PREAMBLE

In accordance with the provisions of the Public Employees' Fair Employment Act of the State of New York (Civil Service Law, Article 14) the Greece Central School District (hereinafter called the "District") and its supervisory and administrative employees represented by the Greece United Support Staff (hereinafter called the "Association"), the District and the Association enter into this Agreement.

ARTICLE I

DURATION

This agreement shall be effective as of January 1, 2005 and continue in full force and effect until December 31, 2007.

ARTICLE II

RECOGNITION

- A. The Board of Education of Greece Central School District recognizes the Association as the exclusive organization representing the administrative and supervisory personnel in civil service positions designated in Exhibit A.
- B. The District and the Association acknowledge that certain unit members are appointed to Civil Service titles that are recognized titles within other collective bargaining units of District employees. For the purpose of unit placement of individuals within the unit represented by the Association, the District recognizes the internal District title, rather than any inconsistent Civil Service Title, as controlling for any incumbent unit member as of January 1, 2005.
- C. Whenever the District intends to establish a new job title that it proposes to include in the unit represented by the Association, the District will give notice of the intended posting to the Association before posting the job title as a unit position. The purpose of this notice is to give the Association an opportunity to consult with the District on the appropriateness of including the new job title in the unit. Inclusion of the new job title in the unit will require the Associations's consent.

Lack of the Association's consent will in no way impede the District's right to establish, post, and fill a new job title, including establishing initial salary grade, provided that the District does not post the new job title as a unit position.

- D. The Association accepts the responsibilities imposed upon it by the provisions of said Article 14 of the Civil Service law as amended.

ARTICLE III

MODIFICATION OF AGREEMENT

It is understood and agreed that this Agreement may be modified or amended only through mutual consent in writing through a signed amendment to this Agreement.

ARTICLE IV

RELEASE TIME

The parties to this Agreement recognize that on certain occasions it may be necessary for representatives of the Association to perform duties relative to the Association which can only be performed during working hours. In that event, upon the request of an officer of the Association and upon the approval of the Superintendent or designated representative, such time as is necessary shall be provided without loss of pay.

ARTICLE V

DUES DEDUCTION

- A. The District agrees to deduct from the salary of unit members, membership dues in GUSS, as the individual employee individually and voluntarily shall authorize the District to deduct and to transmit the moneys thus deducted to the Association.

- B. Authorizations for such deductions shall be in writing on a District-approved form provided by the Association and signed by the individual. Such properly executed authorization shall be submitted to the District's Business Office and placed on file.

- C. In accordance with District payroll procedures and requirements, authorized dues deductions shall be made in equal amounts commencing on a date agreed upon by the Association and the Superintendent.

- D. The Association will protect, defend, indemnify and hold the District and its agents harmless from any and all claims, damages, and liability which may occur from implementing this article.

ARTICLE VI

UNIT MEMBER PROTECTION

In the event that disciplinary action is being contemplated, unit members are protected by either Section 75 or Section 76 of Civil Service Law.

ARTICLE VII

GRIEVANCE PROCEDURE

The following three (3) step grievance procedure shall be available to unit members for the purpose of resolving concerns which arise out of the interpretation and administration of the collective bargaining agreement. It is the intent of this procedure to provide for the orderly settlement of alleged grievances in an equitable manner at the lowest possible administrative level.

A. DEFINITIONS

1. A grievance is a claim by a unit member that there has been a violation, a misinterpretation, or misapplication of any specific provision of this Agreement.

