AGREEMENT

This Agreement made and entered into this 1st day of JUNE 2004, by and between the Labor Relations Division of Construction Industries of Massachusetts, Inc., a corporation organized and existing under the laws of the Commonwealth of Massachusetts, referred to hereinafter as the "Association", acting for and in behalf of and under the Authority of its members, as per Schedule I attached hereto and made a part hereof, and any members joining said Association during the term of this Agreement, and such other Heavy and Highway Contractors who execute an Acceptance of the Terms and Provisions of this Agreement hereinafter collectively referred to as the "Employer" and the Massachusetts Laborers' District Council of the Laborers' International Union of North America, acting for and in behalf of Local Unions: 14-Salem, 22-Boston, 39-Fitchburg, 88-Boston, 133-Quincy, 138-Norwood, 151-Cambridge, 175-Lawrence, 223-Boston, 243-Worcester, 385-New Bedford, 429-Lowell, 473-Pittsfield, 560-Waltham, 596-Holyoke, 609-Framingham, 610-Fall River, 721-Brockton, 876-Taunton, 999-Springfield, 1020-Boston, 1285-Boston and 1421-Greater Boston each referred to as the "Local Union" and collectively hereinafter to as the "Council".

PREAMBLE

The purpose of this Agreement is to determine the hours, wages, fringes and other conditions of employment, and to adopt measures for the settlement of differences and maintaining a cooperative relationship so that the Employer may have sufficient capable workmen and the workmen may have as much continuous employment as possible, without interruption by strikes, lockouts, or other labor management troubles.

Now, Therefore, the undersigned Employer and the Union, in consideration of the mutual promise and covenants herein contained, agree as follows:

DECLARATION OF PRINCIPLES

There shall be no discrimination against any employee by reason of race, creed, color, sex or national origin. The Employer, the Union and the employees shall abide by the Federal Williams-Steiger Occupational Safety and Health Act and other applicable safety regulations of Massachusetts.

ARTICLE I
TERRITORIAL JURISDICTION

This Agreement shall apply to and be effective within all areas of the Commonwealth of Massachusetts.

ARTICLE II
UNION RECOGNITION, UNION SECURITY AND EMPLOYMENT

Section 1. The Employer hereby recognizes and acknowledges that the Union is the exclusive representative of all employees in the classifications and categories of work covered by this Agreement for the purpose of collective bargaining as provided by the Labor-Management Relations Act of 1947, as amended. The Employer will bargain in good faith with respect to renewal or extension of the current or any subsequent collective bargaining agreement.

Inasmuch as the Employer is satisfied that the Union represents a majority of its employees in the bargaining unit described herein, the Employer recognizes the Union as the exclusive bargaining agent under Section 9(a) of the National Labor Relations Act for all employees within the bargaining unit on all present and future job sites within the jurisdiction of the Union, unless and until such time as the Union loses its status as the employees' exclusive representative as the result of an NLRB election requested by the employees. The Employer agrees that it will not request an NLRB election and expressly waives any right it may have to do so. If the Union has not yet submitted a determination of its majority support, the Employer agrees that, upon the Union's presentation of evidence of majority status among its employees in the bargaining unit described herein, it will voluntarily recognize the Union as the exclusive bargaining agent for all employees within the bargaining unit on all present and future job sites within the jurisdiction of the Union. The Employer expressly waives any right it has to condition its recognition of the Union upon the Union's certification by the NLRB as the employees' bargaining representative following the NLRB election.

The Employer will bargain in good faith with respect to renewal or extension of the agreement or any subsequent collective bargaining agreement.

Section 2. All present employees who are members of the Union on the effective date of this Agreement shall remain members in good standing by the payment of their regular monthly dues as a condition of continued employment. All present employees who are not members of the Union and all employees who are hired hereafter for work in the classification specified herein shall become and remain members in good standing by the payment of the required initiation fee and regular monthly dues on the eighth (8) day following the execution of this Agreement or the date of employment, whichever is later, and shall thereafter maintain such good dues standing for the term of this Agreement.

