THIS AGREEMENT is made and entered into this 25th day of July, 2005, by and between the Superintendent of Schools of Niagara Wheatfield Central School District ("District") and the Niagara Wheatfield Teachers Association ("Union").

ARTICLE 1

Underlying Considerations

1.01 FUNDING APPROVAL: ANY PROVISION OF THIS AGREEMENT REQUIRING LEGISLATIVE ACTION TO PERMIT ITS IMPLEMENTATION BY AMENDMENT OF LAW OR BY PROVIDING THE ADDITIONAL FUNDS THEREFOR SHALL NOT BECOME EFFECTIVE UNTIL THE BOARD OF EDUCATION HAS GIVEN APPROVAL.

1.02 Non-Discrimination: Neither the District nor the Union shall unlawfully discriminate against any employee or applicant for employment because of such person's race, color, religion, sex, age or national origin or because such person is handicapped, a disabled veteran or a veteran of the Viet Nam era. All references in this Agreement to the male gender shall apply equally to the female gender, unless clearly expressed otherwise.

ARTICLE 2

Recognition

2.01 Exclusive Negotiating Representatives: The Board of Education, having determined that the Union is an employee organization as defined in Section 201(6), Article 14 of the New York State Civil Service Law, and that it represents a majority of all certificated personnel, except the Chief School Officer, Central Office Administrators, and employees represented by the Niagara Wheatfield Administrative Association and employees represented by the Niagara Wheatfield School Related Personnel Association, and in consideration of the ban on strikes and work stoppages contained in this Agreement, recognizes the Union as the exclusive negotiating representative of all employees in the negotiation unit, for the full period allowed by law, for the purposes of collective negotiations and the determination and administration of grievances which arise under the terms and conditions of employment with the District.

2.02 No Strike: The Board has received the affirmation by the Union that it does not assert the right to strike against any government, to assist or participate in any such strike, or to impose an obligation to conduct, assist or participate in such a strike. The term "strike" shall include any concerted work stoppage or slowdown of work by employees covered by this Agreement.

2.03 Teacher Defined: The term shall include any person certified by the State of New York to fulfill the duties and responsibilities specified by New York State and hired by the District in this capacity, excluding Adult Education staff and outside-of-District summer school teachers and substitutes, and the Niagara Wheatfield Administrative Association.

2.04 Teacher Representative Defined: The term shall mean any individual authorized by the Board of Directors of the Union to represent or speak on behalf of teachers of the District in any and all dealings with the Board of Education of the District or any designated agents of the District.

2.05 Building Representatives Defined: The term shall include any person or persons elected by the teachers of individual schools to represent that building on the Board of Directors of the Union.

2.06 Superintendent's Advisory Council: The Council shall consist of an equal number of representatives of teachers and administrators plus the Superintendent. Teacher members of the Council will be appointed by the Union President.

2.07 Board: The Board of Education of the Niagara Wheatfield Central School District.

ARTICLE 3

Rights of Recognition

3.01 Rights of Union and Representatives: The rights of the Union and its representatives, as set forth in this Agreement, shall be granted only to the Union as the exclusive representative of the teachers.

3.02 Rights of Consultation:

(a) The Principal of each school and/or his representative shall meet as needed with the Association Building Representative, upon request, to discuss school operation and questions relating to the implementation or interpretation of this Agreement. These meetings shall be held at a time of day mutually agreed upon and, if held during the regular school day, shall not result in loss of pay to the teachers. Any meeting of the Building Representatives held during a teaching period shall be called only in the event of an emergency and class coverage should not be neglected. Proposed changes in existing policies and procedures shall be consistent with the terms of this Agreement.

(b) Whenever the Board is considering a proposed budgetary matter which pertains to the provisions of this Agreement, it will give the Union the opportunity to meet with either the Board or such other representative as the Board may select to discuss the proposed budget. Before the Board adopts a change in policy which affects wages, hours or any other condition of employment which is not covered by the terms of this Agreement and which has not been proposed by the Association, the Board will notify the Association in writing that it is considering such a change. The Association will have the right to discuss such items with the Board, provided it files such a request within five (5) calendar days after its receipt of said notice.

(c) The Superintendent and teacher representative of the Union shall meet, as needed, to discuss matters relating to the implementation and interpretation of this Agreement and other

matters of concern. If the Superintendent is not available, the Superintendent shall designate a representative or if the Union prefers, the meeting shall be rescheduled for the earliest date on which the Superintendent is available.

(d) Whenever representatives of the Union and the District are mutually scheduled to participate, during working hours, in conferences, meetings or negotiations, they shall not suffer any loss of pay.

(e) Attendance by Union representatives at Executive Meetings shall be by invitation of the Board President.

(f) At Building Faculty Meetings, the Union shall be given an opportunity to present brief reports and announcements.

(g) The Union shall be given a place on the agenda of the orientation program for new teachers.

3.03 Disclosure of Information: The District shall make available to the Union upon request any information, statistics and records considered public information.

3.04 Dues Deductions:

(a) Teachers shall have the right to have their Union dues deducted from their paychecks and remitted to the Union. This right is reserved solely for the Union. Annual membership dues shall be deducted according to a plan agreed upon by the District and the Association. The Union membership dues deduction shall be authorized in writing and shall continue in effect until written revocation is delivered to the Business Office of the District.

(b) The District will deduct from the salary of a certificated employee, with his written consent, an amount for the payment of his Union dues. The District will then remit the dues which are deducted to the Union.

3.05 Agency Shop Fee Deduction:

(a) The District and the Union recognize that the negotiation and administration of collective agreements, and related activities, entail expenses which are appropriately shared by all employees who are covered by such agreements. They further recognize that the Union, by reason of its status as the exclusive bargaining representative of all employees in the negotiating unit, is obligated to fairly represent all such employees without regard to their membership in the Union. In consideration thereof, the District agrees to deduct from the wages of all employees in the negotiating unit, who are not members of the Union, an Agency Fee in an amount equivalent to the Union dues, including dues of the National and State affiliates, and to promptly remit these sums so deducted to the Union.

(b) The deduction of the Agency Fee shall be made from all regular paychecks each month for the duration of the deduction period, in accordance with current practice. The District

agrees to furnish the Union with an alphabetized list of the names of all employees from whose salary such Agency Fees have been deducted. Deduction rates for employees in the unit who are hired after the beginning of payroll deductions shall be appropriately prorated so as to complete deduction of the annual Agency Fee by the end of each school year.

(c) For all non-members of the Niagara Wheatfield Teachers Association who have been assessed the Agency Shop Fee, provision is herein made for partial reimbursement of dues monies remitted to the Niagara Wheatfield Teachers Association which are not directly utilized for the maintenance of the terms and conditions of employment as contained in this Agreement. Said employees shall be provided the opportunity, also, to appeal the prescribed resolution for reimbursement if he or she is not satisfied with the outcome of the established procedures. All processes connected with the reimbursement and appeal shall be conducted solely by the Niagara Wheatfield Teaches Association.

3.06 Vote/Cope and Benefit Trust Deductions:

(a) The District shall deduct from the salaries of employees in the negotiating unit, the sum authorized by them for Vote/Cope and shall promptly remit these sums to the Union.

(b) The District shall deduct from the salaries of the employees the sums authorized in writing and shall promptly remit these payments to the NYSUT Benefit Trust. The written authorization may be discontinued by the teacher at the end of its term, upon written notice by the teacher to the District. The District shall furnish the Trust and the Union with a list of all employees from whose salaries Benefit Trust deductions have been made.

3.07 Information: The Board and the Niagara Wheatfield Teachers Association agree to furnish to each other any information needed by either of them to fulfill the provisions of this Article.

