Prospective contributors should submit their manuscripts in a typewritten, *double-spaced* format (including footnotes), with footnotes and other stylistic conventions in accordance with the University of Chicago *Manual of Style*. A short statement of the author's institutional affiliation and status should be included with the original manuscript as these will be needed for "List of Contributors" in case of eventual publication. Please address all correspondence to: *Indonesia*, Cornell Modern Indonesia Project, 102 West Avenue, Ithaca, New York 14850.

Indonesia is produced on microcomputers, and the Editors encourage the submission of articles on microcomputer diskettes. For instructions on preparing manuscripts in machine-readable form, please write the Editors.

Contributors will receive 10 complimentary reprints of their articles and one copy of the issue in which their article appears. Additional reprints may be ordered at cost at the time a manuscript is accepted for publication. Abstracts of articles published in this journal may be found in *Excerpta Indonesica*, which is published semiannually by the Centre for Documentation on Modern Indonesia, Royal Institute of Linguistics and Anthropology, Leiden.

Starting 1990 the price of a subscription to *Indonesia* will be \$18.00 per year, or \$9.50 per issue. Outside the US and Canada, add \$5.00 per year postage. Order from Southeast Asia Program Publications, East Hill Plaza, Ithaca, New York 14850.
