ARTICLE 6 - ACADEMIC YEAR

6.1 The first day of classes for the Fall semester shall begin at the discretion of the College President but in no event earlier than the Monday before Labor Day. The purpose of this provision is to grant the College flexibility to schedule the first day of classes in relation to the manner in which the calendar falls in any particular year. 75 days	Fall Semester.

If circumstances require it, full-time teaching faculty may be assigned to work student advisement or registration during holiday and recess periods and will be paid at a rate of \$40/hour. Appropriate qualified volunteers within the work unit (as defined in Section 13.4) will be considered. If circumstances require it, full-time teaching faculty may be requested to volunteer to work student advisement or registration during timeframes that are not part of their period of appointment. If they perform this work, they will be compensated at the rate of \$40 per hour.

6.5 ADDITIONAL ASSIGNMENT FOR NURSING DIVISION FACULTY:

In addition to any other assignments noted in this article, full time teaching faculty in the Nursing Division may be assigned to work on curriculum development and evaluation activities related to NLN accreditation criteria for a maximum of two (2) days in both of the post semester non-recess periods (January and May) at compensation equivalent to their per diem (ten month) rate.

6.6 TEACHING FACULTY - RESPONSIBILITY FOR GRADES:

- A. While full-time teaching faculty are only assignable during the post semester non-recess periods (January and May) as designated with additional compensation in this section (6.4 and 6.5 above), it is understood that all teaching faculty are responsible without additional compensation for the submission of their final semester grades in accord with the College's published deadlines without regard to either the recess or non-assignment provisions of the Agreement. Thus, a faculty member's responsibility for grading and/or submission of grades may legitimately reduce either the recess or non-assignment periods without further compensation to the faculty member.
- B. Teaching faculty members who fail to submit final grades pursuant to the College's schedule may be subject to disciplinary action as provided in this agreement.

6.7 ACADEMIC ASSIGNMENTS - 10 MONTH DIVISION CHAIRPERSONS, AND REASSIGNED FACULTY WITH COMPARABLE LOAD REDUCTION:

- B. Compensatory Days: In relationship to the expanded instructional work effort of the academic calendar commencing in 1984-85, four additional compensatory days shall be awarded to such staff within the ten (10) month work year with the prior approval of the appropriate Vice President. 6.8 ADDITIONAL ASSIGNMENT FOR CURRICULUM ACCREDITATION (NATIONAL ORGANIZATION)

Ten month faculty involved in a curriculum accreditation process by a national organization (e.g. CAAHEP, TACABET) shall be compensated in the following manner:

- A. This includes but is not limited to collecting and compiling of data; drafting and completing the self-study report according to accreditation guidelines and college schedules;

assisting in the arrangements for the site visit; responding to the initial accreditation report and all follow-up requests/reports; assisting with and guiding any necessary curriculum changes through internal and external governance bodies; and working with the respective department/division/ administrator to implement any changes where necessary.

- B. The total compensation allocated for the entire accreditation process of each curriculum shall be a sum equivalent to twelve (12) lecture hours overload. This compensation shall be evenly divided among the 10-month faculty on the self-study team and shall be paid in equal installments over a calendar determined by the College (not to exceed eighteen consecutive months); from the beginning of the process through the final decision regarding the accreditation by the national organization.

6.9 TEACHING CREDIT COURSES TO HIGH SCHOOL STUDENTS

In regards to teaching Niagara County Community College credit courses to high school students, the College will abide by the SUNY Guidelines, make a good faith effort to obtain permission from the school districts for NCCC faculty to teach courses at the high schools or have classes of high school students meet on the college's campus and be instructed by the college's faculty.

In the event that the parties agree by written agreement, that utilizing high school teachers to instruct these classes is the only means of instruction that will allow for these students needs to be met, then the following conditions shall apply:

- A. No high school teacher shall teach NCCC courses who is not determined to be minimally qualified by the Divisions Chair in whose Department the course is traditionally taught. In almost all cases, a Master's Degree in the subject area to be taught will be the minimum requirement. High school teachers who have successfully taught credit courses for the college for several years and who meet with the approval of the Division Chair as being minimally qualified may continue to teach such courses as they have in the past.
- B. The college will assign a member of the NCCC full time faculty as a liaison to each high school faculty member teaching NCCC college credit courses. The liaison will be a member of the department (Work Area) and division (Work Unit) that traditionally offers the course(s). The liaison will be recommended to the Academic Vice President by the Division Chair. In the event no faculty member in the work area desires to or can serve as liaison, another Work Unit faculty member or the Division Chair may serve in his/her place. (See 6.9F Compensation).
- C. No faculty member who wishes to teach an overload course will be denied such

opportunity while courses from his/her work area are being taught in high schools.

