

DELAWARE & HUDSON CANAL COMPANY.

NORTHERN RAILROAD DEPARTMENT.

ALBANY & SUSQUEHANNA,
RENSSELAER & SARATOGA, } RAILROADS
AND NEW YORK & CANADA.

Chief Engineer's Office,

A. J. SWIFT,
Chief Engineer.

Albany, N. Y. 188

He was connected as Engineer
with the first bridge built by
Horn.

Alden has a full record of all
Mr Lightons & Mr Hilton's iron
bridge work & can tell you
a good deal about it. Refer
to him, but think it would be
more efficacious if you would
write to him.

I am investigating the history
of the old Waterford & Schuylkill
spans -

Yours truly
A J Swift