2. The grievant shall mean any unit member or group of unit members alleging a grievance.

B. TIME LIMITS

1. Each written grievance shall include the name and position of the grievant, the specific Article and Section of this Agreement involved in the said grievance, the time and place where the alleged event(s) or condition(s) constituting the grievance occurred, the identity of the party allegedly responsible for causing the existence of the said event(s) or condition(s) if known, and a statement of the nature of the grievance and redress sought by the grievant. The written grievance shall be signed by the grievant.
2. Grievances must be taken up at Step 1 of the following procedures within twenty (20) days following the date that any unit member knew or should have known of the act(s) or condition(s) on which the grievance is based. Time limits at any step of the procedure may be extended by mutual consent between the Association and the District. Should the time limits at any step be exceeded by the District, the grievance may be processed to the next higher step of the procedure, but the grievant must proceed to such next step within the time which would have been allotted had the decision been communicated on the final day. Should the grievant not meet the time limits of the procedure, the grievance will be considered as resolved at the last response and further appeal shall be barred.
3. All time limits in the procedure refer to scheduled work days.

C. PROCEDURE

1. Step 1 - Immediate Supervisor

The grievant shall first discuss the alleged grievance with his/her immediate supervisor. The immediate supervisor will respond orally within five (5) days. If the grievant is not satisfied with the response at Step 1, s/he may, within five (5) days of receipt of the response, submit the grievance in writing to the immediate supervisor. The immediate supervisor will respond in writing

within five (5) days. In all cases where the immediate supervisor is also an Association unit member, such proposed response or resolution must be subject to final review and approval by the next level of supervision and the Superintendent.

2. Advisory Mediation

For grievable disputes related to the agreement, the parties will select a panel of three (3) persons, one (1) chosen by the Superintendent, one (1) chosen by the President of GUSS, and one selected by mutual agreement of the Superintendent and President of GUSS. This group will make an advisory recommendation for the Superintendent's or Board of Education's consideration either before Step 2 or Step 3 of the grievance procedure.

3. Step 2 - Superintendent

If the grievant is not satisfied with the response at Step 1, s/he may, within five (5) days of receipt of response, submit the grievance in writing to the Superintendent. If so determined, the Superintendent, or his designee in exceptional situations, may convene a meeting with the grievant, the appropriate supervisor(s) and the President of the Association to review the grievance. After reviewing the grievance, the Superintendent will submit a written decision to the grievant within ten (10) days.

4. Step 3 - Board of Education

If the grievant is not satisfied with the decision at Step 2, an appeal may be filed in writing to the Board of Education within ten (10) days from receipt of the decision at Step 2. The official grievance record maintained by the Superintendent or his designee shall be available for use by the Board of Education. At the next regularly scheduled meeting following timely receipt of an appeal, the Board of Education shall hold a hearing on the grievance. The hearing shall be conducted in executive session. By no later than the next regularly scheduled meeting following the conclusion of the hearing, the Board of Education shall

render a final and binding decision on the grievance, which decision shall be reduced to writing. Such decision shall be promptly transmitted to the grievant and the Superintendent.

ARTICLE VIII

PROFESSIONAL IMPROVEMENT

The District shall provide a non-cumulative \$25,000 per year of this Agreement for the unit for the purpose of member attendance at professional conferences, seminars, workshops, or other professional growth activities. Approval criteria and recommendations for unit member attendance on an ongoing basis at such conferences shall be jointly determined by a committee of Association and District representatives and will be subject to final approval by the Superintendent.

ARTICLE IX

DRUG AND ALCOHOL TESTING

The District and the Association recognize the primary purpose of the Omnibus Transportation Employee Testing Act of 1991 as providing safe and secure transportation for students. The parties also recognize the value of the District employees who provide that transportation in Greece. In joint recognition of the above, the parties hereby agree to the following:

1. Members of the Greece United Support Staff required having a Commercial Driver's License (CDL) or who choose to have a CDL will be tested the same as other employees subject to the Greece Central School District Drug and Alcohol Testing Program.
2. Unless otherwise abridged below, employees afflicted with alcoholism and/or substance abuse shall be entitled to all the rights and benefits provided to other employees who are ill.
3. Employees who request diagnosis and treatment for alcohol and/or substance abuse before being notified in writing of the requirement

to submit to testing shall be allowed, immediately upon making that request, to use any and all accrued sick leave while participating in both the diagnosis and rehabilitation of their condition. Upon the exhaustion of all accrued sick leave, the employee is entitled to exercise his or her rights under the collective bargaining agreement, Article XIII, C.1., Leaves of Absence. The District will continue to pay its portion of the health insurance premium during rehabilitation.