Section 3. Upon receipt of written notice from the Union, the Employer shall discharge any employee who fails to become or is not a member of the Union on the prescribed day, provided membership was available under the same terms and conditions as generally applicable to other members. Further, all employees who fail to maintain their Union membership in good dues standing shall be summarily discharged by the Employer. The Union agrees to indemnify, defend and hold the Employer harmless from any claim arising from any such discharge.

Section 4. "Membership in good standing" as referred to herein means solely the tender or payment of normal dues and the standard initiation fee.

Section 5. Should the present Federal Law be amended during the term of this Agreement to allow compulsory membership in the Union on the date of employment, or on any period less than eight (8) days from the commencement of employment, this clause is hereby automatically changed to include such amendments as of the effective date of the law.

Section 6. The Local Union shall be recognized as the principal source of laborers and shall be given the first opportunity to refer qualified applicants for employment. The Employer shall be the sole judge as to whether or not the men furnished are qualified. The Employer reserves the right to transfer or rehire laborers, provided that for those laborers rehired, the Employer shall first notify the Union of the rehiring.

Section 6(a). The Employer recognizes that the Local Union having jurisdiction over the area is the established and prime source of skilled and dependable labor, necessary and required to perform the work covered by this Agreement and that the Local Union is ready, willing and able to furnish laborers to perform the work covered by this Agreement.

Section 6(b). A fair percentage of the employees on the job shall be from the same Local Union which has territorial jurisdiction where the job is located and this percentage must be maintained throughout the life of the project. The Employer reserves and shall have the right to rehire any employee who has been an employee of the Company, provided said employee has worked for the Employer during the period of four (4) months preceding the date of hiring, excluding time out on Worker's Compensation and for extended sickness. This period shall be six (6) months for asphalt crews, fence erectors and landscapers. New employees shall be from the same Local Union which has territorial jurisdiction where the job is located. The Employer shall furnish the Union, upon request, the name and address of said rehired employees.

It is understood that the Employer may make a reasonable request that the "fair percentage" provisions of this Agreement above not be applied. In such instances, the Employer may make such a request to the Local Union having territorial jurisdiction in a timely manner preferably not later than its pre-job conference. The Union however does recognize that there may be instances where such request may be made after the pre-job conference. Such request shall not be unreasonably denied. This relief shall not apply to any project covered by a project labor agreement.

For utility work in connection with electric, telephone and gas utilities where such work is not performed under the provisions of a project agreement or in connection with a construction project, the provisions of Article II, Section 6(b) pertaining to fair percentages shall not apply.

Section 6(c). When the Employer has exhausted the rehiring of former employees as stated in Section 6(b) above, then the Employer must inform the Union office of all work opportunities and openings. The Union shall be given the first opportunity to refer applicants for such employment openings.

Section 6(d). The Employer reserves and shall have the right to accept or reject any applicants referred by the Local Union.

Section 6(e). In the event that the Local Union is unable to fill the requisition of the above Employer for employees within a twenty-four (24) hour period, excluding Saturdays, Sundays and holidays, after such requisition is made by the Employer, the Employer may employ applicants directly at the jobsite.

Section 7. Subcontracting The Employer agrees that the wages, hours and working conditions, including contributions to the Health & Welfare, Pension, Training, Legal Services, New England Laborers' Labor-Management Cooperation Trust, Annuity, Unified Trust, and New England Laborers' Health & Safety Funds provided by this Agreement shall encompass the entire work covered by this Agreement, thereby applying equally to any subcontract let by the Employer on work covered by this Agreement at the site of any job.

The Employer further agrees to refrain from doing business with any subcontractor for work, covered by this Agreement, to be done at the site of a construction project, except where such a subcontractor subscribes and agrees in writing to be bound by this Agreement, and complies with all of the terms and conditions of this Agreement.

This Section 7 shall not apply when the lowest filed sub-bidder on the projects that carry filed sub-bidders is non-union or to vendors furnishing materials solely or to any person furnishing trucking or transportation.