3.08 Indemnification: The Union shall defend and save the District harmless against any and all claims, suits, or other forms of liability that shall or may arise by reason of action taken or not taken by the District to comply with the terms of Sections 3.04, 3.05, and 3.06, or in reliance on a certification issued by the Union respecting these deductions.

3.09 Union President:

(a) The District shall make a reasonable effort to provide the Union President, if the President is a secondary teacher, with no assigned extra duties and a lunch period, prep period and a duty-free period to be scheduled consecutively, and the first half-hour and last half-hour of the work day duty free.

(b) When it is necessary for the Union President or his designee to engage in Union activities directly relating to the Union's duties as representative of the teachers, which cannot be performed other than during school hours, and after receiving the approval of the Superintendent or his designated representative, upon reasonable notice, such time shall be given without loss of pay as is necessary to perform such activities. The Union President or his representatives shall

be allowed to visit schools to investigate working conditions, teacher complaints, problems, or for other purposes relating to the administration of this Agreement. Upon arrival of the Union President or his designated representative, the Principal of the school, or his representative, shall confer with the Union President in order to facilitate the purpose of the visit. Whenever possible, the Union President shall give advance notice of such visitations and, upon arrival, report such arrival to the school office. The Union and its officers recognize and agree that this privilege should not be abused.

(c) The Union President, or his designee, shall be notified by the Superintendent of his tenure recommendations to be made to the Board of Education.

(d) The District will provide the Niagara Wheatfield Teachers Association President with a private telephone, with all costs and responsibilities to be borne by the Union. Also, if the Niagara Wheatfield Teachers Association President is an elementary teacher, he/she may have one (1) day off per month to conduct Union business. The cost of the substitute shall be borne by the Union.

3.10 Association Directors Meetings: All teachers who are members of the Union Board of Directors, serving as Building Representatives, will be permitted to leave their teaching assignments as early as possible so as to attend Directors meetings at 3:45 p.m.

3.11 Use of District Facilities: The Union shall have the right to use school buildings, facilities and equipment under the provisions outlined in Section 414 of the Education Law. This right shall not interfere with the regular school program nor be contrary to the Superintendent's approval.

3.12 Union Business on District Property: Duly authorized representatives of the Union shall be permitted to transact official Union business on school property at all reasonable times, provided this shall not interfere with or interrupt normal school operations. It will be subject to the approval of the Superintendent, which will not be unreasonably withheld.

3.13 Posting Union Notices: The Union shall have the right to post notices of its activities and matters of Union concern on teacher bulletin boards, at least one of which shall be provided in each school building. The Union may use the delivery service and teachers' mail boxes for communications to teachers. Announcements of meetings may be listed in school activity bulletins, and the public address system may be used for announcing the date, time and place of meetings.

3.14 Copies of Agreement: Copies of this Agreement shall be printed at the expense of the District and presented to all teachers now employed or hereafter employed by the District. Any printing costs for the Agreement in excess of \$550 shall be absorbed by the Union. Copies of all negotiated agreements of the District will be available at the Central Office.

ARTICLE 4

Discipline

4.01 Just Cause: Without just cause, no teacher shall be disciplined, reprimanded, reduced in rank or compensation, warned by any supervisor for any infraction of rules, or delinquency in professional performance, deprived of any professional advantage, or dismissed. Additionally, the teacher shall have the right to discuss the matter further with the employee's supervisor, and, if the teacher determines it is necessary, the teacher may have a representative of the Union present at such discussion. Any such action, described above, taken by the District or an agent thereof, shall be subject to the grievance procedure set forth in this Agreement. If a teacher is tenured, he may seek resolution of the above action by either choosing arbitration or following the procedures set up under Education Law Section 3020-a. In choosing one or the other, the teacher gives up his/her rights to the alternative. Each teacher will have the right to consultation with his/her union representative before making such a choice.

4.02 Dismissal:

(a) Before a probationary teacher can be dismissed or terminated involuntarily prior to the granting of tenure, certain procedures which are outlined in Article 8 shall be followed. The Superintendent will require compliance with Article 8.

(b) The step procedure outlined in Article 8 shall also pertain to tenured teachers who are considered for dismissal.

(c) The termination of any non-tenured teacher's services shall be in accord with Sections 3019(a) and 3031 of the Education Law. There shall be no loss of pay or benefits for the time period provided therein (see Appendix A).

4.03 Privacy: Any discussion between a teacher and any authorized supervisor concerning any area of professional competency shall be done in private. Such matters shall never be handled in the presence of students or in a public area, where either party might suffer professional embarrassment. The confidentiality of such communications should be adhered to by both parties.

ARTICLE 5

Abolition of Positions, Layoff & Recall

5.01 Selection for Layoff: In the event the District finds it necessary to abolish a teaching position or reduce the teaching force, the services of the teacher who has the least seniority in the system within the tenure area of the position abolished or reduced shall be discontinued.

5.02 Preferred Eligibility List (PEL): Teachers whose services are discontinued shall be placed on a seven (7) year Preferred Eligibility List and shall be given positions according to

statute and shall be offered recall with all benefits accrued, as of the day of layoff, in reverse order of layoff.

5.03 Recall:

(a) Except in the case of a verifiable temporary medical disability of the teacher or of a person in the teacher's immediate family, as defined in this Agreement, a teacher who refuses or fails to reply to recall from the PEL shall be disqualified from consideration for further recalls from the list for that school year. Time limits for a reply shall begin when there is a verifiable telephone communication from the Superintendent or designee or from the date of the signing of a certified mail receipt by the teacher or designee, or from the date such receipt is stamped by the U.S. Postal Service as undeliverable. It is the responsibility of teachers on the PEL to keep the District apprised of their current address and telephone number through which they may be contacted. This provision shall not apply to teachers on the PEL who are employed as long-term substitute teachers in other Districts or to teachers covered by Section 5.03(b).

(1) If a position opens within the school year, notify within ten (10) days.

(2) If a position opens during the summer, notify within twenty (20) days (July 1 - August 1). After August 1, notify within ten (10) days.

(b) In the event of long term illness of one semester or more, the District will use the Recall List. The recalled teacher shall return on the appropriate step for the duration of said leave.

5.04 Health Insurance Continuation: Unless otherwise employed, a teacher whose services are discontinued due to the abolition or reduction in teaching positions will retain membership in the District's group health insurance program for the months of July and August. Such employee will have the option of continuing membership in the District's group health insurance program, unless otherwise employed, for a period not in excess of the employee's remaining term on the Preferred Eligibility List.

5.05 Legal Limitations: This Article shall not expand on the scope of existing law or be construed to exceed any portion of the law.

ARTICLE 6

Vacancies in Professional Positions

6.01 Postings: Whenever any vacancy shall occur in any professional position in the District, the Superintendent shall publicize the vacancy by giving written notice to the Union President. An appropriate posting of the vacancy shall be provided to each Building Principal, or his designee, and placed on a faculty bulletin board or segmented area thereof which is reserved for job postings. The Union shall assist in keeping the area reserved for job posting free from other materials. The posting shall clearly set forth a description of the duties of the position, the salary and the procedures for interview and assessment of the merits of the applicants. No vacancy

shall be filled, except on a temporary basis, until such vacancy has been posted for at least five (5) school days prior to the last day on which applications will be accepted, except as noted in 6.05 below.

6.02 Failure to Meet Deadlines: Any qualified person may apply for a posted vacancy. Teachers who fail to apply for the posted vacancy on or before the deadline date contained in the posting shall not be entitled to priority over non-unit members.

6.03 Criteria Considerations: In filling posted vacancies, the District agrees to give due weight to the professional background, credentials and attainments of all applicants. Other factors being equal, in the judgment of the Superintendent, the applicant with the greatest length of time in the school system shall be selected for the position.

