:30 p.m. 106 Eastern Heights Drive. Baha'i fireside discussion. For details call 273-4240.

Every Fri., 1 p.m. Anabel Taylor Edwards Room. JUMA Prayers organized by the Muslim Educational and Cultural Assoc. of Cornell.

Every Sat., 9:15 a.m. Anabel Taylor Edwards Room. Shabbat Orthodox Service.

Every Sat., 9:45 a.m. Anabel Taylor Founders Room. Shabbat Conservative Service.

Every Sat., 5:15 p.m. Anabel Taylor Auditorium. Catholic Eucharist.

Every Sunday, 4:30 p.m. 401 Thurston Ave. Wesley Student Fellowship meets for fellowship and supper. New people always welcome.

Every Sun., 9:30 a.m. Anabel Taylor Chapel. Episcopal Eucharist Worship Service. Nursery and Church School provided. Faculty and students welcome. Coffee hour after.

Every Sun., 9:30 & 11 a.m. Anabel Taylor Auditorium. Catholic Eucharist. Church school and nursery provided.

Every Sun., 9:45 a.m. Anabel Taylor Edwards Room. Ithaca Society of Friends (Quakers) adult discussion followed by meeting for worship at 11 a.m.

Every Sun., 10 a.m. Straight North Room. Korean Church at Cornell.

Every Sun., 11:15 a.m. Anabel Taylor Chapel. Protestant Church at Cornell. Coffee and conversation after.

Every Sun., 5 p.m. Anabel Taylor Auditorium. Catholic Eucharist.

Every Thurs., 7 p.m. Anabel Taylor Founders Room. Christian Science Organization Testimony Meeting. Faculty and students welcome.

Sunday
Mar. 28 No Sage Chapel Convocation. Spring Recess.

Sunday
Apr. 4, 11 a.m. Sage Chapel. Convocation: Protestant Church at Cornell, Ronald Place, University United Ministries Chaplain.

Seminars

Antibody Club: "A Model for the Solution to the Riddle of Immunological Enhancement," William Davies, Washington State University, noon Friday, April 2, Hagan Room, Veterinary College (Schurman Hall).

Atomic & Solid State Physics: Theory Seminar: Title to be Announced, John Connolly, IBM T.J. Watson Research Center, 1:15 p.m. Thursday, March 25, 701-702 Clark Hall.

Atomic & Solid State Physics: Special Solid State Seminar: "Defects Reactions in GaP: (Zn,O)," 1:30 p.m. Wednesday, March 31, 700 Clark Hall.

Boyce Thompson Institute: "Molecular Basis of T7 DNA Polymerase Specificity," William T. McAllister, Rutgers Medical School, 3:15 p.m. Thursday, April 1, BTI Auditorium.

Center for Applied Mathematics: "A Projected Quasi-Newton Method to Solve the Nonlinear Programming Problem," T. Coleman, 4 p.m. Friday, March 26, 165 Olin Hall.

"Lake Lousepe," an oil on canvas by William Mason Brown, is on view at the Herbert F. Johnson Museum of Art as part of the exhibition, "Golden Day, Silver Night: Perceptions of Nature in American Art 1850-1910." The painting is a gift to the museum by Mrs. Quinto Maganini and is part of the museum's permanent collection.

Chemistry: "Immunological Recognition I: B Cells and Antibodies," Martin Raff, University College London, 11:15 a.m. Tuesday, April 6, 200 Baker. Part of the 1982 Bioorganic-Biophysical Chemistry Lectures on Immunological Strategies.

Chemistry: "Immunological Recognition II: T Cells and the Major Histocompatibility Complex," Martin Raff, University College London, 11:15 a.m. Thursday, April 8, 200 Baker. Part of the 1982 Bioorganic-Biophysical Chemistry Lectures on Immunological Strategies.

Biochemistry: "Insulin Related Growth Factors and Their Reactions," Ralph A. Bradshaw, Washington University, 4:30 p.m. Friday, March 26, 204 Stocking Hall.

Biochemistry: "Yolk Protein Genes of Drosophila—Where Does Transcription Initiate in Vivo and in Vitro?" Pieter Wensink, Brandeis University, 4:30 p.m. Friday, April 2, 204 Stocking Hall.

Campus Life: "Discussion with Robert Barker, Director of Biological Sciences," 9 a.m. Thursday, April 8, New Biological Sciences Building, 4th floor.

Chemical Engineering: "Oriented Polymers and Novel Thermoplastic Elastomers," Cas Anolick, DuPont Corp., 4:15 p.m. Tuesday, April 6, 145 Olin Hall.

Equine Drug Testing: "Combined LC-MS: A New Dimension in Analytical Chemistry," D.E. Games, College Cardiff, Wales, 3:05 p.m. Wednesday, March 31, G-3 Vet. Resedrch Tower.