The Employer shall send to the District Council a list of subcontractors performing laborers' bargaining unit work.

Upon receiving notice from the District Council or Benefit Fund Office that a subcontractor is delinquent in the payment of fringe benefit contributions, the general contractor will be liable for subsequent unpaid contributions on that project.

ARTICLE III **HOLIDAYS**

Section 1. The holidays which are to be observed are as follows:

<i>New Year's Day</i>	<i>Labor Day</i>
<i>Washington's Birthday</i>	<i>Columbus Day</i>
<i>Memorial Day</i>	<i>Armistice Day</i>
<i>Fourth of July</i>	<i>Thanksgiving Day</i>
	<i>Christmas Day</i>

and any legal holiday declared by an Act of the Massachusetts Legislature.

Section 2. Employees who work on holidays listed above shall be paid at double the applicable rate. If a holiday falls on a Sunday, the day celebrated as such shall be a holiday.

ARTICLE IV
BUSINESS MANAGER, FIELD REPRESENTATIVE,
STEWARD, LABORER FOREMEN

Section 1. The Business Manager or Field Representative of the Union shall be allowed to visit the job during working hours.

Section 2. A Steward shall be furnished by the Union Representative of the Local Union who has territorial jurisdiction in the area where the job is located. The Steward shall be allowed a reasonable amount of time to carry out the provisions of this Agreement and report any violations of same to the Union. The Steward shall remain on the job until completion of all work covered by the terms of this Agreement, and shall work all overtime possible. The Employer shall give the Union at least forty-eight (48) hours notice of its intention to lay off the Steward in all cases. The steward shall be the first laborer, after the foremen, to be recalled after a temporary layoff. The Business Manager shall be notified to recall the steward so that in case the steward is not available to return to the job, the steward may be replaced.

The steward may be assigned to a laborer subcontractor on the project with the prior approval of the Business Manager, which shall not be unreasonably withheld, so long as the general contractor and/or construction manager does not employ laborers on its payroll. However, the general contractor and/or construction manager shall have the ultimate responsibility to make certain that a steward is present when required by this Article. Said steward shall be the only steward on the project.

Section 3. Laborer Foremen Laborer Foremen in charge of laborers shall receive not less than one dollar (\$1.00) per hour, over the basic hourly rate paid to laborers under his direction, and must be members of the Union.

The individual Employer shall have the right to determine the need for, or number of, Laborer Foremen.

For the purpose of directing laborers, where three (3) or more laborers are employed, a Laborer Foreman shall be designated by the Employer and he shall be a member of the Union. Where there is a need for more than four (4) Laborer Foremen, they shall be designated alternatively by the Employer and from the Local Union having territorial jurisdiction in the area where the job is located.

ARTICLE V

PROCEDURE FOR ADJUSTMENT OF DISPUTES AND ARBITRATION

Section 1. There shall be, during the term of this Agreement and so to any work covered hereby, no slowdown, no stoppage of work, no strike and no lockout over the terms and conditions of this Agreement until such time as all of the procedures outlined below have been complied with.

Section 2. It is the good faith intention of the parties hereto that, by the execution of this Agreement, industrial peace shall be brought about, and that the Union and the Employer shall cooperate to the end that work may be done efficiently and without interruption.

Section 3. If any difference of opinion or dispute should arise between the parties as to the interpretation or application of this Agreement, a complaint will be made by the aggrieved party immediately. In each case, the first attempt at settlement shall be made between the Business Manager of the Local Union and the Employer or his representative.

Section 4. Disputes which cannot be adjusted between the Employer and the Local Union within forty-eight (48) hours after they arise, excepting Saturdays, Sundays and holidays, shall be referred to the Labor Relations Division of Construction Industries of Massachusetts, Inc. and the Massachusetts Laborers' District Council of the Laborers' International Union of North America.

Section 5. If, within forty-eight (48) hours, no adjustment or settlement is resolved by the procedures of Section 3 above, either party may submit the issue to arbitration.