4. Upon the successful completion of rehabilitation, and upon meeting all of the requirements under the law and District Policy, the employee will return to work and enjoy all the rights and privileges afforded other unit members.
5. Employees who test positive in accordance with the procedures set forth in the Greece Central School District Drug and Alcohol Abuse Testing Resource Document (Resource Document) at any time during their employment will be suspended without pay for the period of time of rehabilitation. This suspension shall be for up to one year. If rehabilitation has not been achieved before the one year is up, the employee shall be subject to Section 6 below. During this suspension, the employee may continue to be covered by whatever District health insurance plan he or she is enrolled in at the time of the suspension at his or her cost.
6. Employees who test positive a second time shall be terminated. The employee shall have no recourse under contractual disciplinary processes or Civil Service Law. The Association shall retain the right to safeguard employees in that if the procedures set forth in this agreement and in the Resource Document are violated, that procedural question may follow the grievance procedure (Article VII).
7. For drug testing, the collection agent and lab will employ the split sample method. The initial or screening test, if positive, must be confirmed by a confirming test as defined in the Federal Regulations. In cases of a confirmed positive, a split sample will be preserved and made available to the employee's choice of labs certified by the Department of Health and Human Services. If the split sample is lost or otherwise unavailable, or if the chain of custody is broken, the initial screening and/or confirmation test will be reported as negative.

8. Notice to the individual employee of any mandatory testing requirement must be in writing and must include the date and time of the collection, the nature and purpose of the testing, the name of the supervisor ordering the testing, and an indication that the order is being given under the authority of the Department of Transportation's Omnibus Transportation Employee Testing Act of 1991.
9. All test sample collection will be done during an employee's working hours and the employee shall be in paid status for the time spent on sample collection, completion of associated paper work and related procedures.
10. The cost of the testing program, including training, testing of the split sample and any other mandatory program requirements shall be borne by the District.
11. Training opportunities will be offered at least twice a year as part of the mandated safety refresher conducted by the District.
12. All records of an employee's participation in any facet of the program, including collection, testing, diagnosis and rehabilitation shall be held in strictest confidence. Only those authorized by statute shall have access to records and correspondence regarding the testing program.
13. The Association shall be provided any non-confidential summary data provided the District by any agency involved in the program. No document with the name of any tested employee will be shared with the Association without the written authorization of that employee.
14. Nothing in this provision is intended to be in conflict with the Omnibus Transportation Employee Testing Act of 1991. Should any portion of this provision be judged to be in violation of the Act, that portion, to the extent that it is not legal, shall be invalid.

ARTICLE X

RETIREMENT/CAREER CHANGE INCENTIVE

The District may establish a retirement/career change incentive program for unit members to include and not be limited to the following: severance pay, life insurance, health insurance, career counseling, and professional financial counseling. In implementing such program it is understood and agreed that either individuals or the District may initiate discussions pertaining to the benefits available to unit members under

this program. If the District intends to initiate such a discussion, it shall notify the President of the Association. Each unit member who enters into such discussions shall have the option of having an Association representative accompany him/her. Upon mutual agreement between the District and the unit member to execute such a program, the District will notify the President of the Association of such agreement.

ARTICLE XI

SALARY PROVISION

A. SALARY SCHEDULE

Salary in Range	Not Meeting Standards	Meeting Standards	Exceeding Standards
2005	0.00%	3.60%	3.61% -5.25%
2006	0.00%	3.60%	3.61% -5.25%
2007	0.00%	3.90%	3.91% -5.55%

Salaries will be determined by the individual's performance appraisal and the salary progression model. This quartile chart will be used for the duration of the Agreement.