Floriculture & Ornamental Horticulture: "Gardens in Scotland and England," Caroline Kiang, Cooperative Ext. Suffolk County, 12:15 p.m. Thursday, March 25, L.H. MacDaniels Room (32 Plant Science).

Floriculture & Ornamental Horticulture: "The Chemistry and Ecology of Tarweed Glandular Exudate," Michael Boersig, 12:15 p.m. Thursday, April 8, L.H. MacDaniels Room (37 Plant Science).

Food Science: "Taste Modifiers," Bruce Halpern, 4:30 p.m. Tuesday, April 6, 204 Stocking.

Geological Sciences: "The Grand Canyon" E. McKee, USGS, 4:30 p.m. Monday, April 5, 205 Thurston Hall.

Geological Sciences: "Rb-Sr Trace Element Systematics of Siliceous Sediments," H. Brueckner, Queen's College,

4:30 p.m. Tuesday, April 6, 205 Thurston Hall.

Materials Science and Engineering: "Laser Annealing—A New Area of Silicon Crystal Growth," J. Poate, Bell Laboratories, 4:30 p.m. Thursday, March 25, 140 Bard Hall.

Materials Science and Engineering: "Hungarian Materials Science Experiments Aboard Salyut-6 Spacecraft," J. Gyulai, 4:30 p.m. Thursday, April 8, 140 Bard Hall.

Mechanical and Aerospace Engineering: "Dispersion in Stratified Flows over Irregular Terrains," J.C.R. Hunt, University of Cambridge, 4:30 p.m. Thursday, March 25, 282 Grumman.

Microbiology: "Mycoplasma Viruses: Structure and Replication Strategies of Phages that Infect Prokaryotes Without Cell Walls," Jack Maniloff, University of Rochester School of Medicine, 4:30 p.m. Thursday, April 8, 114 Stocking Hall.

Natural Resources: "Black Bear and Wolf Research in the Superior National Forest, Minnesota," Aaron N. Moen, 4 p.m. Thursday, March 25, 304 Fernow Hall.

Natural Resources: "Preserving Rare Species and Communities in Wilderness: Towards Ecological Decision-Making," Michael P. Hamilton, 4 p.m. Thursday, April 8, 304 Fernow Hall.

Natural Resources/Ecology & Systematics/International Studies/Lab. of Ornithology: "International Strategies," Harold Eldsvik, Parks Canada, 2:30 p.m. Monday, April 5, 135 Emerson Hall.

Ornithology: "The Field Identification of Eastern North American Shorebirds: Advanced Techniques and Insights," Tom Davis, Linnaean Society of New York and Federation of New York State Bird Clubs, 12:30 p.m. Friday, March 26, Stuart Observatory, Sapsucker Woods.

Ornithology: "Galapagos: The Enchanted Islands Revisited," Stephen Kress, National Audubon Society, 7:45 p.m. Monday, April 5, Stuart Observatory, Sapsucker Woods.

Pharmacology: "Progesterone Receptor of Chicken Oviduct: Effect of Phosphorylation on Hormone Binding," Adriana Maggi, Baylor College of Medicine, 10 a.m. Tuesday, March 30, Pierre A. Fish Lab., D-115 Schurman Hall, Vet. College.

Physiology: "Studies on the Role of

Calcium Stores in the Control of Insulin Release," G. Sharp, 4:30 p.m. Tuesday, April 6, G-3 Vet. Research Tower.

Plant Biology: "Seed Size, Dispersal Syndromes, and the Rise of the Angiosperms: Evidence and Hypothesis," Bruce Tiffney, Yale University, 11:15 a.m. Friday, March 26, 404 Plant Science.

Plant Pathology: "Interactions Among Ozone, Botrytis squamosa, and Botrytis cinerea on Onion Leaves," D.L. Rist, 4:30 p.m. Tuesday, April 6, 404 Plant Science.

Special Chemistry: "Chemical Reaction Dynamics in Liquid Solution," Steven A. Adelman, Purdue University, 4:40 p.m. Thursday, March 25, 119 Baker Laboratory.

Statistics: "The Analysis of Aggregate Data from Markov Processes," John Kalbfleisch, University of Waterloo, Canada, 3:15 p.m. Wednesday, April 7, 105 ILR Conf. Center.

Southeast Asia Program Outreach/College of Human Ecology's International Program: "Lao Refugees: A View from Inside Laos," Jacqui Chagnon, 4 p.m. Thursday, March 25, 111 Morrill Hall.

Toxicology: "Effect of Low and High Dietary Protein on the Stages of AFB1-Induced Preneoplastic Liver Lesion Development," Scott Appleton, 12:15 p.m. Friday, March 26, N207 MVR.

Vegetable Crops: "Screening Turf-grasses and Legumes for Use as Living Mulches in Vegetable Production," G. Nicholson, 4:30 p.m. Thursday, March 25, 404 Plant Science.

Vegetable Crops: "Effect of the Pre-anthesis Temperature, Growth Regulators and Interfruit Competition on the Shape and Size of Sweet Pepper Fruit (Capsicum annuum L.)," A. Ali, 4:30 p.m. Thursday, April 8, 404 Plant Science.

