Date: Thursday, March 9
Time: 3:30 p.m.
Place: Food Science Conference Room
Speaker: Jerome Van Buren
Subject: Modification of vegetable firmness by the pH and the presence of salts during heating

PESTICIDE NOTIFICATION PROGRAM WELL ATTENDED

Eighty-one Station employees attended a Pesticide Notification/Right-to-Know program held recently in the Jordan Hall auditorium. William Smith and Ron Gardner, Chemicals Pesticide Program, Ithaca presented the Right-to-Know segment. Most importantly, the Region 8 Representative from the DEC, Gayle Mortimer, has agreed to return to Geneva, March 20, to discuss with selected individuals exactly what our region requires relative to notification.

Above, Marilyn DuBois, Director of the Pesticide Bureau, DEC, Albany explains notification procedures to the group.

POLICIES, PROCEDURES AND PEOPLE

Credit Card Caution!

Be especially careful in using your credit card in crowded areas! The station recently had a credit card number stolen, apparently by someone peering through the glass at an airport phone booth. Over \$400 in unauthorized phone calls were charged to this credit card number in 20 days.

Who's New

Tracey Harris, Entomology, is a new technician working with Dr. Reissig.

Felix Torres and Kenneth Bell are both new custodians working with B & P.

John Trumble, a visiting scientist from Riverside, California, is working with Dr. Shelton, Entomology.

Charlie Embree from Nova Scotia, also a visiting scientist, is working with Dr. Cummins, Horticultural Sciences.

STATION CLUB NEWS

MEMBERSHIP DRIVE UNDERWAY

Once again it's time for the Station Club membership drive. This year's prices are \$5.00 for family and \$2.50 for single membership. See your department station club representative now to avoid the rush!

BOWLING PARTY SET

The 5th Annual Station Club Bowling Party is scheduled for Saturday, April 1 (that's no April Fools), at the Finger Lakes Bowl. Save the date.