1. a. Performance Raises – For all current unit members the performance raises are a percentage of the current salary exclusive of any stipend. Individuals promoted during the school year prior to January 1 are eligible for a full performance raise in January based on their current salary exclusive of any stipend. Individuals promoted during the

school year after January 1 are eligible for a full performance raise in January based on their current salary exclusive of any stipend.

b. Funds shall be established, equal to 1.65% of the 2004 GUSS salaries, to be available for salary adjustments at the Superintendent's direction (examples include: salary parity within the same job title and additional merit pay).

2. The overall summary of performance will be determined using the responsibilities and required tasks listed in the employee Performance Appraisal Document to determine the applicability of a salary increase under this provision.
3. Unit members commencing service on or after March 1, will be eligible for any earned salary increase effective the following January 1, on a pro-rated basis.

B. No unit member's annual salary shall be decreased from the unit member's annual salary for the preceding year. It is the further intent of the parties that no unit member's annual salary and benefits shall be changed without the negotiated agreement of both parties.

C. Overtime

There are unique occasions when a GUSS member may be eligible to receive overtime pay for hours worked beyond the normal schedule. If an unusual or emergency situation develops that requires extra work time by a person in Grades 1 through 6 inclusive, the person may be paid overtime providing it is approved by his/her supervisor and the assistant superintendent. Typically, an overtime request would result when a person is directed to work four or more hours beyond their normal quitting time during the week or on the weekend. Casual extra time put in by individuals to keep their work current would not be considered overtime. Exceptions must be pre-approved by the appropriate assistant superintendent.

D. The work day for nurses, occupational therapists and physical therapists shall be aligned with that of certified teachers.

E. Physical/Occupational Therapist Workload Review Committee

The following steps may be utilized when a physical/occupational therapist believes his or her work load exceeds the reasonable amount of time necessary to perform required services.

1. The therapist will work to resolve the issue with the building principal.
2. If no resolution is found between the above parties, the therapist will work to resolve the issue with the building principal, appropriate special education coordinator, and the lead therapist.
3. If no resolution is found between the parties in step 2, the issue will be presented in writing and in person with the review committee. The committee will present its findings within 30 days of the meeting to the Superintendent or his designee. The review committee will consist of the lead OT/PT, Assistant Superintendent for Curriculum and Instruction, either the President or their designee of the unit, the appropriate special education coordinator, and the principal of the school/s involved.

ARTICLE XII

EVALUATION PROCEDURE

A. The evaluation year will be from November 1 to October 31. The Employee Performance Appraisal evaluation document shall be completed no later than December 31.

B. A formal year end evaluation document shall be prepared for all unit members and an evaluation conference shall be conducted. Performance evaluation appeals will be handled by January 31 for each year. The unit member's first level of appeal is to the immediate supervisor. The final level of appeal will be to the appropriate assistant superintendent. In cases where the assistant superintendent is the evaluator, the second level appeal will be to the Assistant Superintendent of the Department of Human Resources.

C. In the event that a unit member is performing below "Meeting Expectations", the supervisor will provide the employee with written notification. This written notification will occur as soon as the supervisor determines that there is a concern, and should allow sufficient time for improvement. In the event of problems which occur late in the evaluation cycle, the supervisor, employee, Assistant Superintendent of the Department of Human Resources, and Association President will confer within 10 working days of the issuance of the written notification. The conference will focus on clarifying the concerns and the need for improvement and will assist the employee in developing an improvement plan. The employee is entitled to representation by the Association during any step of the process.

D. Performance Evaluation Model

1. Establish a District funding-commitment for initial and recurring training for agreed-to model, in accordance with the recommendation of the committee.
2. The parties will mutually create a new evaluation instrument for occupational therapist and physical therapist to be in place no later than the start of the evaluation cycle on November 1, 2004.
