## Parabens: evidence of estrogenicity and endocrine disruption

### Bibliography

This bibliography is provided as a service to our readers. It is compiled from the entries in the [BCERF Environmental Risk Factors Bibliographic Database](#).

This bibliography is arranged topically. The topics include:

- [Parabens levels in breast tumors](#)
- [Risk assessments and potential exposure to parabens](#)
- [Studies demonstrating an estrogen-mimic effect of parabens](#)
- [Parabens' adverse effects on male reproduction](#)

#### Parabens levels in breast tumors

Darbre, P. D., Aljarrah, A., Miller, W. R., Coldham, N. G., Sauer, M. J., and Pope, G. S. (2004). Concentrations of parabens in human breast tumors. *Journal of Applied Toxicology* 24, 5-13.

Harvey, P. W. (2003). Parabens, oestrogenicity, underarm cosmetics and breast cancer: a perspective on a hypothesis (editorial). *Journal of Applied Toxicology* 23, 285-288.

Harvey, P. W., and Everett, D. J. (2004). Significance of the detection of esters of *p*-hydroxybenzoic acid (parabens) in human breast tumours (editorial). *Journal of Applied Toxicology* 24, 1-4.

#### Risk assessments and potential exposure to parabens

Elder, R. L. (1984). Final report on the safety assessment of methylparaben, ethylparaben, propylparaben and butylparaben. *Journal of the American College of Toxicology* 3, 147-209.

Mason, M.M., Cate, C.C., Baker, J. (1971) Toxicology and carcinogenesis of various chemicals used in the preparation of vaccines. *Clinical Toxicology* 4, 185-204.

Soni, M. G., Burdock, G. A., Taylor, S. L., and Greenberg, N. A. (2001). Safety assessment of propyl paraben: a review of the published literature. *Food and Chemical Toxicology* 39, 513-532.

#### Studies demonstrating an estrogen-mimic effect of parabens

Blair, R. M., Fang, H., Branham, W. S., Hass, B. S., Dial, S. L., Moland, C. L., Tong, W., Shi, L., Perkins, R., and Sheehan, D. M. (2000). The estrogen receptor relative binding affinities of 188 natural and xenochemicals: structural diversity of ligands. *Toxicological Sciences* 54, 138-153.

Byford, J. R., Shaw, L. E., Drew, M. G., Pope, G. S., Sauer, M. J., and Darbre, P. D. (2002). Oestrogenic activity of parabens in MCF7 human breast cancer cells. *Journal of Steroid Biochemistry and Molecular Biology* 80, 49-60.

Darbre, P. D., Byford, J. R., Shaw, L. E., Hall, S., Coldham, N. G., Pope, G. S., and Sauer, M. J. (2003). Oestrogenic activity of benzylparaben. *Journal of Applied Toxicology* 23, 43-51.

Darbre, P. D., Byford, J. R., Shaw, L. E., Horton, R. A., Pope, G. S., and Sauer, M. (2002). Oestrogenic activity of isobutylparaben *In vitro* and *In vivo*. *Journal of Applied Toxicology* 22, 219-226.

Inui, M., Tetsuya, A., Takenaka, S., Inui, H., Nakazawa, M., Ueda, M., Watanabe, H., Mori, C., Iguchi, T., and Miyatake, K. (2003). Effects of UV screens and preservatives on vitellogenin and choriogenin production in male medaka (*Oryzias latipes*). *Toxicology* 194, 43-50.

Kang, K.-S., Cho, S.-D., and Lee, Y.-S. (2002). Additive estrogenic activities of the binary mixtures of four estrogenic chemicals in recombinant yeast expressing estrogen receptor. *Journal of Veterinary Science* 3, 1-5.

Lemini, C., Silva, G., Timossi, C., Luque, D., Valverde, A., and Gonzales-Martinez, M. (1997). Estrogenic effects of *p*-hydroxybenzoic acid in CD1 mice. 130-134.

Okubo, T., Yokoyama, Y., Kano, K., and Kano, I. (2001). ER-dependent estrogenic activity of parabens assessed by proliferation of human breast cancer

Pedersen, K. L., Pedersen, S. N., Christiansen, L. B., Korgaard, B., and Bjerregaard, P. (2000). The preservatives ethyl-, propyl- and butylparaben are oestrogenic in an in vivo fish assay. *Pharmacology & Toxicology* 86, 110-113.

Routledge, E. J., Parker, J., Odum, J., Ashby, J., and Sumpter, J. P. (1998). Some alkyl hydroxy benzoate preservatives (parabens) are estrogenic. *Toxicology and Applied Pharmacology* 153, 12-19.

Vinggaard, A. M., Kroner, W., Lund, K. H., Bolz, U., and Peterson, J. H. (2000). Identification and quantification of estrogenic compounds in recycled and virgin paper for household use as determined by an *in vitro* yeast estrogen screen and chemical analysis. *Chemical Research in Toxicology* 13, 1214-1222.

### Parabens' adverse effects on male reproduction

Fisher, J. S., Turner, K. J., Brown, D., and Sharpe, R. M. (1999). Effect of neonatal exposure to estrogenic compounds on development of the ducts of rat testis through puberty to adulthood. *Environmental Health Perspectives* 107, 397-405.

Kang, K.-S., Che, J.-H., Ryu, D.-Y., Kim, T.-W., Li, G.-X., and Lee, Y.-S. (2002). Decreased sperm number and motile activity on the F1 offspring maternally exposed to butyl *p*-hydroxybenzoic acid (butyl paraben). *Journal of Veterinary Medical Science* 64, 227-235.

Oishi, S. (2002a). Effects of butyl paraben on the male reproductive system in mice. *Archives of Toxicology* 76, 423-429.

Oishi, S. (2002b). Effects of propyl paraben on the male reproductive system. *Food and Chemical Toxicology* 40, 1807-1813.