Sports

Friday
Mar. 26, 4 p.m. Schoellkopf. Men's Varsity B Lacrosse-North Country Community College.

Saturday
Mar. 27, 10:30 a.m. Schoellkopf. Men's Varsity B Lacrosse-Cobleskill.
Mar. 27, 2 p.m. Teagle. Women's Fencing-Vassar and New Palz.

Saturday
Apr. 3, 10 a.m. Schoellkopf. Women's Varsity Lacrosse-Yale.
Sunday
Apr. 4, 12 noon Kite Hill. Women's Tennis-Pennsylvania.
Apr. 4, 2 p.m. "Schoellkopf. Men's Varsity Lacrosse-Dartmouth.
Monday
Apr. 5, 3:30 p.m. Schoellkopf. Women's Varsity Lacrosse-Ithaca College.
Apr. 5, 5 p.m. Schoellkopf. Women's JV Lacrosse-Ithaca College.
Wednesday
Apr. 7, 3:30 p.m. "Schoellkopf. Men's Varsity Lacrosse-Massachusetts.
Apr. 7, 4 p.m. Kite Hill. Women's Tennis-William Smith.
Friday
Apr. 9, 1 p.m. Hoy Field. Men's Baseball-Columbia (2).
Apr. 9, 4 p.m. Kite Hill. Men's Tennis-Columbia.
Saturday
Apr. 10, 10 a.m. Flood Control Inlet. Women's Crew-Syracuse, Cornell.
Apr. 10, 1 p.m. Hoy Field. Men's Baseball-Pennsylvania (2).
Apr. 10, 1 p.m. Flood Control Inlet. Men's Lightweight Crew-Pennsylvania.
Apr. 10, 1:30 p.m. Schoellkopf. Women's Track-Ithaca College.
Apr. 10, 2 p.m. Kite Hill. Men's Tennis-Pennsylvania.
Apr. 10, 8:15 p.m. Oxley Polo Arena. Women's Polo-Unadilla.

Theater

Thurs. through Sat.
Mar. 25-27, 8:15 p.m. "Straight Theatre. Theatre Cornell production: John O'Keefe's "Wild Oats." A popular 18th century theatre farce, rediscovered recently after centuries of neglect. An actor/playwright known as the English Moliere, O'Keefe's joyous, sunny-natured theatre piece reflects the theme of his time with a language all its own.

Thurs. through Sat.
Apr. 8-10, 8:15 p.m. "Straight Theatre. John O'Keefe's "Wild Oats."

Sponsored Programs

The Office of Sponsored Programs, 123 Day Hall, 6-5014, wishes to emphasize that the information in this column is intended for post-doctoral research unless otherwise indicated.

DEPARTMENT OF EDUCATION Administration Proposes Foundation For Education Assistance—President Reagan has proposed the creation of a Foundation for Education Assistance. The new Foundation will administer the following programs: block grants and consolidated aid for state and local educational agencies, including programs that will be turned back to states under the "new federalism" initiative; student financial aid through grant on loans; compensatory educational programs for disadvantaged, handicapped and other groups, a core of continuing informational, statistical and research services for education; and civil rights complaint investigations compliance reviews, and negotiations for voluntary compliance.

Programs currently administered by the Department of Education will be transferred, terminated, or placed in the new Foundation. The Foundation will administer 38 programs rather than the 149 that were in ED in January 1981. The reduction is caused by three changes. First, 28 programs not directly associated with educational support functions will be transferred to seven agencies.

The Minority Institutions Science Improvement Program will be transferred to the National Science Foundation from ED.

Other programs currently administered by ED would be transferred to other agencies as follows: international education programs, including language

and area centers fellowships, the overseas program, and foreign currency research, to the International Communications Agency to be coordinated with ICA's other bi-national programs; and college housing subsidy and construction programs to the Treasury Department. There is no new assistance available under these programs.

MARCH OF DIMES BIRTH DEFECTS FOUNDATION Social and Behavioral Sciences Research Program—Research proposals are requested for investigation of medical, psychological, social and familial factors affecting the development of infants and children with birth defects for the first several years of life. Birth defect is defined as "abnormality of structure, function or metabolism whether genetically determined or a result of environmental influence during embryonic or fetal life. Low birth weight is included within this definition. A birth defect may cause disease from the time of conception through birth or later in life." The following areas of interest are targeted:

1. Identification of social factors in early life affecting child's cognitive functioning, acquisition and development of language, and communication competence.
2. Evaluation or development of methods to assess psycho-physiological, linguistic, cognitive, social and emotional functioning of child as an individual and/or family member.
3. Assessment of impact of child on family organization, functioning; how families cope.
4. Investigation of strategies children employ to cope with their own birth defect.
5. Intervention strategies devoted to amelioration of potential dysfunctional consequence of birth defects.
6. Longitudinal studies to determine sequelae for cognitive, social and educational functioning.
7. Differentiation of categories of children with birth defects relative to their cognitive and social-emotional functioning.