6.04 Interest in Future Vacancies: A teacher may leave a letter with the Superintendent prior to July 1, which states the teacher's interest in vacancies which may occur during the months of July and August. This letter of interest must be renewed annually by the teacher. Job postings pertinent to the teacher's interest shall be forwarded to the address contained in the letter of interest.

6.05 Vacancies Occurring During Summer Recess: Vacancies which occur during the summer recess shall not be filled except on a temporary basis, until the vacancy shall have been posted at least fifteen (15) calendar days prior to the last day on which applications will be accepted. The Union President shall be notified by certified mail at the time the posting is distributed to the school buildings.

ARTICLE 7

Transfers and Assignments

7.01 Voluntary Transfer to Another Building: A teacher may request a transfer to another school building by submitting a written request directly to the Superintendent. The Superintendent's evaluation of such request shall consider:

- (a) That a balanced staff be maintained in the school; and
- (b) That the probationary teachers may be expected to complete the probationary period in the school originally assigned, whenever possible; and
- (c) That the wishes of the individual teacher will be honored whenever possible.

7.02 Applications:

(a) A teacher may apply for transfer to become effective at the beginning of the next school year. The application shall state the reasons, and shall be filed by April 15. The application will be held in confidence at the discretion of the Superintendent.

(b) In unusual circumstances, a teacher may apply for a transfer to become effective during the school year in which the application is made. The application shall state the reasons. If the teacher so desires, such a request will also be held in confidence, at the discretion of the Superintendent.

(c) Applications for transfer based on hardship will be evaluated and acted upon in accordance with the merits of each case, and shall be exempt from any restrictions contained in this Article.

(d) A teacher may withdraw an application for transfer or a change in assignment within five (5) school days after the date the application was filed, and may decline an offer to transfer or a change in assignment within five (5) school days after the teacher receives such offer, without prejudice to consideration for future transfers or changes in assignment. Emergency assignments, within reason, are exempt from the provisions of this Section.

7.03 Approved Applications: If the teacher's application for transfer is approved, the teacher's name shall be placed on the transfer list and the appropriate administrator and the teacher shall be advised by direct mail. In these cases, every reasonable effort shall be made to transfer the teacher as soon as possible in accordance with the teacher's wishes. When selecting teachers to be transferred, the length of teaching experience in the school system and the date of request for transfer shall be considered. Length of teaching experience shall be controlling when all other factors are substantially equal.

7.04 Voluntary Basis: It is desirable that transfers and changes in assignments be on a voluntary basis whenever feasible. When making involuntary transfers or changes in assignments, the preferences of the individual teachers shall be honored, whenever feasible. Notification of transfer or change in assignment should normally be made by July 15. The Union and the District acknowledge that later notification may be necessary because of deaths, retirements, resignations, enrollment declines or shifts in enrollment, or other unforeseen circumstances. Such unforeseen circumstances shall be disclosed in writing to the affected individual.

7.05 Staffing New Schools: New schools will be provided with an experienced staff drawn from personnel within the school system.

(a) Proper notice will be given to all teachers of all available openings and necessary qualifications.

(b) Teachers who previously indicated a desire for transfer from their present assignment shall be given due consideration for assignment to the new buildings.

(c) Teachers who are considered for transfer to new schools will be contacted by the appropriate administrative staff member and given an opportunity to discuss the grade level and any subject area of the new assignment.

(d) Normally, applications for transfer to new schools will not be accepted until the principal has been named.

7.06 Certain Transfers Between Buildings: Teachers who are transferred from one building to another, within the District, due to the opening or closing of a school or the transfer of grades from one building to another, will not be required to attend the Superintendent's Conference on the opening day of school or more than one hour of building meetings that day in order to facilitate the move. If said move occurs during the school year, the Superintendent will negotiate with the Union President and the Chair of the Union Negotiating Committee to provide time or assistance to facilitate the move, and such agreement will be reduced to writing.

ARTICLE 8

Teacher Evaluation

8.01 Conducted Openly: All monitoring or observing of the work or performance of a teacher shall be conducted openly and with full and previous knowledge of the teacher. Tenured teachers shall be evaluated and observed at least once a year. The classroom performance of probationary teachers shall be evaluated and observed at least three (3) times per year. Such evaluation or observation shall be performed in accordance with the existing evaluation/observation procedures. Each teacher who is observed shall receive prior notice when the observation is to occur. The notice shall be given at least five (5) work days prior to the observation. The observation shall last at least twenty (20) minutes, preferably at the start of a lesson.

8.02 Evaluators: Only certified members of the administrative staff shall be used to evaluate teachers.

8.03 Fair and Appropriate Procedures: The development of an appropriate and fair instrument and procedure for evaluation is a proper concern of the teaching staff. To this end, such continual development shall be referred to the Superintendent's Advisory Council. The observation/evaluation instrument which is used by the evaluator shall be given to the teachers at the start of every school year and the contents of the instrument shall be explained to them.

8.04 Post-Observation Conference: Within five (5) work days after each observation, a conference will be held, unless mutually agreed otherwise. The conference will be used to critique the observation and discuss the evaluator's written suggestions for improvement. After the conference, the teacher will sign the evaluation form only to indicate that the teacher has seen the evaluation, not to signify that the teacher agrees with the contents of it.

8.05 Requested Observations: The Assistant Superintendent for Instruction or another designated administrator shall observe a probationary teacher's classroom performance at least once upon the request of either the teacher or the teacher's Principal. After each such observation, written suggestions for improvement will be provided to the teacher and a conference will be held following the observation. At least one (1) additional observation will be required by either the Principal or the Assistant Superintendent for Instruction, or another

designated administrator, not later than March 1, to determine if sufficient improvement has occurred. If sufficient improvement has not occurred after the conferences and the constructive suggestions, the Principal's recommendations to the Superintendent may then be made.

ARTICLE 9

Personnel File

9.01 Inspection: Each teacher shall have the right, upon request to review the contents of the teacher's own personnel file at a mutually agreed upon time. In the presence of the Superintendent or designee, the teacher shall have the right to make copies of any document in the teacher's file, except confidential reference information which has been supplied at the request of the administration relative to the teacher's attaining employment or promotion. A representative of the Union, at the teacher's request, may accompany the teacher in such a review of the personnel file.

9.02 Contents of Personnel File: No material derogatory to a teacher's conduct, service, character or personality will be placed in the teacher's personnel file, unless the teacher has had the opportunity to review the material, and indicate by signature that he/she has seen said material. The teacher has the right to have included in the personnel file the teacher's own letter answering an adverse evaluation. Administrators shall accept and place in teacher personnel files, information of a positive nature, including special competencies, achievements, performances or contributions of an academic, professional or civic nature.

9.03 Parent Complaints: Any complaints by parents or a student about a teacher shall be called to the teacher's attention as soon as practical.

ARTICLE 10

Grievance and Arbitration Procedure

10.01 Purpose: The establishment and maintenance of a harmonious and cooperative relationship between the District and its teachers are essential to the operation of the school system. It is the purpose of this procedure to secure, at the lowest possible administrative level, equitable solutions to alleged grievances of teachers through procedures under which they may present grievances free from coercion, interference, restraint, discrimination or reprisal. It is also intended that the District and its teachers be afforded an adequate opportunity to dispose of their differences without the necessity of time-consuming and costly proceedings before administrative agencies or the courts.

10.02 Definitions:

(a) Grievance: A grievance is a claim by any teacher or group of teachers in the negotiating unit based upon any claimed violation, misinterpretation, misapplication or inequitable application of this Agreement

(b) Supervisor: A supervisor shall be any principal, assistant principal, immediate superior, or other administrative or supervisory officer responsible for the area in which an alleged grievance arises, except for the Superintendent.

(c) Aggrieved Party: An aggrieved party shall be any person or group of persons in the negotiating unit who file a grievance.

(d) Party in Interest: A party in interest shall be the Grievance Committee of the Union and any other party named in a grievance who is not an Aggrieved Party.

