

FINGER LAKES VINEYARD NOTES

Newsletter #9

September 8, 2003

SPECIAL EDITION

2003 Grape Prices

This brief newsletter is devoted entirely to a listing of grape prices, supplied voluntarily by area processors and buyers of grapes. While not all processors participate, this listing supplies valuable information to both buyers and sellers of grapes in the Finger Lakes. It seems to grow every year as processors establish differential prices for quality, early or late harvest, and contracted vs. uncontracted grapes. Our sincere thanks to all companies and individuals that supplied prices for this listing.

Notes: (1) Some "premium" prices may not be listed. Some processors have sliding scales based on brix. (2) Where there are multiple prices for a variety, the high and low prices are listed. Higher prices may have different quality standards. (3) If in doubt, check with the processor. We have made every effort to be accurate, but the range of price categories was edited.