March of Dimes is seeking interdisciplinary proposals, especially for research conducted through co-investigations of psychologists and physicians. A 300-word abstract should be submitted before a proposal is sent. While abstracts may be sent at any time, they would like to receive them prior to May 1st so that they may be reviewed and proposals sent by the September 1 deadline. For additional information, check with the Office of Sponsored Programs, 123 Day Hall.

SCIENTIFIC ADVISORY COUNCIL Distilled Spirits Council of the United States, Inc.—(DISCUS)—Announces grants-in-aid of one-year seeding grants for up to \$15,000. The Council accepts proposals on the basis of the applicant's choice of subject. In addition, the Council also accepts application for the following specific topics:

1. Relationship between alcohol consumption patterns and human health and longevity.
2. Effects of alcohol on fetal development.
3. Role of alcohol in neuropsychiatric disorders.
4. Role of alcohol in cirrhosis of the liver.
5. Alcohol and traffic safety, including relations between BAC, various population categories, fatalities and driver risk factors.
6. Effects of control measures on alcohol-related health problems.
7. Adolescent drinking.
8. Genetic factors and alcohol consumption patterns in various populations.

For application forms and information contact: Robert G. Kirk, Distilled Spirits Council of the U.S., Inc., 425 13th Street, N.W., Washington, DC 20004, Telephone (202) 628-3544.

DEADLINES

National Endowment for the Humanities—Applications for grants for basic research. April 1.

National Science Foundation—Applications for grants for cooperative

projects with Australia, New Zealand, and Japan. April 1.

Department of Health and Human Services—Applications for grants for research and policy analysis in the area of retirement policy. April 7.

Council for International Exchange of Scholars—Post-doctoral fellowships for research in Spain. April 1.

NATO—Research Grants. April 1.

USDA—SEA/Energy Research—Ethyl Alcohol Research. April 1.

Corporation for Public Broadcasting—Proposals for possible financing under CPS/Annenberg School of Communications and Educational Programming. April 5.

National Science Foundation—Applications for grants for U.S.-France cooperative research projects. May 1.

Graduate Bulletin

Students who have not yet completed requirements for advanced degrees but who expect to complete requirements by the May 21, 1982 deadline should fill out the Provisional Commencement List form available at the Graduate School office. Deadline for submission of this form to have your name put on the commencement program is April 23. May 21 is the deadline for submission of all materials for a May degree. No exceptions to this deadline will be made.

Graduate students are encouraged to write to their legislators to express their views concerning the proposed federal cuts to student aid programs. Letters that include the following types of information tend to be the most persuasive:

- expression of your concern about continued support of graduate/professional students and access to lower interest rate loans;
- discussion of your personal situation in terms of the cost of your education, your ability to meet those costs (including your family's ability to assist you), your commitment to repay educational loans, etc.;
- description of your anticipated income in the early years following completion of your degree and the need to have a loan repayment plan that is sensitive to this situation;
- request for a response from the legislator.

Names and addresses of key members of the Senate Committee on Labor and Human Resources, the Senate Committee on Appropriations, the House of Representatives Committee on Education and Labor, and the House of Representatives Committee on Appropriations are available at the Fellowship Office, 116 Sage Graduate Center.

Applications for 1982 Graduate School Summer Fellowships are available at the office of your graduate faculty representative. These awards provide a \$1000 stipend for 10 consecutive weeks of research during the summer. Completed applications must be submitted to the student's special committee chair by tomorrow, March 26. The application and chair's statement of support must reach the student's graduate faculty

representative by April 8. Questions should be directed to the Fellowship Office, 6-4884.

Applications for 1982 Graduate School Summer Tuition Awards are available at the Fellowship Office, 116 Sage Graduate Center. These awards provide \$115/credit hour (about 80% of the tuition charge) for Cornell University's summer courses. Completed applications must be submitted to the student's special committee chair by April 9. The application and chair's statement of support must reach the Fellowship Office by April 19. Questions should be directed to the Fellowship Office, 6-4884.

Applications for 1982 Summer College Work Study are available at the Office of Financial Aid, 203 Day Hall. Graduate students must have filed the 1982-83 GAPSAS by March 15, 1982 to ensure consideration for support from this program. Completed Summer Work Study applications and 1982 tax returns must be submitted to the Office of Financial Aid, 203 Day Hall, by April 1, 1982. April 1 is one week from today.

Reminder: All graduate students who are NYS residents and who receive tuition from Cornell-administered sources must apply for a 1981-82 NYS Tuition Assistance program (TAP) award. The deadline to file is March 31, 1982. That is next Wednesday. Those graduate students who were required to apply for a TAP award for Spring 1982 but did not do so were billed \$300 on their March 9, 1982 Bursar's bill. TAP applications and TAP acceptance forms are available at the Bursar's Office, 260 Day Hall, and at the Fellowship Office, 116 Sage Graduate Center. Questions should be referred to the Bursar's Office, 6-6414, or to the Fellowship Office, 6-4884.