(e) Grievance Committee: The Grievance Committee is the committee created and constituted by the Union.

(f) Hearing Officer: Hearing Office shall mean any individual or board charged with the duty of rendering decisions at any stage on grievances hereunder.

10.03 Contents of Written Grievances: All grievances shall include the name and position of the aggrieved party, the section of the Agreement involved in the grievance, the time when and the place where the alleged events or conditions constituting the grievance occurred, the identity of the party responsible for causing these events or conditions, if known to the aggrieved party, and a general statement of the nature of the grievance and the remedy sought by the aggrieved party.

10.04 Contents of Grievance Decisions: Except for informal decisions at Step 1, all grievance decisions shall be rendered in writing at each Step of the procedure and set forth in findings of fact, conclusions and supporting reasons. Each grievance decision shall be promptly transmitted to the teacher and the Union.

10.05 Grievance Forms: Forms for filing grievances, serving notices, taking appeals, making reports and recommendations and any other necessary grievance documents will be available. Any alterations in the forms will be developed jointly by the Superintendent and the Union. The Superintendent shall have these forms printed and distributed to facilitate operation of the grievance procedure.

10.06 Grievance Record: Each party's representatives shall keep their own records of grievance procedures. Either party may advise the appropriate hearing officer of any errors in grievance hearings. The record of all grievance hearings shall be a public record.

10.07 Teacher Rights to Informal Discussion: Nothing contained in this Agreement will be construed as limiting the right of any teacher who has a grievance to discuss the matter informally with any appropriate member of the administration, and to have the grievance informally adjusted without the intervention of the Union, provided the adjustment is not inconsistent with the terms of this Agreement, and provided further that the Union has been given an opportunity to be present at such adjustment and to state its views on the grievance. Any grievance which is adjusted without formal determination, pursuant to this procedure, shall be binding upon the aggrieved party, and shall, in all respects, be final, but said adjustment shall

not create a precedent or binding ruling upon either of the parties to this Agreement in any future proceedings.

10.08 Separation from Personnel Files: All documents, communications and records dealing with the processing of a grievance shall be filed separately from the personnel files of the participants.

10.09 Grievance Activity During Work Hours: The preparation and processing of grievances shall be conducted during the hours of employment, insofar as is practicable. All reasonable effort will be made to avoid interruptions of classroom activity, and to avoid involvement of students in any phase of the grievance procedure.

10.10 Investigations: The District and the Union agree to facilitate any investigation which may be required and to make available any and all material and relevant documents, communications and records concerning alleged grievances. A Building Representative shall have the opportunity to investigate potential grievances.

10.11 System-Wide Grievances: A grievance which affects a group of teachers and appears to be associated with system-wide policies may be submitted by the Union directly at Step 2 of the grievance procedure.

10.12 Due Process: An aggrieved party and any party in interest shall have the right, except at Step 1, to confront and cross-examine all witnesses, to testify and to call witnesses, and to be furnished with a copy of minutes of the proceedings made at each and every step of the grievance procedure.

10.13 No Reprisal: No interference, coercion, restraint, discrimination or reprisal of any kind will be taken by the District or any member of the administration against an aggrieved party, any party in interest, any representative, any member of the Grievance Committee, any other participant in the grievance procedure, or any other person, by reason of such grievance or participation therein.

10.14 Use of Other Legal Remedies: The existence of the grievance procedure shall not be deemed to require any teacher to pursue the remedies provided herein and shall not in any manner impair or limit the right of any teacher to pursue any other legal remedies which are available.

10.15 Effect of Court Review: If any provision of this grievance procedure or any application thereof to any teacher or group of teachers in the negotiating unit is finally determined to be contrary to law by any court, then such provision or application shall not be deemed valid or subsisting, except to the extent permitted by law; but all other provisions or applications will continue in full force and effect.

10.16 Time Limits:

(a) Rapid Processing: Since it is important to good relationships that grievances be processed as rapidly as possible, every effort will be made by all parties to expedite the process. The time limits specified for either party may be extended only by mutual agreement.

(b) Time of the Essence: No written grievance will be entertained and such grievance will be deemed waived unless the written grievance is forwarded at the first available step within twenty (20) school days after the teacher knew or should have known of the act or condition on which the grievance is based.

(c) Appeal Time Limits: If a decision at one step is not appealed to the next, within the time limit specified, the grievance will be deemed to be discontinued and further appeal under the grievance procedure shall be barred.

(d) Decision Time Limits: A failure at any step of the procedure to communicate a decision to the aggrieved party, a representative and the Union with the specified time limits shall permit the lodging of an appeal at the next step of the procedure within the time which would have been allotted had the decisions been communicated by the final day.

(e) Filings After June 1: Upon the request of or on behalf of the aggrieved party, the time limits of a grievance which is filed on or after June 1, will be reduced pro rata, so that the grievance procedure may be exhausted prior to the end of the school term or as soon thereafter as possible.

10.17 Procedural Steps:

Step 1 - Supervisor:

(a) A teacher with a grievance will discuss it with the teacher's supervisor, either directly or through a representative, to resolve the matter informally. The supervisor will confer with all parties in interest to arrive at a decision. If the teacher submits the grievance through a representative, the teacher may be present during the discussion of the grievance at this Step.

(b) If the grievance is not resolved informally, it shall be reduced to writing and presented to the supervisor. Within two (2) school days after the written grievance is presented, the supervisor shall render a written decision thereon and present it to the teacher, the teacher's representative and the Union.

Step 2 - Superintendent:

(a) If a teacher with a grievance is not satisfied with the written decision at Step 1, and wishes to proceed further, within five (5) school days, the teacher shall present the grievance to the Union Grievance Committee for consideration.

(b) If the Grievance Committee determines that the teacher has a meritorious grievance, it will file a written appeal of the Step 1 grievance decision with the Superintendent within ten (10) school days after the teacher receives the written decision. A copy of the Step 1 decision shall be attached to the appeal.

(c) Within ten (10) school days after receipt of the appeal, the Superintendent or a duly authorized designee shall hold a hearing with the teacher and the Grievance Committee, or its representative, and the other parties in interest.

(d) The Superintendent shall issue a written decision to the teacher, the Grievance Committee and its representative within five (5) school days after the conclusion of the hearing at Step 2.

Step 3 - Board of Education:

(a) If the teacher and the Association are not satisfied with the Step 2 decision, the Grievance Committee will file a written appeal with the Board within ten (10) school days after receipt of the Step 2 decision. The official grievance record which was maintained by the Superintendent shall be available for the Board's use.

(b) Within ten (10) school days after receipt of the appeal, the Board shall hold a hearing on the grievance. The hearing shall be conducted in open session, although Executive Session may be used for matters that may reflect upon the individual.

(c) Within five (5) school days after the conclusion of the hearing, the Board shall render a written decision.

Step 4 - Arbitration:

(a) If the grievance is not resolved at Step 3, the Association may submit the grievance to binding arbitration by issuing a written notice to the Board within fifteen (15) school days after receipt of the Step 3 decision.

(b) Within five (5) school days after receipt of the Notice of Intent to Arbitrate, the District and the Union will agree upon a mutually acceptable arbitrator who is competent in the area of the grievance and will obtain a commitment from the arbitrator to serve. If the Union and the District are unable to agree upon an arbitrator, or obtain a commitment to serve within the specified period, a request for an arbitrator from a panel of nine (9) names to be furnished by the American Arbitration Association may be submitted by either the Union or the District. In that event, the Union and the District will then be bound by the rules and procedures of the American Arbitration Association with respect to the selection of the arbitrator and the conduct of hearings.

