—NOTES—

1. For the convenience of any who may be interested, Dr. Udall will be glad to make special appointments for instruction in the diagnosis of bovine mastitis, either on Wednesday, January 9, or at any time during the Conference.
2. The Poultry Disease School which for several years has been held on the day immediately preceding the Conference, will not be held this year.
3. The program is very full. The presiding officers have been instructed to start the sessions *on time*. Guests are requested to cooperate by being on time.
4. The luncheon usually served by the College on the second day will be omitted this year.
5. The alumni meetings will be held on Thursday after the evening lecture instead of on Friday during the lunch hour as has been the custom.
6. All of the facilities of the College are available to our guests. We invite you to make use of the College library, or to avail yourself of any help that any staff member may be able to give you.