CIVITAS

BLIND ITHACA COLLEGE STUDENT WORKING WITH COMPUTERS SEEKS VOLUNTEERS: To read the screen on terminals at Ithaca College and at National Cash, for an hour or two on Saturday or Sunday afternoons or during the week between 4-6 p.m. Schedule can be quite flexible, but it is hoped that you will help till the end of the semester.

CUB SCOUT LEADER SOUGHT: For a group of 6-8 year old boys in downtown youth center. Wednesday evenings, 6-8:30 p.m., starting immediately for the rest of the semester.

OPPORTUNITY TO WORK IN ILLUSTRATION AND LAYOUT FOR HEALTH NEWSLETTER: Volunteer needed to work up illustrations and design layout this semester for Student Health Newsletter to be published this fall. You can do the work for the newsletter according to your convenience so long as it is completed by the end of this semester.

PROGRAM FOR PREGNANT TEENS AND TEEN PARENTS: Seeks child care providers to interact with young mothers and provide positive role models. Volunteers set up rooms and care for infants and toddlers while mothers are in class, provide positive feedback about the children to their mothers and give constructive support in parenting. Orientation meeting, March 24th, volunteer/staff meetings as needed

throughout the eleven week program. Wednesday mornings, 9:45-12 noon, at downtown location.

IF YOU LONG FOR OUTSIDE WORK AS SPRING APPROACHES: Nature Center outside Ithaca needs help with various maintenance projects: building stairs and bridges, elevating trails, landscaping the main building, constructing split-rail fences and planning an herb garden. Car required.

MODERN OR JAZZ DANCE ENTHUSIASTS AND GOLFERS SOUGHT: Downtown youth center wishes to offer modern or jazz dance classes to elementary or junior high youngsters any late weekday afternoon (3-5 p.m.). Golfers also sought to teach in upcoming golf program to be scheduled late afternoons or weekends according to the volunteers' free time.

SHELTERED WORKSHOP FOR THE MENTALLY DISABLED: Hopes to find tutors to work with their clients in simple reading and/or basic math. Could you set aside 1-2 hours/week to help, sometime between 8:30-1:30 p.m.? Located at the foot of the State St. hill.

TO OFFER YOUR HELP: Come to CIVITAS, 119B Anabel Taylor Hall, Mon., Wed., Fri., 9-3; Tues., Thurs., 10-2.

Barton Blotter

Various charges stemming from an incident of alleged harassment-and-vandalism at Noyes Center Pub early Monday, March 15, are pending in City Court against Department of Public Safety officers who were off duty at the time and a Cornell student.

The incident involved jostling an on-duty safety officer and jumping on the hood and roof of a patrol car.

Edwin Dow and Dennis Fairchild have since resigned from the department and Harry Hawk has been suspended without pay, pending a department trial board hearing which he requested.

The student, John D. Roche, a senior in the College of Agriculture and Life Sciences, was charged with third-degree criminal mischief, reckless endangerment and obstruction of governmental administration. Hawk was charged with the same three counts. Dow was charged with criminal mischief and reckless endangerment of property and Fairchild with obstructing government administration. The criminal mischief charge is a felony and the other charges are misdemeanors.

In other incidents reported in the Morning Reports of the Department of Public Safety for the period March 15 through 21 a student was referred to the Judicial Administrator on charges of forgery and possession of stolen property involving an altered parking permit.

There were a total of 13 larcenies reported amounting to losses of \$2,078 in cash and valuables. A typewriter valued at \$932 was reported taken from Langmuir Laboratory sometime between 12:10 p.m. and 1 p.m. March 17; and \$418 in cash was reported stolen from Risley Hall sometime between October and February.

Women's Conference April 16

Continued from Page 1

pient of several academic honors including the Guggenheim Fellowship. She was named the first "Professional Woman of the Year" by the International Association of Personnel Women, New York (1981) and "Woman of the Year" by the New England Women Business Owners Association (1981) and by the Intercollegiate Association of Women Students (1980).

She is Chairman of the Board of Goodmeasure, Inc., and specializes in helping organizations ensure ef-

fective utilization of their employees, encompassing productivity improvement programs and strategic planning for human functions. Among the corporations for which she has served as a consultant are General Mills, General Motors, Royal Bank of Canada, Honeywell, and IBM as well as the United Nations, Ford Foundation and the Carnegie Corporation.

Kanter is a trustee of the American Leadership Forum in Houston and is on the Board of Directors of the NOW Legal Defense and Educa-

tion Fund, the American Center for QWL and the Educational Fund for Individual Rights.

