VOL. II NO

ONE DOLLAR PER YEAR

April 16, 1917.

EDITORIAL.

The fad of knitting sweaters has put the girls in a position to be of assistance to the government. Mrs. Barbour has received a request from Washington that the girls of the University knit as many sleeveless jerseys as possible for United States sailors. Here is our opportunity to add our efforts to those of the rest of our country for a better preparedness. Dorothy Street has offered to teach anyone who has not already learned to knit. Each girl is asked to pay for the cost of the yarn which she uses and any one who does not feel that she can spare the time for knitting can pay for the yarn which will be knitted by someone else. A hundred pillows have been finished for the French hospitals. Let us work just as hard to supply our own soldiers.

PAGEANT.

At a Pageant Committee meeting held Friday evening at which Prof. Kimball and Buntly Mac Donald were present, it was decided that the Pageant would be held in May as scheduled. Prof. Kimball said that the government wishes all activities within the country to proceed as tho we were not engaged in war. Since the alumnae are so enthusiastic and the committee have worked so hard, we are glad that the Pageant will be produced. The proceeds of the performances will go toward some form of war relief, not necessarily for Red Cross work as was previously stated.

But we must remember that every single person must give all the time possible toward doing their share in making our alumnae proud of us. Miss Eager comes today to start us on hard practical work. Watch the Bulletin for notices.

Pageant Committee meeting at 8 p. m. today. Reports due.

We are glad Dr. Matzke will be with us again today and we trust she has enjoyed a pleasant vacation.