- D. No faculty member shall be retrenched or non-renewed in a work area, due to enrollment, while courses in his/her work area are being taught in high schools.
- E. Full time faculty will forego their right to designate the high school courses taught by high school faculty as their overload preference (Article: 7.5).
- F. Compensation for each faculty liaison shall be: one third (1/3) of the lecture and/or lab contact hours associated with each course section taught at each high school that he/she is liaison to. (See below for job responsibilities load reductions may be taken in lieu of compensation with permission of the Chair and Academic Vice President.)

Example:

COURSE	CREDIT HOURS	CONTACT HOURS	COMPENSATION
English 101	3	3 lecture	1 lecture
Biology 109	4	3 lecture, 3 lab	1 lecture and 1 lab
Math 112	4	4 lecture	4/3 lecture

- G. Travel expenses shall be provided to faculty liaisons at the standard college rate upon submission of appropriate expense vouchers.
- H. Duties and Responsibilities of the Liaison shall be as follows:
 1. Assist in the assessment of high school qualifications to teach NCCC course(s).
 2. Provide and explain course syllabus.
 3. Insure appropriate textbook and course materials are acquired and utilized.
 4. Meet with the high school teacher, as necessary, to discuss the methods and issues related to teaching the course and actual time spend on instruction to comply with SUNY and State Education Department requirements.
 5. Where necessary and required, help to secure available laboratory and library resources so that students may have opportunities to participate in some instructional activities, on the NCCC campus.
 6. Observe classroom instruction at least once per semester.
 7. Assist in the resolution of any instructional issues.
 8. Assist in the design of instructional assessments of student performance.
 9. Insure that rosters for census data are submitted according to College policy.
 10. Insure that all student evaluations of instruction (IDEA Forms) are

administered in accordance with College policy.

11. Insure that only qualified students have registered for the course (i.e. pre-requisites and basic skills tests where required).
12. Maintain communication with teacher and Division Chair on an on-going basis.
13. Insure that all final rosters, grade books etc. are turned in to the College Records Office in accordance with the College calendar and policy.
14. Make recommendations to the Division Chair, and Vice Presidents of Academic Affairs and Lifelong Learning concerning the continuation of partnerships utilizing the same high school teacher and resources at the end of each semester.

ARTICLE 7 - WORK HOURS, WORK LOAD, AND CONDITIONS OF EMPLOYMENT

7.1 Student Enrollment and Teaching Load:

- A. Each division chairperson may recommend maximum student enrollment in each section.
- B. Teaching loads are based on contact hours assigned.
- C. Teaching loads, under normal circumstances, will be 30 lecture hours or 36 lecture/laboratory hours per academic year with approximately equal distribution between the semesters. Nursing faculty shall have teaching loads, under normal circumstances, of 32 lecture/laboratory hours per academic year.
- D. Where the total load exceeds 450 student contact hours in any semester due to large lecture assignment, the Division Chairperson may recommend reduction to a minimum of 12 lecture hours or 15 lecture/laboratory hours. Load reduction is not granted for course and curriculum development and other such normal professional obligations.
- E. A faculty member utilizing a lecture hall for instruction may request or be requested, by the Dean, to teach two sections of the same course meeting at the same time. However, such scheduling shall not result in the faculty member teaching more than the maximum number of students that he/she would have taught without lecture hall use.

EXAMPLE: PSY 110 - Introduction to Psychology

Five (5) sections, maximum class size of 30 students each; $5 \times 30 = 150$ student \times 3 contact hours = 450 student contact hours.

Lecture hall use: 2 sections combined = 60 students maximum + 3 sections of 30 students each maximum = 150×3 contact hours = 450 student contact hours.

Such lecture hall scheduling and faculty assignment shall only occur with the mutual approval of the Academic Dean and the faculty member involved.

7.2 PREPARATIONS: The number of preparations for an instructor varies according to program needs; however, two preparations are considered the norm. Where program needs require more than two preparations for an instructor, the Division Chairman shall consult with the faculty prior to scheduling of courses.

A. Any faculty member (except Nursing) assigned to more than twelve (12) unique credit hours of preparations in any academic year, as calculated below, shall be paid an additional one hundred (\$100.00) dollars for each three preparation hours or portion thereof over twelve (12) preparation hours.