(c) The selected arbitrator will hear the grievance promptly and will issue a written decision not later than fourteen (14) calendar days after the close of the arbitration hearing. If all hearings were waived, then the fourteen (14) day period shall be measured from the date the final

statements and proofs were submitted to the arbitrator. The arbitrator's decision will be written and will set forth findings of fact, rationale and conclusion on the issues.

(d) The power and authority of the arbitrator shall be limited to applying and interpreting the express terms of the Agreement. The arbitrator shall not have the authority to add to or subtract from any of the terms of this Agreement by implication or otherwise. The decision of the arbitrator shall be final and binding on the Union, the District, the aggrieved party and every party in interest.

(e) The cost of the arbitrator's services, including expenses, will be borne equally by the District and the Union.

10.18 Staff Relations Committee: A Staff Relations Committee will be established. It will be composed of not less than three (3) nor more than five (5) members of both the Board and the Union. The Committee's purpose shall be to discuss any mutual problems that may arise, but these discussions shall not be considered part of the grievance process. A third party may be called into the discussion by mutual consent of the Board and the Union.

ARTICLE 11

Teacher Working Conditions

11.01 Classrooms and Supplies: The District shall make every effort to provide:

- (a) A separate desk with lockable drawer space for every teacher in the District.
- (b) Suitable closet space for each teacher to store coats, overshoes and personal items.
- (c) Adequate chalkboard and bulletin board space in every classroom.
- (d) Copies of all texts, exclusively for each teacher's use, and, where available, teacher's editions and manuals for each of the courses the teacher is to teach.
- (e) A dictionary which is appropriate to classroom needs in each classroom in grades K-12.
- (f) Adequate attendance books, paper, pencils, pens, chalk, erasers and other subject materials required in daily teaching responsibilities.
- (g) Adequate storage space in each classroom for instructional materials.
- (h) The District will make every effort to provide, in each school, at least one (1) room appropriately furnished, heated and ventilated, which shall be reserved for use as a Staff Lounge.

(i) "Men's" and "Women's" restroom facilities, properly equipped, heated and ventilated, for the exclusive use of the staff.

(j) At least one room of adequate size, properly equipped, heated and ventilated, which shall be reserved as a faculty work room in each school building, wherever practical.

11.02 Professional Tools:

(a) Appropriate texts, library reference facilities, maps and globes, laboratory equipment, shop equipment, audio visual equipment, art supplies, athletic equipment, current periodicals, standard tests and questionnaires, and similar supplies and equipment are the tools of the teaching profession. The Union and the District will confer from time to time for the purpose of improving the selection and use of such educational tools. To this end, a committee will be established which is composed of three (3) teachers appointed by the Union and three (3) representatives appointed by the Superintendent. The committee will meet upon written request of either the Superintendent or the Union, and the Board will undertake to implement all decisions made by this Committee. The Board agrees to keep the school reasonably equipped and maintained at all times. All approved requisitions of supplies and equipment will be sent not later than sixty (60) and ninety (90) days respectively after approval of the budget.

(b) Reasonable effort will be made to provide outside telephones which insure privacy of conversation for teachers' use. All toll calls will be logged by number. Personal toll calls shall not be billed to the District. Toll calls made expressly for Union business may be billed to the District, so long as the Union reimburses the District in the amount charged for such calls.

11.03 Preparation Periods - Elementary: Whenever possible, gym, music, art and library for elementary teachers shall be scheduled so that each teacher shall have at least five (5) preparation periods per week. The District will attempt to provide a forty (40) minutes preparation period each day for elementary teachers. This period may vary because of scheduling difficulties, in which case a minimum of two hundred (200) minutes per week shall be provided within the instructional work day. In order to make use of collaborative planning, the District will make every effort to seek input from elementary, middle school and high school teachers when scheduling prep time.

11.04 Teaching Load - Grades 6-12: The weekly teaching loads in grades 6-12 shall be twenty-five (25) teaching periods of no more than forty-five (45) minutes each in the regular schedule. When rare cases necessitate a change in the teacher load, it shall be with the mutual consent of both the teacher and the administrator involved. With the exception of special scheduled days, there shall be at least five (5) unassigned periods a week, at least one (1) per day, each one equal in length to one (1) instructional period.

11.05 Preparation Periods - Consultation Time:

(a) Teachers who have an "excessive amount of mandated consultation time" with related service providers pursuant to approved Individualized Education Plans (IEPs) OR who

are requested to attend CSE's and CST's, and as a result of these activities, must utilize their planning time, will be entitled to a compensatory one-half (1/2) day of release time from regular duties to be utilized for regular planning time purposes. For purposes of this Section, an "excessive amount of mandated consultation time" shall refer to any such consultation time indicated above which accumulates to a total of two hundred forty (240) minutes.

(b) Any elementary teacher who has four (4) or more students who are classified or who are Section 504 students, will be given a one-half (1/2) day for collaboration once a month.

11.06 Lunch Periods: All teachers shall have a duty-free lunch period of approximately thirty (30) minutes duration.

11.07 Traveling Teachers: Teachers who are assigned to teach in more than one (1) District school building during a single work day will not have their contractual preparation and lunch periods diminished because of the time allocated for travel between those buildings.

11.08 Preparation Periods - Substitutes: Since it is desirable for each teacher to use an uninterrupted planning period each day, the practice of using a regular teacher as a substitute and thereby depriving the teacher of a planning period is undesirable and should be discouraged. In an emergency, however, when a teacher is asked and agrees to act as a substitute during the teacher's planning period, every effort shall be made to give the teacher compensatory time off, provided that the time shall not interfere with classroom instruction.

11.09 Half-Time Teachers:

(a) Teaching Periods: A teacher who is appointed to a half-time position (four (4) class periods) will teach no more than three (3) periods. One-half of the fourth period will consist of a duty-free preparation period, and the remaining one-half may be an otherwise assigned period.

(b) Prorated Benefits: Half-time teachers will accumulate seventeen (17) half-days of sick time, two (2) half-days of personal time, be entitled to 100% District payment of medical and dental benefits (as are afforded to full-time teachers), and one-half of other benefits of full-time teachers.

11.10 Teacher Work Year:

(a) There shall be one hundred eighty-seven (187) scheduled work days in the teacher work year, composed of one hundred eighty-three (183) teaching days and four (4) days for staff development and/or Superintendent conference days.

(b) There will be a two (2) week Easter recess, commencing on the Monday preceding Easter Sunday. If, however, the District cannot achieve one hundred eighty (180) student aidable days, the school calendar will be adjusted to satisfy this requirement.

(c) Teachers shall not be required to make up days when the District is closed due to inclement weather or epidemic. In no event, however, shall the number of aidable days fall below the minimum required for full State aid. If the number of student aidable days falls below the State minimum and said days are not forgiven by the State Commissioner of Education, then the teachers shall be required to meet the State minimum.

11.11 Conference Days:

(a) At least two (2) conference days shall be established during the school year. A Fall/Winter day shall be conducted by the Superintendent with a joint Superintendent Teacher Conference in the Spring. In addition to the Fall/Winter Day and Conference Day in the Spring, additional time may be set aside for staff development days. These days may be full or half days, which are free of students for those teachers who participate. These days shall be planned in consultation with the administration and teaching staff.

(b) Classes will be suspended on these conference days and all instructional staff members will attend the conference. Instructional staff will receive full pay for a conference day. Absence from the conference due to illness will be charged against sick days. Illegal absences from a conference will result in loss of pay. The Union will share the cost of the Spring conference.

11.12 Absenteeism:

(a) Absenteeism Reduction: It is understood and agreed by the District and the Union that the expense, inefficiency and interruption of the education program caused by absenteeism should be reduced whenever possible. The Union affirms that all employees will continue to support this goal in every reasonable way.

(b) Partial Day Absence: Attendance for the major part of either the morning or the afternoon may be allowed at the discretion of the principal as attendance for a half of a working day. Absence for a part of a working day shall be subject to the general rules for absences; the deduction, if any, being half of the deduction for a full working day. All such absences, whether with or without deduction, shall be reported on the service record.