Her "Men and Women of the Corporation" received the 1977 C. Wright Mills Award for the best book of the year on social issues. Her Harvard Business Review article, "Power Failure in Management Circuits," was a McKinsey Award winner for 1979. She is also the author of "Life in Organizations" and five other books as well as over 70 articles in books and scholarly journals.

X-ray view (top right) shows a direct current bone stimulator implanted in a rough-legged hawk with a broken wing at the College of Veterinary Medicine. An electrical field at the site of the fracture (arrow) promoted healing and the hawk regained full use of its wings. The short-eared owl sports a lightweight resin cast on its leg, another technique used in the Wild Bird Research and Rehabilitation Program.

Injured Birds Will Benefit from Wine Auction

Research in the care and rehabilitation of sick and injured wild birds will benefit from an auction April 18 in Chicago of a collection of rare domestic and imported wines.

Proceeds from the sale, which will include a selection of late 1960s and early 1970s California wines never before offered for auction, will establish an endowment for the Cornell University Wild Bird Research and Rehabilitation Fund, a cooperative project of the Laboratory of Ornithology and the State College of Veterinary Medicine at Cornell.

The 70 cases of wine are a gift to the fund from Norman Kraft of Fort Washington, Md., a member of the Laboratory of Ornithology whose interests include bird study and photography. The gift represents about one-third of his personal collection.

Sponsoring the auction at the Americana-Congress is the Foremost Wine Society. Admission is by purchase of the auction catalog; doors will open at 2 p.m.

Researchers at Cornell are developing new surgical techniques to

save severely injured wild birds that would not otherwise survive their traumatic encounters with buildings, cars or power lines. Injured birds, including some in the endangered species category, are referred to the Cornell clinic by veterinarians, conservation officers and concerned individuals from throughout New York state and the Northeast.

In any given week the clinic may be caring for injured peregrine falcons, great horned owls, red-tailed hawks, various species of waterfowl and song birds, blue jays and even wild pigeons.

Among the techniques under study at Cornell is the use of electrical stimulation to promote the healing of fractured bones. Miniaturized electronic devices, including tiny batteries, are temporarily implanted in the bird's body to produce an electrical field around fractures. Bones that had refused to knit for months begin to repair themselves in a matter of days and can be completely healed in six weeks. Before the experiments by Drs. Douglas MacCoy and

Michael Collier, assistant professors of surgery in the College of Veterinary Medicine, the electrical stimulation technique had never been successfully applied to avian patients.

Cornell scientists are also studying the nutritional needs of wild birds as well as reproductive behavior and diseases, including disorders of the eyes. Nine faculty members and more than 70 students, some of whom will specialize in avian medicine at zoos and other institutions, are involved in the combined research-teaching program.

Despite the best care that veterinary medical science can provide, not every bird is able to resume a fully functional life in the highly competitive natural world, explains Christopher Murphy, one of three student supervisors for the clinic. Some ex-patients are placed in zoos and others become part of captive breeding projects, such as the effort at the Cornell Laboratory of Ornithology to re-establish the peregrine falcon population in the United States.

After their hospital stay, the birds

begin the sometimes lengthy rehabilitation process under the supervision of Laboratory of Ornithology staff members Michele Barclay and Donna Crossman. A recuperating bird is kept in one of the laboratory's six flight cages where it can be fed, observed and regain its strength.

Before any bird is released, its potential for survival in the wild is determined. If the bird can fly well and can catch prey, it is banded with a U.S. Fish and Wildlife Service leg band and set free. Through band recoveries, scientists are better able to gauge the success of the techniques used in the rehabilitation process.

The program's most recent success is the full recovery of a Cooper's hawk. The hawk was found in an over-all weakened condition, treated at the Avian Clinic, banded and released. The same hawk, identified by its band number, was seen three months later preying upon pigeons. Other band recoveries have proved that the birds made a successful re-entry into the wild.

No fees are charged for the care

and rehabilitation of the injured wild birds. Income from the endowment established by the wine auction will help pay operating expenses of the project. Subsequent contributions to the endowment will allow support of many worthy projects.

The auction will offer wines in one-bottle lots to permit the average wine connoisseur a chance to bid within a reasonable budget, according to Gail Zelitzky, president of the Foremost Wine Society. "Most wine auctions offer rare wines in large lots, excluding the average customer," Zelitzky says. "Most lots in the Cornell-Foremost auction are expected to sell between \$20 and \$60."

"This is an unusual rare wine auction because it is aimed at the average wine lover, not the wine merchant or restaurant owner," observes Craig Goldwyn, a wine appreciation instructor at Cornell and Chicago Tribune wine columnist who will supervise the auction. "One-bottle lots make it possible for anyone to take home a collector's rare wine at an affordable price."

Brief Reports

Geologist Will Talk About Grand Canyon

Edwin D. McKee of the U.S. Geological Survey, Denver, will speak on "The Grand Canyon: Our Priceless Heritage" in a free public lecture at 4:30 p.m. Monday, April 5, in B-11 Kimball Hall.