B. One (1) lecture hours equals one (1) preparation hour. One plus 1/2 lab/contact hour = one preparation hour. See following example:

Weighing of Lectures, Preparation, and Laboratory Contact Preparation Time

Fall Schedule

2 sections Bio 205 (6 lecture/6 lab)
3 unique lecture hours = 3 prep hours
3 unique lab hours = 2 prep hours

1 section Bio 110 Lab
0 lecture
3 lab hours = 2 prep hours

1 section Bio 133 lecture
3 lecture = 3 prep hours
0 lab

Total Load = 18 contact hours

Spring Schedule

2 sections Bio 205 (6 lecture/6 lab)
3 unique lecture hours = 3 prep hours
3 unique lab hours = 2 prep hours

1 section Bio 110 Lab
0 lecture
3 lab hours = 2 prep hours

1 section Bio 133 lecture
3 lecture = 3 prep hours
0 lab

Total Load = 18 contact hours

Total Fall Prep Hours

6 prep hours lecture
4 prep hours lab
10 prep hours

Total Spring Prep Hours

6 prep hours lecture
4 prep hours lab
10 prep hours

Annual Prep Hours:

20 preps (8 prep hours over the 12 prep hours indicated in Article 7.2 C) divided by 3 = 2.67 prep hours to be compensated.

2.67 x \$100 = \$267 compensation

- C. The same course that is a unique preparation in the Fall semester and retaught in the Spring semester shall be considered as additional preparation hours.
- D. If faculty members are assigned less than twelve (12) preparation hours in an academic year, the faculty member shall carry such credit forward to subsequent academic years to permit additional preparations being assigned by the College without required payment, as noted above.
- E. Current practice in assigning load by the College shall continue.
- F. Payment pursuant to this subsection shall be made no later than the fourth full pay period in the Spring semester.

7.3 MAXIMUM OVERLOAD

Full-time faculty are permitted to teach a maximum of seven (7) credit hours per semester on an overload basis for which compensation will be granted contingent on the College's need for such overload teachings. In extenuating circumstances, this limit may be waived.

7.4 ASSIGNMENT TO EVENING COURSE WORK

All full-time faculty appointed as of and subsequent to September 1972 may be assigned to evening courses as part of the faculty member's normal load. All full-time faculty appointed before September 1972 may request an evening assignment as part of normal load. If retrenchment occurs in a work area, (pursuant to Article 13.1, through 13.8) full-time faculty members may be assigned evening courses regardless of initial date of appointment.

7.5 OVERLOADS AND SUMMER COURSES - FIRST PREFERENCE TO FULL TIME FACULTY MEMBERS

Full-time faculty members shall be given first preference to all overloads and summer courses in their work unit offered by the College if such faculty members are qualified to teach such courses as determined by the Vice President of Academic Affairs.

7.6 INDEPENDENT STUDY

Independent study will be permitted where the Academic Vice President in consultation with the appropriate Division Chair has approved such instruction and the faculty member has consented to engage in such instruction. All disputes concerning the seniority list shall be submitted to one (1) arbitrator and the parties shall continue the arbitration process through the resolution of all disputes.

12.5 EFFECT OF NON-TEACHING ASSIGNMENT ON SENIORITY

If a bargaining unit member is assigned to non-teaching status which results in the bargaining unit member having less than twelve (12) contact hours, his/her seniority shall be adjusted to include a full year of seniority (12 contact hours).

12.6 REINSTATEMENT OF SENIORITY UPON RETURN FROM SABBATICAL LEAVE

A bargaining unit member who is on sabbatical leave shall receive the same seniority accrual as the last year of actual service to the College (semester or year).

12.7 BREAK IN SERVICE - EFFECT ON SENIORITY

A break in College service shall generate no seniority for period of break when it is:

- A. An uncompensated leave of absence.
- B. Resignation(s) or non-renewal(s) followed by rehiring without a one year period of time to a bargaining unit covered position.
- C. A period of time spent in performance of a permanent College Administrative position excluded from the unit.

12.8 LOSS OF SENIORITY DUE TO SEVERANCE

Resignations or non-renewals not followed by rehiring without a one year period of time to a bargaining unit covered position will result in a loss of all previously accrued service time.

12.9 TIE BREAKER WHEN SENIORITY EQUAL

When seniority is equal, the following criteria will be applied in the following order:

- A. Rank - lowest first
- B. Total length of service in the bargaining unit
- C. Date of first appointment letter
- D. Lottery Drawing

12.10 SENIORITY OF DIVISION CHAIRPERSONS

Employees who were Division Chairpersons on June 1, 1980, shall have their seniority governed by 12.1 and 12.2, above. Non-bargaining unit service with the College, except as noted above, shall not be considered service for the purpose of establishing seniority. After the seniority list is completed, the list shall be adjusted so that the Division Chairpersons shall not be less senior than current bargaining unit members in the Division Chairperson's primary work area.