(c) In an emergency, leave forms shall be completed by teachers and submitted through channels immediately upon return to work. It is expected that a teacher will notify the teacher's principal of the circumstances of the absence as soon as feasible.

11.13 Classroom Interruptions: Classroom interruptions shall be permitted only when necessary. The District will make every effort to keep classroom interruptions to a minimum to assure continuous education within the classroom. When interruptions are absolutely necessary, the administration will make every effort to give the teacher involved notice.

11.14 Teacher School Day - Elementary: The school day for elementary teachers shall be as follows: Each teacher shall report thirty (30) minutes before classes are scheduled to begin and shall be expected to remain until the dismissal of the teacher's students who are bused. The

teacher will not be expected to remain more than thirty (30) minutes after the conclusion of classes except in the case of an emergency due to unanticipated circumstances. In that event, teachers will be assigned on a rotating basis to student supervision. Teachers who serve in this capacity and are required to remain past the end of the regular workday, shall be compensated for each accrued thirty (30) minutes (accrued minute by minute) at the rate of ten dollars (\$10.00) for each thirty (30) minutes so accumulated.

11.15 Teacher School Day - Secondary: The school day for secondary teachers shall be as follows: Senior High Teachers shall report fifteen (15) minutes before the scheduled beginning of their first assignment and remain fifteen (15) minutes after normal classes have ended. Edward Town Middle School teachers shall report ten (10) minutes before the scheduled beginning of the homeroom period and remain ten (10) minutes after normal classes have ended. Every effort shall be made to limit the number of different lesson preparations in the secondary schools. Inequities in teaching assignments shall be a proper subject of the grievance procedure.

11.16 Teacher Work Week: Weekly school hours for teachers shall not exceed thirty-five (35). This provision takes precedence over Sections 11.14 and 11.15. A joint committee composed of three (3) representatives of the District appointed by the Superintendent and three (3) representatives of the Union appointed by the Union President will be established for the business of studying the reporting time prior to the scheduled student day, beginning and after normal classes have ended. Recommendations of the Committee shall be made to the respective bargaining teams and carried over to the next negotiations.

11.17 Additional Work Hours: Building Principals may make arrangements with consenting staff members to cover individual building needs for such matters that require a teacher to spend more time on the job than specified in this Agreement.

11.18 First and Final School Weeks - Elementary:

(a) The first three (3) days of school for K-1 shall be half-sessions. The remainder of the day shall be a teacher conference/work session.

(b) The elementary grades shall have classes on a half-day session the first three (3) days of the last five (5) days of school each year. The remainder of the school day will be spent by elementary teachers in completing their end of the year duties. The last two (2) days of school shall be full work days with no classes scheduled.

(c) This section will not be implemented unless it is in compliance with the law.

11.19 Master Schedule: A master schedule for each school shall be posted on the teacher bulletin board, and a copy shall be provided to the Building Representatives. Each teacher shall also have a copy of the schedule of his department and/or grade level.

11.20 Class Size: The parties agree that it is their mutual goal to lower class sizes to the extent feasible in order to comply with the Commissioner's recommendations.

11.21 Administrative and School Related Personnel Work:

(a) No teacher will be expected to perform administrative duties, except in extreme emergencies or as otherwise agreed to in writing by the Superintendent and the Union President.

(b) Under no circumstances are teachers to perform duties that are regularly assigned to School Related Personnel. Teachers will not be requested or required to perform the duties of the custodial staff or law enforcement agencies.

11.22 Teacher Assignments: Teacher assignments outside the scope of the teaching certificate or major field of study shall be made only after discussion with and the consent of the teacher involved.

11.23 After School Assignments:

(a) Teachers shall not be required to participate in activities outside of their regular school hours. This shall not apply to two (2) nights during the school year, one (1) of which is to be either Open House or Parent Night, nor shall it apply to faculty meetings which shall be limited to a reasonable number and which shall not, except in emergencies, exceed one (1) hour after school. Attendance at meetings such as PTA affairs shall be at the option of the individual teacher.

(b) Teachers may be required to extend their normal workday beyond the limits set forth in Sections 11.14, 11.15 and 11.23(a) by attending up to five (5) one (1) hour meetings per school year for secondary grade level and department meetings with teacher directed standards and assessments specialists, and at the elementary level for grade level meetings regarding curriculum and standards issues. Faculty meetings will continue to be limited to two (2) per month, one (1) or both of which may be used for curriculum and/or standards and assessments.

11.24 Extra-Curricular Activities: Teacher participation in extra-curricular activities shall be voluntary. Non-participation in such activities shall not be sole consideration for evaluation.

11.25 Assignment of Bargaining Unit Work:

(a) Only those persons meeting the definition of teachers, as defined in this Agreement, and who are included in the recognized bargaining unit of the District shall perform teaching duties in this District. It is recognized that the time of teachers should be utilized for professional teaching activity and that non-teaching duties shall be eliminated whenever possible. Toward this end, it is agreed that a joint Administration-Union Committee shall be established to study this matter, and the degree to which the following activities are presently performed by teachers, which can be eliminated as teacher responsibilities by the end of the school year:

Collection of Money

Recording, transferring or transmitting information which does not have a direct bearing on the learning experience of the child, such as grading and recording the results of school-wide testing programs

Making routine entries, such as marks and attendance data on pupil permanent record cards

Supervision of hallways, restrooms, lunchrooms and children while they are waiting for buses

(b) Machine Scored Tests: Normally, a machine scored test will be favored by the District, subject to administrative determinations. Teachers will not be required to affix test labels. Classroom teachers will be provided with the items analysis of machine-scored test results.

(c) Non-Unit Members Performance of Unit Work: In the event that no teachers have filed timely applications for summer school positions, coaching positions or advisor positions, a non-unit member may be appointed or re-appointed to that position at the discretion of the District.

11.26 Split Classes: Split classes should be eliminated whenever possible. To that end, alternatives to split classes will be explored with the Union President, or his designee.

11.27 Competent Substitutes: The District shall maintain an adequate list of competent, certified substitute teachers. When there is advance knowledge that their regularly assigned teacher will be absent for three (3) or more consecutive days, the best qualified substitute available shall be assigned to the grade or subject matter.

11.28 Pupil Personnel and Special Teachers: The District shall make every effort to provide an adequate number of special teachers and an adequate pupil personnel staff for all grade levels of services. Requests for these services shall be given prompt attention and appropriate action.

11.29 IEP Preparation:

(a) Those teachers who have the responsibility of preparing IEP's for students who are classified handicapped by the Committee on Special Education shall be provided with two (2) days of released time during the normal instructional day to prepare IEP's and participate in parent/teacher conferences. These teachers shall be released from normal instructional duties on these days. These days shall be scheduled by the Superintendent or his designee in consultation with the teachers involved.

(b) The administration will make every effort to have the rooms of the teachers involved, as well as all records, available to them for such conferences. When students are in attendance, a conferencing site other than the normal classroom will be made available. This release time shall be in addition to the release time given in the afternoon in November and April.

11.30 Leaving School Grounds:

(a) Teachers may leave the school grounds during a non-teaching period for necessary, pressing personal business, with the approval of the principal. Such approval shall not be unreasonably withheld.

(b) A committee composed of an equal number of teachers and administrators appointed by the Union and the Superintendent shall meet to discuss the issue of teachers signing in and/or out to denote their presence at work. If the recommendations of the committee provide for a change in the current practice, the recommendations shall be reduced to writing in the form of a Memorandum of Agreement and made effective at the beginning of the following semester or as soon thereafter as is feasible.

(c) This Section also applies to teachers who seek a change in position within the system.

