

New York, Lake Erie & Western Railroad Co.  
Office of the Engineer of Bridges & Buildings.

P.O. BOX 839.

New York, Feb'y 8<sup>th</sup> 1889

Mr. Theodore Cooper  
35 Broadway City

My dear Sir:

Please excuse the long delay in answering your letter of Dec. 18<sup>th</sup>.

The hard work at our office of current business, has delayed us in furnishing you the information requested.

Herewith please find blue print showing the mileage of the Erie system, also a statement prepared by Mr. Ferguson, my assistant, showing the lineal feet of bridges corresponding to the mileage statement.

Yours very truly.

W. A. Ruckelshaus
