

TO MEET F. B. COMMITTEES.

The Director, Mr. Wellington, Dr. Tukey, and Mr. Enzie plan to go to Syracuse next Tuesday for a conference with State-wide committees of the Farm Bureau on fruits and vegetables. Representatives from the College will also be in attendance for a discussion of the program of work under way at Cornell and Geneva on fruit and vegetable problems. TA BOLLEN OF THE STREET STREET STREET

THE GOVERNOR'S LUNCH

Dr. C. E. F. Guterman of the College of Agriculture was at the Station on Monday to discuss with the Director; among other things, possible new fruit and vegetable products from the Station laboratories that might be served at the Governor's luncheon during Farm and Home Week next February. Featuring new things in the food line from the College and the Station at the Governor's luncheon last Fobruary proved so interesting to all concerned that it has been decided to repeat the performance.

IN CLIFTON SPRINGS SANITARIUM

Dr. Hedrick underwent a serious operation at the Clifton Springs Sanitarium last week. Latest reports are that while slightly improved, he is still very ill. *******

FULLY RECOVERED Mr. S. C. Mendel, assistant in the Entomology Division who went down to Westchester County recently to aid Dr. Daniel only to end up in a White Plains hospital for an appendicitis operation, has fully recovered and is now back at the Station where he will remain for the time being; later on resuming his graduate work at A GOOD REPORT

. . , was a real one

The Station will top its 1939 contribution to the Red Cross Roll Call by about 18 per cent, in the light of practically complete returns from all the buildings.

THANKSGIVING IN NEW HAVEN

Dr. and Mrs. Hervey and the children are planning to spend Thanksgiving with the Horsfalls in their new home in New Haven, Conn.

The state of the s

IT HAPPENED IN COLLEGE PARK DET I LOGIMENTIA TILIPETE DE L'ATTI

Word has come back from College Park, Md., that Jay Bryant who will be remembered one of Mr. Slater's associates in the Soil Conservation Service, was here as married. The remance budded and reached full bloom since the to bo fer of Mr. Bryant to the new location for Mr. Slater's laboratory transthe University of Maryland in College Park. (UNCONFIRMED!)

TEACHING IN BINGHAMTON STREET

Mrs. Esther Jonkins has been engaged for the remainder of the school year to teach in the home economics department of the Binghanton High School. Her address in Binghamton is 106 Chapin Street.

CLOSED UNTIL MONDAY

MYA residence center has closed down until Monday, everyone going home for iving.

Dr. M. J. Dorsey who was recently named head of the Department of Horticulture at the University of Illinois, served as an assistant at this Station from 1907 to 1910 and as assistant in plant breeding at Cornell from 1910 to 1911. While at the Station, he worked on both the "Grapes" and the "Plums" of New York

TO LATE TO INCLUDE

Too late to be included in last week's NEWS was word concerning a going-away party for Stewart Patrick held by the Seed Division the Thursday, November 7, before Pat left for his post at Fort Benning, Ga. We are informed by our correspondent that "At that time he was both lauded and berated by reminiscent talks from the older members of the Division. He was awarded a 'certificate' citing his accomplishments as a seed technologist and purveyor of good will and presented with a pair of driving gloves. Has anyone heard from Pat? We would like to know.

thankance for a

-ogov bas first a CAVE WAY TO THE C. I. O

The entomologists completed their deliberations and got out of Atlantic City just in time to turn the resort over to the C. I. O. for its annual convention. In addition to those presenting papers before the entomological sessions, as listed in last week's NEWS, Dr. Glasgow, Dr. Hervoy, Dr. Daniel, and Mr. Smith also were present.

MAPLE SYRUP

Charles Tressler presided over a conference of State Department of Agriculture and Markets officials and representatives from the College of Agriculture in Jordan Hall Monday afternoon when recent developments in the maple syrup industry were up for discussion. Among those from the College were Dr. Guterman, Prof. J. A. Cope, and Prof. J. D. Pond, while the Department was represented by Mr. Plum, Guy Lucas, and Dr. A. H. Robertson. Dr. Robertson, Director of the State Food Laboratory in Albany, was formerly a member of the Bacteriology Division here. Besides attending the maple syrup conference, he also conferred during the day with Dr. Dahlberg and Dr. Broed on milk problems.

MURALS

The two large photo-murals which flanked the Station's exhibit at the World's Fair have arrived at the Station and a place to display them to best advantage is now being sought. *******

WHO'S WHO, 1940-41

The Library has just received the 1940-41 edition of Who's Who In America: Station is represented by the following persons: Dr. Breed, Dr. Chapman, Dr. Conn, Dr. Dahlberg, Dr. Hedrick, Mr. Munn, Mr. Parrott, Mr. Stewart, Dr. Tukey, and Mr. Wellington. ******

NEW DIRECTORY

The Station has also received a liberal supply of the 1940-41 Directory of Dornell University. A copy may be obtained from Miss Jessie Sperry.

WORD FROM NEW BRUNSWICK

In a recent communication from Mr. Sayre he states that he is finding his work at Rutgers exceedingly interesting and helpful.

EXTREMES

Dr. and Mrs. McNew have returned from their vacation in New Mexico. Dr. McNew tells of running from a temperature of 76 degrees to minus 12 degrees in one day's travel on their way home. ******

GETTING READY

After Thanksgiving comes Christmas, and the Station Club is losing no time getting ready for the Station's Christmas party. Mrs. Brundage has been named general chairman for that event and, in turn, has named the following members of her committee: Children's program, Mrs. Yale; Children's supper, Mrs. Hervey; Tea for grown-ups, Mrs. Marquardt; Gifts, Mrs. Walsh; and Decorations, Mrs. Haynes. This time and the place December 20 4:30 p.n. Jordan Hall.