An internationally known innovator in the fields of stratigraphy and sedimentology, McKee will be honored with a certificate of achievement from Cornell University at a dinner following the lecture. McKee, a 1928 graduate of Cornell, will be cited as a "distinguished geologist, exemplary paleogeographer, eminent sedimentologist, outstanding naturalist, prolific author and scientific statesman."

The lecture is sponsored by the Department of Geological Sciences.

McKee began his career in 1929 as a park naturalist in Grand Canyon National Park, and served on the staff of the Museum of Northern Arizona and the faculty of the University of Arizona. He joined the U.S. Geological Survey in 1953, serving first as chief of the Paleotectonic Map Section and then as a research geologist, a position from which he officially retired in 1977. He is now actively involved as a consultant to the Survey.

Nearly 50 years in the study of sand dunes and the environmental effects of sand migration has earned McKee the unofficial title of "Mr. Sand Dunes." His research on the movement of sand has taken him to Egypt, Ethiopia, Israel, Brazil, South-West Africa and to Saudi Arabia where he is engaged in a long-term study of eolian dune development and sand control problems.

Immunologist to Talk Concerning Strategies

Martin Raff of the Department of Zoology, University College, London, will give the 1982 Bioorganic-Biophysical Chemistry Lectures at Cornell, beginning April 6. The lecture series by the world-renowned immunologist is entitled "Immunological Strategies."

The titles of his specific lectures, all of which are scheduled for 11:15 a.m. in Baker 200, are: "Immunological Recognition I: B Cells and Antibodies," Tuesday, April 6; "Immunological Recognition II: T Cells and the Major Histocompatibility Complex," Thursday, April 8; "Dissecting the Vertebrate Nervous System with Antibodies," Tuesday, April 13; and "Dissecting the Cytoskeleton with Antibodies," Thursday, April 15.

Informal discussions will take place at 4:30 p.m. Wednesday, April 7 and 14 in Baker 132. These discussions are especially designed to give students and postdoctorals an opportunity to meet the speaker.

A native of Canada, Dr. Raff received his undergraduate degree from McGill University in 1959 and his M.D. from McGill in 1960. After spending two years as an intern at Royal Victoria Hospital and three years at Massachusetts General Hospital training to become a clinical neurologist, he spent two years as a postdoctoral fellow in experimental immunology at the National Institutes for Medical Research in Mill Hill (London). He has remained in London since that time and is a leader in the field of experimental immunology.

Dr. Raff will be in residence in the Department of Chemistry for the two weeks of his lectureship.

German Literature Prize Is Offered

Juniors, seniors and graduate students may submit 10 to 20-page essays, in German or English, to compete for the 1982 Goethe Prize.

The prize is awarded annually for the best essay on any topic connected with German literature. A first prize of up to \$200, and possibly a second prize, will be awarded, according to the Department of German Literature.

Essays should be written under an assumed name, but the author should indicate class status. A sealed envelope, revealing the author's real name, along with the essay — one per student — is due by noon, April 15, at the Office of the Dean of the Faculty, 315 Day Hall.

Questions should be directed to either Inta Ezergailis at 178 Goldwin Smith Hall (256-3932) or to the departmental office, 185 Goldwin Smith.

The Goethe Prize was endowed in 1935 by Ludwig Vogelstein.

Relationships Workshop Is Offered

The Centre for Religion, Ethics and Social Policy and the Transformation Program will sponsor a seven-week relationship workshop for individuals and couples. David Let Davidson will act as facilitator.

The purpose of the workshop, according to Davidson, is to help participants create better loving relationships with those around them through self-expression and receptive listening. Participants will learn, among other things, how to handle emotions and conflict creatively in a way that supports growth and learning and how to develop trust and forgiveness.

"We will also work on completing past relationships, especially with parents," Davidson said. "The workshop gives attention to taking full responsibility for how we experience life, which enables us to transform attachment, dependence and blame into commitment and mutual support."

Participants will meet 7-10:30 p.m. Tuesdays beginning March 30 in the Forum, Anabel Taylor Hall. The fee is \$60 for an individual, \$95 per couple.

For further information, contact Davidson at 272-4131.

Blue Light Buses To Be Suspended

The Blue Light Bus Service on campus will be suspended for spring break, March 27 through April 4, according to William E. Wendt, director of Transportation Services.

Service will resume on Monday, April 5.

The Blue Light Bus provides free evening service Sunday through Friday evenings from central campus to student residential areas when school is in session.

Call the Office of Transportation Services at 256-4628 or the Department of Public Safety at 256-1111 for more information.

All-Woman Team Wins in Moot Court

For the second year in a row an all-woman team has won the Sutherland Cup Moot Court Competition at the Cornell Law School.

The two winners, M. Kathryn Sedor and Denise A. Hauselt, will represent Cornell in an intercollegiate competition between Yale, Fordham and Catholic Universities during the first week in April.