Section 6. Arbitration Procedure Both parties to this Agreement agree to settle all disputes, except as otherwise provided herein, through an Arbitration Board composed of two (2) members of each side. The party submitting the issue

to arbitration shall notify the other party at once, in writing, and a meeting to consider and act in the matter shall take place within three (3) days, excepting Saturdays, Sundays and holidays. Work is to be continued during the arbitration. If a tie vote exists, then an umpire shall be chosen by them, to whom the matter in dispute shall be referred, whose decision shall be final and binding. If an impartial umpire cannot be agreed upon within five (5) days, the Arbitrator shall be appointed by the American Arbitration Association, and the arbitration will be conducted under the voluntary labor arbitration rules of the American Arbitration Association. The Arbitrator shall not have the power to amend, add to or alter the provisions of this Agreement, and his decision will be final and binding on both sides.

Section 7. Each of the parties shall bear the expense of its appointed Arbitrator and the parties shall jointly and equally bear the expense, if any, of the umpire.

Section 8. Nothing contained herein shall require the District Council to process any Local Union or employee grievance which, in its opinion, would be without merit, and no employee shall have the right to arbitrate his grievance should the Union deem it without merit.

ARTICLE VI SEVERAL LIABILITY

Section 1. The obligation of each Employer member of the Association shall be several and not joint.

Section 2. The Massachusetts Laborers' District Council, a party to this Agreement, shall not be held responsible for any unauthorized act committed by any affiliated Local Union or members thereof, unless said Council has ordered or ratified the same or condoned such act after official notice thereof. The Massachusetts Laborers' District Council agrees, that upon the receipt of notice from the Association or any Employer member thereof of any unauthorized act, it will exercise all of its power and authority to correct same.

Section 3. The obligation of each Local Union, affiliated with the Massachusetts Laborers' District Council, shall be several and not joint.

ARTICLE VII
CANCELLATION OF PRIOR CONTRACTS

This contract shall preclude the existent contract between the Labor Relations Division of the Construction Industries of Massachusetts and the Massachusetts Laborers' District Council and shall also supersede all contracts entered into prior to membership in the Association with reference to the Heavy and Highway Construction Industries as defined in Article VIII between the Employer who is a party hereto and any Local affiliated with the Council, and all obligations of either such party under any contract entered into prior to the date thereof shall cease.

ARTICLE VIII
HEAVY AND HIGHWAY CONSTRUCTION INDUSTRIES

Section 1. The terms of this Subdivision shall apply to the following work:

Section 2. Heavy and Highway construction, where referred to in this Agreement, is defined in Article XXIX herein.

Section 3. If any provision of this Agreement is in conflict with the laws or regulations of the United States, or of the Commonwealth of Massachusetts, such provision shall be superseded by such law or regulation, but all other provisions of this Agreement shall continue in full force and effect.

Section 4. Building Construction Rates

- a) When an Employer engages in work within the building foundation line of any building, he shall pay the wages and fringe contributions and also abide by the hours and working conditions specified in the local Building Agreement that has been negotiated through bona fide collective bargaining by one of the Local Unions (member of the Council) having jurisdiction over the area in Massachusetts where the work is being performed.

- b) When an Employer, as a subcontractor, engages in work from the building foundation line to the building property line of any building, such as site clearance, excavation, sidewalks, landscaping, roadways, driveways, parking areas, athletic fields, fences and guard rails, curbing, installation of all underground utilities regardless of type, he shall pay the wages (fringe contributions payable to the Funds specified herein) as specified in the Local Building Agreement that has been negotiated through bona fide collective bargaining by one of the Local Unions (member of the Council) having jurisdiction over the area in Massachusetts where the work is being performed, but said Employer shall abide by all of the other terms and conditions as set forth in this Agreement, such as time and one-half on overtime work and scheduling of work operations.
- c) When an Employer engages in work outside the building property line of any building and/or any work more particularly described in Section 2 of Article XXIX hereof, the rates, fringes, hours and conditions of this Agreement shall apply.

