CLASSES.

We, the Review and the Bulletin, are moving today. Our troubles have taken a years leave of absence with the decision of the President and Dr. Matzke that we, the worthy Homeless, may hold office in the Risley Reading Room for the rest of the year.

This privilege relieves a serious condition of Inconvenience and Trouble which heretofore Dr. Matzke was suffering for the sake of the Review, and Miss Atkinson for the Bulletin. We thank them for their patient hospitality.

Thanks also are due to Mr. Tree for presenting the Review and the Bulletin, bag and baggage, with a ride over to their new quarters in the business office department machine.

## REVIEW

For sometime the Bulletin and the Review have been "wanderers on the face of the earth." Dr. Matzke needed the Review office and Miss Atkinson was using the old Bulletin office. Finally after several appeals to President Shurman and the Committee on Buildings and Grounds, permission to use the Reading Room in Prudence Risley for the two offices during the remainder of the year has been obtained through Dr. Matzke. The Review is moving today and regular office hours of the members of the Staff will begin the first of next week.