ARTICLE 13 - LAYOFF AND PROCEDURE

13.1 A. CONTINUING APPOINTEES

The services of any member of the bargaining unit on a continuing appointment may be terminated in the event of a program retrenchment. Such program retrenchment shall not be used as a substitute for proper disciplinary procedures. Prior to the reduction of the work force, the President of the Association shall be notified of the need to make such reduction(s). After such notification, if a member of the bargaining unit on a continuing appointment is to be retrenched, the President will notify the initially affected employee(s) and the Association not later than 5 weeks after the first day of classes in the semester.

B. EFFECTIVE DATE OF LAYOFF

The effective date of such layoff for purposes of service shall be at the end of the semester that such notice is given. In addition to giving such notice to the employee and retaining such employee to the end of the semester, an employee on continuing appointment will be given an amount equal to one-half annual pay at the compensation rate paid the employee at the time in which the notice was given. Such termination pay shall be paid in the next preceding thirteen (13) or eleven (11) pay periods at the option of the employee. The terms "layoff" and "retrenchment" shall be

interpreted the same.

C. ORDER OF LAYOFF

If layoff of unit positions become necessary, the following order of layoff shall apply in any affected work area:

Part-time employees will be laid off prior to temporary and term employees in the initially affected work area. Temporary employees (Article 9.1 (C)) and term employees (Article 9.1(B)) in a work area will not be reappointed prior to laying off continuing appointment employees in the initially affected work area. Employees on a continuing appointment will be identified for layoff in inverse order of seniority within the work area. The exception to the above outlined procedure shall be that paraprofessional staff on a continuing appointment will be laid off prior to any academic staff in the initially affected work area.

D. EMPLOYMENT OF PART-TIME PERSONNEL DURING LAYOFF PERIOD

Any programs that require retrenchment of personnel and where the retrenchment of a full-time faculty member would result in a teaching load of less than 24 contact hours for the academic year, and after the College has made a good faith effort to fully load the affected faculty member, and after all provisions of Article 13.1 (C) had been followed, the College will be permitted to hire part-time personnel and continue the full-time employee on retrenchment. A good faith effort shall be limited to offering other courses within the work unit presently being taught by part-time faculty or on an overload basis for which the faculty member is qualified.

13.2 APPLICATION OF SENIORITY RIGHTS TO LAYOFF

When a bargaining unit member is identified for layoff due to reduction of the work force, he/she shall be permitted to exercise his/her seniority rights in a work area within any work unit within which he/she has seniority. This shall be accomplished by bumping the least senior full-time employee in that work area, if he/she has the minimum qualifications necessary to teach in that work area as reflected in the recruitment announcement applicable at the time of hiring the least senior full-time employee in that work area. If the applicable recruitment announcement is unavailable, the minimum qualifications shall be reflected by the most current recruitment announcement for that work area.

13.3 DETERMINATION OF "MINIMALLY QUALIFIED"

A. Work Unit Committee Function

The question of whether or not an identified bargaining unit member is "minimally

qualified to teach courses in the work area", as noted above, shall be determined by a work unit committee.

B. Committee Composition

The work unit committee shall be composed of three (3) members selected as follows: (a) Chairperson of the work unit; (b) the most senior full-time faculty member in the work area; (c) the most senior full-time faculty member in the work unit. No more than one (1) member of the committee shall be from the area being bumped. No committee member shall serve if he/she is personally impacted. The second, third, fourth, etc., most senior employee from the work unit shall be appointed to maintain the formulas outlined above. Where a Chairperson does not supervise a work unit, i.e. Student Services Unit, one additional most senior full-time faculty member will be added as provided above. The Committee may be required to function during any and all recess and summer periods if the time restraints indicated so require.

C. Exception to A and B Above

The Committee function, (A) above, and composition, (B) above, shall apply to all work units with the following exception: Public Relations (Article 13.4, category M), where the appropriate Vice President or supervising administrator will determine qualifications.

