May 17, 1917.

EDITORIAL.

Now that the time for the actual performance of the Pageant is drawing near, we are all intensely interested and almost excited about its production. Most of us have our costumes and most of us are familiar with the part we have to play. Now that we have had some real dress rehearsals and have a slight idea of the real beauty of the Pageant, are we not repaid for the hours we have given up to doing our share towards its success? All of us realize that this is the greatest thing ever done or even attempted by Cornell women. Is it not for us to take a certain pride in such an undertaking, with such an outcome as this promises to have? Let us still do our best the few remaining days and we will find it well worth the trouble.

REHEARSAL.

There will be a full Pageant rehearsal tonight at 7:30. The rehearsal will be at Cascadilla Gorge if the weather is favorable; if rainy, it will be held at the Baseball Cage.

COSTUMES.

The rest of the Nymph's costumes can be had in Sage A-III-9. The dye for the shoes and stockings is in Risley kitchenette on the second floor.

The tinsel for the Golden Fairies wings and wands is in Sage A-III-9.

Will the girls who are Nuns in the Pageant please call for their collars Thursday evening or Friday morning. They may be procured at the Risley Organization Room at this time.

We still have flowers to make for the Pageant. Won't you please come out and help us, so we will have enough when the time comes?

CLASSES.

Don't forget to come out for baseball practice Monday. We need you all. Even though we have not had time to practice before, let us make up for it by working hard, and turn out the best team we have had yet.