(d) This Section shall not be construed to prevent the District from exercising the right granted to it under Section 913 of the Education Law to require medical examinations of teaching personnel in order to determine the physical or mental capacity of any teacher to perform teaching duties with this District.

(d) The provisions of this Section shall not preclude granting personal business leave without pay where conditions do not warrant granting the leave with pay.

(e) Full-time teachers may apply in writing to the Superintendent of Schools for a third paid personal business day. Such requests shall be made two (2) working days in advance of the leave and shall state the nature of the urgent personal business, and shall describe the circumstances which preclude the employee from conducting such business on his or her own time. The third personal business day shall be deducted from the employee's accumulation of paid sick leave. (4) Point values will be assigned by the athletic director by June 1 of the previous year, after consultation with the varsity coaches.

ARTICLE 19

Group Health Insurance

19.01 Orleans-Niagara Group Benefit Plan: For the term of this Agreement, the Orleans-Niagara Group Benefit Plan will be provided to eligible employees fully paid by the District.

19.02 Benefits:

(a) The Orleans-Niagara Group Benefit Plan is composed of the following benefit coverages:

- (1) \$200/\$400 Deductible for Traditional Plan coverage
- (2) 100% Co-Insurance
- (3) \$5.00 generic/\$10 brand name formulary/\$15 prescription co-pay with contraceptives

(b) Alternative benefits which are comparable or improved coverages which may reduce or maintain the District's current costs may be substituted for current coverages by mutual written agreement of the parties. If the above mentioned plan ceases, except by a

mutually negotiated agreement between the District and the Union, another plan of equal benefits shall be mutually agreed to by the parties.

(c) The District offers coverages for single person, family coverage (for those individuals with dependent children) and two (2) person family coverages. All employees subscribing to the Traditional Health Insurance Plan shall contribute an annual fee of one hundred dollars (\$100.) by payroll deduction toward the cost of such Traditional Plan. This change shall be effective on July 1, 2005 and shall be applicable to all current and former employees, regardless of date of retirement.

19.03 Health Insurance Committee: The Union and the Superintendent shall each have the right to appoint three (3) members to the Committee, which shall be established to explore ways to contain or reduce health insurance costs. The chairperson of the Committee shall be rotated each month; the first chairperson shall be from among the Union appointees. The Committee will meet at the call of the chairperson and will issue a written report to the District and the Union at least annually in the month of May.

19.04 Non-Duplication of Enrollment: If both spouses are employed by the District, the District will pay for only one (1) family plan for them. If the District employee and dependents are covered by another group health insurance plan, those employees who choose not to take advantage of the District's health insurance program by not selecting either a single, two (2) party, or family plan, will be paid at twenty-five percent (25%) of the current premium for the traditional health care plan offered by the District through Orleans-Niagara BOCES. The employee may re-enter the District's health insurance plan upon thirty (30) days advance written notice to the District. Re-entry shall be subject to a pro-rata rebate of any opt-out payment made to the employee. This opt-out provision shall not apply to the District's group dental plan.

19.05 Group Dental Health Plan:

(a) The District's group dental health plan in the H.I.C. Dental Insurance Plan ("Dental III of Blue Shield of Western New York, Inc.) plus Rider "A".

(b) The premiums for eligible employees will be paid by the District.

(c) Effective July 1, 1989, Dental Rider "C" (Periodontal) shall be added to the current plan.

(d) Effective July 1, 1991, Rider "B" (Prosthetics Service) shall be added to the current plan.

19.06 Point of Service (POS) Option: The District will offer an POS option through the Orleans-Niagara Health Consortium offered by that consortium. This POS option has been jointly selected by the parties. Should the premium of the POS option be less than that of the health care traditional plan, the employee shall receive forty percent (40%) of the difference in premium cost.

19.07 Section 125 Plan:

(a) The District shall establish an Internal Revenue Code Section 125 Plan utilizing a vendor selected by a health insurance committee established under Section 19.03 of this Agreement from among those vendors responding to a request for proposals published by the District's Business Office.

(b) The District shall pay for the start-up fees for the Plan and the monthly administrative fees for all employees that take advantage of this Plan. The District shall be entitled to retain any and all funds unspent in the Plan account at the end of the year.

19.08 Waiver and POS Payments: Bargaining unit members shall receive those sums by payroll check, subject to all payroll deductions, and subject to taxation.

ARTICLE 20

Severance and Retirement

20.01 Severance Pay:

(a) Eligible District teachers shall receive three (3) days for each ten (10) days of accumulated unused sick leave. Payment shall be based on the teacher's final year's salary. If the days do not fall into multiples of ten (10), they will be prorated.

Example: 86 sick days = $8.6 \times 3 \times$ Daily Salary

(b) For each of the last two (2) years of employment prior to permanent severance in which a teacher has used five (5) or fewer sick and sick bank days, an additional monetary award of \$2,000 per year will be paid.

20.02 Eligibility: The benefits described in Section 20.01 shall be available upon any permanent severance of employment with the District, including retirement. The teacher must have twenty-two (22) years of service with the District or be fifty-five (55) years of age.

20.03 Early Retirement:

(a) A teacher who satisfies the conditions of Section 20.04 shall be entitled to health insurance continuation benefits pursuant to the schedule in subparagraph (a)(4) below; provided, however, that the School District shall automatically pay a retiring teacher the cash equivalent, as defined below, and pursuant to the schedule in subparagraph (b)(3) below of the teacher's health insurance continuation benefit if the teacher satisfies one of the following three conditions as of the date of early retirement:

(1) The teacher and his spouse, if applicable, are covered under an insurance policy or Health Maintenance Organization other than the School District's policy and the teacher reasonably anticipates such coverage to continue for the duration of the above health continuation benefits; or

(2) The teacher has a financial hardship such as significant health expenses, or loss of income due to a prolonged illness, disability or death in the teacher's immediate family; or

(3) The teacher needs the cash equivalent to purchase a new residence or pay for the cost of a college education for the teacher or his dependents.

(4) The payments for continuation of medical insurance shall be as follows:

\$30,000 for 2001-2002 and thereafter.

(b) "Cash Equivalent" means the following:

(1) For teachers who are members of NYSTRS Prior to June 17, 1971: a cash longevity payment, pursuant to the schedule in (b)(3) below, payable in installments on or before December 31, in the calendar year requirement occurs.

(2) For Teachers who are members of NYSTRS after June 17, 1971: a cash longevity payment, pursuant to the schedule in (b)(3) below, payable in annual installments on or before December 31, in the calendar year retirement occurs and each calendar year thereafter, equal to the combined annual family insurance premium for health and dental plans.

(3) The District cash equivalent cash payments, in lieu of medical insurance continuation, shall be \$25,000 for 2001-2002 and thereafter.

20.04 Eligibility:

(a) Effective with requirements occurring on or after July 1, 1990, the following eligibility requirements will apply. The employee must be fifty-five (55) years of age or older, must have twenty (20) years of teaching service at the District, must actually retire under NYSTRS, and must give written notice to the District of intent to retire by January 1 of the school year when retirement is to occur at the end of that school year. If a teacher plans to retire during a school year, six (6) months notice must be given. The benefits described in Section 20.03 will be granted to teachers who meet the eligibility requirements herein set forth only if a teacher retires by the very first year that such requirements are met, but no later than the first year without penalty that such requirements are met.

(b) In the first year that this benefit becomes effective, any teacher who has already met the minimum regular requirement eligibility requirements under NYSTRS will be eligible that year only for 100% participation in this Early Retirement Incentive Program.

20.05 Death:

(a) If a retiree dies before the full health insurance payments described in Section 20.03 have been made, the balance shall be applied to the retiree's spousal COBRA payments or, if the retiree does not have a spouse, to his estate.

(b) If a retiree dies before the full cash payments described in Section 20.03 have been made, the balance shall be paid to the retiree's estate.