ARTICLE IX **HOURS OF WORK AND SHIFT OPERATIONS**

Section 1. The regular work day shall consist of eight (8) hours of work to start on a one or two shift operation not earlier than 7:00 AM. If the Employer decides the starting time to be 7:00 AM instead of 8:00 AM, he shall continue starting at that time for at least five (5) consecutive days. All hours worked on any regular work day prior to the starting time and after the quitting time established herein, shall be paid for at the rate of time and one-half the straight time rate.

Section 2. On the jobs where two shifts are to be employed, the starting time of each shift will be mutually agreed upon before commencement of work and such starting time shall continue for at least five (5) consecutive days.

Section 3. On jobs where three (3) shifts are to be employed, the first shift shall start at 8:00 AM Monday, the second shift at 4:00 PM and the third shift at 12:00 Midnight and the last shift shall have completed a forty (40) hour week by 8:00 AM the following Saturday. All work between 8:00 AM Saturday and 8:00 AM Sunday shall be paid for at the rate of time and one-half, and all work between Sunday 8:00 AM and Monday 8:00 AM, shall be paid for at the rate of double time, provided it is a three shift operation. Each shift shall include a one-half hour lunch period. The above shift hours may be changed by mutual agreement of the parties.

Section 4. On the projects where the job specifications require the contractor to work hours other than the regular work hours set forth in this Agreement, the contractor may work these hours at eight (8) hours straight time.

Section 5. The regular work week shall be forty (40) hours, eight (8) hours each day, Monday, Tuesday, Wednesday, Thursday and Friday, and time and one-half shall be paid for all overtime except as hereinafter set forth. Double time shall be paid for all work performed on Sundays and holidays.

Hours in excess of forty (40) for the week or ten (10) hours day shall be paid for a time and one-half (1½) the basic wage rate. In the event there is lost time during the four (4) day work week for any reason beyond the Employer's control, including inclement weather or equipment breakdowns, then Friday may be worked as a make-up day at straight time, provided that the work shall be performed between the hours of 7 a.m. and 5:30 p.m.

If the Employer has scheduled five 8-hour days and there is a job shut-down due to weather, the Employer may schedule that Saturday as a straight-time make-up day.

Section 9. Utility Construction

- a) For utility work in connection with electric, telephone, gas, water and sewer utilities, where such work is *not performed under the provisions of a Project Labor Agreement, or is part of a National Pipeline Project, in connection with an overall construction project, the provisions of Article II, Section 6(b) pertaining to fair percentages, shall not apply.*
- b) The Employer may exercise its option to work four ten (4-10's) hour days at straight time, including Saturdays, should there be a shut-down due to inclement weather or the Awarding Authority's decision not to work for traffic or other reasons. Overtime will be applicable either after ten (10) hours any one day or after forty (40) hours during the week.
- c) For posted wage rate projects and on private projects, the wage/benefit requirement throughout the project will be the rate in effect under the Laborers' agreement as of the date the project is bid.

Contractors intending to utilize these special provisions applicable to utility construction must fax notice to the Mass. Laborers' District Council, so as to be received not less than three business days prior to the bid date. If the District Council contends that the project in question does not properly fall under the definition of "utility construction" it must communicate its objection either to the CIM or the contractor in question.

In no event shall the Employer be required to pay higher rates of wages, or be subject to more unfavorable working rules than those established by the Union for any other Employer engaged in similar work.

ARTICLE XXXII
MARKET RECOVERY AND RETENTION COMMITTEE

It is hereby understood and agreed by and between the Union and the Employer that for the term of collective bargaining agreement commencing June 1, 2004 and expiring by its terms on May 31, 2008, there shall be established a Market Recovery Committee, consisting of four (4) members, three (3) delegates designated by the Council and the Business Manager of the Local Union in whose jurisdiction the particular job or project is located. The purpose and authority of the Market Recovery Committee shall be to consider and, where appropriate, grant requests for modifications on a job by job basis from negotiated contractual conditions as provided for by this Article.