Sedor and Hauselt defeated Michael S. Allen and Leonard A. Hirsch in the final round of the 1982 Sutherland Cup competition March 13 at the Law School. All are second-year law students.

Sol M. Wachtler, New York Court of Appeals judge, called it "the closest competition I have ever judged." Also sitting on the three judge panel were Harry T. Edwards, Federal Appellate Court judge for the District of Columbia, and Roger C. Cramton, former dean and current professor of law at Cornell.

Courier Van Service Will Be Reduced

Courier van service to the university's Langmuir Laboratory at Tompkins County Airport will be reduced by approximately one hour in the late afternoons, according to William E. Wendt, director of Cornell's Transportation Services.

Beginning Monday, March 29, the last run of the day will leave Langmuir Lab at 4:30 p.m., and will travel via Sapsucker Woods Road to B Lot. The rest of the regular published schedule will continue in effect without change, he said.

Service is being reduced with the move of the departments of Ecology and Systematics and Neurobiology and Behavior to new facilities on the central campus, Wendt said.

The reduced schedule will be in operation indefinitely to provide service to departments remaining

at Langmuir Lab, he said.

A full schedule of the Langmuir runs which include stops at Day Hall, the Dairy Bar, the Ornithology Lab and other locations on campus may be obtained from Transportation Services, 256-4628.

Campus Club Needs Host Families

The International Hospitality Committee of the Cornell Campus Club is looking for participants in the host family program for foreign students at the university.

The program does not involve a live-in situation, but consists of single people or families sharing dinners, day-trips or holiday festivities with foreign students.

"Hundreds of Ithaca area residents and students from all over the world have participated in the program and have found it to be a unique way of expanding their knowledge and understanding of other cultures," said Robert J. Locke, foreign student advisor in the International Student Office.

Persons interested in participating in the program should contact Debra Hatfield, 200 Barnes Hall, 256-5243.

Garden Plots Are Available

Garden plots located on the Warren Road Farm, Ellis Hollow Road and near Cornell Quarters are available for rent for the summer through the Cornell Garden Plot Committee.

Large plots, 20 x 50 feet are \$6 for the season and small plots, 20 x 25 feet are \$4. The plots are available to members of the Cornell community and are distributed on a first-come, first-served basis.

Interested gardeners can sign up for a plot by sending a self-addressed stamped envelope to: Cornell Garden Plots, P.O. Box 843, Ithaca, N.Y. 14850. The committee requests that no money be sent at this time.

The land for the gardens is donated by the New York State College of Agriculture and Life Sciences.

The Week in Sports

Many Teams Tour to Warmer Places

The spring sports season goes into full swing next week as several Cornell athletic teams travel to warmer climates during spring vacation.

The Big Red baseball team will head West for a 12-game swing in California, starting with a doubleheader at Point Loma College on March 26. The California trip includes games with San Diego State, Cal Poly-Pomona, University of Southern California; LaVerne, Santa Clara and Sonoma State. Cornell will be at a big disadvantage when it goes up against the California schools since it has been unable to practice outdoors yet, but the trip will help the Big Red prepare for its Eastern opener against Ithaca College on April 6. Last season, the Red was 22-19 overall, including a 7-5 record in the Eastern Intercollegiate Baseball League, and had a 7-7 mark during its spring trip to Texas and Louisiana.

Another Cornell team will be in California for spring break — the men's heavyweight crew. The Big Red heavyweights are scheduled to

compete in the prestigious San Diego Crew Classic on April 3, a regatta which pits the finest crews of the East against the top boats in the West. Cornell will be trying to pick up where it left off last season when it won the Intercollegiate Rowing Association Championships, the closest thing to a national championship in crew.

Three Red squads will head South next week for competition. The men's lacrosse team will work out in Maryland, having planned scrimmages with some of the teams in the area — including an exhibition game with the Mount Washington Lacrosse Club on March 31. First, however, Cornell travels to Harvard this Saturday for its Ivy League opener. The Big Red dropped its season opener against Adelphi last Saturday, 15-7.

The Big Red men's tennis team begins its season down South, playing six matches in the next week. Cornell opens the year at Bloomsburg State this Saturday, and then plays at Richmond on March 29, William and Mary on

March 31, Old Dominion on April 1, Georgetown on April 2, and George Washington on April 3. The team is under the direction of first-year coach Steve Medoff, and last season the team had a 9-11 record.

The men's track team will stay in North Carolina next week, competing in two prestigious meets. On Saturday, Cornell will participate in the Atlantic Coast Relays; and then one week later, it will take part at the Duke Invitational. The Big Red track team comes off a successful indoors campaign during which it finished fourth at the Heptagonal championship.

Two women's teams will begin their seasons immediately after spring vacation. The women's lacrosse team will entertain Yale on April 3 at 10 a.m. on Schoellkopf Field, and then play host to Ithaca College on April 5 at 3:30 p.m. The women's tennis team opens up on April 4 with a match against Pennsylvania at the Kite Hill Courts at 12 p.m.
