Vol. 74 No. 6

10 February 1960

Geneva, N. Y.

COUNTY FRUIT SCHOOLS

Fruit schools are starting up again. Karl Brase and Bob LaBelle will speak in Rochester on Tuesday. Karl's talk is on The Development in Dwarf Apple Trees with Special Emphasis on Yield. Bob LaBelle will speak on Mechanical Harvesting.

Dr. Paul Wooley and Dr. Glass conducted a fruit school in the Rochester Farm and Home Center on Tuesday. Their topic was The Red Banded Leaf Roller. Sig Lienk will speak to the same group on Wednesday. He will speak on Mites.

COLLEGE TOMATO COMMITTEE

The College Tomato Committee will meet with the Tomato Committee of the New York State Canners and Freezers Association on Monday, February 15, in Jordan Hall. The meeting will be an open discussion of the problems of the New York State Canning Tomato Industry.

VISITOR

E. J. Eliason, superintendent of nurseries for the New York State Conservation Department, visited the Station on Tuesday. He visited the Seed Lab and Plant Pathology. He conferred with Dr. Gilmer on the problem of winter storage of evergreen nursery stock.

IN OTTAWA RECENTLY

Dr. Kertesz was in Ottawa Friday to discuss the possibility of the Atomic Energy of Canada Ltd. supplying the cobalt 60 radiation source for the Station's new Food Science building. It is hoped that the source will be installed before the summer.

TAKE PART IN MEETING IN ALBANY

Dr. Avens and George Rickey will be in Albany on Thursday to take part in a meeting of the Feed and Fertilizer Inspectors.

NEW APPOINTMENTS

Judith Deitz has received an appointment as Lab Assistant in the Food Science Department. She will fill the position formerly held by Frances Barnes.....

Ruth Bowers has received an appointment as Stenographer in the Food Science Department.....

George Beckmann has received an appointment as Experimentalist in the Plant Pathology Department.....

Pete Wettergreen has received an appointment as Lab Technician in the Food Science Department.

SPEAKS TO GARDEN CLUB

Leo Klein spoke to the Canandaigua Garden Club on Tuesday night. He spoke on Home Fruit Growing and Gladiolus Breeding.

SIGMA XI

Sigma XI will present a lecture on Wednesday night at 8 P. M. in Jordan Hall. E. R. Lemon, Associate Professor of Soil Science at Cornell, will talk on Photosynthesis Under Field Conditions. This is the first of two lectures on this subject. Interested persons are invited. Footnote: Sigma XI dues are due and payable to Bob Shallenberger.

STATION TOURS

The Station tours have been quite popular with area cub scout packs recently. We have had packs from Dresden, Gorham, Stanley and Geneva during the past several weeks. There may be some budding entomologists among them for they are very much interested in insect collecting and in the insect collection in Parrott Hall.

VISITOR

Art Krause, former president of the Michigan Christmas Tree Growers, visited the Seed Lab on Monday. He was interested in seed sources for Scotch Pine, Douglas Fir, and various exotic evergreens.

CERES CIRCLE PARTY

Hear your friends sing the old songs and join in community singing—Play party games and card games of your choice—See a bicycle built for two and test your skill. If you have old photos of yourself or of Geneva bring them along. For reservations call Bob Shallenberger. Incidentally if you're in the dark the theme of the party will be the Gay Nineties—Time and Date.... 8 P. M. in Jordan Hall.... February 16th.

NOTICE

Missing from the library and needed... The 1959 edition Advances in Carbohydrate Chemistry. Anyone knowing whereabouts contact Bob Shallenberger.

OFF FOR THE SUNSHINE

The Herveys are leaving for Florida on Friday. They plan to make an extended stay this time. George says he hopes that the grass will be green when they get back.

ON THEIR WAY TO HAITI

The Wesselmanns left on Sunday morning for Miami. They will ship the car from Miami and leave by plane for Port-au-Prince, Haiti on Thursday. Bob's address is USOM Port-au-Prince, Department of State, Washington 25, D. C.

NEWLYWEDS

Gerry Henderson took himself a bride last week, Brigitte Knipp from Cologne, Germany. The wedding was at St. Stephens Saturday, Jan. 30th. Mickey Hefferon was Best Man and Station friends were on hand. The couple live on West High Street.

STATIONED IN TEXAS

Dr. Crosier says that Donald has been stationed at Ft. Hood, Texas. He is in the Medical Corp of the 2nd Armored Division.

BOWLING MATCH OVER

The Bowling Battle is over and the Pomologists beat Sturtevant Hall with a total of 1825 pins to 1701 out of 2400.

HONORED AT FIELDMEN'S BANQUET

Director Heinicke, Dr. Hervey and Dr. Tapley were honored at the Fieldmen's Banquet on Tuesday night at the Seneca Hotel. The Director was presented with a pair of binoculars as a mark of appreciation for the many years he and the Station under his leadership have worked with the processing industry of the state. Dr. Hervey was presented with a projector in appreciation for his years of service as an entomologist working on problems of vegetable growers of the state. Dr. Tapley, who is in Florida on a vacation, received a box, reputedly containing fishing equipment in appreciation for his contribution in breeding new improved vegetables for the vegetable growers of the state.
