Vol. 76 No. 30

21 November 1962

Geneva, New York

## THANKSGIVING--1962

For all things beautiful, and good, and true;  
For things that seemed not good yet turned to good;  
For all the sweet compulsions of Thy will  
That chastened, tried, and wrought us to Thy shape;  
For things unnumbered that we take of right,  
And Value first when they are withheld;  
For light and air; sweet sense of sound and smell;  
For ears to hear the heavenly harmonies;  
For eyes to see the unseen in the seen;  
For vision of the Worker in the work;  
For hearts to apprehend Thee everywhere;--  
We thank Thee, Lord.

John Oxenham

## COMING HOLIDAYS ANNOUNCED

The Experiment Station will be closed on Thanksgiving Day, Thursday, 22 November. Employees will report for work as usual on Friday.

Members of the Station family will have an opportunity to spend a nice leisurely Christmas this year. The Experiment Station will close on Friday, 21 December at 5 p.m. and will reopen on Thursday morning, 27 December.

The Station will also be closed on New Year's Day, Tuesday, 1 January 1963.

## BISHOP ATKIN HONORED

Dr. J. D. Atkin and his wife were among 10 Mormon ward bishops and branch presidents honored Saturday night at the Cumorah Stake Coronation Ball in Midtown Plaza, Rochester. During the intermission of the dance, the bishops and presidents were crowned in recognition of their services to their districts. Bishop and Mrs. Atkin serve the Palmyra ward area.

## NEW TELEPHONE SYSTEM IN OPERATION

Geneva just instigated its new direct-distance and local dial telephone service. Of course, all numbers have changed so it will probably be a few days before everyone gets accustomed to dialing seven digits rather than the old method. As with any new system, a few quirks will undoubtedly appear during the first weeks of operation. The Geneva telephone company would appreciate hearing of any problems that you may be having so that they can be corrected and full service made available.

## FRUIT TRAINING PROGRAM

A 3-day County Agents Fruit Training School will be held at Geneva and Ithaca starting on 27 November. The group will meet in the Seminar Room of Jordan Hall during the first day to hear discussions concerning small fruits. The following Station people will appear on this part of the program: E. F. Taschenberg, Entomology; A. J. Braun, Plant Pathology; N. J. Shaulis, O. F. Curtis, G. L. Slate, and John Einset, Pomology.

On 28-29 November the school will move to Comstock Hall, Ithaca, for sessions on large fruits. Those individuals from the Station that will present material are: P. J. Chapman, R. W. Dean, S. E. Lienk, E. H. Smith, and E. H. Glass, Entomology; R. L. LaBelle, Food Science and Technology; D. H. Palmiter and Michael Szkolnik, Plant Pathology; and R. D. Way and J. C. Cain, Pomology.

## STATION CLUB MEMBERSHIP DRIVE

During the next few days you will be contacted by a representative from the Station Club. He will ask you to either renew your present membership or encourage you to join the Club if you are not already a member.

The Club serves the Station in many capacities and operates under a most dedicated Constitution. President John Einset hopes that all Station employees, particularly those who are of a non-professional status, will think seriously of joining. Dues are \$1.00 per person or \$2.00 per family.

Three regular functions are sponsored by the Club each year. The first is a summer picnic which is usually held at Cayuga Lake State Park and is free to all members. Then, early in the Fall, is the highlight of the year--the annual dinner. A part of the cost of this event is defrayed by dues. Rounding out the social season of the Station is the Christmas Party which is always a welcome sight to the children.

#### CHRISTMAS PARTY NOTICE

Please circle this date on your calendar! 21 December. This is the date selected for the Station Club's Annual Christmas Party. Always a high spot for the children of Station employees, this year's party should prove to be no exception. Santa Claus has already accepted an invitation to attend the party and from advance reports promises gifts for each of the children. In addition to the appearance of Santa Claus, there will be a dinner for the children, a teenage table, and a tea for the adults. So, remember that date--6-8 p.m. on 21 December in Jordan Hall!

#### INDIAN VISITOR ON CAMPUS

Dr. K. C. Gulati, Professor of Agricultural Chemistry, Indian Agricultural Research Institute, New Delhi, spent all day on 19 November talking with many of the Station entomologists. Dr. Gulati's primary interest is in the field of pesticidal development and analysis. He has already visited several institutions since arriving in this country, and has a full agenda ahead before returning to his native India.

#### AERIAL PHOTOGRAPHS TAKEN

Paris Trail, Publications Office, spent part of last Friday morning taking aerial photographs of the main Station campus. If anyone should desire a copy of one of the pictures for his office or home, please contact the Publications Office at your convenience. Print sizes are 8 x 10, 11 x 14, or 14 x 17 inches. The photographs are available for a nominal charge.