13.5 LAYOFF/BUMPING PROCEDURE

The sequence of events and applicable deadlines to effect the described layoff and bumping process are as follows (All notices and responses shall be by certified mail):

- | | | |
|--------|--|--|
| STEP 1 | First Day | Bargaining Unit Member and the Union President shall receive written notice from the President of the College that he/she will be laid off from work area |
| STEP 2 | Within seven (7) calendar days of step 1 | Bargaining Unit Member may request, in writing to the President of the College with a copy to the union, the exercise of his/her bumping rights into a work area within any work unit within which he/she has seniority. Failure to respond within this time limit is considered a waiver of all bumping rights |
| STEP 3 | Within seven (7) calendar days of step 2 | The President will provide to the requesting bargaining unit member the identification of the least senior full-time employee in the work area(s) to which the bargaining unit member has requesting bumping rights. If no employee within the work area selected is less senior to the requesting bargaining unit member, this information will be provided to the bargaining unit member and the unit. In the event there is a junior employee such identified least senior employee shall be given written notice that their position has been identified and subject to bumping privileges |
| STEP 4 | Within seven (7) calendar days of step 3 | In cases where a less senior employee has been identified, the bargaining unit member requests bumping into a work area must provide written documentation and credentials, indicating experience, and qualifications to teach courses within the area. This documentary material must be submitted directly to the President of the College |

STEP 5 Within seven (7) calendar days of step 4

The President of the College will direct materials so submitted to all members of the work unit committee in which bumping is requested and the work unit committee will render its determination to the President of the College in writing on whether the requesting bargaining unit member is minimally qualified to teach courses in the work area described in step 4 above, within seven (7) calendar days of its receipt of the submitted material.

Failure of the committee to render a determination within the indicated seven (7) days shall permit the President of the College to determine the question of qualifications. The determination of the work unit committee or the President of the College is not reversible nor is it grievable by any bargaining unit member or the Association.

STEP 6 Within seven (7) calendar days of step 5

The President of the College will communicate the committee's determination or the President's determination to the requesting bargaining unit member, the least senior bargaining unit member, and the union President.

- A. If the determination is that the requesting bargaining unit member is qualified to teach in the work area, the least senior full-time employee will be laid off at the end of the academic semester in which such determination was communicated to the least senior full-time employee.
- B. When such least senior employee is on either temporary or term appointment, no further bumping shall be permitted.
- C. Where the process determines that a least senior full-time employee with a continuing appointment is to be laid off, such least senior employee may exercise his/her bumping rights in the same manner established above.

- D. If the determination of the work unit committee is that the requesting bargaining unit member is not qualified to teach courses in the work area, the initial notice issued to the requesting bargaining unit member is effective at the end of the academic semester that such notice was given.

13.6 BUMPING OF NON-TEACHING BY TEACHING UNIT MEMBERS

In the case of a non-teaching faculty position, the faculty member requesting bumping privileges must be able to document and provide credentials reflecting experience, and qualifications to perform the services and functions of the identified least senior full-time non-teaching employee in the specific work area.

13.7 PROCEDURES WHERE SENIORITY EQUAL

Where seniority is equal, the provisions of article 12.9 will apply

13.8 USE OF NON-CREDIT COURSES TO AVOID LAYOFF

- A. The College may substitute non-credit courses for credit courses to fulfill teaching load requirements to avoid retrenchment. Combinations of credit and non-credit loads may result from this arrangement. A faculty member, who is assigned a mixed load (credit and non-credit), shall have the credit formula Article 7.1 © applied to the credit portion of the load and the non-credit Article 7.7 applied to the non-credit portion of the load. Faculty members who use non-credit courses in this manner may be subject to scheduling on a twelve (12) month basis at the discretion of the Vice President. If faculty members are assigned to a 12 month course, payment would be contract rate plus 20%.
- B. The amount of non-credit responsibility assumed shall be equivalent to the percent of loss between the actual credit hours taught and thirty (30) hours per year; e.g.: twenty-one credit hours is 70% of thirty (30) hours; therefore, 30% of the maximum of non-credit responsibility of fifty (50) hours is fifteen (15) hours per academic year.

13.9 FINANCIAL RETRENCHMENT

A. Defined

A financial retrenchment shall be defined as a reduction in the budgetary line for total personnel services from the previous years adopted total personnel services line adjusted for approved budget increases by the Niagara County Legislature. (see example below). Under such defined financial retrenchment the College will

remain dedicated to the principle of maintaining excellence in programs and services offered within the established financial constraints.

Example – Financial Retrenchment Warranted

80 – 81 Budget (line)	\$ 7,000,000.00
Approved Budget Increases (Salary, New Positions, etc.)	1,500,000.00
Adjusted 80-81 Budget (line)	5,500,000.00
79 – 80 Budget (line)	6,000,000.00
Adjusted 80-81 Budget (line)	<u>5,500,000.00</u>
Required Financial Retrenchment	\$ 500,000.00

1980-81 budget line as adjusted is less than 1979-80 budget line; therefore, financial retrenchment may take place.