In recognition of the current downturn in the construction industry within Massachusetts, the parties hereto have agreed to consider appropriate action to place signatory contractors in a better competitive position in the marketplace. Accordingly, for any job bid from and after June 1, 2000, and during the term of this Article, a signatory contractor may request and the Market Recovery and Retention Committee by majority vote may grant, any and all of the following modifications of contractual conditions where warranted by competitive conditions:

1. A carry over on the hourly wage rate in effect at the time the job is bid for the duration of the job or for one (1) year beyond the contractual expiration of that rate, whichever may occur first; in that event upon expiration of the bid rate, employees shall receive the contractual wage rate then in effect;

2. A special wage rate of not less than eighty percent (80%) of the basic wage rate for alteration, repair, renovation, remodeling work, maintenance projects, and new construction work of any kind not subject to federal, state, city or town predetermined wage and fringe benefit rates;

3. A condition that allows the contractor to retain a non-signatory specialty subcontractor on jobs below \$100,000 provided the Employer notifies the Council prior to its bid that it is unable to locate a suitable, signatory subcontractor; to request this condition, the Employer must notify the Council reasonably in advance of the submission of bids for the job;

4. A condition that allows the contractor to schedule four (4) ten (10) hour days on a Monday-Friday basis at straight-time;

5. A condition that allows a Saturday make-up day at straight-time in the event time is lost during the regular work week due to inclement weather, provided the entire laborer crew and associated trades are sent home on that day. Any time worked in such week beyond forty (40) hours must be paid at the overtime rate; make-up time for Saturday shall be at least eight (8) hours in duration and shall not be mandatory. If any other associated trades on the job receive premium pay for the Saturday, then laborers shall receive premium pay.

6. It is understood that there may be instances when suitable, competitive union subcontractors may not be available for certain subcontracts. In such instances, the Employer may request of the Union, in a timely manner prior to bid or the award, that the Union endeavor to locate suitable, competitive union subcontractors to bid for the work. If the Employer and the Union are unable to locate such suitable, competitive subcontractors, in accordance with a good faith effort pursuant to the above procedure, it is understood and agreed that the Employer shall be relieved of the subcontracting clause [Article II, Section 7] for such subcontracts; provided however, that the subcontractor selected by the Employer must be a responsible contractor who provides workers' compensation insurance for all laborers on the project, does not misclassify any employees as "independent contractors" and provides health insurance for all laborers on the project. This section shall not apply on any project within Zone 1 or covered by a Project Labor Agreement (PLA);

7. It is also understood that there may be instances where, in order to be competitive, an Employer may request that the "fair percentage" provisions of this Agreement [Article II, Section 6(b)] not be applied. In such instances, the Employer may make such a request to the Local Union having territorial jurisdiction, in a timely manner prior to bid. For the fair percentage clause to be waived on a project all laborer employees must have been employed by the

employer a minimum of three (3) weeks in the previous five (5) months. This section shall not apply to any projects covered under a PLA;

8. Any disputes under Section 6 and 7 above as to whether a union subcontractor is suitable, competitive, whether the Employer notified the Union in a timely manner, or whether a non-union subcontractor is responsible and complies with the standards set forth in this section, or a fair percentage should be applied on a project are to be exclusively resolved by a four person committee convened under the first paragraph of this Article. The chairman of the committee shall be the Business Manager of the District Council or his designee. The chairman shall convene the committee within forty-eight (48) hours and a decision shall be reached that day. Any decisions of the panel shall be by majority vote and shall apply to only that particular job which was considered by the committee and shall be final, binding and conclusive on all parties signatory to this agreement and the Local Union involved in the job.

9. For private paving work, the terms and provisions of the Article on Market recovery shall apply as of right for projects up to \$350,000.

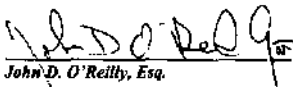

ARTICLE XXXIII

Memorandum of Understanding
Drug Abuse Prevention and Detection

The parties recognize the problems which drug abuse have created in the construction industry and the need to develop drug abuse prevention programs. Accordingly, the parties agree that in order to enhance the safety of the work place and to maintain a drug free work environment, individual employers may require applicants or employees to undergo drug screening. The parties agree that if a screening program is implemented by an individual Employer, the following items have been agreed upon by Labor and Management:

1. It is understood that the use, possession, transfer, or sale of illegal drugs, narcotics, or other unlawful substances is absolutely prohibited while employees are on the Employer's job premises or while working on any site in connection with work performed under the applicable agreement.

