# Hooding Ceremony

Saturday, May 25, 2019

2:30 p.m.

Bailey Hall  
Cornell University  
Ithaca, New York

## The Hooding

The academic hood not only represents the degree held by the wearer but also the institution which awarded it.

The placing of the hood whose color symbolizes a particular degree, the conferring of the degrees and acceptance of the graduates into the profession, marks the leaving of the old status, symbolizing and celebrating the formal transition from the role of learner, to the role of producer and contributor in the field.

## Veterinarian's Oath

Being admitted to the profession of veterinary medicine, I solemnly swear to use my scientific knowledge and skills for the benefit of society through the protection of animal health and welfare, the prevention and relief of animal suffering, the conservation of animal resources, the promotion of public health, and the advancement of medical knowledge.

I will practice my profession conscientiously, with dignity, and in keeping with the principles of veterinary medical ethics.

I accept as a lifelong obligation the continual improvement of my professional knowledge and competence.

## Alma Mater

Far above Cayuga's waters,  
With its waves of blue,  
Stands our noble Alma Mater,  
Glorious to view.

(Refrain) Lift the chorus, speed it onward,  
Loud her praises tell;  
Hail to thee, our Alma Mater,  
Hail, all hail, Cornell!

Far above the busy humming  
of the bustling town,  
Reared against the arch of heaven,  
Looks she proudly down.

## The Horace K. White Prize

An endowment for this prize was originally given by Mr. Horace K. White (and later his sons of Syracuse, New York) for the student with the highest academic record during their veterinary training. This award, originally called the President's Prize, dates back to 1873 and is probably the longest-standing prize at Cornell. The original donor was a brother to Andrew Dickson White, the president of the University.

Allison M. Tuchrello

## The Malcolm E. Miller Award

In 1965, Ms. Mary Wells Miller Ewing established this award in memory of her husband, Dr. Malcolm E. Miller, '34, a former professor of anatomy and the head of that department from 1947 to 1960. This is awarded to a fourth-year student who, in the judgment of the Dean, has demonstrated perseverance, scholastic diligence, and other personal characteristics that will bring credit and distinction to the veterinary profession.

Bridget Noreen Bickers

## The Leonard Pearson Veterinary Prize

This award, endowed in 1993, is for the fourth-year student who most successfully demonstrates the potential for professional and / or academic leadership in veterinary medicine.

Gilad Fefer