B. Effect

1. The services of any member of the bargaining unit on or eligible for a continuing appointment may be terminated in the event of a financial retrenchment.
2. If a financial retrenchment results in the elimination of a bargaining unit position on or eligible for a continuing appointment, the last such bargaining unit member(s) hired shall be retrenched. For purposes of this provision, total months worked shall count toward seniority accrual, so long as the employee worked a minimum of 50% of the scheduled work days in any such calendar month. (Scheduled work days refer to the annually agreed upon work year/per diem calendar). (See Article 12.2 and 12.3).
3. The President of the College shall give immediate written notice to any affected bargaining unit member and the President of the Faculty Association that he/she shall be laid off. Such notice shall be given no later than midnight, August 20th. The date of such notice shall determine the effective date of layoff. Such notification supersedes any and all previous appointment status prior to receipt of the notification.
4. A bargaining unit member on continuing appointment so retrenched shall receive a lump sum payment of equal to one-half of annual salary minus unemployment benefits for twenty-six weeks.

C. Recall

The recall provisions specified in Article 14 shall apply to bargaining unit members terminated as a result of financial retrenchment. The College shall not replace any bargaining unit members terminated under financial retrenchment except where vacancies are not filled through the recall method specified.

D. Grievances Resulting from Financial Retrenchment

Grievances under financial retrenchment are limited to the following:

1. Whether financial retrenchment occurred as defined.
2. Order of retrenchment.
3. Notice.

E. Seniority Accrual – Ten (10) Month Appointees

In determining seniority accrual for the financial retrenchment list, it is agreed that for faculty on ten-month appointments, ten months is the equivalent to a year as follows:

1. Fall semester – August, September, October, November, December (5 months)
2. Spring semester – January, February, March, April and May (5 months)

F. June & July will be spread across the ten months by having each month (August – May) count 1.2 months for purposes of seniority.

ARTICLE 14 – RECALL FROM LAYOFF STATUS

14.1 GENERALLY

A faculty member appointed to a continuing appointment who is laid off from a work area shall be placed on a recall list. An employee who bumps into another work unit shall accrue seniority in that work unit. Seniority once accrued shall not be lost. If the faculty member was laid off and his/her services within the bargaining unit were terminated, the affected faculty member's seniority shall be frozen at the date of such termination. When an employee is recalled, he/she shall receive all previously earned and unused benefits at the date of layoff (sick days, vacation, personal leave).

14.2 PROCEDURE FOR RECALL

- F. Faculty members who wish to be considered for a vacancy must file their credentials and qualifications relative to minimum qualification as listed in the recruitment announcement to the President of the College within ten (10) calendar days of the date of receipt of the notice of vacancy. Failure to respond shall be considered a rejection.
- G. Unit members on the recall list shall be given notice and preference in filling bargaining unit positions before any new employee is hired. (The rule of minimum qualifications as listed in the recruitment announcement shall apply to all recalls). (See Article 13.2 and 13.3 for definition of "minimally qualified").

Employees entitled to the above traditional health insurance plan coverage will be eligible for a one-time buy-out as follows: No later than 60 days following ratification, each such employee must provide written notice to the College Director of Human Resources that he/she irrevocably waives any further right to coverage under the traditional health insurance plan. In exchange, the employee will receive a one-time payment of \$8,000 no later than 30 days following such written notice. The employee shall then be entitled to POS coverage only pursuant to Section 17.2(E), below.

B. Use of Alternative Carriers:

The parties are at liberty to select an alternate health insurance carrier to provide comparable coverage to the health plan noted above. Use of a new carrier requires mutual agreement. The College has the unilateral right to change from the Alliance to another administrator or source of funding, provided that the benefits of the BC/BS traditional plan as noted in Part A above remain comparable on an overall basis, and upon sixty (60) days' notice to the Faculty Association for the parties to confirm that benefits will remain comparable on an overall basis. If the Association disagrees it may proceed directly to arbitration pursuant to the arbitration provisions of this Agreement, and the parties will jointly request a bench decision from the arbitrator.

C. Overlapping Coverage:

In any situation when the spouse of a unit member or retiree is either covered or eligible for coverage under any plan offered by the College then they shall be eligible for only one (1) family plan or two (2) individual plans regardless of union affiliation.