20.06 Medicare: If a retiree receiving health insurance continuation benefits reaches eligibility for Medicare before the incentive benefit has been exhausted, the balance will be applied by the School District to pay the retiree's medical supplemental premium.

ARTICLE 21

Sabbatical Leave

21.01 Policy:

(a) The Sabbatical Leave Program is intended to upgrade the District's educational program by providing assistance and encouragement to qualified professional staff members to improve their teaching or administration skills through a formal educational program beyond the baccalaureate degree.

(b) To realize this objective, qualified members of the professional staff may be granted sabbatical leave, under the conditions outlined below, to increase their professional preparation in a specific teaching or administration area. The leave must be deemed necessary for the best interests of the schools of this District and is not intended as a reward for services already rendered. A sabbatical leave will not be granted for the purpose of engaging in a gainful occupation or for study other than that related to education.

21.02 Eligibility: Any professional member of the District may be considered for sabbatical leave if the employee meets the following conditions:

(a) The applicant must be a staff member who holds a life or permanent teaching certificate and who has rendered outstanding service for seven (7) consecutive years of full-time professional service in the District.

(b) Because application for sabbatical subsidy presumes that the applicant will continue to be a contributing professional staff member after the completion of the leave of absence, plans for retirement may be a controlling factor in deciding whether or not to grant the leave request.

(c) The recipient of a sabbatical leave stipend shall file a written statement with the Clerk of the Board that the employee will remain in the service of the District for period of three

(3) academic years after the expiration of the sabbatical leave. A recipient of the sabbatical leave and stipend may be relieved of this obligation by action of the Board.

21.03 Number of Leaves Granted: No more than 1% (rounded down to the nearest whole number) of the permanently certified professional staff of the District may be on sabbatical leave at any one time.

21.04 Length of Leave and Stipend:

(a) Sabbatical leaves may be granted for a full academic year at one-half (1/2) the employee's annual salary or one-half year at one-quarter (1/4) the employee's annual salary. Sabbatical leave, once granted, will not be terminated before the date of expiration, except if agreed to by the Board.

(b) Payment of the contractual salary shall be made on the usual payroll dates, with regular deductions paid into the proper accounts in accordance with the regular provisions for payment of salary and other benefits to teachers. Special arrangements regarding deposit or disposition of checks may be made with the Business Office subject to the prior approval of the Superintendent.

(c) An employee on sabbatical leave shall be entitled to any salary increment or other increase which is authorized by the Board.

(d) The recipient of the sabbatical leave stipend is permitted to receive compensation from sources other than the District. This compensation must be reported to the District, however. If this compensation exceeds the sabbatical leave stipend, the stipend will be reduced by the amount of the excess other compensation. Grants in aid, research fellowships, GI scholarships and income from personal investments will not be considered other compensation which could cause a deduction of the sabbatical leave stipend granted by the Board.

21.05 Applications:

(a) Written formal applications for sabbatical leave during the first semester shall be submitted to the Board through the Superintendent prior to the preceding February 1. Each applicant shall be notified of the acceptance or rejection of the application by March 1.

(b) Written formal applications for sabbatical leave during the second semester shall be submitted to the Board through the Superintendent prior to the preceding September 1. Each applicant shall be notified of the acceptance or rejection of the application by October 1.

(c) Each application must be on a form supplied by the District. It must state the purpose for which leave is requested and how the leave will benefit education in general or the District specifically. The applicant must also state the program of study to be undertaken, the objectives sought, and the methods to be used in attaining those objectives.

(d) All applications for sabbatical leaves shall be referred to the Sabbatical Leave Committee for preliminary review and screening prior to presentation to the Board. At the annual organizational meeting, the President of the Board shall appoint two (2) members of the Board, the Superintendent or his designee, and one Building Principal to the Committee. The President of the Union shall appoint four (4) members of the teaching staff to the Committee; one from the early elementary division, one from the Middle Grades 6-8; one from the senior high Grades 9-12 and one at large. This Committee shall have the duty to review the applications and submit final recommendations to the Board for its approval or other appropriate action.

(e) The Sabbatical Leave Committee shall consider the following factors in its recommendations: the potential benefit to the school system; the relative merits of the reasons for the leave; a reasonable distribution of recipients in teaching or administrative areas; the relative length of service of the applicants in the District. Preference will be given first to applicants who request a leave for the full academic year, and then to those applicants who have not previously been granted a sabbatical leave as employees of the District, and last to those applicants who desire to undertake programs which lead to advance degrees which require full-time residence.

(f) Approval of an application shall be contingent upon securing a qualified substitute to assume the applicant's duties in the District. Final approval of sabbatical leave requests shall rest with the Board.

21.06 Activities: The following activities shall be considered appropriate for sabbatical leave. All activities for which leave is granted must be planned in consultation with the Superintendent and any changes in those plans must be approved in advance by the Superintendent.

(a) Formal Graduate Study: The recipient of a sabbatical stipend must enroll in an approved institution and shall earn not less than the number of semester college hours required of the average student enrolled in the institution, taking work for an advance degree. The content of courses in order of preference shall be:

- (1) The teacher's own field of work in the District.
- (2) Closely related fields.
- (3) Possible change of professional position in the District.

(b) Writing a Doctoral Thesis: A plan must be submitted which will state the professional objectives to be sought by such leaves and an evaluation of the benefits of such leaves to the District.

(c) Independent Study Undertaken in Conjunction with and Approved by a Recognized College or University: An outline of the proposed project shall be presented in such detail as to indicate the value of the project to the present or future service of the applicant in the teaching profession and specifically to the District.

21.07 Reports to the Superintendent:

(a) An Interim Report: A progress report summarizing the status of the project and with supporting evidence that the leave is being used in a manner consistent with this policy shall be filed for the approval of the Superintendent at the midpoint of the leave.

(b) Final Report: A final report shall be filed with the Superintendent at the completion of the leave and shall contain the following:

(1) Institution attended.

(2) Courses taken.

(3) Credit received: When formal college credit has been granted during the leave, an official transcript should be filed with the final report.

(4) Experience gained.

(5) Application's evaluation of the benefits achieved or acquired while on leave and how these can be applied to improve the school system.

(6) A report on the program to be carried out in the District following the leave period.

(7) Any other reports that the Chief School Administrator shall deem to be necessary to evaluate the leave.

21.08 Return to Service:

(a) Upon expiration of sabbatical leave, the employee shall be restored to his position or to a position of like nature, service status, and pay, provided that the employee remains eligible for reinstatement under other rules and regulations of the Board.

(b) An employee shall not be considered as having fulfilled the leave requirements until the Superintendent has approved the final report, indicated earlier, which must be filed within thirty (30) days after the employee returns for active duty. In addition, a report of the benefits of the leave as carried out in the District will be requested at the end of the school year after the teacher returned to service. This report, when received by the Superintendent, will be used to inform the board regarding the benefits and value of the sabbatical leave program to the District.

21.09 Failure to Complete Requirements:

(a) In the event that the Board finds the employee is not fulfilling the agreement, or, after a review of the facts with the employee on leave, judges the program to be progressing in

an unsatisfactory manner, the entire sum paid by the Board shall become due immediately and all future payments shall cease, and the employee shall have the right to return to work within thirty-five (35) days after the termination of said leave.

(b) In the event the employee completes the program satisfactorily but does not return to the District as agreed upon in writing, he shall repay to the Board within two (2) years, the entire sum received by him from the Board during the leave.

(c) If an employee does not remain in the employ of the District for a period of three (3) years immediately following the end of the sabbatical leave, the employee shall repay to the Board within two (2) years after the end of the sabbatical leave, an amount of money proportional to service not rendered. This will not apply if the employee becomes incapacitated and cannot work or if the Board of Education waives the rule.