2. All applicants or newly hired employees will undergo a drug screen at a facility agreed upon by the Employer and the Union. The Employer agrees to pay each applicant or employee who takes and passes the drug screen test for all the time it takes to undergo the drug screen up to a maximum of two (2) hours travel time plus lab time. This paragraph shall not apply to applicants who have worked for the Employer within the prior eighteen (18) months of the date of application for reemployment.

3. Applicants not passing the drug screen will not be placed on the Employer's payroll or receive any compensation. Employees not passing the drug screen will be removed from the Employer's payroll. The Employer agrees to pay the cost for administering the drug screen.

4. The Employer may require that an employee be tested for drugs where the Employer has reasonable cause to believe that the employee is impaired from performing his/her job. Observation must be made by at least two (2) persons, one of whom shall be a Union employee or representative. This provision shall be applied in a non-discriminatory manner. Supervisors will administer the program in a fair and confidential manner.

The results of the test shall not be made known to any person other than the employee and the employee's Supervisory or other authorized Employer's representative.

For employees who refuse to take a test where the prerequisites set forth in this paragraph have been met, there will be a rebuttable presumption that the test result would have been positive for an unlawful substance.

5. An Employer may require that an employee who contributed to an accident be tested for drugs where the Employer has reasonable cause to believe that the accident resulted from drug usage.

6. There shall be no random drug testing by a signatory Employer, except in instances where such tests, policies or programs are required by the Department of Transportation, an awarding authority or owner prior to bidding. No such test, policy or program shall be binding upon the Union if contrary to state or federal law.

7. It is understood that the unsafe use of prescribed medication, or where the use of prescribed medication impairs the employee's ability to perform work, is a basis for removal.

8. A sufficient amount of a sample shall be taken to allow for an initial test and a confirmation test. The initial test will be by Enzyme Multiplied Immuncassay Technique (EMIT). In the event a question or positive result arises from the initial test, a confirmation test must be utilized before final action can be taken against the employee or applicant. The parties recognize that in most cases the employer will not be aware of any positive results arising from an initial test until after the results of the confirmation test are made known; however should the employee be suspended based on any initial test results and the confirmation test indicates that the initial test was erroneous and the confirmation test is negative, the employee shall be reinstated with all lost earnings. The confirmation test will be by Gas Chromatography Mass Spectrometry (GC/MS). Testing standards for both the initial test and confirmation test will be those established by the National Institute of Drug Abuse. Confirmed positive samples will be retained by the testing laboratory in secured long-term frozen storage for a minimum of one (1) year. Handling and transportation of each sample must be documented through strict chain of custody procedures.

9. Present employees, if tested positive, shall have the prerogative for a rehabilitation program at the employee's expense. When such program has been

successfully completed, the Employer shall not discriminate in any way against the employee. If work for which the employee is qualified exists, he or she shall be reinstated.

10. Any dispute which arises under this drug policy shall be submitted to the grievance and arbitration procedure set forth in the Agreement.

11. In the event an individual Employer is required, as a condition of contract award, to abide by the terms and conditions of an owner's drug policy, the Employer will notify the interested unions in writing prior to implementing such policy.

12. The establishment or operation of this policy shall not curtail any right of an employee found in any law, rule, or regulation. Should any part of this policy be found unlawful by a court of competent jurisdiction or a public agency having jurisdiction over the parties, the remaining portions of the policy shall be unaffected and the parties shall enter negotiations to replace the affected provision.

13. The Employer shall indemnify and hold the Union harmless against any and all claims, demands, suits, or liabilities that may arise solely out of the Employer's application of the Substance Abuse Program.

14. This policy became effective JUNE 1, 1991.