D. Cost Sharing Agreement:

All unit members will pay ten percent (10%) of the premium cost or its equivalent effective 8/31/2014 for the health insurance coverage provided by the College under this Article.

Each such unit member will participate in the Premium Only account of the Section 125 Flexible Spending Account program.

Waiver of Single Coverage	\$300.00 per year
Waiver of Family Coverage	\$750.00 per year

2. Written notification to the College must be submitted on or before September 1st, on a form annexed to this agreement as Appendix A. Once such written waiver notice is submitted, it shall continue in effect unless and until rescinded, in writing, by the faculty member.
3. The College and the Association will agree on whether the waiver amount will be paid in cash, or, used to provide other nontaxable benefits up to the waiver amount. It is understood that the option shall be either and not both of the above options for the entire unit.
4. It is understood and agreed that any faculty member who waives health insurance coverage for any one year may elect coverage for any subsequent year. Such election must be made during the College's open enrollment period.
5. Notwithstanding the waiver of health insurance coverage by a unit member for any year, the unit member will be permitted reentry into the College's health plan where unforeseen events occur which have not resulted from the unit member's fault or negligence. Reentry shall be subject to any insurance carrier restrictions which may apply.

G. Health Insurance Upon Retirement: [Modifications to be effective August 31, 2013].

(1) Unit members shall be eligible for group health insurance coverage during retirement provided the unit member is at least 55 years of age at the time of retirement from the College for retirement after 8/31/2014, as follows:

Retirees who were hired by the College on or after 8/28/2014, and who retired from the College with 20 or more years of service, shall pay the same premium contribution during retirement as the retiree paid for active employee coverage at the time of retirement.

At the option of the retiree, and subject to Section 17.2(G)(2), Health Insurance coverage for retirees will be any of the plans that are available to actively employed unit members for which the retiree would be eligible if still in active employment.

(2) Medicare Part B – Members of the Association who retire from the College (and covered spouses) are required to utilize Medicare Part B commencing with their 65th birthday, and the College retains the right to provide such retiree (and spouse when applicable) with a Medicare Advantage Plan that provides a level of benefit that is comparable to the College’s plan for which they are otherwise eligible. The parties agree that the BC/BS PPO 799 and BC/BS PPO 799 00A (for those who do not live within the eight counties of Western New York) are currently comparable plans, which may be insured or self-insured at the College’s option: Maximum out of pocket cost for former faculty member or spouse is \$1,500 per person per year. The College retains the right to supplement the benefits provided by the Medicare Advantage Plan to ensure comparability. The College shall reimburse the retiree for the cost of the retiree’s basic Medicare Part B subscription as set forth below, and the remaining Medicare Part B cost is the responsibility of the retiree:

Subject to Article 17.2 C, all future retirees shall have the option to waive their health care benefits each year of their retirement. The College shall provide a cash payment for retirees who waive coverage as follows: 50% of the premium cost of the coverage for which the retiree is otherwise eligible for retirements occurring through 8/31/2014, or 40% of the premium cost of the coverage for which the retiree is otherwise eligible for retirements occurring after 8/31/2014 through 8/31/2015, or 30% of the premium cost of the coverage for which the retiree is otherwise eligible for retirements occurring after 8/31/2015. Notwithstanding the waiver of health insurance coverage by a retiree for any year, the retiree will be permitted reentry into a health plan for which they would be eligible as a retiree if a qualifying event occurs where unforeseen events occur which have not resulted from the retiree's fault or negligence. Reentry shall be subject to any insurance carrier restrictions that might apply.

ARTICLE 19 - GRIEVANCE PROCEDURES

19.1 STATEMENT OF PURPOSE

Whereas, the establishment and maintenance of a harmonious and cooperative relationship between the College and the faculty is essential to the operation of the College, it is the purpose of this procedure to secure, at the lowest possible administrative level, equitable solutions to alleged grievances of faculty through procedures under which they may present grievances free from coercion, interference, restraint, discrimination or reprisal, and by which the College and the faculty are afforded adequate opportunity to dispose of their differences without the necessity of time-consuming and costly proceedings before administrative agencies or in the courts.

19.2 DEFINITIONS

Grievance: A complaint by any faculty member or group of faculty members in the negotiating unit regarding an alleged violation, misinterpretation, or misapplication of the terms of this agreement. The sole exceptions to the above definition are academic freedom grievances as specified in Article 8, and grievances arising under the Termination of Services clause which shall be restricted to notification and procedural requirements.

Grievant: The person or group of persons in the negotiating unit submitting the grievance.

Grievance Committee: A duly constituted committee of the Association composed of not more than (3) members.

Hearing Officer: The individual charged with the duty of rendering a decision at a particular stage of this grievance procedure, and shall be appointed by the President or his/her designee.

Representative of His/Her Choice: An individual faculty member, Association Officer, or the Grievance Committee whom the grievant shall choose and who agrees to represent him/her at stages one, two, and three of the Grievance Procedures.

19.3 SPECIFIC CONDITIONS

- A. All members of the negotiating unit shall have the right to present grievances in accordance with this article, provided, however, that the first presentation of the grievance, must occur within twenty (20) working days after the grievant could reasonably have first knowledge of the alleged grievance, and provided that the grievance is presented in writing containing a brief statement of the nature of the grievance and the specific provision(s) of the agreement alleged to have been violated.
- B. Every grievant shall have the right to be represented at stages one, two, and three by a representative of his/her choice, whether or not the Association is chosen as the representative of the grievant, all communications regarding the grievance shall be sent to the Chairperson of the Grievance Committee as well as the grievant.
- C. Failure of a Hearing Officer at any stage to communicate his/her decisions within the designated time limits shall permit the grievant to proceed to the next stage of the grievance procedures.
- D. The failure of the grievant to appeal a decision to the next higher stage within the designated time limit shall constitute a withdrawal and shall bar further action by the grievant.
- E. The grievant may withdraw the grievance by written notice at any time, but the Association may convert such grievance into a policy grievance if the grievance applies to more than one (1) employee.
- F. If the Association on behalf of its collective membership is the grievant, the grievance procedures will be initiated at the second stage in writing containing a brief statement of the nature of the grievance and the specific provision(s) of the agreement alleged to have been violated.

- G. Time spent in any capacity in the presentation of a grievance shall not be charged against leave time. There shall be no harassment of, or retaliation against any person associated with the presentation of a grievance.
- H. Hearings and conferences held under these procedures shall be conducted at a time and place which will afford a fair and reasonable opportunity for all parties to attend. Said hearings shall be scheduled so as to avoid interference with teaching schedules.

19.4 PROCEDURAL STEPS

All grievances arising out of an alleged violation, misinterpretation or misapplication of the terms of this agreement shall be presented and adjusted in the following manner:

- A. Stage One - A member of the negotiating unit having grievance shall file such grievance in writing to the appropriate Vice President/Dean either directly or through an Association representative, with the objective of resolving the matter informally.
- B. Stage Two - If the grievance is not resolved informally, it shall be reduced to writing and presented to the designated hearing officer containing a brief statement of the nature of the grievance and the specific provision(s) of this agreement alleged to have been violated. This presentation shall afford an opportunity for full discussion of the grievance between the grievant and the hearing officer. Within ten (10) working days after the written grievance is presented to him/her, the Hearing Officer shall render a decision thereon in writing and present it to the grievant. The President shall appoint a Hearing Officer prior to the beginning of each academic year and shall notify the Association President of said appointment.
- C. Stage Three - The grievant may appeal the decision rendered at stage two within ten (10) working days after receipt of the decisions by submitting a written appeal to the President of the College. Such written appeal shall set forth specifically the nature of the grievance, the facts relating thereto, and grievant's reasons for rejection of the decision rendered in the second stage. Within five (5) working days after receipt of the appeal, the President, or his/her duly authorized representative, shall hold a hearing with the grievant. The President shall render a decision in writing within five (5) working days after conclusion of the hearing.
- D. Stage Four - In the event that there has been no resolution of a grievance regarding the terms of this Agreement, and in the event the Association

determines that the grievance is meritorious and votes to represent the grievant, the unresolved issues shall be submitted to an Arbitrator within fifteen (15) working days for Binding Arbitration, with the provision that the Arbitrator shall consider only the disputed issues submitted to him/her by joint statement executed by both parties. If the parties are unable to agree upon a statement of the issue, the Arbitrator shall be empowered to frame it. The Arbitrator shall have no power to add to, subtract from, modify or amend any of the provisions of this Agreement, or issue any award limiting or interfering with the operation of any applicable provision of law, or inconsistent with, or contrary to, any such provision of law.

- E. Stage Five - The Arbitrator shall be selected by the Association and the College from a list of Arbitrators provided by the New York State Mediation Service or PERB.

The Arbitrator's decision shall be in writing and shall set forth his/her finding of fact and conclusions, and order which shall be final and binding on all parties.

The cost of the services of the Arbitrator including expenses, shall be borne equally by the College and the Association.
